Willamette -- University, THE OLDEST, LARGEST & LEAST EXPENSIVE Institution of learning in the Northwest.

320 students in 1887, 495 in 1891--an increase of nearly 50 per cent in four years. Graduates in Art, Business, Classical, Law, Literary, Medical, Musical, Normal, Pharmaceutical and Scientific courses. Graduates from the normal course have all the advantages of graduates from the State Normal schools. Better facilities for teaching next year than ever before. First term begins SEPTEMBER 7th, 1891. For catalogue, with full information, address Wm. S. ARNOLD, A. M., Salem, Or.

THE PELLET AND STAGE. Rev. F. M. Shroot, Pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 25 lbs. in weight."

MISSES NERVE & LIVER PILLS. Act on a new principle--regulating the liver, stomach and bowels through the nerves--a new discovery. Dr. Miles' Pills speedily cure biliousness, bad taste, torpid liver, piles, constipation, Unquieted for men, women, children. Smallest, mildest, surest! 50 doses for 25 cents. Samples free, at Standard & Cusick.

HEIGHT OF CRUELTY. Nervous women seldom receive the sympathy they deserve. While often the pictures of health, they are constantly ailing. To wit: cold, neuralgia, headache, vertigo, tinnitus, etc. They have a weak heart, causing shortness of breath, fluttering, pain in side, weak and hungry spells, and finally swelling of ankles, oppression, choking, smothering and dropsy. Dr. Miles' New Heart Cure is the thing for them. For their nervousness, headache, weakness, etc., his Restorative Nerve is unequalled. Fine treatise on "Heart and Nervous Diseases" and marvelous testimonials free and guaranteed by Standard & Cusick.

SPECIES CASES. S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him. Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Salve, and his leg is sound and well. John Swicker, Catawba, D. C., had five large Fever sores on his leg, doctors said he was incurable. One bottle of Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by Foshay & Mason, Drug store.

A MYSTERY EXPLAINED. The papers contain frequent notices of rich, pretty and educated girls eloping with negroes, tramps and coachmen. The well-known specialist, Dr. Franklin M. Jones says all such girls are more or less hysterical, nervous, very irritable, unbalanced, usually subject to headache, neuralgia, sleeplessness, immoderate crying or laughing. These show a weak nervous system for which there is no remedy equal to Restorative Bitters. Five trial bottles sent in a 25-cent book, containing many marvelous cures, free at Standard & Cusick, who also sell, and guarantee Dr. Miles' celebrated New Heart Cure, the finest of heart tonics. Cures fluttering, short breath, etc.

TO GOOD TEMPLERS. Do you know that Moore's Revealed Remedy is the only patent medicine in the world that does not contain a drop of alcohol; that the mode of preparing it is known only to its discoverer; that it is an advance in the science of medicine without a parallel in the nineteenth century; that its proprietors offer to forfeit \$1,000 in any case of dyspepsia it will not cure?

The Celebrated French CURE FOR WHITEHEADS, or money returned. Guaranteed to APPROVE, or money returned.

THE APPEAL MEDICINE CO. Western Branch, Box 27, Portland, Oregon. For sale by Foshay & Mason, who issue and retail druggists, Albany, Oregon.

STATE AND COAST.

Our Usual Budget of News From the Capital City.

A YOUTHFUL HORSE THIEF. The Farmers' Alliance of Oregon Will be Organized in Portland To-Day -- News from the Metropolis.

SALEM, July 7.--The school board of the Salem district at a meeting this afternoon decided to advertise for bids for the construction of two new school buildings, the finishing of the second story of the new high building. Cora Boon, the 15 year old daughter of H. D. Boon, died under very peculiar circumstances at her home here this morning. About fifteen days ago she swallowed a brass pin and less than a week ago she was taken violently ill, since which time she could keep nothing on her stomach. She seemed better yesterday and it was thought all danger was over, but she took suddenly worse this morning and died soon after.

Walter Huckins, who is wanted at Eugene, where he is accused of the larceny of a horse, was arrested here and taken to Eugene this evening. Huckins is quite a young fellow and seems to have hidden away with another man's horse, neglecting to mention it and staying away.

Miss Martha A. Hanson, of Eugene, aged 27, was brought to the asylum to-day. She is successful and came very near being committed just before being committed. She was at home upstairs and jumped from the portico to the ground. Luckily her brother was standing near and caught her arm, tearing her clothing and breaking the force of the fall so that the girl was uninjured.

OREGON NICKEL.

The Government is Trying to Purchase Important Lands. PORTLAND, July 7.--Negotiations are pending for the purchase of the extensive nickel deposit at Kildale, in Southern Oregon, by the United States government. In that vicinity there are about 2,400 acres which contain nickel ore in large quantities. The tract is owned by San Francisco heirs, and the sale of the property is being negotiated by Portland parties. Not only the government, but a heavy mining party is trying to purchase the entire tract. It would probably be better for Oregon and Portland if Uncle Sam is the purchaser, for it would then be worked extensively by a large force of men.

