

Morning Daily Herald

ON SALE. The Daily Herald will be on sale each morning at 10 cents...

MONEY TO LOAN. In sums to suit, from six months to five years, on good Albany and Linn county real estate.

NOTICES ABOUT TOWN. Fresh bread every day at Parker Bros. H. Lampman, of Portland, is in the city.

New jewelry of latest patterns at Will & Stark's. Charles Cusick left yesterday for a trip up the Santiam.

R. A. Irvine went to Portland yesterday on business. Frank Crabtree, of Lebanon, was in the city last evening.

A fine line of gold rings just opened at Will & Stark's. W. F. Read and family are sojourning in the mountains.

Tickets for St. Plunkard on sale at Will & Stark's at 50 and 75 cents. Cakes of all varieties, fancy and plain at the Delmonico restaurant.

A fine line of ladies' lawn Norfolk waists just received at the Ladies' Bazaar. Hon. Charles Miller, of Jefferson, was in the city on business yesterday.

If you are hungry go to Parker Bros. and get a loaf of the best bread in the city. L. E. Blain and wife went over to Yaquina yesterday to enjoy a few days recreation.

When you want a first-class coat, call at the Ladies' Bazaar and get one of the "B. B.'s." Mr. Frank Starnard and Miss Maggie Dunn, of Brownsville, were united in marriage on July 4.

Secure your tickets for St. Plunkard this evening. They are on sale at Will & Stark's at 50 and 75 cents. The citizens of Brownsville are considering the question of providing the town with water works as a protection against fire.

Do you want to be happy and make those about you pleased, if so go and get one of those lovely toned pianos at Mrs. Hyman's. If you have not drunk Coronado mineral water, you should try it. It will sober you up, give you a clean stomach and a good appetite.

Mr. A. B. Seal will leave today for San Francisco to accompany his wife and children to their home in that city. Mrs. Seal has been visiting her parents there for several months. Dr. F. I. Ball, who has just arrived, has formed a partnership with J. C. Little in the practice of dentistry.

Dr. Ball has completed a 2 1/2 years' course in the dental department of the university of Michigan. A petition is being circulated and freely signed among the business men of this city, asking the Oregon Pacific railroad company to run trains as far eastward as Coos twice a week.

It would be a great convenience to the people in that region, as well as a means of increasing trade with Albany. William Mack, John Mack and William Steiner, Mrs. Mack and the cousin of Allentown, Pa., spent the 4th on the Yaquina river, fishing, where they caught 12 nice large trout.

They report they had a great fishing and hunting good at that point. Mr. Steiner says Oregon is a fine country, much better than Pennsylvania, for fruit, grain and vegetables. Another Mill for the Mines.

At a meeting of the Albany Mining & Milling Co., held Monday evening, it was voted that a ten-stamp mill be purchased for the company's mine in the Santiam district immediately. Mr. N. H. Allen and C. G. Burkhardt were chosen to go to San Francisco and purchase a mill.

They will leave in a few days for that purpose. It will be an improved mill of a capacity of 30 tons per day. There will be active work in the Santiam mines this summer. Council Proceedings.

The council met last evening and adjourned to meet again this evening. At a previous meeting various modifications asked for in the street improvements were presented and referred to the proper committee. The application of the W. C. T. U., for the privilege of driving public wells, one on Ferry street, east side six feet from First street, and one on Ellsworth street, were received and referred.

Notice to Water Consumers. All sprinklers must be shut off promptly at 9 o'clock, and all leaks and water waste must be carefully guarded against during the coming week while the water is out of the canal, as only one pump can be used, and it is necessary to maintain sufficient pressure to keep water in the railroad and other elevated tanks. A. C. W. T. & L. Co. WALLACE EADWYN, Cashier.

A Plover for Linn County. It is a noteworthy fact that Deo, a Linn county bird and raised horse, defeated the crack trotters at Spokane last week, including Van De Lashunt's flyer Blondie. Deo made the splendid record of 2:25 1/4. He is a son of Oneco, and was raised by McKnight Bros., near Albany.

