THE PULPIT AND STAGE.

Rev. F. M. Shront, Pastor of United Brethren Church, Blue Mountain, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and an amount and well, gaining 25 lbs. in weight." Arthur Love, Manager Love's Funny Folks Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption, beats 'em all, and cures when everything else fails. The greatest kindness I can do my many thousand friends is to urge them to try it. Free trial bottles at Foshay & Mason, Drug Store. Regular sizes 50c. and \$1.00."

HEIGHT OF CRUELTY.

Nervous women seldom receive the sympathy they deserve. When often the pictures of health, they are constantly ailing. To wit: hold sympathy from these trifling ailments is the height of cruelty. They have a weak heart, causing shortness of breath, fluttering, pain in side, weak and hungry spells, and finally swelling of ankles, oppression, choking, smothering, and other ailments. Miles' New Heart Cure is just the thing for them. For their nervousness, headache, weakness, etc., his Restorative Nervine is unequalled. Fine treatise "Heart and Nervous Diseases" and "Restorative Nervine" free and guaranteed by Stannard & Cusick.

TO GOOD TEMPLERS.

Do you know that Moore's Revealed Remedy is the only patent medicine in the world that does not contain a drop of alcohol; that the mode of preparing it is known only to its discoverer, that it is an advance in the science of medicine without a parallel in the nineteenth century; that its proprietors offer to forfeit \$1,000 for any case of dyspepsia it will not cure?

SPECIMEN CASES.

S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite failed away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him. Edward Shepherd, Harrisonburg, Va., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Salve, and his leg is sound and well. John Speaker, Catawba, O., had a large Fever sore on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by Foshay & Mason, Drug store.

A MISTERY EXPLAINED.

The papers contain frequent notices of rich, pretty and slender girls eloping with negroes, white men and coachmen. The well-known specialist, Dr. Franklin M. 37, says all such girls are more or less hysterical, nervous, very irritable, unbalanced, usually subject to headache, neuralgia, sleeplessness, irritable eructing, or flatulence. These show a weak nervous system for which there is no remedy equal to Restorative Nervine. Trial bottles and a 25 cent book, containing many marvelous cures, free at Stannard & Cusick, 4, who also sell, and guarantee 2 1/2 Miles' celebrated New Heart Cure, the finest of heart tonics. STATE DISPATCHES.

Bills Found Against Saw Mills for Violating Certain Laws.

SAWDEST IN THE SANTIAM.

The State Food Commissioner Makes Start of Report—Oregon Pioneers Will Meet.

SALEM, Ore., June 13.—Circuit court for the June term closed the first week's session this evening. The jury trial cases were discharged and the court will continue a day or two next week. True bills were returned against three saw mills, one in Salem and the others on the Santiam.

The charge being the dumping of sawdust in the street, contrary to law, and damaging the fishing interests. The arrests have not been made yet.

W. W. Baker, state food commissioner, was here to-day and made an examination of the dairies in the vicinity of Salem. He makes a startling report, having found one dairy in a horrible filthy condition, and very damaging to the health of the patrons of the dairy and public. This evening Commissioner Baker had a warrant issued for the arrest of John Cassidy, the dairyman. His stable was filthy, and he was feeding small to much cows.

The last rail has been laid and the last pole set for the electric line extension to the fair grounds. The cars will be running by July first. The track is being laid and put to good shape.

OREGON PIONEERS.

They Will Meet in the Metropolitan Next Tuesday.

PORTLAND, June 13.—The nineteenth annual meeting and reunion of the Oregon Pioneer Association will be held in this city on Tuesday next.

The committee of arrangements consists of Frank DeKam, Henry Estling, General William Kapes, Charles E. Ladd and George H. Hines. Everything possible is being done by them to make the meeting a success and a large attendance is expected.

A HEARTY WELCOME.

Sir William Gordon Cumming and Bride at Home.

LONDON, June 13.—Sir William Gordon Cumming and his bride received a royal welcome on their arrival at Fort St. George, near which the Baronet's estate is situated. The inhabitants of the city and its neighborhood from many miles around in order to show their sympathy for the owner of Altyer. An address of welcome was presented them with congratulations.

DO WE MANUFACTURE TIN.

It Would Surely Seem So from This Dispatch.

LONDON, June 13.—Owing to the decreased demand from America, lately there has been a glut of tin in the market during the whole month of July, locking out 26,000 men. It is feared the stoppage will extend beyond July. A mass meeting of the men will be held in Swansea to protest against the lockout.

A Pioneer Laid Away.

