HOW TO ACT.

Shall We Help Build Up or Retard?—The Bridge.

On the question of the bridge for Albany there should be but one opinion, and that should be for a bridge first, last and all the time.

We are not disposed to be captious, nor do we wish to unduly harp upon the bridge subject. But the present and future prospects of the city, as far as this year is concerned, depend entirely upon the energy and promptness with which the bridge work is pushed.

This can be seen by every one who will look squarely at the subject. The present situation, with the plans adopted and the contract practically let, is certainly as favorable as could be asked for, and now let every one drop their differences and push for the completion of the work.

Past experience in other cities plainly shows that even after actual work has been commenced, retarding measures adopted by individuals have handicapped the work and delayed the completion for years.

The question comes home to every citizen of Albany then, will you put an incubus upon the throat of the city, that will help to throttle its business and turn away from its doors the artisan, the thrifty citizen and the stirring business man, and cause the disheartening leg-nd, "to let," to hang upon the outer walls of business houses and dwellings in countless numbers, or will you help to the good name already acquired and the progress already under way in good and favorable condition, and our growth and prosperity an assured fact. The question is simple and straight, and comes home to every individual.

There certainly can be but one answer and that is that every individual now works in hearty good earnest to push the bridge through to completion at the earliest practical moment.

Next Week's Theater.

The popular Harry F. Keene's dramatic company will play at the Albany opera house on Thursday, Friday and Saturday evenings, July 16, 17 and 18. The plays put on will be the great masterpiece of Gillette's, "Held by the Enemy," a war drama of thrilling interest, especially so to G. A. R. men and old soldiers; "49," Joaquin Miller's wonderful production, and "The Silver King." The three pieces will give our citizens epic and variety, and cannot help drawing full houses and giving perfect satisfaction.

A Delightful Party.

At the residence of Judge L. Flinn, Friday evening, a highly enjoyable party was given by their daughter, Miss Anna, to a number of her friends, and lunch prepared to the queen's taste was served. Those present were: Miss Mildred Burnmeister, Ava Baltimore, Mary Cundiff, Eva Simpson, Olga Hewitt, Hettie Miller, Olive Marks, Messrs. Van Wilson, Claire Yank, Floyd Dorris, Jack Smiley, Chas. Cusick, Ezra Horton, Elliott Irvine, Percy Young, Carlton Sox.

Irvine, Mrs. Kate Burkhardt, Mrs. Henrietta Brown, Mrs. E. N. Condit, Misses Annie and Catherine Althouse, Libbie Irvine, Hettie Miller.

Clean Up the Streets.

Notices dated May 16, 1891, were posted some time ago by the street commissioner, calling upon property owners to clean adjacent alleys and streets within ten days. This time has long since elapsed. According to the new city charter it is now the duty of the street commissioner to proceed with the work. Why is this not done?

Corner Stone Laying.

Geo. W. Davis of Shedd was in the city yesterday. He will probably be located in Salem in a few days, as the prospects are that he will be the next clerk of the board school land commissioner.

No better man can be found for the place.

He will hold his first services in St. Peter's next church Sunday, July 20th, at 11 a. m. and 7:30 p. m. Mr. Plummer comes from Oregon from St. Mark's church, Baltimore, Md.

Roseburg Plaindealer says:

The friends of J. B. Honer will regret to learn that he has resigned his position as principal of the Roseburg public school to accept that of the Albany school. They can congratulate the professor, however, as his salary will be increased about \$200 per annum. Roseburg's loss is Albany's gain.

ALLIANCE PICNIC.

A Large Gathering in the Forks of the Santiam.

A picnic was held at the grove near the Santiam grange hall yesterday, and was largely attended. It was estimated that over a thousand people were in attendance. Music was furnished by the Scio band. The speakers for the occasion were Judge R. P. Boise and Hon. R. A. Irvine. Amusement was furnished by a band of pling ugies and the music of the band. The alliance principles and plans were discussed and a very pleasant time passed.

Linn County in It.

