HEIGHT OF CRUELTY.

Nervous women seldom receive the sympathy they deserve. While often the pictures of health, they are constantly ailing. To withhold sympathy from these unfortunates is the height of cruelty. They have a weak heart, causing shortness of breath, fluttering, pain in side, weak and hungry spells, and finally swelling of ankles, oppression, choking, smothering and dropsy. Dr. Miles' New Heart Cure is just the thing for them. For their nervousness, headache, weakness, etc., his Restorative Nervine is unequaled. Fine treatise on "Heart and Nervous Diseases" and marvelous testimonials free sold and guaranteed by Stanard & Cusick.

SPECIMEN CASES.

S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and and Rheumatism, his Stomach was disordered, his Liver was affected to and alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large Fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by Foshay & Mason, Drug store.

A MYSTERY EXPLAINED.

The papers contain frequent notices of rich, pretty and educated girls eloping with negroes, tramps and coachmen. The well-known specialist, Dr. Franklyn Miles, says all such girls are more or less hysterical, nervous, very impulsive, unbalanced; usually subject to headache, neuralgia, sleeplessness, immoderate crying or laughing. These show a weak nervous system for which there is no remedy equal to Restorative Nervine. Trial bottles and a free book, containing many marvelous cures, free at Stanard & Cusick, who also sell, and guarantee Dr. Miles' celebrated New Heart Cure, the finest of heart tonics. Cures fluttering, short breath, etc.

THE PULPIT AND STAGE.

Rev. F. M. Shrout, Pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My Lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 26 lbs. in weight."

Arthur Love, Manager Love's Funny Folks Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption, beats 'em all, and cures when everything else fails. The greatest kindness I can do my many thousand friends is to urge them to try it.' Free trial bottles at Foshay & Mason, Drug Store. Regular sizes 50c. and $1 00.

MILES NERVE & LIVER PILLS.

Act on a new principle—regulating the liver, stomach and bowels through the nerves. A new discovery. Dr. Miles' Pills speedily cure biliousness, bad taste, torpid liver, piles, constipation. Unequaled for men, women, children. Smallest, mildest, surest! 50 doses for 25 cents. Samples free, at Stanard & Cusick.

TO GOOD TEMPLARS.

Do you know that Moore's Revealed Remedy is the only patent medicine in the world that does not contain a drop of alcohol; that the mode of preparing it is known only to its discoverer; that it is an advance in the science of medicine without a parallel in the nineteenth century; that its proprietors offer to forfeit $1,000 for any case of dyspepsia it will not cure?

The Celebrated French CURE

Warranted to cure "APHRODITINE," or money refunded

THEIR WAR PAINT ON

The Chilians Preparing for Decisive Action.

A SENSATIONAL REPORT.

That the End of the Rebellion is Near at Hand—Balmaceda's Chances of Victory.

NEW YORK, July 29.—A cable-gram from Valparaiso, Chili, says the trouble is looked for at Coquimbo within a short time. It is evidenced not only by the fact of the massing of 10,000 to 12,000 government troops at that port, and the sending of the Balmaceda fleet north, some days since, but also by the news that the American, English, German and French squadrons are now assembled in Coquimbo bay to see that the rights of the citizens of their respective countries are not infringed upon. The Esmeralda and Aconcegua, of the insurgent fleet, are hovering off the port also, and it is said the Amazone and Cochrane are not far away. That a decisive land action is pending near Coquimbo is confirmed from all sources of information at command. The insurgents are most anxious to secure Coquimbo, as it has one of the finest harbors in all Chili. It is reported here that the insurgent army has recently been supplied with arms and ammunition, and it is believed that some of these have been smuggled out of the United States in the steamships plying between San Francisco and the Chilian insurgent ports, and that the rest have been brought into the insurgents' territory through Peru and Bolivia, which are very willing to add all in their power to their foe's discomfiture. It is also thought that arms and ammunition have come across the ocean in British vessels. All those who are opposed to the government and wish to leave Valparaiso or the other government ports are permitted to do so. The congressional troops to the number of 5000 were landed at Caldera on July 20th, and 4000 more at Huasco. They came from Iquique, and are preparing a descent upon Coquimbo and the southern provinces. "I think that the rebellion will be at an end before another month has passed."