OROGON CITY, June 13.—The remains of George W. Waling, of Oswego, was buried at the Masonic cemetery in this city yesterday. Mr. Waling was a pioneer of 1837, and resided at Oswego continuously since that time. He was a member of Multnomah lodge, A. F. & M., of Oregon City. He was 72 years of age at death.

Killed by a Premature Blast.

ROANOKE, Va., June 13.—By the premature explosion of a dynamite blast on the Roanoke Southern railroad, between Rock Mount and Roanoke, two men were instantly killed and two fatally injured.

The People's Party.

St. Louis, June 13.—Five members of the executive committee of the people's party met to-day behind closed doors, to pass upon matters of importance in connection with the preparation for the campaign of 1892.

Exports on Breadstuffs.

WASHINGTON, June 13.—The bureau of statistics report the total value of exports of domestic breadstuffs from the United States during last May was \$12,330,000.

WHERE WILL IT END?

Russia Will Exclude All Foreigners from Her Domain.

St. Petersburg, June 13.—The Jewish persecution is extending to all foreigners in Russia, especially Gormans, Poles and Tartars. Prince Kuropatkin, governor-general of Transcaucasia, has signed a

secret order expelling nearly all of the Polish engineers and employes engaged in building and working the Central Asian railway. The same order gradually expels all foreigners engaged in Serbia, except Frenchmen. Among the Jews expelled from Moscow are many old soldiers, some decorated with St. George's cross, the highest possible reward for valor on the field. It is semi-officially stated that Arnold White, agent of Baron Hirsch, who has been sent to Russia in order to make arrangements for the emigration of Jews has been very favorably received by the higher authorities who greatly favor the scheme. The government intends to limit the number of Jewish physicians, to enforce to the letter and immigration laws, which, though mild, are sufficient to put a stop to the worst abuses complained of. The steamship companies are chiefly at fault, and resolute measures are to be taken to hold them to the severest penalties of the law whenever they are found in papers, lunatics, or criminals. Except Chinese, immigrants of this character seldom find their way to the west, for which quarter, however, the great body of the better class immediately depart after landing at the seaport.

WASHINGTON, June 10.—An earnest effort is to be made by the government authorities, to enforce to the letter and immigration laws, which, though mild, are sufficient to put a stop to the worst abuses complained of. The steamship companies are chiefly at fault, and resolute measures are to be taken to hold them to the severest penalties of the law whenever they are found in papers, lunatics, or criminals. A FAMOUS CASE.

Alleged Conspiracy to Break A. T. Stewart's Will.

NEW YORK, June 13.—During the proceedings yesterday in the Stewart will case, ex-judge Russell, for the defendants, told the reporters a part of an alleged conspiracy of a syndicate to break the will and divide the proceeds. William P. Smith, A. T. Stewart's old body servant, was alleged to be the focal of the conspiracy. He was defendant in a suit brought by Sara Baugh to oust him from the premises at 113 East Thirty-fifth street, given him by Mrs. Stewart. Affidavits have been served upon attorneys for complainants, including General Bentler.

Result of Too Much Whisky.

MONTGOMERY, Ala., June 13.—L. N. Gilchrist, member of the last assembly in a young man of decided ability, committed suicide by taking a large quantity of arsenic. He had been drinking heavily for over a week, and departed by breaking the habit.

THE PANAMA CANAL.

THE SHAREHOLDERS WILL PROSECUTE DE LESSUPS.

If This is Done It Will be the Means of Delaying Work on the World's Biggest Ditch.

PARIS, June 13.—There appears to be no doubt that De Lessups will be prosecuted. His wife declared the impression that the family has become enriched is without foundation. On the contrary, she says she is unable to live on the income of the Panama canal. De Lessups is now ill and weak.

Early this morning says the Panama canal shareholders are determined that unless the government prosecutes De Lessups, they will bring charges before the Correctional Tribunal of the Seine. The shareholders add they will take similar action against Charles De Lessups, Baron Poisson Cotta and Fontaine. It is reported the Panama canal prosecution is connected with a scheme of the Credit Foncier syndicate to place the enterprise on a new and solid basis to complete the canal.

THE POSTON TRIAL.

An Ante-Mortem Statement Denied by the Defendant.

