HEIGHT OF CRUELTY.

Nervous women seldom receive the sympathy they deserve. While often the pictures of health, they are constantly ailing. To withhold sympathy from these unfortunates is the height of cruelty. They have a weak heart, causing shortness of breath, fluttering, pain in side, weak and hungry spells, and finally swelling of ankles, oppression, choking, smothering and dropsy. Dr. Miles' New Heart Cure is just the thing for them. For their nervousness, headache, weakness, etc., his Restorative Nervine is unequaled. Fine treatise on "Heart and Nervous Diseases" and marvelous testimonials free sold and guaranteed by Stanard & Cusick.

SPECIMEN CASES.

S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and and Rheumatism, his Stomach was disordered, his Liver was affected to and alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucken's Salve, and his leg is sound, and well. John Speaker, Catawba, O., had five large Fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by Foshay & Mason, Drug store.

A MYSTERY EXPLAINED.

The papers contain frequent notices of rich, pretty and educated girls eloping with negroes, tramps and coachmen. The well-known specialist, Dr. Franklyn Miles, says all such girls are more or less hysterical, nervous, very impulsive, unbalanced; usually subject to headache, neuralgia, sleeplessness, immoderate crying or laughing. These show a weak nervous system for which there is no remedy equal to Restorative Nervine. Trial bottles and a free book, containing many marvelous cures, free at Stanard & Cusick, who also sell, and guarantee for, Dr. Miles' celebrated New Heart Cure, the finest of heart tonics. Cures fluttering, short breath, etc.

THE PULPIT AND STAGE.

Rev. F. M. Shrout, Pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My Lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 26 lbs. in weight."

Arthur Love, Manager Love's Funny Folks Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption, beats 'em all, and cures when everything else fails. The greatest kindness I can do my many thousand friends is to urge them to try it.' Free trial bottles at Foshay & Mason, Drug Store. Regular sizes 50c. and $1 00.

A RACE WAR.

Italians In Pennsylvania Defy the Law.

GLEN HAZEL, Pa., July 24.—A race war, which threatens diplomatic complications similar to those growing out of the New Orleans affair, exists here. Some days ago, in a drunken row between lumbermen and a gang of Italian railroad laborers, Horace Fisher, a lumberman, was stabbed and killed by Paolo Passuzzi, who escaped to the Italian camp, where he has since been protected. The Italians flung the flag of Italy to the breeze, and defied the lumbermen to interfere with Passuzzi. The lumbermen, thoroughly aroused, threaten to kill every Italian in the neighborhood. They notified the Italians that unless Passuzzi is delivered to jail for trial inside of five days they will come prepared to take him at the point of Winchester rifles. The Italians have appealed to the Italian consul at Philadelphia, who has demanded protection for Italy's subjects. The district attorney has sent word to the consul that he should advise them to deliver up the murderer. The consul has sent men here to investigate.

THE PRIZE RING.

Hall and Fitzsimmons Both Arraigned in Court.

ST. PAUL, July 24.—Hall and Fitzsimmons and their trainers, Barney Smith and Jim Carroll, were arraigned in the municipal court this morning, but their cases were continued.

The president and secretary of the Minnesota Athletic Club have issued a statement that their club will have nothing more to do with the Hall-Fitzsimmons fight, that no pugilistic entertainments will hereafter be given by them, and that no arrangements for one would have been made had they known the law prohibited such exhibitions.

GRAND RAPIDS, Minn., July 24.—The Pokegama Athletic Association, of Grand Rapids, has decided to offer $10,000 for Hall and Fitzsimmons to fight with or without gloves. The club will furnish a guarantee that the fight in Itasca county will not be interfered with.

THE ITATA DISMANTLED.

Her Wings Clipped So She Cannot Again Escape.

LOS ANGELES, July 24.—Marshal Gard does not intend to let the Itata sail away again with any of his deputies, so on Monday he went on board the ship and took with him a machinist, who dismantled the engines to such an extent that it will be impossible to get up steam. The marshal considers her as safe as if the Charleston's big guns were turned on her. The marshal on Monday notified Captain Remy, of the Charleston, that the presence of the cruiser was no longer necessary.

ARE WE SEEN FROM MARS?

A Chance for Edison to Exercise His Inventive Faculty.