WASHINGTON, July 29.—The Chilian congressional envoys emphatically deny the reports from Santiago to the effect that 1000 soldiers of the congressional army at Iquique refused to leave there when ordered to Atacama because they had received no pay. The soldiers of the Iquique government, they say, are volunteers; but, aside from this fact, the government has plenty of money with which to pay them. Balmaceda, they affirm, sought to negotiate a loan in Europe, also in the United States, but was unsuccessful. The government of Balmaceda, they assert, has made no progress since the commencement of the revolution, and each month since it began has experienced losses. The envoys say they have been as follows: In January, the navy; in February, the province of Tarpaca; in March, the province of Antafogasta; in April, the province of Tacua; in May, the province of Atacama; in June, Lobos Guano Islands, and during the present month, the valley of Huasco. Balmaceda has not, the envoys insist, been able to recover any of his losses which his government sustained.

SAN FRANCISCO, July 29.—The steamer Montserrat returned from Chili this morning. The Montserrat brings 1327 tons of nitrate. Captain Hughes says much of the information received here concerning affairs in Chili has been erroneous and sensational to a degree. There has been no fighting to speak of for three months, and some firing, telegraphed here as desperate battles, did not amount to as much as a national salute from the old Fort Point smooth bores. The last firing that any one took notice of was by the Balmaceda torpedo cruisers, Lynch and Condell, aided by the Imperiale. They paraded up and down the coast for four or five days, firing their guns, but taking pains to hit nothing, except at Pisagua, where they dropped a couple of shells that killed a few people, not to exceed half a dozen. On the following day they cruised off Iquique, where the Huascar, O'Higgins and Magalleans were lying. Here they fired a few rounds at long range, but it is not known whether their guns contained anything besides blank cartridges, for no shot or shell was observed to reach anywhere near. They took no chances whatever of a return fire, and the Baltimore and Charleston, which were anchored in the harbor, did not take the pains to move out of range, so little was a conflict expected. The vessel had no difficulty whatever in obtaining a full cargo of nitrate at Pisagua. The mines are mostly in the hands of English capitalists, and are being worked to their utmost capacity. There is no lack of labor from the fact that the congressional party does not conscript, and there are plenty of persons who prefer to dig nitrate to entering the army. In summing up the situation Captain Hughes says that the insurgents are badly in need of generals and admirals. Their plans were discovered too soon to permit of their getting all the men they wanted into the movement, and the most brilliant of the country's warriors on land and sea took to the woods figuratively speaking. Most of the veterans who conducted the brilliant campaign against Peru are off in Europe waiting for the battle cloud to go by and indicate which way the struggle will terminate. There seems to be no prospect of an immediate settlement, unless Balmaceda forces was by the aid of the new vessels now en route to the scene of conflict from Europe. If they reach Cnili without falling into the hands of the congressional party party, the tide of battle will undoubtedly turn in the direction of Balmaceda's forces. He is credited with being more of a statesman than any man in Chili, but his methods are too harsh to render him popular.

A BRAVE INVENTOR.

Experimented Upon Himself and the Result Was His Death.

WEBB CITY, Mo., July 29.—John Thomas, an eccentric old man, who has devoted much time to the study of electricity, has been found dead in his work shop, having killed himself in order to test the correctness of his theory of electrocution.

He claimed the manner in which the wires were applied to Kemmler at Auburn prison was totally wrong, and was liable to cause torture. His theory was to place one electrode over the pit of the stomach and the other at the back, passing the current through the great ganglion of the pneumogastric nerve, causing instant paralysis of the heart and lungs. When found he had constructed an ingenious apparatus, and the strength of the current was shown to be only 1200 volts. There was no burn or blister on his body.

MAN AT THE HELM

CHAIRMAN QUAY ASKED NOT TO RESIGN.

The National Republican Executive Committee Hold a Meeting—The Next Meeting.

WASHINGTON, July 29.—The national republican executive committee met this afternoon. As far as can be gathered from the utterances of members, the principal business will be the determination of the time and place for the meeting of the national republican committee, which is to fix the time and place for holding the national convention. Every effort is being made by Chairman Quay's fellow-members to induce him to refrain from presenting his resignation today. If he should present it it would, it is said raise a question as to the authority of the executive committee to act upon it, which it is considered desirable to avoid at present, and several members say that they will ask that the resignation lie on the table until the next meeting.

Senator Quay's retirement is not likely to occur until a full meeting of the committee is held.

A Shooting Scrape.

