He found the experiments successfully carried.

ABOUT THE STATE CAPITAL.

Salem Journal: W. W. Skinner, S. P. agent at Salem, is home with his family, having completed a 12,000 mile trip for pleasure and sight seeing. Supt. McElroy is improving, but still unable to walk or sit up. He experiences great difficulty in his powers of locomotion but is gaining strength daily. A broken fly wheel in the sawmill of Presta & Vanness at Independence was almost the cause of a fatal accident. As the machinery was started Monday a section of the 12 foot wheel flew out with terrible force. Superintendent Downing is working a large force on the State street extension to the prison. Two wet to work vegetables the force is turned to improving the roads. There is no reason why with state, county and city prisoners Salem cannot have excellent streets. There are now 385 convicts at the state penitentiary at Salem, the largest number ever held. There is cell room for only eighteen more. Burial of John Adam. Tuesday night, on the overload train, Mrs. John Adam arrived with the remains of her husband. Teams were waiting and the remains were taken to the residence of Mr. Joseph Misner, father of Mrs. Adam. Yesterday funeral took place, the burial being at Mountain View cemetery in Benton county, where the deceased had expressed a desire for a last resting place. Mr. John Adam was a native of Scotland, 41 years old, and leaves a wife and two daughters. He was a sober, industrious man, and held a responsible position on the Northern Pacific railroad at Pullman, Wash. He was at work under a freight car repairing it, having placed a flag upon the car to indicate that work on it was in progress, when a construction train backed in a flat car against the car under which he was working, pushing it along enough to crush and kill him instantly. Mr. Adam was a member of the Baptist church, and Rev. Hill, of this city, attended and conducted the funeral. Mr. Misner and family are very great to friends and neighbors who assisted them in the last sad rite, and especially to the employees of the Western Union Telegraph company, who spared no pains to keep them in communication with Mrs. Adam from the time the fatal accident took place on the 14th inst. The epitaph of the departed one is that he was a noble man who faithfully performed every known duty. That Jeff Davis Portrait. The following self-explanatory letter was received by Hon. A. Bush of Salem: DEAR SIR—Your favor of 31 ulto at hand to-day. The picture of George Washington still hangs over the speaker's stand in the hall of the house of representatives, where it has so long been, in the same hall is found the picture of Gen. Grant, and across a hall in the senate chamber hangs the picture of Abraham Lincoln. The picture of Jefferson Davis was placed in the hall of the house, but the impression that the picture of George Washington had been removed from the hall, is all wrong. The people of this state have been abused, maligned and slandered about this matter. If nobody desires to witness the devotion of the people of Arkansas to the memory of Washington, let a quarter of a million of men attempt to come and take his picture from its place in the hall of the house of representatives. I can cheerfully serve you when I can. Yours Truly, BEN B. CHISS, Secretary of State.

