

Morning Daily Herald.

20 CENTS A WEEK.

ALBANY, OREGON, SUNDAY, JUNE 28 1891

VOL. VI—NO. 179

DR. PRICE'S Cream Baking Powder

Used in Millions of Homes—40 Years the Standard

PLAINFIELD!

CONSOLIDATION -- LOTS!

The Cheapest and Best Buy in the Market.

WHY

Because the lots are 50x100; because they are inside property; because they are all clear—no stumps, no rocks; because the lots are elevated and has a fine view of the city; because they are near three motor lines—out in contemplation, but all now in operation; because they are now, to-day, for the 10th day of next month they will advance \$25 each; because they are a snap. Ask those who have seen. Seeing is believing. Are you in it?

R. F. ASHBY, Manager,
No. 65, Washington Street, Portland, Oregon.

We are at the Front!

Our Spring and Summer Stock will be found larger and more complete than ever.

DRESS GOODS WHITE GOODS

Very attractive lines in new colorings and latest novelties. Anything and everything in large assortment and end—less variety.

THE PULPIT AND STAGE.

Rev. F. M. Shront, Pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am now sound and well, gaining 20 lbs. in weight."

Arthur Love, Manager Love's Funny Folks Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption, beats 'em all, and cures when everything else fails. The greatest kindness I can do my many thousand friends is to urge them to try it." Free trial bottles at Foshay & Mason, Drug Store. Regular sizes 50c. and \$1.00.

MILLS' NERVE & LIVER PILLS.

Act on a new principle—regulating the liver, stomach and bowels through the nerves. A new discovery. Dr. Mills' Pills speedily cure biliousness, bad taste, torpid liver, piles, constipation. Unequaled for men, women, children. Smallest, mildest, surest! 50 doses for 25 cents. Samples, etc., at Stannard & Cusick.

HEIGHT OF CURETY.

Nervous women seldom receive the sympathy they deserve. When often the pictures of health, they are constantly ailing. To withhold sympathy from these unfortunate is the height of cruelty. They have a weak heart, causing shortness of breath, distressing pain in side, weak and hunched spines, and finally swelling of ankles, oppression, choking, smothering and dropsy. Dr. Mills' New Heart Cure is just the thing for them. For their nervousness, headache, weakness, etc., his Restorative Nerve is unequalled. Fine treatment of "Heart and Nervous Diseases" are marvelous testimonials free and guaranteed by Stannard & Cusick.

SPECIFIC CASES.

S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and secured permanent cure. His Salve, and his leg is sound and well.

John Speake, Catawba, D. C., had five large Fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by Foshay & Mason, Drug Store.

A MYSTERY EXPLAINED.

The papers contain frequent notices of rich, pretty and clever girls eloping with negroes, tramps and coachmen. The well-known specialist, Dr. Franklin M. Miles, says all such girls are more or less hysterical, nervous, very irritable, irritable, usually suffer from headache, neuralgia, sleeplessness, moderate crying or laughing. These show a weak nervous system for which there is no remedy equal to Restorative Nerve, containing many natural cures, free at Stannard & Cusick, who also sell, and guarantee Dr. Miles' celebrated New Heart Cure, the finest of heart tonics. Cures fluttering, short breath, etc.

TO GOOD TEMPLERS.

Do you know that Moore's Revealed Remedy is the only patent medicine in the world that does not contain a drop of alcohol; that the mode of preparing it is known only to its discoverer; that it is an advance in the science of medicine without a parallel in the nineteenth century; that its proprietors offer to forfeit \$1,000 for any case of dyspepsia it will not cure?

The Celebrated French CURE

Warranted to cure Rheumatism or money refunded.

THE GENERATIVE ORGANS OF EITHER SEX whether arising from the excessive use of stimulants, the abuse of opium, or the rash youthful indiscretions, or from indolence, etc., such as Gonorrhea, Strain, Venereal, Warts, Blemishes, Bearing Down, Pain in the Back, Seminal Weakness, Hysteria, Nervousness, Nocturnal Emissions, Leucorrhoea, Dizziness, Weak Memory, Loss of Power and impotency, which if neglected often lead to premature old age and insanity. Price \$1 a box; 6 boxes for \$5.00. Sent by mail on receipt of the above.

