REVISING TARIFFS

Railroad Commissioners Call on The Union Pacific.

TO REDUCE THE FARE.

It is Too High in Portland—The Wheat Harvest—Mills and Sanitation Ditch—Burlington in Portland.

SALEM, July 17.—The board of railroad commissioners in examining the passenger tariffs for the Union Pacific finds that the company are charging for 1.4 miles between Portland and Albina, and 1.4 between Albina and East Portland, making the distance 2.8, while the Southern Pacific charges for but a mile between Portland and East Portland. The board has requested the manager of the Union Pacific to revise the tariffs so as to make a reduction of six cents in fare on said road.

Who at harvest has not yet commenced here, but up near Lewisville it has been in full blast all week. One field on the Salem prairie was commenced on by the harvesters this morning, and by the middle of next week most of the fields will be ready for the mower.

These warm days are developing the collin moth on the apples and growers say that unless spraying is carried on heroically there will be a small crop of winter apples.

A big force of men will be put to work at once on the Sanitation water ditch. It will be repaired, cleaned from end to end and enlarged, so as to afford ample power for all the mills here.

The work of getting the big Capitol mills ready here is progressing rapidly, and the millwrights will be overhauling the machinery Monday. This mill will be ready to receive wheat as soon as it is threshed and will be ready to grind it in two months.

The Farmers' Co-operative Warehouse Association of Wasco is incorporating with the secretary of state, increasing the capital stock from \$2500 to \$10,000.

Squire Wm. Darst, of Gervais, did at his home this evening from liver complaint. He was a pioneer of Oregon and one of the wealthiest and most prominent men on French prairie. He served two terms in the hall of representatives.

FESTIVE BUGLARS.

They Go Through a Portland Safe and Help Themselves.

PORTLAND, July 17.—E. W. Allen, the seaman, at 171 Second street, is the unhappy possessor of a burglar proof safe, which was thoroughly burglarized last night.

Some time between 10 o'clock last night and 7 o'clock this morning, the safe was entered by burglars, who broke the lock off the front door and then made it fast by inserting a large screw between the two doors.

The burglars then went into the office and sized up the safe, which they found to be a heavy one. With a hammer they struck the combination four direct blows then three downward blows, a shown by the dents, and the knob fell off, breaking at the shank.

Then, with a punch, they struck the lock, which they broke from the door and fell inside the safe. In a twinkling the bolt was thrown back and the contents of the bird cage underwent a picking.

The cash drawer was conveniently provided with a key, which was turned, and \$50 in money was taken. A check for \$5, drawn on the Union Banking Company, was also appropriated, along with some stock certificates, and Mr. Allen's old army discharge.

The most unfortunate part of the affair is the fact that there was a lot of pension certificates and receipts in the safe which belonged to the widows of deceased soldiers. Without these papers, all of which were taken, a score of poor women will not be able to draw their pension money.

Lebanon Postoffice.

The new postmaster in Lebanon seems to be meeting the requirements of the office in a satisfactory manner. The Express says: "Postmaster F. M. Miller is daily expecting the arrival of a lot of new post office fixtures, in the way of a front, with 64 lock boxes of bronze metal 45 alphabetic oozes 176 call boxes, glass, with wire bottom, a neat delivery window and a mail box, all of the regular pattern; just such an outfit as this growing town needs. The post master found his duties in the mail department of Uncle Sam's service very burdensome the first few days of his administration, the mails being large and the public impatient. But now all complaint has died away, and a very satisfactory service is had. Judge Miller will no doubt be a popular official. J. F. Hyde Esq., and Mrs. F. M. Miller are the efficient and accommodating assistants."

To Aid the Russian Jews.

LONDON, July 17.—Baron Hirsch writes that he intends to form a great English company to carry out his Jewish colonization scheme. He, himself, will take most of the shares, not for the purpose of gain, but to secure a business-like administration. He also aims to form a large representative committee drawn from Jews in all parts of the civilized world, to act as agent. Committees are now forming in Russia under the assent of the government.

Setting the Example.

"You young scoundrel," said the father, seizing his disobedient son by the neck. "I'll show you how you ought to treat your mother!"

And he gave him several bangs on the ears and then shook him till his hair began to fall out.

HORRIBLE AFFAIR

Staving to Death in a Land of Plenty.

A MAN EATEN BY WOLVES.

Leaving a Family Destitute and Part of Them Perish With Starvation—The Mother a Mad.

MINNEAPOLIS, July 17.—About 100 miles southwest of this city, on the outskirts of the thick pine forests of Snake river, is Pine City, a place of but a few hundred people. The other day a fishing party from that place returned from the woods, bringing with them a wild woman and her 16-year-old daughter. The daughter tells a story of terrible suffering and privation. She says the husband and father of the family was eaten by wolves while intoxicated last March. Since that time they have had no food. The young children died of starvation and were cooked and eaten one by one by the mother and oldest daughter. The mother's mind finally gave away and she is now a raving maniac. They were taken to the county jail where they will be provided pending an investigation as to how the mother and her children were murdered by the demented mother.

TWO LADIES DROWN

A YOUNG MAN CHARGED WITH FOUL PLAY.

He Alone Escapes—He is Arrested—Says He Tried to Save One of the Girls.

