MISS MERE'S LIVER PILLS.

Act on a new principle—regulating the liver, stomach and bowels through the nerves. A new discovery. Dr. Miles' Pills speedily cure biliousness, bad taste, torpid liver, piles, constipation, nervousness in their various forms, a phalanx of the insurgent troops who immediately opened fire upon them, moving down a great number. As the government troops recovered and made a dash for the insurgent battery, a cross-fire was delivered, throwing the assailants into great confusion, in the midst of which the insurgent cavalry charged them repeatedly, though being a large number of men in doing so. Azuriz's men made a third stand, but the battery again moved them down and they finally broke into a hasty retreat. The cavalry then fell upon the flying foe, hacking them mercilessly. Some of the cavalry proceeding too far, the fugitives turned on them and killed them almost to a man. The government troops continued their flight to the mountains, though the correspondent states that the result might have been different had he not known that the insurgent infantry was out of ammunition. The insurgents lost very few men outside of the cavalry, which was badly broken up, while 200 of the government forces were killed.

HEGHT OF CRETLY.

Nervous women seldom receive the sympathy they deserve. When often the pictures of health, they are constantly ailing. To withhold sympathy from these unfortunate is the height of cruelty. They have a weak heart, causing shortness of breath, fluttering, pain in side, weak and hazy eyes, and finally swelling of ankles, oppression, choking, smothering and dropsy. Dr. Miles' New Heart Cure is just the thing for them. For their nervousness, headache, weakness, etc., his Restorative Nervine is unequalled. Fine treatment of "Heart and Nervous Diseases" are marvelous testimonials free and guaranteed by Starnard & Cusick.

SPECIFIC CASES.

S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly nervous. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large Fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica cured him entirely. Sold by Foshay & Mason, Drug Store.

A MYSTERY EXPLAINED.

The papers contain frequent notices of rich, pretty and educated girls eloping with negroes, tramps and coachmen. The well-known specialist, Dr. Franklin M. Jones, says all such girls are more or less hysterical, nervous, very irritable, unbalanced, usually subject to headache, neuralgia, sleeplessness, moderate crying or lateness. This shows a weak nervous system for which there is a remedy equal to Restorative Nervine. Trial bottles and a 25-cent book, containing many marvelous cures, free at Starnard & Cusick, who also sell, and guarantee 100% Miles' celebrated New Heart Cure, the finest of heart tonics. Can be fluttered, short breath, etc.

MANY MEN KILLED

The Chilean Insurgents Achieve Another Victory.

A GREAT NUMBER KILLED.

A Company of Cavalry Wiped Out of the Face of the Earth—Balmaceda Losing Ground Every Day.

SAN FRANCISCO, July 16.—An Argentine correspondent, describing the battle of Concepcion, which has been termed the Chilean Bull Run, and which took place June 22, between the government forces under Colonel Azuriz, numbering about 1000, and the insurgent forces, consisting of two regiments of infantry, three companies of cavalry and a battery of several light guns, states that the insurgent forces occupied a strong position on a ridge overlooking a valley. Their gunnery was so poor that the battery failed to do much damage until a line of skirmishers drew the government forces in their compact form upon a phalanx of the insurgent troops who immediately opened fire upon them, moving down a great number. As the government troops recovered and made a dash for the insurgent battery, a cross-fire was delivered, throwing the assailants into great confusion, in the midst of which the insurgent cavalry charged them repeatedly, though being a large number of men in doing so. Azuriz's men made a third stand, but the battery again moved them down and they finally broke into a hasty retreat. The cavalry then fell upon the flying foe, hacking them mercilessly. Some of the cavalry proceeding too far, the fugitives turned on them and killed them almost to a man. The government troops continued their flight to the mountains, though the correspondent states that the result might have been different had he not known that the insurgent infantry was out of ammunition. The insurgents lost very few men outside of the cavalry, which was badly broken up, while 200 of the government forces were killed.

NEW MOUNTAIN ROAD

A Stock Company Formed to Work It.

TO RUN BY MARION LAKE.

It Will Be a Wonderful Improvement—Railroad Commissioners Consider a Case of Discrimination.

SALEM, July 16.—The Minto Pass at Marion Lake Improvement Co., of Salem, was formed and papers filed to-day. The incorporators are T. T. Wain, F. T. Wrightman and M. W. Hunt, with a capital stock of \$3000. The object is to lay out and improve a stock and wagon road in Independence Valley, Marion county, and up the east branch of the North Santiam, passing Marion Lake on the north and over Minto Pass to a connection with the public road system of Crook county.

The board of railroad commissioners are inquiring into the alleged discriminations whereby the Southern Pacific company gives the students and faculty of the State University at Eugene special rates in transportation. The commission holds that the same favors should be shown the Agricultural College and the State Normal at Monmouth.