The possibility of life like our own on the noon, on the planets or stars, has long excited the imagination of novelists. Only the other day Edgar Fawcett desribed in a short story the advent of a glorious creature from Mars, shot in a shell from a monstrous culverin to the earth. This strange being, when he learned to speak, remarked that the Martian astronomers had for many years been trying by brilliant electric lights and vast reflectors to singal to the people here they knew to exist and believed to be as curious and intelligent as themselves. And now the news comes that a French nun has bequeathed $100,000 to the academy of Sciences to be given to any one who shall succeed in communicating with "another world, planet, or star," and suggests that Mars is the planet that offers most chances of success. If this bequest is rejected by the French Academy it is to be offered in turn to the Academy of Arts and Sciences at Milan and to some scientific body in New York. Instead of listening through his telluric telephone to the explosions in the sun, let the wizard of Menlo Park apply his magic arts to signaling to the canal diggers in our ruddy neighbor, the July evening star, and then his fame may indeed be written in the stars and become not merely world-wide, but cosmic. —New York Sun.

Three Cars Burned.

PORTLAND, July 24.—In the fire at Oswego yesterday which was noted in the dispatches, it is now learned, three freight cars of the narrow guage road, together with about 150 cords of wood, were destroyed. It is supposed the fire caught from the sparks of a locomotive.

INVESTIGATING A CRIME.

Inquiry Into the Murder of a Chinaman by Indians.

BRIDGEPORT, Cal., July 24.—S. B. Hopkins, formerly deputy United States marshal, arrived here last evening, and this morning commenced taking testimony in regard to the murder of Ah Quong Tia, the Chinaman who was brutally chopped to pieces by Indians on the 9th of June last. The Chinaman had murdered an Indian by the name of Parker Tom, and cut his body in pieces, salted it down and then had cooked and fed to the Indians a portion of it, which so exasperated them that they cut Tai's body in the same manner. It is generally understood the examination of witnesses is for the purpose of laying the facts of the killing before the Chinese consul, Colonel Bee, who has been requested by the Chinese government to investigate the affair. Mr. Hopkins will go to Walker River reservation to learn which of the Indians were engaged in the murder. It is probable a demand will be made for the arrest and puuishment of the Indian leaders.

Why Jonny Didn't Graduate.

"Define millenium, Johnny," said the tired school teacher in the last half of the closing hour of the last day of school.

"The millenium," said Johnny promptly, "is the time when it will be vacation all the year, and there won't be any old school teachers around to ask little boys fool questions."—Somerville Journal.

ANTI-JEWISH RIOT.

The Jews and Soldiers Fiercely Fighting at Jaffa.

LONDON, July 24.—A telegram from Constantinople says that a serious anti-Jewish riot has taken place at Jaffa, where for some time past Russian Jews have been arriving in large numbers, despite the imperative orders received by the authorities from the porte that no Jews be permitted to land except those going on a pilgrimage to Jerusalem, and those only upon a solemn agreement to return within a reasonable period. The expelled Russian Jews, refused admission into any of the countries abutting upon Russia, took advantage of the pilgramage clause in the Turkish order of prohibition and entered the Turkish territory in such large numbers as to at once arouse the suspicion that a large majority of the pilgrims were immigrants of a most undesirable kind. Accordingly, the authorities absolutely refused to admit any more of them, whether pilgrims or not, and the Jews stood firmly on their religious rights, which they declared had been respected by the government at Constantinople and could not be ignored by any of the sultan's subordinates. The latter did ignore them, however, and a savage fight ensued, necessitating a considerable reinforcement of the local military before the disturbance was quelled. In the melee a number of Jews were killed, a much larger number injured, and several soldiers were hurt.

LABORERS SWINDLED.

Still the Dear People Like to Be Humbugged.

ST. LOUIS, July 24.—A Southern express car at the Union station is the present abiding place of an assortment of white and colored excursionists from Birmingham, Ala. The excursion originally numbered about 400 people, who paid $10 and $15 for tickets to Chicago and St. Louis and return. The excursion was engineered by a white man named Packett, and the notorious "Doc" Kennedy, a negro, who has achieved considerable renown in the South as the originator of financial hoaxes. When the party reached West Point, Miss., $600 additional was required to make the trip. This was $3 more per person, for those intending to go on to Chicago when the party reached St. Louis. About this time the majority of the dupes of Kennedy and his partner refused to pay any more. A few, however, paid the required $3, and they started for Chicago. The excursionists were induced to leave home with the understanding that work would be furnished them at Chicago and St. Louis at large wages.

Suicide of a Soldier.

SAN FRANCISCO, July 24.—Joseph Joyce, aged 24, a private in the Fifth artillery at the Presidio barracks, committed suicide this morning by shooting himself through the body with a rifle. He had just read a letter from his home in New York and it is supposed that he became despondent.