At the July meeting of the Portland Special Association, Linn county came up with playing honors for one of its horses, made the best time and lowered the stallion record from 2:24 1/2 to 2:23 1/2. The horse was Delco bred by McKnight Bros., of this county, its dam being one of the mares drowned from the ferry boat in the Willamette at this city last summer. The account of the race says: The field in the 2:27 trot was pronounced the best, as a whole, ever started at City View and the result was most gratifying; for Delco has thus beaten Blomdie's stallion record of 2:43 1/2 by an amount equal to a quarter, an added another start to Almont's record. His sire, Oneco is a son of Almont and his dam was in no way remarkable. The race between Delco and Almo was throughout exciting, as they lapped nearly all the way around, sometimes one, sometimes the other in the lead, and each finish was greeted with wild bursts of applause. Linn county horses are winning fame and renown. It is a matter of congratulation that Oneco, the sire of Delco, will remain one of the most valuable acquisitions of our country.

Proper Action.

Since the last state fair several complaints have been made that several articles of work had been either lost or stolen. This has caused considerable dissatisfaction and perhaps deterred several from making exhibits this year. It now turns out that all the articles in question had been carefully packed away as property unclaimed after the fair. Several have already been returned to the owners, and the balance are in the hands of the secretary, awaiting the honor of hunting up these lost items and restoring them to the proper persons. This year it is understood, that every article placed on exhibition will be receipted for and only returned on surrender of receipt. With this assurance many competitors will be encouraged to come in the present year.—Journal.

Killed by a Wagon.

Haines Correspondent of Baker City Blade: "Dutch George," who was killed near Stoddard's mill yesterday, had recently bought a team and was engaged in hauling lumber to North Powder. On coming down a steep hill in the morning with two wagons (one a trail wagon) both heavily laden with lumber, he met his death. In attempting to apply the brakes the pole attached to the same gave way, throwing him overboard. He fell under the wheels, across his chest killing him instantly. He appeared to be a peculiarly unfortunate individual, having only a few months ago lost a portion of his right hand in a saw mill accident. His remains were interred in the North Powder cemetery yesterday. He was comparatively a stranger in the community.

What the Sheriff Should Have Done

Walla Walla Union: If the sheriff had passed his gun, with those of his guards, to hunt inside his cell, it is a two to one bet Hunt would now be living, and Walla Walla county been saved thousands of dollars useless expense. The truth is, being apprized of the forced with which he would have to contend, a sheriff should have procured a force sufficient to repel it, or, failing to do so, removed the prisoner under guard, or, which would have been better, disguised him and depuized a civilian to escort him to the penitentiary as a last resort.

Catching A President.

Salem Journal: The committee on choosing a new President for Willamette, are burning the wires every direction trying to catch a first class man. They are using expedition and their catch will be landed in a few days at fourteenth most. It is sincerely to be hoped that he will be a man to make the University what it would be, one with the nerve to unload every man who is not indispensable, and put that life into the institution necessary to have it command respect.

COAST NOTES.

It is reliably reported that an organized band of professional horse thieves is operating in the mountains adjacent to the Grand Ronde valley and in the region extending to Snake river. It would be wise for the owners of valuable horses running on the mountain ranges to keep an eye open.

A woman of Valley City, Dak., wagered that she could put the slaps on five pillows while any man present at a church fair could encase one, and seven different men took her up and suffered defeat. No man can ever acquire the knack of holding a pillow in his teeth to work with both hands.

Independence West Side: A gentleman gives us the particulars of a shocking accident at the Sniver Thursday morning. A party of loggers were felling trees and a tree fell on a man by the name of McMillin crushed him to the ground and some underbrush which had been cut off near the ground leading sharp thorns, ran into his body, one piece penetrating the right lung. His shoulder was broken. At last accounts he was still alive in Dallas, where he had been taken. But little hope are entertained of his recovery.

I have been bothered with catarrh for about twenty years;

I had lost sense of smell entirely, and I had almost lost my hearing. My eyes were getting so dim I had to get someone to thread my needle. Now I have my hearing as well as I ever had, and I can see to thread as fine a needle as I did, my sense of smell is partly restored, and it seems to be improving all the time. I think there is nothing like Ely's Cream Balm for catarrh. Mrs. E. Grimes, Rendell, Perry, Co., O.