SAN FRANCISCO, July 29.—In a saloon quarrel this morning Tony Shreve and Richard Kenzel exchanged several shots. The latter was shot through the leg and Shreve was probably fatally wounded.

Storm in Pennsylvania.

LANCASTER, Pa., July 29.—Last night's storm was very destructive in this county. Hail fell heavily, completely ruining the tobacco crop and causing great loss. Over three inches of rain fell.

Finding a Corpse.

Long Creek Eagle: It is now becoming a very common thing to hear of corpse being fined for carrying concealed weapons. Possibly the first precedent was that of a resident of Long Creek, while residing in Arkansas in the capacity of justice of the peace. He had an occasion to act as coroner in a suicidal affair, and an examination revealed a fifty-dollar note and a revolver on the body of the corpse. There being no witness present at the time he fined the body $50 for carrying concealed weapons. This being a feasible plan to dispose of all effects thus obtained, several such legal actions are now on record.

Saved By a Fishhook.

James Neman, of Chehalis, who cannot swim, owes his life to a fishhook and line. He was fishing and his line caught in a tree. While trying to extricate it the hook caught in his clothes. In trying to loosen the hook he fell into the Skookumchuck river, where he might have remained but for the fact that the clothes, the line, the hook and the current were all strong, and he floated near the shore, when he managed to scramble out.

SALEM SHUT OUT

Nine Goose Eggs for the Capital City's Little Giants.

IT WAS A SPLENDID GAME.

The Seattles Made Seven Runs—Articles Incorporating the First Baptist Church of Lebanon Filed,

SALEM, July 29.—Albany spectators satisfied—Seattle 7, Salem, none.

About twelve hundred people crowded the base ball park this afternoon to witness the exhibition game between the Seattle league team and the Salem giants. It was a pretty game in which the Salems played out of luck, but were successful in giving the Seattles out out three times in one, two, three order, and holding them down to seven runs. The Salems were shut out. They got all the bases full several times, but were unable to score. The Seattles played stiff and faultless ball, and had to do it to win.

Articles of incorporation were filed to-day with the secretary of the state as follows:

First M. E. church, of Bay City, incorporators, J. C. Bewley, W. T. Daughty, W. S. Cove.

First Baptist church of Lebanon incorporators, John Giesham, H. E. Parrish, S. O. Wallace. Value of property, $1500.

BLIND COUPLE MARRY.

Sam Sing, Albany Robber Arrested—Burglars in Salem.

SALEM, July 29.—Fred Cooper, of South Bend, Wash., and Blanche Savage, of Salem, both former pupils of the state school for the blind, were married here this morning.

Sam Sing, the Chinaman wanted at Albany for robbery, was arrested here to-day by Officer Dilley, and will be taken back to Albany.

At an early hour this morning Policeman Janes discovered a burglar in the attempt to enter Henline's saloon at the back door. There were two of them, one got away and the other was taken in custody. With him was found the tools stolen from Ross' blacksmith shop.

Dr. Harry Lane leaves the asylum in the hands of Dr. Rowland, the new superintendent, Saturday. Dr. Lane leaves at once for an outing of two months in the upper Santiam country, and thence east for six months, when he will return to Oregon, making Portland his home.

A force of 70 men and 12 teams are working, cleaning, enlarging and repairing the Santiam ditch. The work will be done by August 15, when the ditch will be able to carry a larger force of water than ever before. There will be a sufficient supply for both the big flouring mills and other manufacturing institutions here. The repairs now being made will cost six thousand dollars.

A REVEREND RASCAL.

On Trial for Criminally Assaulting a Young Girl.

SPRINGFIELD, O., July 29.—The Rev. Yale is on trial at Jamestown for attempted assault upon a young girl. Mr. Yale is a well-known citizen, being editor of the Vidette a well-known church organ. He is very wealthy and has always borne a good reputation, so when the charge was made against him the entire community was almost struck dumb with astonishment, and for a while was incredulous. There was little testimony adduced to-day, but whatever there was was of a sensational character. Crowds are coming from all over the country to witness the trial. In fact, the attendance to-day was so large that Judge Clarke rented the opera house wherein to hold the trial, and it was more crowded than any theatrical performance. Highly sensational developments are predicted for to-morrow, and many farmers are stopping in town to-night so as to obtain a choice of seats at to-morrow's sitting of Justice Clarke's court.

A SURPRISE IN STORE.