The Knights Templar Pilgrimage.

QUEENSTOWN, July 24.—The City of Berlin, from New York, arrived this morning with over 200 Knights Templar on board. The Knights represent detachments from all parts of the United States, who are making a pilgrimage of Europe. They will return to New York September 2.

THE AGRICULTTRAL COLLEGE

Two Vacant Positions in the Faculty Filled.

PORTLAND, July 24.—The board of regents of the state agricultural college held a meeting in this city yesterday afternoon. The members present were: Governor Pennoyer, W. S. Ladd, Captain J. T. Apperson, A. J. Cady, Wallis Nash, of Corvallis; A. R. Shipley, of Oswego, and H. E. Hayes, master of the state grange.

The object of the meeting was to elect a treasurer of the college, in the place of the late Hon. Thomas A. Cauthorn, and a professor of botany. For treasurer, A. R. Shipley, who lives near Oswego, and is engaged in farming and horticulture, was elected. Professor Gray, of Rochester, N. Y., where he holds a similar position, was elected to fill the chair of botany.

A ROYAL MARRIAGE.

Prince Ferdinand of Bulgaria Looking for a Wife.

LONDON, July 24.—Advices from Sofia state that deep interest is felt in the Bulgarian capital in the outcome of the Coburg family council, which it is expected will be held at the estate of the Archduke Joseph in Hungary in a few days. The meeting is understood to most deeply concern Prince Ferdinand, inasmuch as it is believed to have been call to discuss the matrimonial prospects of the Bulgarian ruler. Prince Ferdinand and his mother are to be present, and the princess Stephanie, widow of Prince Rudolph of Austria, and her mother, the queen of the Belgians, will also attend, together with several others connected by birth or marriage with the Coburg family. Current gossip has it that the real purpose of the gathering is to discuss the possibility of a matrimonial alliance beween Ferdinand and Stephanie, an event which would require the sanction of the emperor and empress and the king and queen of the Belgians, and probably arouse the opposition of many other courts.

A Murderer Hanged.

ATLANTA, Ga., July 24.—Charles M. Ozburn, who murdered James M. Bradley in this city May 5, was hanged here this afternoon. His neck was broken.

THE MINERS ARMING

THE SITUATION IN TENNESSEE BECOMING SERIOUS.

President Harrison May Have to Call for Aid to Prevent Bloodshed.

KNOXVILLE, Tenn., July 24.—There is scarcely a doubt but the troops will move to Coal Creek before noon to-day. Two gatling guns will be mounted on flat cars, and thus will enter Coal Creek.

The delay has given the miners much encouragement. They now say that they will fight. President Harrison may have to call aid, as the state is threatened with an invasion from Kentucky.

It is said on what seems to be good authority that arms are being purchased in Knoxville for the use of persons in the neighborhood of Coal Creek. An investigation shows that in the past 24 hours there has been an unusually large number of calls at Knoxville hardware stores for Winchester rifles. It is said that about 500 men in the vicinity of Williamsburg, Ky., are ready to come to the aid of the miners in Coal Creek. It is known a telegram was received from a Pennsylvania mining town proposing contributions of money and also men, if necessary. At no time has the situation appeared more serious, though there will be no conflict until the governor moves the convicts.

The sheriff of Anderson county, the seat of the mining troubles, has disappeared. The governor will hold another consultation as soon as the sheriff can be found.

An Oil Company Failure.

CHICAGO, July 24.—A receiver was to-day appointed for the Columbia Oil Company, organized June 1, with a capital of $1,000,000, with branches in Memphis, Tenn., and Owatonna, Minn. Inability to float its bonds and active competition of the cotton seed oil trust is the cause of the failure. The three plants are estimated to be worth $1,000,000. The liabilities are said to be less than half that. It is claimed the debts will be paid in full.

A Portland Building Collapses.

PORTLAND, July 24.—About 10:30 this morning the north end of Forbes & Breeden's warehouse, at the corner of Sixth and C streets fell out with a rush and a roar, carrying with it a large number of extension tables, Bushnell springs and other furniture which stood in that end of the building. No one was hurt. The building was poorly constructed. The damage was about $500.

A Move of the Whisky Trust.

CHICAGO, July 24.—It is stated at the internal revenue office that the whisky trust has decided to concentrate all the whisky manufactures at Peoria, by the sale from time to time of outside houses. The object of concentration is economy in operation and reduction in the working force.

The Main Difference.

"You say this brand of champagne is $3 a bottle and this one $5. What is the difference?

Waiter—Why, sir, one is a blue label and the other is white.
