PLAINFIELD!

CONSOLIDATION — LOTS

The Cheapest and Best Buy in the Market.

WHY

Because the lots are 50x100; because they are inside property; because they are all clear—no stumps, no roots, no rocks; because the land is elevated and has a fine view of the city; because they are near three motor lines—not in contemplation, but all now in operation; because buy now, to-day, for the 10th day of next month they will advance \$25 each; because they are a snap. Ask those who have seen. Seeing is believing. Are you in it?

R. F. ASHBY, Manager, No. 65, Washington Street, Portland, Oregon.

Willamette University,

—THE—
OLDEST, LARGEST & LEAST EXPENSIVE Institution of learning in the Northwest.

330 students in 1887, 495 in 1891—an increase of nearly 50 per cent in four years. Graduates in Art, Business, Classical, Law, Literary, Medical, Musical, Normal, Pharmaceutical and Scientific courses. Graduates from the normal course have all the advantages of graduates from the State Normal schools. Better facilities for teaching next year than ever before. First term begins SEPTEMBER 7th, 1891. For catalogue, with full information, address Wm. S. ARNOLD, A. M., Salem, Or.

THE PILPIT AND STAGE.

Rev. F. M. Shront, Pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 20 lbs. in weight."

Arthur Love, Manager Love's Funny Folks Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption, beats 'em all, and cures when everything else fails. The greatest kindness I can do my many thousand friends is to urge them to try it. Free trial bottles at Foskay & Mason, Drug Store. Regular sizes 50c, and \$1.00."

MILK SERVE A LIVER PILL.

Act on a new principle—regulating the liver, stomach and bowels through the liver. A new discovery, Dr. Miles' Pills, specifically cure biliousness, bad taste, torpid liver, piles, constipation, unequalled for men, women, children, smallest, mildest, surest! 50 doses for 25 cents. Samples free, at Standard & Cusick.

HEIGHT OF CRUELTY.

Nervous women seldom receive the sympathy they deserve. While often the pictures of health, they are constantly ailing. To wit: often sympathy from these unfortunate is the height of cruelty. They have a weak heart, causing shortness of breath, fluttering, pain in side, weak and hungry spells, and finally swelling of ankles, oppression, choking, smothering and dropsy. Dr. Miles' New Heart Cure is just the thing for them. For their nervousness, headache, weakness, etc., his Restorative Nerve is unequalled. Fine treatment of "Heart and Nervous Diseases" are marvelous testimonials free and guaranteed by Standard & Cusick.

SPECIMEN CASES.

S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his stomach was disordered, his liver was affected and his general health was falling away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight weeks' duration. Used three bottles of Electric Bitters and seven boxes of Bucklen's Salve, and his leg is sound, and well. John Speaker, Catawba, O., had five large Fever sores on his leg, doctors said he was incurable. One bottle of Electric Bitters and one box Bucklen's Arnic Salve cured him entirely. Sold by Foskay & Mason, Drug Store.

A MYSTERY EXPLAINED.

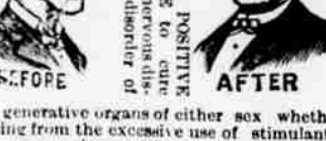

The papers contain frequent notices of a man who is said to be a girl eloping with negroes, tramps and coachmen. The well-known specialist, Dr. Franklin M. Jones, says all such girls are more or less hysterical, nervous, very irritable, unbalanced; usually sulky and morose, and in some cases, immoderate crying or laughing. These show a weak nervous system for which there is no remedy equal to Restorative Nervine. Trial bottles and a book, containing many marvelous cures, free at Standard & Cusick, who also sell, and guarantee Dr. Miles' celebrated New Heart Cure, the finest of heart tonics. Cures fluttering, short breath, etc.

TO GOOD TEMPLERS.

Do you know that Moore's Revealed Remedy is the only patent medicine in the world that does not contain a drop of alcohol; that the mode of preparing it is known only to its discoverer; that it is an advance in the science of medicine without a parallel in the nineteenth century; that its proprietors offer to forfeit \$1,000 for any case of dyspepsia it will not cure?