Ran Into A Whale

Bert Rhodes has just returned to Salem, after an absence of a fortnight in California, where he went as guard to Mitchell Morris, the insane patient who a few Sundays ago created such a disturbance on State street near the Cook hotel. Morris was in the insane asylum here, but his relatives wanted to have him near them, so they removed him to the San Jose asylum where he was safely landed. Bert came up from San Francisco on the steamer State of California, and when about 125 knots out of San Francisco, the vessel had quite an exciting experience. She ran into a big pine, which, as the conclusion disabled the vessel, breaking off one of the blades of the propeller. But they lost no time on account of the accident, steaming into Port and on time with the propeller doing her best with the three remaining blades.—Statesman. After Many Years. Ellenburgh Localizer: Thirty-three years ago this month Alexander Bole, the most popular farmer of this section, a young man of great promise, disappeared. It was impossible to get a trace of him and it was decided that he had lost his life in the mountains either by accident or foul play. Friday night Bole returned and went to his former home, where he found only a sister left. He says he went east first, because of a love disappointment. Then he served through the war and after that went west, and then he is worth a quarter of a million and is a stock raiser in Kansas. A Deer In Dallas. Yesterday afternoon at Dallas Hale Backenst and Frank Magers came very near capturing a live wild deer which they chased in a town from the timbered hills near town. The gentle doe ran into a yard in the west part of town and they thought they would capture it but before they could collect their wits the affrighted animal jumped the fence and disappeared down the road, making its safe escape into the country and the woods. Wild deer are scarce now in this part of the county, but occasionally one wanders from the mountains down into the valleys and clearings. Christian Endeavor Meeting. A business meeting of the local union of Christian Endeavor will be held at the Christian church, Friday June 19, at 7:45 p. m. HETIE MILLER, ANSA ALDRIDGE, President. Secretary. Ice Cream Sociable. On Friday evening of this week McPherson Post G. A. R. and McPherson Relief Corps will give an ice cream sociable at the G. A. R. hall. Every body invited, and a good time anticipated. Admission including ice cream and cake, 15 cents. Tees Served in Calla Lilies. Indianapolis Tribune. At a small and elegant company given recently by the hostess department from the customary serving of ices in glasses, and had them in real calla lilies. The large stems were removed, and the flower contained quite as much ice as the ordinary receptacle. When the cup so filled was laid on an exquisite plate the effect was very attractive. Calla lilies with bunches of Sweet English violets make a beautiful decoration when piled in pyramid form on the center of a dinner table. They are also equally pretty placed at each plate. Calla lilies are cold, formal, stiff flowers, except when grouped with other flowering plants, but filled with small blossoms like violets, forget-me-nots, tiny rosebuds, or even a larger flower, softened with a bit of maiden-hair fern or asparagus, they become things of beauty. If a lily of this kind be filled with strawberry ice, with a forget-me-not stuck in the center, it would be a charming, patriotic combination suitable for today or the Fourth of July. It is a flower that may be used in numerous ways, and a woman of ideas can give a Calla party that would be a real gem in the way of beautiful entertainments. The flower is one that combines both useful and ornamental qualities in an unusual degree, and its large cup makes it very desirable for such purposes. OBTAINED MORE RELIEF. From a Can of O. K. T. Than Anything He Ever Used. The writer of the following is a Baptist minister of many years standing, well known as a missionary to the Indians, and is now attending in the school recently established at Forest Grove, Oregon for the education of the Indian youth: FOREST GROVE, OR., March 8. I have been troubled many years with weakness of the kidneys and tried many different remedies, sought aid from different physicians, and even changed climates to obtain relief, but have met with indifferent success. Hearing through a friend of the Oregon Kidney Tea, I obtained a box of it and have derived more benefit from it than from anything else I have yet found. REV. J. C. HEFF. Members of Linn County Farmers' Alliance. You are hereby notified that I have contracted with the well-known firm of Stewart & Sox, at Albany, to supply you with binders, mowers, rakes, twine, hacks, buggies, wagons, plows, etc., as well as all other articles in the line of general hardware. Marion county members can purchase at the same place on the same terms. BEN. H. LYBURN, Financial Agent.

FROM OAK PLAIN.