MEMPHIS, Tenn., June 13.—The ante-mortem declaration of David Poston was read this morning in the criminal court, before which Colonel King is on trial for Poston's murder. In it Poston said King walked up to him, called him scurrilous names and fired immediately. Colonel King then took the stand and told a different story. He says he met Poston and asked him to withdraw the charges made against him (King) and wife in the cross bill in the famous King-Pillow case. He renewed, and King denounced him as a scoundrel. Poston then called King vile names and, witness asserted, put his hand behind his overcoat. Witness, thinking he had a pistol, drew his own and fired. The cross bill in the King-Pillow case was then read, and King said the whole thing was a tissue of falsehoods. The divorce bill, which was never filed, was also introduced. It professed to be a copy of the bill written by King, setting forth that his married life was unhappy and arranged for a marriage with Mrs. Pillow in event of a divorce being obtained. King entered a denial of this.

A Fatal Electrical Storm.

LONG BEACH, N. J., June 13.—An electrical storm which swept over this section of the state yesterday afternoon caused a loss of life and the destruction of considerable property. next nomination for President.

Senator Gorman, it is asserted, is gaining as the prospective nominee.

WHAT OF MR. BLAINE?

Intelligent opinion has about settled down on the present condition and probable future of Mr. Blaine, who is at his Maine home, where he is expected to remain almost indefinitely. Here in Washington no one appears willing to hazard the opinion that he will return before fall, if at all. The snook which once him was totally unlike anything that previous years had seen him into his house and to bed for a few days to come out again reasonably fresh and strong. At present he is capable of neither mental labor nor much physical exertion. Neither the President nor any Cabinet officer will say that he expects to see Mr. Blaine returned to his post in the State Department, nor for some months at least. The business of the department, with the capable oversight of President Harrison, goes on with undiminished efficiency in the hands of Mr. Blaine's deputies and working force, Mr. Adee being the acting Secretary of State.

MURMURS OF WAR.

A Guatemala Revolution is a Foreign Conclusion.

CITY OF MEXICO, June 13.—Advices from Guatemala sources reveal the true reason of the discontent and revolutionary talk in that country. The restless spirit is occasioned by the elections which are to be held in October. President Justicial wishes to make Francisco Aguilar, a member of the cabinet, his successor, but the people are not willing to accept the nomination. Between now and election time a revolution is a foreign conclusion. The same advice as there is no trouble between Salvador and Honduras, both countries observing the recent treaty to the letter.

HE SEES IT NOW.

THE PRINCE OF WALES IS "CATCHING ON."

His Highness Cannot Any Longer Treat the Matter Lightly Sir William's Case.

LONDON, June 13.—The Prince of Wales and Duke of Cambridge came to town this morning on business which is generally understood to be connected with the bequest of the prince, who was at first disposed to treat the matter lightly, is now awakened to the seriousness of the situation. A London correspondent has good reason to state the secretary of state for war will apologize Monday next in the commons on behalf of the Prince of Wales for the course the latter took in conducting the conduct of Cumming at Tranby Croft last September. It is currently reported that Lord Coleridge, lord chief justice of England, who presided at the recent trial of the suit of Cumming against Arthur Wilson and others, will take official notice of the charge made against him by Sir William, the substance of which is that the verdict of the jury would have been entirely different had it not been for so partiality for defendants which the lord chief justice showed in his summing up and his charge to the jury.

OTHER PEOPLE'S MONEY.

The Amount of Herzbacher's Defalcation Made Known.

NEW YORK, June 13.—The amount of the defalcation of Julio Herzbacher to the New York Life Insurance company, is \$370,030. Vice-President Welch said to-day: "Some people may think it queer that such a sum could be taken without discovery by us. But it takes a very long time for the proceeds of the South-American business to be sent to us. The business of that agency is between \$2,000,000 and \$3,000,000. In so large a sum, a delay in the arrival of \$370,000 would not attract special notice. Mr. Sanchez is responsible to us for what Herzbacher has taken. We have the greatest confidence in Sanchez and will institute no legal proceedings against him." It was said to-day that, besides the \$370,000 of agency money, Herzbacher had appropriated some of his partner's personal funds.

Condition of the Weather.

WASHINGTON, June 13.—Barometer highest in the Lower Lake regions and lowest in Dakota. Fair weather prevails, except light rains in the extreme Northwest. Temperature has fallen somewhat in the Lower Lake region, Middle and Eastern states; elsewhere remained stationary or risen.

After the Oligomarginale Dealers.

St. Louis, June 13.—The United States grand jury has returned indictments against sixty-nine retail dealers of oligomarginale, for violation of the act requiring oil to be sold in stamped packages.

Financial Matters in Portugal.

LISBON, June 13.—The financial position is much improved, and the government has decided it will not be necessary to prolong the moratorium expiring July 10.