The Celebrated French CURE

Warranted to cure GONORRHOEA or any other venereal disease.

the generative organs of either sex whether arising from the excessive use of stimulants, or from the high youthful indiscretion, ever indulgence, etc., such as loss of Brain Power, Wakefulness, Bearing Down pains in the Back, Seminal Weakness, Hypertrophy, Nervous Strain, Nocturnal Emission, Leucorrhoea, Dizziness, Weak Memory, Loss of Power and Vigor, which are not cured often lead to premature old age and insanity. Price \$1 a box; 6 boxes for \$5.00 Sent by mail on receipt of price.

We have thousands of testimonials from old and young, of both sexes, who have been permanently cured by the use of Aphrodisiac Circular Free. Address: Standard & Cusick, Western Branch, Box 27, Portland, Oregon. For sale by: Foskay & Mason, who deal and sell druggists, Albany, Oregon.

STATE AND COAST.

The Linn County Man Ahead for Clerk.

SAMPLE AND SHERIDAN.

One Is for Equalization, the Other is Oasthorn's Place for Regents—Street Railway Franchise in Salem.

SALEM, July 14.—The state board of regents was in session this afternoon, but took no action in the matter of the election of a clerk, to take the place of Napoleon Davis, democrat, who resigned six months ago. G. W. Davis, of Linn county, is mentioned for the place. The board meets to-night again.

Governor Penner to-day appointed Charles R. Sheridan, of Roseburg, a member of the state board of equalization, vice John Burnett, resigned; and appointed W. A. Sample, of Helix, a member of the board of regents of the agricultural college, vice T. E. Oasthorn, deceased.

The Union Cold Storage Ice and Brewing Company of Eugene to-day filed articles of incorporation with the secretary of state; capital stock, \$12,000; incorporators, J. L. Hoffman, G. W. Simons and J. N. Harney.

The street railway franchise war has reached no termination yet, although negotiations for an amicable settlement are pending. It is probable the electric line will put down the horse car track torn up by order of the council. All work is stopped, pending the hearing of the injunction or settlement.

WATERING THE DESERT.

How the Colorado Is Making New Maps.

LOS ANGELES, July 14.—Resident Engineer Hawgood, who has just returned, says most of the water in the vicinity of Salton is now south of the Mexican line and south of the Big Hole country. The flood, at a rough estimate, is the greatest length measured ninety-five miles and its greatest width is about fifty miles, being of irregular shape. This immense body of water is held back from Salton basin by sand ridges, through which, however, it has been making its way and is now gradually covering that basin. The water seems, Hawgood says, to come from the Colorado, which he thinks is possibly forming a new delta. This river carries a great amount of salt, and has been raising its bed for hundreds of years. It is possible the breaks in its west bank are permanent and that the new river and Hardy's Colorado will henceforth form its delta, and that it will cover the country south of Big Hole and possibly include Salton basin. There is, he states, absolutely no danger to the Southern Pacific road for months to come, if at all.

DAILY HAPPENINGS.

Scott Crisman showed us a piece of quartz this week which he found in Bohemia which is thick with freckles, says the Cottage Grov. Leader. We have seen a good many pieces of rich rock from different places in Bohemia, which shows there is plenty of it.

During a recent gale at Athens, which was the strongest that has visited that section for ten years, a new, uncompleted mill building was moved off its foundation six inches. The wind also did some damage to the young fruit and several locust trees were blown down; the air was full of cans and real estate, but a nice shower soon followed, settling the dust and refreshing the air.

GEORGE FRANCIS TRAIN.

The Globe-Trotter Spends a Couple of Hours in Portland

Oregonian: George Francis Train, the great American eccentric, who has just returned from his Portland yesterday morning on the Union Pacific at 9 o'clock, and left at 11:45 for New Whicom to complete his trip around the world. Mr. Train was in Portland on the day of the presidential election, since he circled the globe making the round trip in sixty-one days, beating all previous records. He started out to make the circuit in fifty-days, but failed. He would have accomplished the round trip had not Psycho been a little out of sorts. This threw him behind time. Mr. Train proposes, when Psycho is in better humor, to attempt to go around the world in forty days.

During his stay of nearly three hours in the city Mr. Train made his headquarters at the Hotel

BURNED TO ASHES

A Washington Town Licked Up By the Fierce Flames.

THE LOSS IS NEARLY \$40,000.