The nickel is to be used in connection with the armor plating of war vessels, experiments having been made which demonstrate the feasibility of its use. It will be a grand thing for Oregon to furnish from within her borders nickel to help make the armor of government cruisers and war vessels.

THE ALLIANCE IN OREGON.

The State Organization Will Be Effected in Portland To-Day. PORTLAND, July 7.--A meeting for the purpose of organizing an Oregon state alliance will be held in Portland to-morrow, beginning at 10 o'clock. Alonzo Waddell, of Huron, Dakota, a member of the national executive committee, will be present to effect the organization. The alliance has already secured quite a large membership in this state, both in Eastern and Western Oregon. Prominent alliance men from several counties will be in attendance. Among the delegates are K. A. Irvine, Jacob Newman and John Bryant.

THE COAL MINE TROUBLES.

SEATTLE, July 7.--The disarmament of the guards at the Gilman coal mine will be made to-day at Franklin. Sullivan's guards, the Oregon Improvement Company's guards and striking miners, have turned in a large number of Winchester, carbines and Marlin, after a public meeting held last night. The militia are at all the camps. A non-union miner at Gilman, enraged at the tactics of the strikers, attempted to use an ax on them, and was arrested. It is believed the back of the strike is broken now, and the mines will be worked peacefully hereafter, though many of the miners continue sullen.

SPANISH CREOLES.

How They Compare With Their American Sisters. They present a restful contrast to their American sisters. While the American woman labors to push herself socially beyond what proper position she may have been placed in, chafes over domestic occurrences, has spasms of despair over her failure to find a mission, hemoans her small value as a factor of the world, the Spanish woman knows, or at least recognizes, no social scale. Whether her friend sells cigars, or is in the commission business, he is her

ELECTROCUTIONS.

Four Murderers Meet Instantaneous Death.

WAS APPARENTLY PAINLESS. The Executions Declared a Success, That Much the Witnesses Divulge--The Kemmler Mistake Decided.

SING SING, N. Y., July 7.--The electrocution of the four murderers, Slocum, Smiler, Wood and Jigro, was done this morning. Slocum was killed at 4:42 1/2. Smiler at 5:13, Wood at 5:39, and Jigro at 6:19. A group of newspaper men watched the execution from the gallery. The bluff opposite the prison saw the first signal announcing that one of the men had paid the penalty for murder with his life. It was a small white flag which was run to the top of the pole and then pulled down. There was a great deal of cheering from the gallery. The baseball player, the man who had hacked his wife to death, had died just five minutes before. The flag was set; the news was on a dozen waiting wires. Close calculation fixes the time of Slocum's death at 4:42. There was a little bustle outside while the white flag went up, and as soon as it was pulled down everything became quiet again. The deathlike silence which followed the bustle caused by the raising of the flag was oppressive. At 5:15 the first rays of the morning sun topped the eastern bluff, and brightened up the scene. A square of blue bunting, which crawled slowly up the pole at 5:19 announced that Smiler, the salvation army boy, the slayer of his third wife, had given a life for a life five minutes before. It took the attendant five minutes to go to the top of the prison and hoist the signal.

MET HIS FATE.

A DESPERATE CHARACTER PUT OUT OF THE WAY. He Attempts to Kill His Wife--He Is Kiddled With Bullets Himself.

SAN JOSE, July 7.--This morning at 6 o'clock Manuel Soto inaugurated a bloody engagement, which resulted first in the death of Nicholas Smith, and afterward of himself. Soto tried to kill his wife in Monterey county several months ago, cutting her terribly with a knife. She recovered and came to San Jose, locating on Eldorado street. Soto followed, and this morning he went to the back yard and while in the backyard was seen by Smith, who lives next door. He warned Mrs. Soto and she made her escape. Soto entered the house and tried to kill one Lapier, whom he found there, but the shot failed to take effect. He then went to the front of the house, but could not get in because Smith held the door. Soto then fired a shot through the panels, which pierced Smith's heart, killing him instantly. The murderer then marched up Eldorado street with a pistol in each hand and defied the officers to arrest him. Officers Monaghan and Edwards exchanged shots with the murderer, who unhurt retreated to a house further down the street, where he was found by Officers Edwards, Monaghan and Allen. The former ordered Soto to surrender. The murderer refused and again opened fire, and then a terrible fusillade ensued, over twenty bullets being fired before Soto was killed. His body and that of his victim are now at the morgue.

SHIPPING CATTLE TO ENGLAND.