A WRITTEN GUARANTEE is given every \$5 order received, to refund the money if the patient is not cured. We have thousands of testimonials from old and young of both sexes, who have been permanently cured by the use of Absorbine. Circular free. Address: THE ABSORBINE MEDICINE CO., Western Branch, Box 27, Portland, Oregon. For sale by Foshay & Mason, who sell and deal Druggists, Albany, Oregon.

FROM WASHINGTON.

General Prosperity of the Entire Country.

THE LAND DEPARTMENT.

Fruit Prospects Recall of Douglas—The Stewart Matter—The Ohio Election.

WASHINGTON, June 27.—Continued prosperity in every branch of business, with an unusual flow of products, is the central fact of the record of the week. With certain exceptions of limited districts the crop reports continue to be fine, the general prospect being that there will be an unexampled yield in breadstuffs, vegetables and fruit, and such a thing as the reversing of this prospect being hardly possible now. In the wheat fields of lower Kansas and some other sections harvesting is going on, and the new crop will shortly be on its way to a satisfactory market. Splendid reports from both Dakotas continue, this assuring news relating to the entire range of crops. The showers have been of the greatest benefit. The harvest is promising. In South Dakota the wheat is so far advanced as to bid defiance to dry weather should it come. From the ocean a demand for all our surplus is certain to come, and the flow of grain from our ports will in a short time be met by the flow of gold from Europe to pay for our products. This flow will be into the pockets of American farmers to an unparalleled amount. No other country can earth the harvest of this year, and America is naturally the envy of all other nations. Lately we have relieved Europe in its financial distress by furnishing it all the gold it wanted, and now we are about to do the same thing to breadstuffs. As a consequence American credit is without a parallel. The tendency is in favor of the soil as the best investment, and in the long run, the surest source of wealth. The great European steamers sailing from New York and other American ports have engagements to the full capacity for months ahead. Tramp steamers have been chartered for the September and October shipments of the export purchases of wheat already made; these steamers are to be loaded for any port in Europe where there is a market.

A leading New York banker is satisfied from an investigation that at least fifteen to twenty million dollars worth of goods recently exported will return to this country about September 1st. Europe, he says, has really drawn more gold than she needed, and will be ready to part with some when the time comes.

Precious to the closing of the fiscal year, June 30, Commissioner Carter, of the general land office, is making strenuous efforts to close up pending and suspended business. During the last week more than three thousand patents were issued, and on the 16th inst. 2000 mineral patents alone were sent out. The work will continue in this forced way until July 1st, and a greater number of patents than ever before sent in the same time have passed through the numerous hands and be en route to their final destination. The estimate is that 120,000 patents will be the extent of the year's work of this office. For Nebraska there are now ready to be forwarded to the land office, 182 h. s.; Chadron, 190 cash; Sidney, 12 cash. Colorado—Del Norte, 125 cash; Denver, 701 cash; Central City, 2 h. s.; Pueblo, 143 cash. North Dakota—Fargo, 10 cash; 20 inst. Aberdeen, 40 cash. South Dakota—Chamberlain, 72 h. s.; Watertown, 116 cash; Mitchell, 102 h. s.; Idaho—Blackfoot, 20 cash. Kansas—Wakeney, 102 cash; Garden City, 193 cash. Oregon—La Grande, 11 cash; Lakewood, 11 cash; Roseburg, 135 h. s. New Mexico—Los Grupos, 15 cash; Santa Fe, 37 cash. Wyoming—Cheyenne, 24 cash.

WEDDED A NEGRO

A PRETTY LONG ISLAND MAIDEN THE VICTIM.

She Was a Reigning Belle, and Received Many Admirers for Her Black Lover.

New York, June 27.—The residents of Good Ground, a pretty village on Long Island, 85 miles from New York, are all agog over a recent remarkable elopement and marriage. The hero and heroine of the affair are Garrett Douglas, Baltimore, a well educated and intelligent negro graduate of West Point, and Miss Mary E. Lane, a young white woman, who has hitherto been regarded as one of the belles of Good Ground and neighboring villages. Her relatives are among the "best" people of Long Island. The young woman is 29 years of age, has Auburn hair, hazel eyes, and is considered very pretty. She taught school at Riverhead and Springlake. Miss Lane was a prominent member of the Methodist church and taught a Sunday school class. Baltimore attended church regularly and soon became very devout.