People Jumped from Windows and Bashed Into the Streets in Their Night-clothes—No Lives Lost.

SEATTLE, July 14.—The steamer Henry Daily arrived here from Mount Vernon, Skagit county, and brings the first reports of a disastrous fire there early yesterday morning. The telegraph office there being burned prevented an earlier account being given. The account says the fire originated in the north wing of the Washington hotel. The hotel was entirely consumed together with fifteen other business buildings and two residences, causing a loss of nearly \$40,000, with no insurance to speak of, except on the hotel. The part covered by the burned district is the oldest portion of the town. The fire occurred at a most unfortunate time, as the fire engine was broken a few days ago while out practicing, and has not yet been repaired. The fire was caused by the explosion of a coal oil lamp in one of the upper rooms of the hotel. There were over 100 guests in the building at the time. All of them miraculously escaped with their lives. For a while a perfect panic reigned in and around the building. People jumped from the windows and ran down stairs into the streets in their night clothes. Soon willing hands were hurrying out what furniture could be gotten hold of but the fire spread so rapidly and it became so intensely hot around the building that the people soon turned their attention to saving the contents of the adjoining buildings, and the largest amount of goods were carried to a place of safety. While some were carrying out goods from the buildings, others formed bucket brigades from the men to the fire, and a united effort was made to keep the fire confined to the block which was burning. The steamer Henry Bailey and her crew were of valuable assistance in fighting the fire. In fact, without their everything being transferred from Main street and river would have been in ashes to-day. The steamer arrived a couple of hours before the fire and her boilers were yet hot. Steam was soon raised and hose from the fire department was attached to their fire-plug, but as there was no reverse coupling either on the boat or in the fire department, the nozzle could not be put on, but the hose was carried to the top of the buildings and a stream of water poured over the fire.

A BRUTAL ASSAULT.

LILY LANGTRY DISFIGURED FOR LIFE.

A Brute Kicks Her in the Face—He Then Gives Her \$25,000 to Prevent Action Against Him.

LONDON, July 14.—Several stories are afloat with regard to Albin Baird's alleged assault upon Mrs. Langtry, but the following is told by one who saw Mrs. Langtry just after the assault had been committed and while the blood was still streaming down her face. Some time ago Mr. Baird bought the York house, Regents Park, for Mrs. Langtry, and also paid off her debts in connection with the Princess theater, of which he is at present the leaseholder. On a recent occasion Mr. Baird returned home unexpectedly and found a gentleman dining with Mrs. Langtry. Without more ado he proceeded to put him out, and then "went for" the lady and knocked her down. Then it is stated he kicked her in the face in such a way that it is said now to be disfigured. Mrs. Langtry had to be carried to bed, and was attended by a surgeon, who declared that it is probable she will never be able to act again. Mrs. Langtry began an action for assault against Mr. Baird, but to prevent further action paid her the sum of \$25,000 in Bank of England notes.

Western Traffic Association.

New York, July 14.—The advisory board of the Western Traffic Association met this morning. The following reads were presented: Northern Pacific, Missouri Pacific, Great Northern, Union Pacific, Northwestern, St. Paul, Burlington, Atchison, Illinois Central, Denver & Rio Grande, Western & Washakie. At 2 o'clock they took a recess for an hour. The subject of joint agencies was discussed, and it was finally decided to postpone action in regard to their abolishment until the October meeting. The board directed the commissioners to endeavor to get the roads both in and out of the association to agree upon a reduction of mileage on refrigerator cars.

Prison Report.

For quarter ending June 30 report of prisoner Supt. Downing shows following: expenditures, \$9,470.24; earnings—foundry \$7,413.17, N. S. prisoners board \$686.55; increase in convicts during three months, 33; received 65; discharged 32. Employment: Contractors 224, convict's kitchen 10, officers' 6, reform school 10, yards 16, laundry 8, general farm work 11, care of stock 3, teamsters 4, hospital steward and waiters 5, shoe shop 2, bake shop 5, butter shop 1, soap shop 1, carpenter shop 1, blacksmith shop 1, plumber 1, boiler house 2, sick, decrepit, and unable to work, 34, unemployed, 43; total 391.

Oregonian Railway Work.