ABOUT THE BRIDGE.

The People are Growing Weary of the Needless Delay of the Undertaking.

The county court will convene today, and it is to be hoped before that body adjourns some definite conclusions will be reached on the bridge question that will result in the speedy commencement of work on the much needed and long-talked-of improvement. There has been so much said on this question and so much actually done that the people are growing weary of it. The season is rapidly advancing, and if the bridge is to be built this summer the quarrel over the location must be stopped, and a united plan of action agreed upon at once.

The question as to whether a trestle or a bridge, and the question as to whether to present a land definitely settled at this time of the county court. This important undertaking is languishing for no other cause than the prolonged strife over the location. If this is continued until the next meeting of the county court in August, it will be so late that there will be little hope of securing the bridge this summer. There is urgent need of concerted action now. Let the city stand united, agree upon a location, and join with the county in originating this important public work without further delay.

A Young Lady Kills a Bear. A few days since Mr. Kahn, the fur dealer, while driving out of Empire City, Coos bay, met a young lady riding into town with a rifle in her hand and the carcass of a bear strapped across the horse behind her saddle. The young lady was Miss Charlotte Nichols, of Empire City, who had started out to visit a place her father owns in the country and took her rifle along, and meeting the bear, shot it. She is quite an expert with a rifle, having killed a number of deer. Mr. Kahn purchased the skin as a souvenir, for, as he says, she was "a deuced nice girl."

Where is Frank Kennedy? Frank Kennedy, a recent arrival in Portland, is missing. He left his family residing on B street, near the Quimby hotel, about the middle of June, and went to Tacoma in search of work. Not being able to get employment there he wrote to his wife that he was going to Astoria, since which time, about two weeks ago, she has not heard from him. She is afraid that something serious has happened to him. He had \$200 dollars on his person. Mr. Kennedy is a tall man of light complexion, with a small scar over his left eye.—Oregonian.

Severely Injured. Eugene Journal: As Mr. Preston Barger and wife were coming to the Eugene celebration on the morning of the Fourth, while near the Corvallis Point four miles north of this town, the Rossburg local came up behind them. The horse ran away overturning the vehicle in which they were riding, severely injuring Mr. Barger in the back. Mrs. Barger fell heavily on top of him. A stretcher was improvised and he was taken to his son-in-law, David Ely's residence where he now lies in a precarious condition.

He Was a Prince. Salem Journal: The Overland passenger bore into Salem this morning one of Oregon's crown-princes. The young man was Prince George of Greece, who has been doing San Francisco, Yosemite and now goes to the Sound and Alaska. He was a modestly dressed youth of scarce over twenty with no appearance or ensignia of royalty on his person or baggage. He was unapproachable by a reporter. Was accompanied by a young Briton and occupied a cabin 7 of the first Pullman.

Oregon Products. Over 5,000,000 pounds of wool will be shipped to the Dulles this season—Oregon wool. Over 5,000,000 cans of salmon will be shipped from Astoria this season—Oregon salmon. Over 15,000,000 bushels of wheat will be shipped from the state this season—Oregon wheat. There are only a few. There are also Oregon fruit, Oregon gold, Oregon silver, Oregon timber, and a host of other Oregon products of '91.—Astorian.

New Railroad Station. A new station is being laid out on the Oregon Pacific railroad between Gateville and Brown's mill. It is to be called Minto. It is near Leedy's saw mill, from which a tramway will be built to the railroad. A bridge for wagons and the tramway is being built across the river at the new station.

Secretary McBride Returns. Salem Journal: Hon. George McBride reached Salem Saturday morning, from his health tour in California, but proceeded on to St. Helena. He is expected to return this evening to be here for important sessions of the Asylum and School Lands Board, that are to be held here this week. He returns very much improved in health.

A Young Horse Thief. Salem Journal: Deputy Sheriff Wain went to Burner this morning, and on a ranch near there secured one Walter Hopkins, a boy not yet seventeen years old, wanted for horse stealing. The charge upon which he is arrested comes from Lane county, and he will be held here in the county jail until sent, between Turley and Marion.

