Spatiation Lodge notes: "The price which caused so general and deep a feeling of discouragement a year ago have given place to appreciated values, so that the corn and wheat of the past year will be worth more than the large crops of the previous year by about \$1.50 0.000. This is true, notwithstanding the reduction of three tenths in quantity of corn and more than one-sixth in quantity of wheat, and really because of this reduction.

When Glad One Was Young. Indianapolis Journal.—John Gladstone, the father of the explorer of Great Britain, trained his children to give a reason for every opinion they offered. It was in this way that William E. Gladstone was early trained to debate. On one occasion William and his sister Mary disputed as to where a certain picture ought to be hung. An old Scotch servant came in with a ladder, and stood irresolute while the argument progressed, but as Miss Mary would not yield, William gallantly ceased from speech, though unconvinced of course. Thus came then hung up the picture where the young lady ordered, but when he had done this he crossed the room and hammered a nail into the opposite wall. He was asked why he did this. "Aweel, miss, that will do to hang the picture on when ye'll have to come round to Master Willie's opinion."

Good Crops. From all portions of the interior comes the encouraging news of good prospects for a beautiful harvest. The Willapa tributary has this to say in favor of the coming wheat crop. "The rains of the past two weeks indicate an immense harvest in this valley the coming season. In fact, conditions are more favorable than they have been for any season in the past five years, and nothing but the unexpected will prevent a large surplus of hay and grain for this year."

THE CATHOLIC ACADEMY.

Interesting Commencement Exercises at the Opera House Last Evening. The commencement exercises of the Academy of Our Lady of Perpetual Help at the opera house last evening were in every way enjoyable and interesting. The opera house was profusely decorated with flowers and evergreens, and a large audience was present. The pupils acquitted themselves in a manner exhibiting careful training. The programme was as follows, which was admirably presented:

Experiment in Broom Corn. The Eugene Register says that Mr. Vanepo, from Cedar county, Iowa, arrived in Eugene last Thursday and brought with him a sack of broom corn seed. The next morning he rode out with Mr. C. J. Dool, of Springfield, and at once set a piece of land at Mr. Chase's, secured a board for the season, and has planted his seed. It is hoped that the broom corn raised here will be grown on an extensive scale and start a broom factory. He has had forty years experience in New York and Iowa and has abundant faith in the success of it here. He is a reliable man and well known all over Iowa.

A Steed from Giantland. Valley City, N. D., has a curiosity in horse flesh that is simply astonishing. He is a sorrel, stands fully nineteen hands, or six feet four inches high, from six feet to six inches, his legs are three feet six inches, before touching his hoofs, and a small bronchus can easily walk under him. A man six feet in height can't see over his back, even when standing on tiptoe. In length he is full thirteen feet, or seventeen feet from tip of nose to tip of tail. When standing with his head as ordinarily checked up a six-foot man, by standing on tiptoe, can just touch the base of the ear.

The New Galena Mines. East Oregonian.—M. L. Hasbrouck has returned from a trip to the new mines on the middle fork of the John Day, now attracting so much attention. He reports considerable development work on the main ledge, located by Wm. Folsom and others. The ledge is twenty feet in width, shows up three feet of paying ore, and is a fine prospect. There is much excitement over the new find, and about thirty-eight locations have been made, by H. E. Hendry, which are very promising. W. M. Turner has some good prospects. Mr. Hasbrouck thinks the middle fork mines have a great future in store.

Y. M. C. A. Sociable. The sociable of the Y. M. C. A. room to night is free and open to every one who may wish to attend. A short musical programme will be provided, short talks will be given by two or three speakers, blackboard exercises will be given by Albany artists. The programme will be somewhat varied. The ladies' auxiliary will be present and those wishing to join this branch of Y. M. C. A. work may find in their names at the sociable. Let every one come and bring a good supply of laughing matter.

Masonic Grand Lodge Officers. The Masonic Grand Lodge has elected the following officers: Grand master, B. Van Dusen, of Astoria; grand deputy master, E. C. Moore, of St. Helens; grand senior warden, J. T. Armstrong, of Salem; grand junior warden, Morton D. Clifford, of Prairie City; grand secretary, S. F. Chadwick, of Salem; grand treasurer, D. C. McKercher, of Portland.

FIREMAN'S CONTESTS.

The Albany Team Invited to Compete for the Prize at Eugene on July 4. The following letter was received yesterday by Harper Crano, foreman of Albany Engine Co., No. 1, from the Eugene Fourth of July committee:

EUGENE, June 10, 1891. To the Hose Teams of ALBANY, OREGON: Gentlemen—Providing we can get at least two teams from abroad Eugene will offer \$225 or \$250, in prizes for hose team contests, July 4th. There will be a special train from Salem to Eugene and return July 4th. This amount will be divided into two or three prizes. An early reply is requested so we will know if we can secure the required numbers to enter the contest. Very truly, P. E. SNOODGRASS, Sec'y Com.

The fire companies will probably send a team to Eugene to compete for the prize, although they have not yet fully considered the matter.

THE ALBANY REUNION.

The annual reunion of the alumni of the Albany College was held Wednesday evening at the college. The following were present: President and Mrs. E. N. Condit, Prof. W. H. Lee, Miss Alice Moses, Miss Elizabeth various, Rev. Dr. and Mrs. F. H. Gwynne, Mr. and Mrs. E. F. Sox, Mrs. Jennie Failing, Mrs. Kate Burkhardt, Mr. and Mrs. H. F. Merrill, Mrs. Cora Stewart, Mrs. Maggie Powell, Percy Kelley, Quincy Propst, Collins Elkins, Percy Young, Carlton Sox, Richmond Wheeler, Roy Ballard, Misses Helen Crawford, Anna M. Allison, Flora Mason, Ira Robertson and Hettie Miller.

