A MYSTERY EXPLAINED.

The papers contain frequent notices of rich, pretty and elegant girls cloping with negroes, traps and coaching. The well-known specialist, Dr. Franklin M. Jones, says all such girls are more or less hysterical, nervous, very irritable, unbalanced, usually subject to headache, neuralgia, sleeplessness, immoderate crying or laughing. These show a weak nervous system for which there is no remedy equal to Restorative Nervine. TO GOOD TEMPLARS.

Do you know that Moore's Revealed Kennedy is the only patent medicine in the world that does not contain a drop of alcohol, and the mode of preparing it is known only to its discoverer; that it is an advance in the science of medicine without a parallel in the nineteenth century; that its proprietors offer to forfeit \$1,000 for any case of dyspepsia it will not cure?

DIED UNDER SENTENCE.

Two Lives Sacrificed Because a Man Would Drink.

Fort Worth, Tex., July 30.—William Davis, the slayer of B. C. Evans, the millionaire merchant, at Fort Worth, who was sentenced to be hanged August 10, died tonight at 7:15 o'clock. The immediate cause of his death was congestion of the brain, occasioned by an epileptic fit, which he had a few days ago. Ten days ago he was taken from his cell on the main corridor to an isolated cell, and the death watch was placed over him. Since then he has not eaten solid food, and gradually gave way physically. Evans was shot July 6, 1889. Davis was in his employ and had been notified that his services were no longer needed on account of drunkenness. Davis went out, purchased a revolver, walked up to Mr. Evans, who was reading a newspaper, and shot him twice without warning, and while Evans was begging for his life. Davis leaves an aged mother, who was at his side when he died.

DISPUTED BOUNDARY.

That Between British Columbia and Alaska.

OTTAWA, July 30.—John Robson, Premier of British Columbia, is here in regard to the disputed boundary between British Columbia and Alaska. He had an interview with the British minister here, and he is expected to be taken to the United States to negotiate a settlement of the boundary without further delay. The cost of the survey is estimated at \$1,500,000. Robson takes the view that a compromise arrangement will have to be effected, as it will be impossible to fix the boundary following the actual sinuosities of the sea coast at an actual distance of thirty miles. His idea is to give the United States a slice of Canadian territory in return for the surrender by the United States of a narrow strip from the fifty-sixth degree of north latitude to the point of intersection of the 118th degree of west longitude with the Dominion Government will ask the imperial authorities to obtain the consent of the United States for an international commission. In the meantime the Canadian survey party will take a look over the ground.

GAMBLING CONDEMNED.

A Statement of the Position of the Wesleyan Church.

LONDON, July 30.—The president of the Wesleyan conference made an authoritative statement of the views of the church on recent social scandals. He condemned the doctrine that, while cheating was wrong, gambling was right. The Wesleyans, he said, held that the wrong began with gambling, either in aristocratic houses or the Stock Exchange of commercial circles. The churches ought to unite and obtain legislation to check the evil. The president also suggested that among the means to be taken to prevent gambling is that of preventing newspapers from printing advertisements directly tending to promote gambling. In conclusion the president said that many thousands of Christian voters were determined at the coming general election to put moral questions above party considerations. They could return men free from moral stains.

THEY TOOK THE BAIT.

And Consequently Got Badly Taken In.

CHICAGO, July 30.—J. Bush came here about two months ago and opened an office as the accredited agent of the Chicago Building Bank of New York. James W. Hyatt, ex-secretary of the United States Insurance Co., is president of the concern, which boasts of having a capital of \$100,000,000. Bush flooded the foreign quarter of the city with literature, promising homes to every seeker, without a cent of capital; all business being done strictly on the installment plan. His victims came by the score and parted with all their savings in exchange for a worthless certificate of stock in the bank. The swindle recently became known. Not a single loan was made to the depositors. It is estimated that Bush took nearly \$500,000 with him when he left Chicago eight days ago, saying he was going to get the loans. Although Henry Carey, secretary of the bank, telegraphed from the New York office that Bush was not authorized to act as agent, a letter from that office which was found in the swindler's desk contradicted that denial. Moffat & Langlois, who are the general agents of the bank here, admitted yesterday that Bush had been authorized to act as agent, beginning July 1, and has turned over \$75 to them. Their explanation as to why he had been operating in May and June was that he had obtained a supply of stock in some way. The accounts of the bank in this city have been garnished and the victims intend to prosecute the officers.

HIS LIFE ROMANCE.