Instrumental Music Taught. Miss McCharg, a graduate from the Ohio academy of music, will meet all desiring lessons in instrumental music at Will & Stark's music store next Tuesday afternoon, at 3 o'clock. Miss McCharg, who is just recently from the East, is a thorough teacher and guarantees satisfaction.

BROWNVILLE NEWS.

Crops and the Mines Reported in Good Condition.

Brownsville, Or., July 6.—This town celebrated the national holiday in a proper manner. Although the morning opened cloudy and cool, the wagons, hacks, carts and bugies began pouring into the town early, and as the day advanced the clouds disappeared and a lovely day resulted. The opening address was made by Hon. B. E. Beckman, of Portland, who did himself honor. Addresses were made by many others. The prospecting mill for the Brownsville Mining Company arrived here from Portland last Monday evening, and three teams took it up to the mouth of Blue river, where it will be immediately taken up into the mines and put to work on the Poorman company's claim. The people will soon have the pleasure of hearing a report from there in the shape of gold bars. The night before last Superintendent R. M. Bradley arrived home from the Poorman. He reports everything now ready for the mill, and expects to have it in running order in about thirty days. The ledge is some twenty feet wide now between walls, and the ore runs out well. In fact, all reports from the camp are very favorable.

Messrs. McDonald & Starnard have just leased the wheat elevator from the Southern Pacific Company here, and are putting the same in good shape for business and from present indications there will be a heavy crop of grain in this section. The various hop fields in this vicinity are also looking well, and so far but few vermin have been found, and the outlook is good for a large crop of hops.

"St. Plunkard." A Yankee comedy of the above title will be seen at the Albany opera house this evening, July 8. The comedy is in four acts and the scenes of which are laid in and around the New England country and New York city. The central figure, of course, is "St. Plunkard," a young Yankee non-peddler, which part is looked after by Mr. C. E. Brownell. Some of the leading characters seen may be mentioned. Dora Page, a young country lass, in love with St. Plunkard; Schmidt, an inventive Dutchman; Robert Denny, a bogus stock speculator; Ezra Page, an honest old farmer; does not understand speculation; Messrs. Wilton, a Hebrew money lender, and numerous friends of the Page family. The performance includes many specialties.

Beautiful Women. The magical effects of Wisdom's Roborant as a beautifier and preserver of the complexion have been attested by thousands of the leading ladies of society and the stage. It is the only article ever discovered which gives a natural and beautiful tint to the complexion, removing tan, sunburn, freckles and all roughness of the face and arms, leaving the skin soft, smooth and velvety. All remarks on its delightful, cooling and refreshing properties, a distinction not found in any similar preparation on the market. Sold everywhere.

Mother's? Castoria is recommended by physicians for children teething. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiets pain, cures diarrhoea and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mother's friend. 35 doses, 35 cents.

Wood Wanted. Sealed proposals will be received by the clerk of district No. 5, Linn county, Oregon, up to Monday, July 15th, 1891, to furnish a sidewalk with 60 cords of grub oak wood and 5 cords of split fir wood; the latter to be split from the body of large trees, four feet long and free of knots. The oak wood to be four feet long and not less than three inches in diameter at the small end. The board reserves the right to reject any or all bids. Albany, July 1, 1891. C. G. BURKHARD, dist. clerk.

A Terror for His Size. Gentlemen—But I'm afraid he wouldn't make a good watch dog. Man with Pump—Why, Lord bless yer hart, it was only last week this 'ere werry animal held a burglar down by the throat and beat his brains out with its tail.—Brooklyn Life.

Hiding It. "You had boy, you have made a grease spot on the new sofa with your bread and butter," said Mrs. Fizzlepot to her son Johnny. "Never mind, ma, you can sit on it when there is company in the parlor."—Texas Sitings.

COAST NOTES.

Interesting Items from Exchanges Throughout the Northwest.