A delicious luncheon prepared by Geo. Bros., was served, after which toasts were responded to as follows: "The Condition of the College." President E. N. Condit. "The Faculty." Prof. W. H. Lee. "Learning and Wisdom." Prof. Farbet, of Lebanon. The various classes, by Mrs. C. H. Stewart, Mrs. H. F. Merrill, Mrs. Capt. Powell, Miss Anna Althouse, Percy R. Kelley, Collins Elkins, Miss Ina Robertson, C. E. Sox, Richmond Wheeler.

A letter was read from Lewis E. Lee, of the class of '91. A enjoyable musical and literary programme was presented.

Sells Bros' Circus.

We are advised by the Sells Brothers that their enormous united shows will positively visit Albany on Wednesday, August 19, all the advance arrangements for that purpose having been completed. This is the Messrs. Sells' twentieth continuous year as proprietors and managers, and during that time they have steadily and honorably maintained an acknowledged leadership, and exceptional popularity and success. Their really great exhibition has no superior in general magnitude and excellence, and in many respects surpasses all others. This season it includes a royal band, Hippodrome, monster Menagerie, Wild Moorish Caravan, Spectacular Pilgrimage to Mecca, three-ring circus, tropical Aquarium, Royal Japanese Troupe, Aviary, Berber and Bedouin Athletes, Train of Animals, Exposition, and varied Olympian stages, Arabian Nights' entertainment, and regally magnificent free street parade. Its performers are the very best in their various specialties, and among the rare features it exclusively exhibits will be found the only pair of giant Hippopotami, the only pair of Lilliputian cattle, the only flock of stately ostriches, and the only and very extraordinary hairless horse. A most fascinating novelty is the long-skirted dancing of Cyrene, the world-famous, emotional Spanish dance, whose appearance in the larger cities of both Europe and America has created a genuine furor. Altogether it is evident that we are to enjoy a most stupendous, varied, exciting and elegant entertainment, and it will be heartily welcomed.

Charging the Jury.

"This is a small case, gentlemen," said Judge Wing to the jury Tuesday morning, in the case of the dogs and cows. "It reminds me of the case that was tried before a colored friend and father 'way down South years ago. It was his first case as trial justice, and he left his dignity. He heard the law and the evidence and the arguments, and it came time for him to charge the jury. At his apparent hesitation, one of the attorneys nudged him and said, 'Now, charge the jury,' and the judge arose and said: 'Behold, dis an small case, and I shall charge but a dollar an 'a half.'"

Sociable at Tanager.

Tanager Grange will give a sociable in the Tanager warehouse on June 12th beginning at 8 p. m. The programme will consist of singing, speaking and selling. The basket, last but not least will be voting on the prettiest lady, who will receive a nice cake, and the homeliest man a delicious pie.

The Lakeview Examiner says the orchardists in Southern Oregon will find themselves under the necessity of generally thinning out, even to the sacrificing of half the young fruit, so heavily loaded are the trees.

A law was passed at the last session of congress prohibiting the dumping of any dirt in the streams. The lowest penalty for so doing is a fine of \$100 and the highest \$250. The law was passed for the protection of fish.

Fifteen men are employed on the putage road at the cascades. If the work had been let by contract, says the Mountaineer, there would be several hundred at work, and the road would be completed in two or three weeks.

Several weeks ago a young man in the Serras caught a butterfly, and sent it off to the Smithsonian Institution as a curiosity. He was overcome to receive in return a check for \$150, with a request to send all he could find at that kind of the variety. This particular butterfly belongs to a tribe of that genus long supposed to be extinct, and great was the surprise in scientific circles to see that one of the lost tribe had been recently spreading his wings in California.

IN MEMORIAM.

May 20, 1891. Laura L., daughter of Hon. A. and L. Blevins, at their home in Tangent, Or., aged 17 years, 2 months and 3 days, was buried in the Oakville cemetery, May 21, 1891.

Laura was truly a wonderful child, combining all the wonders of "the little people," without any of their vices. Her height was 33 1/2 inches, weight 44 pounds, well proportioned, and her beautiful Auburn hair hanging 27 inches, or nearly to her shoe tops.

In life she seemed to be perfectly satisfied with what kind friends bestowed on her and in return always had a sweet smile for every one. Her life, except the last year, was spent on the farm of her parents one mile west of Tangent.

During her sickness with the measles, she manifested great quietness and uncomplaining gentleness, which was a characteristic of her whole life, and after a brief period of three weeks, the brittle thread of life was broken and Laura was called to the home prepared.

By the she, her mother, and those who loved her, she will be missed. Tenderly cares for the lands of his own blood-bought land. Prepare dear ones to follow her.

The Rains.

June rains, in a most abundant manner, have been visiting this section lately. They are welcome and will add many bushels of wheat to the late fall and spring sown grain. Through the amount that may have to be subtracted for overgrown early fall sown wheat may offset, in a degree, the increase. Garden vegetables and fruit will flourish upon the moisture and grass and pasture will level in it.

All his teas and baking powder bears the name of Julius Gradwohl's Golden Rule Bazaar, and are expressly put up for his business, and he still continues to give with each pound of tea or baking powder an elegant piece of glass-ware.

I have been bothered with catarrh for about twenty years; I had lost sense of smell, entirely, and I had almost lost my hearing. My eyes were getting so dim I had to get some one to thread my needle.