Frank Frayne, the Actor, Makes an Astonishing Discovery.

NEW YORK, July 30.—Frank Frayne, the actor, has discovered that his name is George McCarrick and that romance has hidden him from his family for more than twenty years. On his deathbed recently his father confessed to his wife that the boy was obtained from the Sister Superior of a Chicago convent on a forged order soon after the great fire in that city. His identity was never revealed to him until a few days ago, when a sister living in Wisconsin, the wife of a wealthy merchant of Oshkosh, joined him at Silver Sands, Conn., as a result of persistent advertising for the relatives of McCarrick on the part of his father's second wife, who took the dying man's confession and gave a pledge to restore the young man to his relatives.

West Shore Redivivus.

The Evening Dispatch says: L. Samuel will soon begin the publication of Samuel's West Shore, under the head of the L. Samuel Publishing Company. It takes considerable pluck to begin the publication of a paper at this time, but Bro. Samuel has been in the field before, and knows what he has to contend.

Law Against Making Converts.

Berlin, July 30.—A Stockholm dispatch states that the authorities have given notice to the Roman Catholic clergy that the law against making converts will be strictly enforced. The law is said to have the general approval of the people, especially in the interior of Sweden, where religious prejudice is very strong.

LEFT TO DIE.

Two Scoundrels Take an Old Man to a Cave, THEY LEAVE HIM TO STARVE.

He is Nearly Dead When Discovered and Was Suffering Intensely—They Were After His Money.

GREENSBURG, Pa., July 30.—Joel Moore, a wealthy citizen of Jeannette, who mysteriously disappeared several days ago, was discovered this morning lying half-finished and nearly dead, in a cave in a house of some 100 miles from his home. He was carried home, but is suffering severely from starvation and the exposure he had undergone. The whereabouts of the old gentleman was disclosed by the arrest of Joseph and Madison Johnson, the two notorious "speakeasy" proprietors, who were captured last night through the extraordinary efforts of five officers, a shooting conflict from behind the trees. The Johnson brothers had been terrorizing the community for over a year, and their headquarters had been a loafing place for toughs of the most desperate character. On the evening of the disappearance of Mr. Moore occurred, he was seen in company of one of the Johnsons. He was known to have a large sum of money with him, and when he failed to return that night, his friends became alarmed, and at once instituted search. All sorts of dark rumors began to be circulated. The officers finally made a descent on the Johnson place, and the two brothers were captured yesterday, together with several of their associates. One of the men taken became frightened at the threats of the officers, and revealed the place where the old man was hidden. The cave was visited, and he was found suffering greatly. His money was gone, and he had been roughly treated. If he had not been found, his death would have been certain. He is still speechless.

REVENGEFUL FEELINGS.

They Want to Hang the Man in Short Order.

HAZLETON, Pa., July 30.—When Giuseppe Comali, the man accused of the murder of Katie Gurgano, stepped off the train at the depot this morning, he saw a crowd of excited people blocking across the platform and extending across the street. When they caught sight of him they made a rush, and cries of "Lynch him!" were heard. The officers who had him in charge were pushed against the car with their prisoner, and all the crowd wanted to carry out their purpose. The police after considerable difficulty succeeded in pushing their way through, and hurried Comali into one of the upper rooms of the depot, where he was given a hearing. The evidence against him is mainly circumstantial. He was held in \$10,000 bail.

When the news of Comali's capture reached Latimer, the home of the murdered girl, the Italians there threatened to come to Hazleton and back him to pieces. The mine officials succeeded in quieting them.

William Dennis and Salvatore E. D. Sandola, two prominent Italians asked the police this afternoon for the surrender of Comali to a society composed of Italians, of which they are the principals. They said the society was determined to hang him as a warning to other lawless Italians, and if necessary, they would go to Wilkesbarre and take him out of the court and do it.

MARYLAND.

Makes Democratic Nominations for the Next Election.

BALTIMORE, July 30.—The democratic state convention nominated Frank Brown for governor; John P. Poe for attorney-general; J. Frank Ford for clerk of the court of appeals; M. D. Smith for comptroller. It also adopted the usual democratic railing at republicans for a platform, and indorsed Senator Gorman.

Sea Captain Arrested for Cruelty.

NEW YORK, July 30.—Captain Joseph A. Thompson, of the ship K. F. Chapman which left San Francisco in January for Liverpool, was arrested to-day for cruelty on the high seas. Erick A. Eklund, a Finn, who shipped as carpenter on the vessel at San Francisco, alleged that while repairing a boom the captain grabbed him by the throat and nearly choked him, and afterward had him tried up for over an hour. A crew of the vessel place all faith in Captain Thompson.