600,000 boxes of peaches will be shipped from Ashland, this season. S. E. Beach has sold the Lakeview Examiner to W. M. Townsend. Baker City's street car line has suspended operation for lack of patronage. The attendance of school children at Spokane this year is 3721. Last year it was 2764. Horse thieves are again committing depredations in the eastern portion of the state. A farmers' alliance with seventeen members has been organized at Elmira, Lane county. More than 1800 notaries public have been appointed since Washington became a state. Company H, O. N. G., at Astoria has disbanded and is numbered with the things that were. The hop louse scare in the Payallup valley is subsiding. In fact grave doubts are expressed whether the aphid were top lice. At the Union Pacific shops at Albina 400 men are employed and thirty-five cars on an average are repaired each day. An Eastern party has rented a piece of land near Eugene and will experiment on raising broom corn, with a view of starting a broom factory. Pundleton did not have a celebration this Fourth, owing to the exaggerated reports in regard to the number of cases of diphtheria at that place. In digging a cellar at Linkville, a monstrous human skull was found. The skull was three-eighths of an inch thick and the jaw bones tremendous. Clackamas county publishes seven columns of delinquent taxes. Lane county three, Tillamook half a dozen, and Douglas county nearly a quarter of a column. Tillamook county is soon to have telegraphic connection with the outside world by means of a line stretched along the Willson river route from Tillamook to Forest Grove. Thursday W. E. Miller, the restaurant man at Arlington, made a determined effort at self-destruction and succeeded in inflicting a dangerous and probably fatal wound in his head with a thirty-eight calibre revolver. The other day at Brown's Mill on the Santiam, Wm. Smith and a Dutchman by the name of Canons got into an altercation and the latter was quite severely cut on the arm with a pocket knife in the hands of Smith. William Bigham, the pioneer horse breeder of Eastern Washington, died at his home in Cheney, Thursday. He was probably better known in that section of the country than any other person engaged in like business. A gentleman from San Francisco has made a large contract with the Phillips Bros., on the river, for cedar shingles from their mill. He states that many of the best architects of San Francisco will not use the redwood shingles, but demand cedar. George Belshaw, the veteran wheat grower of Lane county, and the winner of the medals for the "best wheat grown by all nations" at the Philadelphia Centennial exposition of 1876 and at the Paris exhibition, has 105 varieties of wheat growing in his garden in Eugene.

WALTON, Or., July 4, 1891.

Last Thursday our thermometer registered 72 in the shade. Dr. Green Gray brought his little girls in to spend the 4th with their old neighbors. About all of the young people have gone to Eugene to celebrate to-day. A. C. Barbour is up from his school at Acme to spend the 4th with his family at Walton. George Barber of Seaton passed through our settlement last week with one hundred head of sheep, is going to try his luck with sheep on the Suislaw. Geo. Fowler has returned from Eastern Oregon, where he has been herding sheep. Quite a number of our farmers are cutting hay now, although timothy has not bloomed yet. Mrs. Sarah E. Kruetz has taken her family and gone to Buena Vista to be reunited to her husband after a separation of about 10 months. C. J. Brooks has moved back to his home in Elk Woods. A tidal wave of religion has struck our side of the mountains and about 12 were buried in baptism. They have formed a young people's Christian Endeavor and organized another Sunday school. Mr. Whitaker sent to Indianapolis for a little cyclone churn, which weighed 25 pounds and the freight was \$3.75. We have been fighting quills a lot to know whether that was a reasonable charge. Add 27 cents and if it had been laid down at Walton 31 miles nearer home than Eugene. Mr. Wise has not recovered his box of goods, and at last accounts, he was offered \$179.50 for goods he valued at \$179, and says he did not put it at half its real value.

Kentish Cherries. Next week leave your orders for the same at C. E. Brownell's. I have been bothered with catarrh for about twenty years; I had lost sense of smell entirely, and I had almost lost my hearing. My eyes were getting so dim I had to read some one to thread my needle. Now I have my hearing as well as I ever had, and I can see to thread as fine a needle as ever I did, my sense of smell is partly restored, and it seems to be improving all the time. I think there is nothing like Rickman's Venice Salve for catarrh. Mrs. E. E. Grimes, Rendell, Perry, Co., Or.