Baltimore took Miss Lane home from prayer meeting regularly, and they drove out a great deal together. Each said frankly that they were warm friends. When the time came for Baltimore to go to Troy, his home, Miss Lane appeared very much depressed. On Thursday, June 18, Miss Lane said she was going away. The announcement was very sudden and tongues began to wag. She took the train the same day to Long Island City and met Baltimore at the depot. They came to this city and were quietly married. An interesting fact is that Miss Lane had no lack of admirers.

Russia's War on Jews.

It is alleged that Russia has entered on a scheme which contemplates the expulsion from the Czar's dominion of between 4,000,000 and 5,000,000 Jews. The expulsion is not only actually being carried out, but decrees are from time to time being issued which restrict, in all sorts of ways those who are not, for the time being, forcibly expelled from doing business and gaining a living. The latest is a decree which prohibits all persons from lending their names for the conduct of business. This is intended to prevent the Jews from arranging with mercenary Russians to do business under cover of their names. A large number of Jews are likely to come to America. Arrangements for bringing a colony to North Carolina are said to be in progress.

Important Results from Reciprocity With Spain.

A thoroughly intelligent writer referring to the new treaty giving us reciprocity with Spain says: "I learned at the Treasury Department that our best customs experts predict a surprising growth of American exports to Cuba as soon as the new arrangement gets fairly to work. This expectation is not only the lowering of the Cuban import duties upon our products, but also on the increased prosperity of Cuba under the new tariff."

STATE AND COAST.

Our Usual Budget of News From the State Capital.

THE MOTOR LINE EXTENSION.

The San Francisco Police Have a Bloody Encounter—They Were Mistaken for Burglars.

SALEM, June 27.—The trial trip of the capital city's railway electric line to the state fair grounds was made with success this morning, and during the day cars were run over it with regularity. This extension is 9540 feet in length and will be of great assistance in the accommodation of the crowds at coming state fairs and to the base ball games.

Salem was unusually lively for a few hours this morning while the soldiers were making ready to leave for Camp Grant, near Eugene, to go into encampment. The two Salem companies and the Macleay boys took the train here, escorted by the Second Regiment band. The Hubbard company was already on the train and the Turner boys joined the throng at Turner.

A new incorporation given life to-day was the Columbia Investment Co. of Astoria. Its capital stock is \$100,000, and W. G. Smith, D. K. Warren and A. H. Kinney are the incorporators.

NOBLE HAS RESIGNED.

Will be Appointed Judge of the United States Circuit Court.

New York, June 27.—Secretary Noble has returned to Washington. His visit here was a short one. He arrived Thursday. Secretary Noble's resignation as head of the department of the interior is in the hands of President Harrison, remarked a friend of the secretary at the Fifth Avenue hotel last evening. "The president, however, will probably refuse to accept the resignation until next fall, when he will appoint Secretary Noble as one of the new judges of the United States circuit court. There have been rumors some time that Secretary Noble had resigned or intended to resign, but they have always been denied at Washington. The fact, nevertheless, that President Harrison has received his resignation. The secretary will remain in the cabinet until the president has decided upon his successor. There is scarcely any doubt of his appointment as a United States circuit judge."

Secretary Foster Makes His Point.

Secretary Foster was prevented from attending the Ohio Republican convention. He had prepared a speech, however, and this he sent. He did right in not permitting it to be lost by the circumstance of nonattendance through the pressure of public duties. He has no doubt, now the thanks of his party friends in pushing it. One of his points is this: "The system of taxation and finance adopted by the Republican party has been such as to enable our people to pay almost entirely the six billion dollars expended to save the life of the nation, and also to pay in pensions to its brave defenders \$1,300,000,000 more. All of this vast sum has been so gently raised that no man knows, beyond his own pocket, how it is done. He has paid a penny of it. Republican policy has so strengthened the public credit as to place it to-day on a plane better than any other nation on earth. We can now boast of being able to place a 2 per cent. bond and when placed it will sell at a premium."

The Republicans and the Silver Question.

The Ohio Republican convention, after placing Major McFie in nomination for governor put this into the platform: "Thoroughly believing that gold and silver should form the basis of all circulating medium, we indorse the amended coinage act of the last Republican Congress, by which the entire production of the silver mines of the United States has been added to the currency of the people." This is understood to be the ground the administration stands on, and will be that of the party, apart from those who are for unlimited silver coinage. "American silver only, and all we can mine," is said to be President Harrison's key note on the silver question, in contrast with the idea of unlimited coinage, which means going into markets of the world for silver to coin.