First of the Hop Crop.

NEW YORK, July 30.—The first bale of the new crop of hops grown in California is received. The quality is very fine, and sold at 25 cents a pound.

Typhus Fever Raging in Russia.

LONDON, July 30.—Vienna advices speak of the spread of typhus fever and other diseases in the Valtynia, owing to the want

of food, and the terrible condition of the starving people who are too weak in many cases to attend to the offices of cleanliness, so necessary at this time of year. In some places so many have died that the living are unable to bury them, and the provincial government has had to detail prisoners from the jails to perform the duties of interment. The Russian authorities spare no effort to prevent the truth from being known across the frontier in Austria, but some of the terrible acts have leaked out, nevertheless.

WOOLLEY SHOOTING.

"Cowboy" Terry Makes a Fruitless Attempt to Escape.

SEATTLE, July 30.—A report from Woolley, the scene of Sunday's shooting, states that Terry, the smuggler, had attempted to escape from the guard. United States Deputy Marshal Bigelow went up last night to arrest Terry, who was able to walk, and went out with a guard late in the afternoon. He was walking on two canes. The story is that he suddenly went around a corner and skipped for the woods. The guard discovered his absence after an hour and gave chase. Terry was almost exhausted when caught, his four wounds not having healed up yet. The nine Chinamen who were brought here yesterday will be examined before a notary to-day with a good interpreter. It is expected that their testimony will decide as to who shot first. If they say Baird commenced the shooting, he will be arrested again and will have to stand trial.

The New Steamship's Route.

VICTORIA, B. C., July 30.—The steamship Empress of India sailed at 2 p. m. yesterday for Yokohama and Hong Kong, having on board seventy saloon passengers and 145 Chinese. Among the passengers were Hon. F. Sugimura, late consul for Japan at Vancouver; G. A. Keeler, C. E., who goes to Siberia; Mrs. Large, Miss Robertson, Mrs. Jones, Oregon, by the Methodist church of Canada as missionaries to Japan, and Rev. Dr. Sheffield, Mr. and Mrs. Walker, Congregational missionaries to China. The vessel took 875 tons of freight, forty-two sacks of mail and one basket of postal packages. Twenty-five sacks are British mail, which left Liverpool July 15.

The Evangelical Troubles.

CLEVELAND, July 30.—This morning Judge Hamilton decided the injunction case against the Evangelical Association. He enjoined the board of publication from making up the deficiencies in the salaries of Bishops Esber and Bowman, or paying money to the Illinois, Des Moines, Oregon or Platte River conferences. The court found the expulsion of Bishops Esber and Bowman was according to the church discipline, and that there was no evidence of prejudice or fraud on the part of the trial conference. The decision is a decided victory for the minority faction.

Sweden Will Remain Neutral.

LONDON, July 30.—The sentiment is gaining in Sweden in favor of decisive measures toward Norway, as the agitation there is believed to be prompted by the hatred of the union and preference for Denmark, which means Russia. It is thought likely that the Swedish crown or parliament will not consent to any more concessions. King Oscar has given it to be understood formally that he proposes to keep absolute independent position as between Russia and France on the one hand and the triple alliance on the other.

An African Chief's Warning.

LONDON, July 30.—A letter from Cape Town states the Chief Gunghama, whose territories lie partly in the British and partly in the Portuguese sphere of authority has removed his kraal from Portuguese section and taken his abode permanently, as he declares, within British territory. He has also given notice to all his tributary chiefs to consider themselves servants to the queen.

Russian Cruelties to Jews.

BOSTON, July 30.—Russian Jews, who arrived yesterday, tell pitiful stories of the cruelties of Russian officers, who have ordered all the inhabitants of the town of Sabatky to leave their homes. They became so enraged at the wholesale injustice that they set their houses on fire, destroying them. For this many were sent to Siberia, and others subjected to horrible cruelties. One man was suspended by the wrists for two hours.

Fatal Accident Near Baker City.

BAKER CITY, July 30.—A most shocking accident occurred at Bridgeport, Saturday, in which Harrison Hoskin met with a horrible death. The deceased, while riding a wild horse, was thrown, his foot hanging in the stirrup, and dragged to death. When released life was extinct and the body badly mangled. Deceased was married and leaves numerous relatives.