Dr. Koch Is Improving His Famous Consumption Cure.

BERLIN, July 29—Dr. Koch said to-day that he would improve his tuberculine during the next 40 days, and that he has some surprises in store for the medical world.

Oregon's Prides Going to 'Frisco.

SAN FRANCISCO, July 29.—In an interview to-day ex-Manager Lucas, of the Tacoma baseball team, intimated that he was in 'Frisco with a view to transporting the Portland team to this city this winter to play a series of games with some of the home teams.

CHIEF JUSTICE FULLER.

He Will Probably Visit the Metropolis of Oregon.

PORTLAND, July 20.—Chief Justice Melville W. Fuller, of the United States supreme court, the most powerful tribunal in all the wide world, is expected soon in Portland.

It is not often that this section of the land is visited by a chief justice, and hence he has been shown many courtesies while stopping in Tacoma and Seattle. In both places receptions have been tendered him, and now Portland will do the same, if he accepts the invitation tendered.

More interest is attached to his appearance on this coast, as he has been mentioned as a possible candidate for the presidency in case there was no united action for the men now most prominently named. Chief justice Fuller is now visiting his daughter, Mrs. Hugh C. Wallace, in Tacoma, and there is also with him his wife and daughter, Miss Katherine Fuller.

He will be the guest of the Oregon Bar Association while in this state.

Funeral of the Victim.

PARIS, July 29.—Crowds of people, estimated at 25,000, gathered this afternoon at St. Maude to witness the funerals of the victims of the railroad disaster of Sunday. The crowd was so great it required the presence of the prefect of the department of the Seine and a strong detachment of troops to keep the route of the funeral procession clear. There were twenty-four hearses in line from the town hall to the cemetery, and thousands of mourners followed the bodies to the grave. All the houses in St. Maude were draped with crape emblems, half-mast flags and other signs of general mourning. The air was filled with the wailing and crying of relatives and friends of the dead.

Will They Ever Fight?

SAN FRANCISCO, July 29.—It is now a settled fact that Fitzsimmons and Hall will fight here, either at the California or Pacific Club. Arrangement to this end are being completed,

James Gordon Bennett Indicted.

NEW YORK, July 29.—James Gordon Bennett has been indicted for publishing an account of the Sing Sing electrocution.

AGAINST GROVER

PRESIDENT POLK DENOUNCES THE EX-PRESIDENT.

In a Speech Before Five Thousand North Carolina Farmers—Would Not Vote for Him.

CHARLOTTE, N. C., July 29.—In the presence of 5000 North Carolina farmers at Kings Mountain to-day, Colonel I. L. Polk, president of the national farmers' alliance, denounced Grover Cleveland and stated that he would not vote for him for president, even if he got the nomination through the democratic convention.

AN IMPORTANT TAEATY.

San Domingo and the United States Negotiating.

NEW YORK, July 20.—The World says it is able to lay before its readers information of the conclusion of an important treaty of reciprocity between the United States and San Domingo. The treaty was negotiated by Manuel D. J. Galvan, minister plenipotentiary and envoy extraordinary on the part of San Domingo, and John W. Foster, special commissioner, on the part of the United States, and was signed in Washington June 4th. Under the terms of the McKinley bill the treaty does not require ratification by the senate. As Senor Galvan was specially authorized by the government to carry on the negotiations, and was granted full power to sign the convention, the treaty will go into force without delay. September 1st is the day fixed upon. The full text will be officially published within a few days. Both Secretary Blaine and the president have approved the treaty. Secretary Suarez, of the Dominician legation, has just returned to the city from a flying trip to San Domingo, where he laid the text of the convention before President Heureaux, and received his indorsement on July 8th. The treaty follows closely the lines laid down in the convention with Brazil.

The new reciprocity treaty negotiated between the United States and San Domingo, under the terms of the terms of the McKinley tariff act, will be proclaimed in both countries at an early date next month. The Cuban reciprocity with Spain will also be proclaimed about the same time.

PROCTOR KNOTT SICK.

His Career on the Turf is Probably at an End.

LOUISVILLE, July 29.—Proctor Knott, the famous race horse, is seriously ill with lung fever and his career on the turf is probably ended. This will be bad news to the thousands of admirers of this fine specimen of horse flesh.

The Hungry Grasshoppers.

DES MOINES, Ia., July 29.—Grasshoppers are reported throughout the state, and are doing great damage to the grain crop.