OTTAWA, Ont., July 7.--The minister of marine is preparing regulations for the shipment of cattle for England, which will go into force soon. Cable dispatches were received from High Commissioner Tupper to-day advising the government to insist on regulations which will conform to the requirements of British importers and the public, as to the better treatment of cattle on shipboard. These views will have great weight with the government, and the new regulations will provide for larger space and better accommodation. This will meet the views of Canadian shippers and British importers, but will be strenuously resisted by the steamship owners.

ITALY TRYING TO BORROW MONEY.

BERLIN, July 7.--The Italian government has already sounded the leading Berlin bankers on the subject of a loan to redeem the country from its present almost hopeless financial condition. The response, it is said, has been favorable. The imperial government is earnestly desirous to see Italy put on a sound basis financially in order that Italy may remain free from French temptation.

WILLIAM IN LONDON.

An Exciting Incident at Windsor Castle.

LONDON, July 7.--After breakfasting with the queen at Windsor the emperor of Germany drove to the park where he watched the musical and equestrian performance. The emperor pronounced it one of the finest military spectacles he had ever seen. It has just become known that there was a most strange and exciting scene at the royal banquet at Windsor castle last night in honor of the queen's imperial grandson. A large water pipe burst in the banquet hall while the queen was entertaining the emperor and a party of distinguished guests. The result was the hall was almost flooded with water. After the baseball player, the man who had hacked his wife to death, had died just five minutes before. The flag was set; the news was on a dozen waiting wires. Close calculation fixes the time of Slocum's death at 4:42. There was a little bustle outside while the white flag went up, and as soon as it was pulled down everything became quiet again. The deathlike silence which followed the bustle caused by the raising of the flag was oppressive. At 5:15 the first rays of the morning sun topped the eastern bluff, and brightened up the scene. A square of blue bunting, which crawled slowly up the pole at 5:19 announced that Smiler, the salvation army boy, the slayer of his third wife, had given a life for a life five minutes before. It took the attendant five minutes to go to the top of the prison and hoist the signal.

ROMAN CATHOLICS IN AMERICA.

WASHINGTON, July 7.--Superintendent Porter, of the census bureau, has in preparation a bulletin upon the membership of the Roman Catholic church in the United States, which will show a membership of 6,250,000 communicants over 15 years of age.

AFTER BUSINESS.

THE CANADIAN PACIFIC GRASPING AT ALL. All Rail from New York to Chicago--American Connecting Lines to Be Built.

CHICAGO, July 7.--The Canadian Pacific railroad has about completed arrangements that will practically create a new all-rail route between New York and Chicago. This has been a rumor that has received much attention in Chicago of late, but heretofore has lacked confirmation. An interested official positively stated to-day that it was a fact, and gave the following details: The new route will be the Canadian Pacific from New York to Detroit. From Detroit on an entirely new air-line will be built via Fort Wayne to Chicago. A new line will also be built from Detroit to Toledo, and from Toledo to a junction with the Detroit, Chicago and Chicago. The Canadian Pacific cannot, of course, operate lines in the United States, and these new lines will be built by the Bryce-Thomas syndicate and Richmond Terminal interests, amply backed by money furnished by the Canadian Pacific directors. Almost if not quite, enough subsidies have been granted by different cities and counties to build lines from Detroit. Contracts have all been let for this work and contractors are bound to complete it before the snow falls. The Canadian Pacific has been authorized by the parliament railway committee to build the South Ontario Pacific road from Woodstock via Hamilton to the Niagara river, which will be spanned by a new cantilever bridge. A same company will also build from Buffalo via Hamilton to Toronto to secure another lake outlet by building from Tessara to Kincardine, on Lake Huron.

WHERE IT WENT.

THE TRACK OF THE DEVASTATING CYCLONE. MADISON, Miss., July 7.--A cyclone struck this place from the southeast about 11 o'clock yesterday. Disasters were everywhere. H. C. McKay's plantation destroyed, wounding several persons; Dr. H. B. McKay's building passed across the railroad, leveling telegraph poles. The residences of Glascock and Binmore were wrecked and much of the furniture destroyed. The Presbyterian church and school buildings were completely swept away, and on A. M. Jones' place the outstanding buildings were destroyed and stock injured. Passing out of town to the northwest the cyclone completely destroyed the colored churches and residence of Hannah Lee, colored.

YESTERDAY MORNING AT 6 O'CLOCK.

YESTERDAY MORNING AT 6 O'CLOCK the southwestern portion of this county was visited by a destructive cyclone, demolishing houses and fences and uprooting trees. Nearly all the houses were destroyed. A number of persons injured. Amos Hodge, David Reeves and Samuel Chandler were all severely injured. At McNavis' logging camp one man was killed and three wounded. Another cyclone passed twelve miles east of this place at 10 o'clock, doing great damage.

EDITORS TO MEET IN ST. PAUL.

COLUMBIA, Mo., July 7.--It is decided the next meeting of the National Editorial Association will be held at St. Paul July 14.