Polly Peppers says in the American Home that early rising warns out women too fast.

"I notice that our thrifty great-aunts and grandmothers had a habit of dying early and giving their husbands an opportunity of leading two or three blushing brides to the altar. Now, I don't propose to leave any chance for my husband to get any such double or triple bliss as that I don't intend to have any other woman walking around in my shoes, appropriating my kisses and doing other disagreeable things which I should object to. I mean to take care of myself so as to last as long as my better

half. No woman has any business ordinarily to get up at four or five o'clock in the morning. If there is anything in the world that a woman needs it is plenty of rest. If she feels tired and languid in the morning and hates to get up, it is a sure sign that she is over-doing and wearing out. Six o'clock is as early as any one ought to get up and go to work.

A DESPERATE FIGHT.

The Police in San Francisco Engage in a Pitched Battle.

SAN FRANCISCO, June 27.—Police Officer Knott went to the house of Thomas Golding late last night to serve a warrant on Golding's son, Thomas, jr., on a charge of horse-stealing. The officer was met by Golding, sr., who bandished a cutlass and threatened to kill him if he did not vacate the premises. Officer Craven, Grant and Magee responded to Knott's whistle, and an attempt was made to arrest Golding, who was now assisted by his wife and son. A number of shots were fired, and when the parties were finally arrested and taken to jail, it was found that Golding, sr., had a bullet wound in the back that will probably prove fatal. Officer Brown was shot in the right thigh; Officer Magee had his right cheek split open by a blow from the cutlass; Golding, jr., had several severe scalp wounds; and Officer Knott had a wound across the forehead. The father and son and Mrs. Golding were held on charges of assault to murder.

B. C. Mann, who was passing the house, and who took the officers to be burglars, was struck by a policeman's club and knocked senseless, while endeavoring to capture the supposed footpads.

A Noted Convict Dead.

COLEY, Ga., June 24.—Geo. Ward, the convict who led the recent break for liberty, and who was one of the most noted jail-breakers in the United States, has died from his wounds.

BOUNTIFUL CROPS.

OREGON WILL HAVE A LARGE GRAIN SURPLUS.

This State Will Produce One Million More Bushels of Wheat This Year Than Last.

PORTLAND, Or., June 27.—Oregon weather bureau's bulletin, issued to-day, says: Spring wheat will make a full crop and all wheat will be the best ever raised in Corvallis, in a few sections of Unatilla, Morrow, Sherman and Wasco counties, where it was burned in May. A careful estimate shows fully one million more bushels in Oregon this year than last. Fall wheat over five feet high is being raised in a few sections. Hop lice are prevalent in that section. Hops will be an average crop.

Mrs. Logan Will Not Marry.

OMAHA, June 27.—The reported arrangements for the marriage of Pension Attorney Lemon and Mrs. General Logan, were denied to-day in a card issued by a prominent grand army man, a close friend of the Logan family. Before Mrs. Logan sailed she had written a letter denying that she contemplated marrying Lemon, and said she would never marry.

Working for a Carriage Factory.

Corvallis Times: There is every reason to believe that the wagon and carriage factory will be established in Corvallis, but the means should not hesitate a moment in subscribing liberally to the enterprise and make doubly sure that the factory will be built this summer. It will be a great progressive step to the whole county as well as the city and property in Corvallis is certain to enhance in value as soon as work on the large structure is commenced. It will be a long time before another such an opportunity is offered and our citizens should lose no time in taking advantage of this one.

Oregon Standstone.

A census bulletin just issued from the department having to deal with mines and mining, treats of standstone. From this bulletin it is learned that the value of the output of Oregon's two sandstone quarries in 1890 was \$8424. The production was 50,000 cubic feet. Oregon had no place in the tenth census, but in the present one she occupies thirty-third place, New Hampshire, Tennessee, Idaho and five other states being behind her. Oh leads the list.

Corvallis Teachers.

A business meeting of the directors of the public schools of Corvallis held last Friday, the following teachers were selected for the ensuing year: C. Elton Blanchard, principal; Mrs. E. T. Callahan, vice-principal; Miss Frances Harris, Diana Newton, Jennie Lilly and J. J. Evans, assistants. Mr. Blanchard is a new arrival in the city and comes very highly recommended as a teacher in the schools, her home being at Monroe. The balance of the corps taught last year and gave splendid satisfaction.—Times.