TO THE EDITOR OF THE HERALD. Thinking perhaps that some of the readers of your paper would like to know what there has been done for the past few weeks in Oak Plain Grange I will endeavor to tell a few things. We held a meeting last Saturday, and at the usual hour the meeting was called to order, there being quite a number present. Work vigorously ensued for there was to be balloted for about ten applicants and after finding them duly elected, the first and second degrees was conferred upon a class of seventeen and after that the W. L. proceeded to instruct them in the unwritten work of those degrees in a way quite interesting. It was then decided to have a called meeting on Thursday, the 24th of June for the purpose of conferring the third and fourth degrees. The meeting will commence promptly at 10 o'clock a. m. with the harvest feast at the proper hour to which all patrons of Husbandry are cordially invited. H. F. Excursion to Newport. A grand excursion to Newport will be given Saturday, June 20, for the benefit of "F. F. Co., Second Regiment, O. N. G. Train will leave Albany at 5 p. m. Saturday, June 20, arriving Newport about 8:30 p. m., returning leave at 6 p. m. of the following day, arriving in Albany at 9:30 p. m. The weather at the coast is very pleasant and excursionists will find this the best time of the year to take a few days recreation at the seaside. Arrangements have been made so that those wishing to remain until Monday or Tuesday may do so by paying 50 cents additional to the agent of the O. P. R. Co. at Yacquina on their return. The tide will be favorable, hotel accommodation a plenty and the steam schooner Mischief will make a trip over the bar for the benefit of those who wish to fish in the ocean. The hills back of Newport particularly are very beautiful, covered as they are by the brilliant rhododendrons. "F. F. Co. will go as a company and tickets will be secured at any member of that organization for \$2.50 for the round trip, including steamer fare to and from Newport. Notice. H. Brandenstein from San Francisco will be at Albany on Saturday June 20 for the purpose of the following described horses: Bays, black, and gray age 4 to 8 years, from 15 to 16 hands high, weight from 950 to 1150. Must be gentle to ride under saddle and also gentle to work. Free from all blemishes and sound in every particular. Good carriage horses wanted also. Headquarters at L. senders stable. MARRIED. IRVINE-BALL—At the Presbyterian church in this city, by Rev. S. G. Irvine, father of the groom, assisted by Rev. E. R. Pritchard, Col. G. M. Irvine and Miss Emma A. Ball, both of this city. The ceremony was performed in the presence of a few friends and relatives, and the contracting parties took the noon train on the O. P. Railroad for McMinnville, where they will reside. Col. Irvine is an Albany boy of well known and attested ability in his profession—the law, being one of the well known and popular firm of Hewitt & Irvine, of this city, and will carry with him the best wishes and heartiest encomiums of our citizens. As captain of Co. F, O. N. G. he was a most popular officer whose zeal and activity gained him a merited promotion. The regimental staff he was, during one political canvass the standard bearer of his party, in accepting the nomination of state senator, only failing in election because his party was in the minority in the county. Wherever he goes he will stand foremost in law practice, or whatever he takes hold of to do. The fair one was one of Albany's most beautiful and popular young ladies, amiable and prepossessing and will be an acquisition to the society circles in their new home. They go to McMinnville with the best recommendations that Albany can give, and the heartiest wishes for future success and happiness. Ladies Attention. Miss Hannah Cohen, hair dresser. Hair dyed, bleached or shampooed in the latest styles of the art. Orders taken for all kinds of hair work. Shop at residence, corner Third and Calapooia streets. THE WORLD ENRICHED.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only laxative known, as it is the only remedy which is truly pleasant and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring-time or, in fact, at any time any the better it is known the more popular it becomes. Beautiful Women. The magical effects of Wisdom's Robertine as a beautifier and preserver of the complexion have been attested by thousands of the leading ladies of society and the stage. It is the only article ever discovered which gives a natural and beautiful tint to the complexion, and brightens the eyes, softens and smooths the skin, and removes all impurities of the face and arms, leaving the skin soft, smooth and velvety. All remark on its idealistic, cooling and refreshing properties, a distinctive not found in any similar preparation on the market. Sold every where. Mothers? Castoria is recommended by physicians for children teething. It is a purely vegetable preparation of ingredients and published and sold each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiets pain, cures diarrhea and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's nursemaid—the mothers' friend. 25 doses, 25 cents. Novelties in Ladies Footwear. I have just received for the summer trade the latest novelties in ladies fine shoes. It gives Julius Gradwohl great satisfaction in selling his fine Golden Rule tea and baking powder, with elegant prizes or without them, that his customers who have purchased invariably return and say they are well pleased, that he has No. 1 and the baking powder is as good as the best. All his teas and baking powder bears the name of Julius Gradwohl's Golden Rule Bazaar, and are expressly put up for his business, and he still continues to give with each pound of tea or baking powder an elegant piece of glass ware. I have been bothered with catarrh for about twenty years; I had lost sense of smell entirely, and I had almost lost my hearing. My eyes were getting so dim I had to get some one to thread my needle. Now I have my hearing as well as I ever had, and I can see to thread as fine a needle as ever I did, my sense of smell is partly restored, and it seems to be improving all the time. I think there is nothing like E. S. Cream Balm for catarrh. Mrs. E. E. Grimes, Retford, Perry, Co., O. Notice to Patrons. ALBANY, OR., May 30, 1891.