PITTSBURG, Pa., July 17.—Many sensational rumors were about this morning concerning a drowning accident last night in the Susquehanna river, by which two sisters, Kate and Mary Metcalf, lost their lives, while their companion, Walter Lane, was saved. The circumstances of the accident, and the stories in circulation concerning the peculiar relations of all the parties concerned, throw the gravest suspicions around young Lane. The authorities this morning began an investigation, which resulted in his arrest. Those who claim to know the particulars of the drowning, and the incidents leading thereto, say that sensation-seeking elements may be expected. The girls' ages ranged between 18 and 20, while Lane is about 17. His account of the accident is that the boat suddenly began to fill and sank before they were able to row ashore. He says he vainly tried to save one of the girls, but was unable to do so, and he managed to swim ashore. The cries of the girls for help could be plainly heard by other pleasure seekers, who thought the shouting was being made in fun. Their realization of the true facts came to late to render help.

Washington City Notes.

WASHINGTON, July 17.—Assistant Secretary Spaulding has directed that Chong Sam, the Chinaman who entered this country near Fort Huxon, Manch, by way of Canada, in violation of the Chinese exclusion act, be sent to San Francisco for deportation to China at government expense.

The bureau of American republics is informed that the government of Peru has issued a supreme decree declaring that religious feasts shall no longer interfere with loading, unloading and dispatching of vessels in the harbors of that republic. The sailing schedules of steamships are very much interfered with by the frequency of religious feasts, which the customs houses are closed on the most important days.

Grasshoppers Eating Everything.

SAN ANTONIO, Tex., July 17.—S. P. Lawson, a prominent stockman of Deming, N. M., has arrived here and gives an account of grasshopper ravages in northern and western counties of New Mexico, where they are doing much harm. They have ravaged the ground of everything in sight. They move in bunches four and five miles wide. One bunch is spreading into Colorado, Kansas and the Panhandle of Texas, while another bunch will reach the Central Texas line.

Indians Becoming Troublesome.

PUNCEBON, Minn., July 17.—Benjamin Carter is down from Mille Lacs Lake country on his way to St. Paul to interview Governor Merriman in behalf of the settlers at Mille Lacs Lake. Carter carries a petition signed by the majority of all the settlers at the Lake, asking the governor to use his influence in their behalf. The land was declared open for settlement to kill the first white man that attempts to cut hay on the reservation. The settlers are determined to put up a hay crop, and there is danger of serious trouble.

Lynchings in Kentucky.

MIDDLESBORO, Ky., July 17.—Early this morning Frank Rosimus was taken from the jail and lynched by a posse of armed citizens. Yesterday afternoon Rosimus and Lilies Johnson fired upon the police, who were attempting their arrest, and wounded Patrolmen Tucker and Williams. They escaped, but were recaptured last night. Johnson escaped lynching through being jailed at Pineville.

JUSTICE ARRESTED.

Charged With the Crime of Shooting a Man.

LANCASTER, Cal., July 17.—Justice of the Peace N. A. Morris was arrested here this morning by Los Angeles officers and taken to that city, charged with assault to murder H. H. Crain, by whom the warrant was sworn out. Judge Morris with constable Moyer arrested Crain some three weeks ago on a charge of horse stealing, and he considers it is owing to this fact that Crain had him arrested. Rony Crain after the shooting in his dying statement, made before leaving here for Los Angeles, accused two other men of having shot him, both of whom have since been discharged. Morris states that he can prove an alibi.

Cost of the Postal Bill.

WASHINGTON, July 17.—A careful estimate made by the officers of the postoffice department places the probable annual cost to the government of the execution of the postal aid bill at \$2,795,000.

PARSONS AGAIN.

THE ANARCHIST'S WIDOW ATTRACTS ATTENTION.

The Man Who Deserted Wife and Children for Her—Has a Disagreement and Quits.

CHICAGO, July 17.—Two weeks ago, Lucy Parsons gave an entertainment at her home. Among the guests was Martin Laescher, according to his own story, has been boarding with Mrs. Parsons for about two years. He deserted his wife and family to break bread at Lucy's table. Mrs. Parsons is a friend of the party for whom Laescher entertained the most bitter contempt. The next day Laescher took Mrs. Parsons to task for inviting his enemy. He struck the widow in the face and she retaliated by hurling a fatiron at him. Mrs. Parsons secured a warrant for his arrest, and to day the case was aired in Justice Severson's court. Mrs. Parsons told the justice that Laescher had been a source of annoyance to her. She had to eject him by force from her house, and a few days later he was arrested, and to day the case was aired in Justice Severson's court. MORE ACTIVITY.

The Pension Matters to be Pushed Through.

CHICAGO, July 17.—Pension Commissioner Raum in an interview to-day, said: "Affairs have been going altogether too slowly in the pension department, and I am going to hurry through and dump 350 original cases upon the various pension agencies of the country before the year is out. There is no sense in letting these cases hang on, and I see no reason why, with the big force of clerks at my command, we should not dispose of these cases at once. Then, when they are disposed of, I can get rid of a lot of clerks I have there. Perhaps we can do the work with half the force after we dispose of the original cases." General Raum was quite enthusiastic over his new scheme, and said he had already given orders in accordance with his plans.

Rumors of Indian Trouble.

WASHINGTON, July 17.—A telegram was received at the war department at Los Angeles, Cal., which says the sheriff of Flagstaff, Ariz., apprehends an outbreak of Navajo Indians. The United States marshal, however, reports to General McCook there is no danger of an uprising. To settle the doubt raised by conflicting statements, the general has sent to investigate.

Killed by an Explosion.

CARSON, July 17.—It is reported here that three persons were killed and two wounded by the explosion of an engine at Taboe.