Articles of incorporation were filed to-day, with the secretary of state as follows: The Dalles Fruit Growers & Shipping company, of Pendleton with a capital stock of a thousand dollars. The Wallawa Sunday School Association of Wallawa county.

PROPOSED NEW ROAD

Scheme of C. S. Brice to Parallel the Lake Shore System.

CINCINNATI, July 16.—It is assumed to-day that C. S. Brice and Samuel Thomas are at the head of a syndicate, whose object is to parallel the Lake shore railway system from Toledo in as near a line as possible. The route has already been surveyed as far as Goshen, Ind., and engineers will resume work in a few days, and continue the line to Chicago via Laporte, Ind. The section through which the new road will pass is thickly settled, and is said to abound in minerals. C. S. Brice has gone to Europe to try and interest English capitalists in the enterprise, and its contracts will be awarded for grading, etc., on his return. Many of the towns through which the line will pass have assured the projectors of their willingness to render any aid when called upon. The new road will be 17 miles shorter between Toledo and Chicago than the Lake Shore. The Vanderbilts have offered the projectors a large sum not to build, but it was refused. They also threaten, if the line is built, to reduce rates to such a low price that the new road will have to operate at a loss. Those interested in the enterprise have ample capital and will not be deterred. The completion of the line will give the Brice-Thomas syndicate control of a system that will have connections with all sections of the country. Mr. Brice while abroad will close a contract for a line of steamers to run from some point reached by his system to Central and South America.

TERRIFIC THUNDER STORM.

Two Men Killed Instantly By a Stroke of Lightning.

WESTCHESTER, Pa., July 16.—This place was visited yesterday by the most terrific thunder storm of the season. Rain fell in torrents, the thunder was awful and the lightning blinding. Two Italians, Nicol Valario and Donato Conto, working on the Lenape branch of the electric railway, were struck and instantly killed. They had taken refuge from the rain under a large cottonwood tree when the bolt struck it. Amen Dolan was riding a horse about twenty feet from the tree at the time. The horse was knocked down, and together with Dolan, was struck for some time, though not seriously injured. About the same time, a large barn on John Krelle's farm, a short distance from this place, was struck by lightning and burned. Nothing was saved except two horses. William Kane and George Dyvatt were in the barn, and were saved from being burned by friends carrying them out.

She Loved the Fire.

NEW YORK, July 16.—Josephine Moehrford, the 17-year old girl who was arrested with her father, Henry Moehrford, on Sunday last on suspicion of arson in having set fire to the premises in which they lived in Williamsburgh, made a confession to the fire marshal yesterday in which she acknowledged herself guilty. Fire Marshal Lewis will request Justice Kenna to have her mental condition inquired into. She says she set fire to the factory house six times last Sunday between 8 o'clock in the afternoon and 8 at night. "I poured oil over the floor and other places," she said, "and then I lit a match and set fire to it. No one was present when I was doing it, and no one told me to do it. I did it because I love the fire and like to see it blaze."

DETROIT, July 16.—Five thousand wheelmen are in the city, resenting the leading clubs of the country. Fisher L.P. 21 Merchants' Ex.

Salisbury declared any change in this direction ought to be associated with a redistribution of seats in parliament. Ireland, Wales and North Scotland are greatly over-represented, while England, especially London, is greatly under-represented, and a redistribution of seats must be to the advantage of the conservatives. Earl Spencer, formerly lord lieutenant of Ireland, declares the policy of the liberals in favor of home rule for Ireland is as popular in the English constituencies now as before disaster overtook the Parliaments, and home rule would be the first proposal introduced in the next liberal parliament.

SAN DIEGO TRAGEDY.

A Plan to Lynch the Murderers Fortunately Averted.

SAN DIEGO, Cal., July 16.—The inquest began yesterday afternoon on the remains of the sailor of the evidence killed on Tuesday. The evidence developed that the officers who claimed to be United States deputy marshalls were not deputized by Marshal Gard, and, therefore, had no authority to arrest the sailors. Marine burial service was held over Brown on board the Charleston this morning and the remains will be brought ashore. They will be sent to San Francisco by the afternoon train.

It Is Thought the Iron Workers Will Resort to Violence.

PITTSBURG, Pa., July 15.—Sheriff McCleary has twenty-eight deputies on guard at Carnegie's steel mill at Duquesne, this county, in anticipation of an outbreak tomorrow, when an attempt will be made to resume operations. The 700 employes struck on July 1 because the firm would not sign the scale of the Amalgamated Association of Iron and Steel Workers. The firm has now secured about 100 non-union men, and will try to start up in defiance of the union. The expectation to-night is that there will be violence as the strikers are determined not to let new men work.