Eugene Guard: The Oregonian Railway Company has purchased some land of Geo. Armitage adjoining the wagon road four miles north of Eugene, and are opening a gravel pit for the purpose of blasting the road. Two tracks will be laid into the pit in the shape of a V. The base resting on the main track, so as to allow room for the trains. The trenches for the side tracks have been excavated and a force of Chinamen are now camped on the road, and at work. The track will be ballasted and surfaced as soon as possible, and it will be but a short time until regular trains run into Springfield. 45 white men and 85 Chinamen are at work.

ACCIDENT AT MUMINSVILLE.

A Plasterer Falls Twenty Feet to His Death.

McMINSVILLE, July 14.—George Ingles, a plasterer, fell twenty feet from a stinging while cementing in front of Adams block to-day, striking on his head and about the neck. He received injuries that will probably prove fatal. He is an esteemed citizen of this county and lived near Newberg.

A Witness in the Bardeley Case.

PHILADELPHIA, July 14.—H. H. Yard was brought into court this morning on an attachment for

CONTEMPT FOR REFUSING TO OBEY THE ORDER OF THE COURT DIRECTING HIM TO APPEAR BEFORE THE CITY COUNCIL INVESTIGATING COMMITTEE AND ANSWER QUESTIONS REGARDING HIS CONNECTION WITH THE TRANSACTIONS OF THE KEYSTONE NATIONAL BANK, AND WITH EX-CITY TREASURER BRADLEY.

The judge after hearing the arguments continued the case until Saturday next, so that the entire court could give a decision on it. Yard was placed under \$5000 bail to appear on that day.

SHE HAS A JOB.

The Schooner Robert and Minnie Carrying Shingles.

SAN FRANCISCO, July 14.—Among the arrivals in port last night was the schooner Robert and Minnie. This is the vessel that left this port some time ago with arms and ammunition for the Chilean insurgents, and which she transferred to the steamer Itata of San Diego. This time her cargo consists of shingles which she brought down from Eureka.

Newspaper Men in Convention.

ST. PAUL, July 14.—The seventh annual convention of the National Editorial Association was called to order this morning. The attendance was between 500 and 600. Archbishop Ireland opened the proceedings with prayer, following which the committees were announced. After addresses of welcome by Governor Merriam, Mayor Smith, of St. Paul, and Senator David, a response was made by President Stephens, of the association.

SILVER COINAGE.

HOW THE OHIO DEMOCRATS LOOK AT IT.

Quite a Division of Sentiment on the Subject—Will Try to Settle the Subject in Convention.

CLEVELAND, O., July 14.—Although a democratic state convention was announced to meet to-day and continue in session two days, the program provides that this day shall be devoted to committee meetings and outdoor demonstrations, and that the convention is not to convene in formal session until to-morrow morning. The discussion of positions will be directed to the governorship. While Campbell's nomination on the first ballot is still as reasonably certain as any future event, the Neal and Kline factions have by no means given up the contest. Discussion of positions will continue. Ex-Congressman Warner and other prominent free coinage men are on the ground, insisting that party success can only be insured by the convention declaring for the free and unlimited coinage of silver, but they are being vigorously opposed by Congressman Harter and equally prominent democrats. "We certainly want to keep clear of the free coinage silver plank," said Harter to-day; "in two months we now coin \$9,000,000 in silver, and that is more than the entire amount coined between 1792 and 1862. While free coinage would be the ruin of the industries of the country, the republicans have not made silver an issue. Why should we do so? Would it not be better to divert our attention to the tariff exclusively? We can fight successfully on that issue, but it means national defeat for the party to advocate the free coinage of silver." As a result of this informal conference of democratic congressmen and other party leaders have been held. The money question was discussed with a view of reaching an understanding on the silver issue. A strenuous attempt will be made to settle all differences on the financial question in the committee on resolutions, and prevent the subject from being debated in the convention.

BLAZE AT MONTREAL.

A Destructive Fire in the Heart of the Lumber District.

MONTREAL, July 14.—The greatest conflagration Montreal has witnessed for years is in progress here. Beginning shortly before midnight it still rages with fury and as yet shows no signs of being controlled. Hundreds of thousands of dollars' worth of property has been consumed, but owing to the intense heat, it is impossible to get near enough to obtain correct details as to the losses and insurance.
