Nervous women seldom receive the sympathy they deserve. While often the pictures of health, they are constantly ailing. To withhold sympathy from these unfortunate is the height of cruelty. They have a weak heart, causing shortness of breath, fluttering, pain in side, weak and hungry spells, and finally swelling of ankles, oppression, choking, smothering and dropsy. Dr. Miles' New Heart Cure is just the thing for them. For their nervousness, headache, weakness, etc., his Restorative Nervine is unequalled. Fine testimonials are everywhere. A MYSTERY EXPLAINED.

The papers contain frequent notices of rich, pretty and educated girls eloping with negroes, traps and coaches. The well-known specialist, Dr. Franklyn M. J. Miles' celebrated New Heart Cure, says all such girls are more or less hysterical, nervous, very irritable, unbalanced; usually subject to headache, neuralgia, sleeplessness, moderate crying or lateness. These show a weak nervous system for which there is no remedy equal to Restorative Nervine. Trial bottles and a book, containing many marvelous cures, free at Standard & Cusick, who also sell, and guarantee J. R. Miles' celebrated New Heart Cure, the finest of heart tonics. On a fluttering, short breath, etc.

THE PELPIT AND STAGE.

Rev. F. M. Shurt, Pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 20 lbs. in weight." "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption, beats 'em all, and cures when everything else fails. The greatest kindness I can do my many thousand friends is to urge them to try it." Free trial bottles at Foshay & Mason, Drug Store. Regular sizes 50c, and \$1.00.

SPECIMEN CASES.

S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his stomach was disordered, his liver was affected to an alarming degree, and he was reduced in flesh and strength. Three bottles of Electric Bitters cured him. Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Salve, and his leg is sound. Well. John Speaker, Catawba, O., had five large boils on his back, doctors said he was incurable. Do you know that Moore's Revealed Remedy is the only patent medicine in the world that does not contain a drop of alcohol; that the use of it is known only to its discoverer, that it is an advance in the science of medicine without a parallel in the nineteenth century; that its proprietors offer to forfeit \$1,000 for any case of dyspepsia it will not cure?

BIG FIRE IN CHICAGO

The World's Fair City Visited by a Million Dollar Blaze.

NEWS EAST OF THE ROCKIES.

A Mammoth Steamship Company That Proposes to Atonish the World—A Minister Barred to Death.

CHICAGO, August 3.—A fire, involving losses estimated to be at least \$1,000,000, broke out at 7:30 this morning at the large retail dry goods and notion store of Siegel, Cooper & Co. The blaze started on the first floor and spread to the inflammable stock with the greatest rapidity. The entire building was soon a mass of flames, and every available piece of fire apparatus was called to the scene. Any attempt to save the building was hopeless, and the fire department devoted its efforts toward preventing the flames from spreading to the adjoining buildings. About twenty-five employees were in the building at the time, but all of them, as far as known, managed to escape uninjured, except one cash boy who was on the third floor. He started to come down the fire escape, but fell receiving severe injuries. There were three watchmen in the building who have not yet been accounted for. The building was entirely gutted, and the north wall fell in after the interior iron works had softened by the heat. The firm carried a stock of \$500,000. The loss is believed to have been fully covered by insurance.

The losses are as follows: Siegel, Cooper & Co., \$500,000 on stock and \$400,000 on building; insurance, \$500,000. The Leader, Deming, Glick & Horner, loss by smoke and water, \$100,000; insured. James W. Walker, dry goods, loss by smoke and water, \$50,000.

GIGANTIC STEAMSHIP LINE.

The Company Promises to Float the American Flag on Every Sea.

CHICAGO, Aug. 3.—The officers and directors of the Pan-American Transportation Company, an organization formed for the purpose of putting on lines of steamers between Southern ports of the United States and the principal ports of South America and the West Indies, are in session to-day. The purpose of the meeting is to map the work more completely and perfect arrangements for floating additional securities to carry it on to the amount of \$1,000,000. Dr. Culp, of Galveston, Tex., treasurer of the company, says its success is assured.

He says it has been decided to move the headquarters of the company from Mobile, Ala., to Chicago, which is to be made the central distributing point for the product to and from South America. The doctor declares this will revolutionize the distribution of meats and flour. "The possibilities to the United States and to the world, in fact," said the doctor, "are enormous enough to seem almost visionary. Within a year after the lines are established the United States will have as much carrying trade as any nation, and the American flag will be seen on all the waters of the globe." The original capital stock, \$10,000,000, has already been subscribed, but the company has authority to increase it to \$1,000,000. The ports from which the lines are expected to sail are San Francisco, New Orleans, Mobile and Tampa. The projectors contemplate building at least twenty steel steamships under the provisions of the mail subsidy bill.

PAINTER, Mass., Aug. 3.—The Weeks house, an old landmark, was burned to death. Rev. Williams, a retired Congregational minister, was burned to death. The other guests, who had a narrow escape and lost all their effects. Loss, \$30,000.

THE FASTING CURE.

The Desperate Resolve of a Sick Man.

NEW YORK, Aug. 3.—Paterson was the champion faster. His name is Dennis Quigley and he is an inmate of St. Joseph's hospital. He went to the hospital about six months ago to get relief from spinal and abdominal troubles. During the first weeks he secured little relief. He finally resolved to starve himself to death or restore his health by giving his digestive organs a rest. For eight weeks he took no food, but he was kept alive by a glass of water. No solid food of any kind passed his lips. He became emaciated, yet he felt better health. For sixty days he lived on liquids. On Saturday last he broke his long fast. A savory meal was placed in front of him. One of the dishes was a piece of apple pie. He picked it up and took a bite. Soon he had consumed it all. After finishing eating the pie the attendants were astonished to see him devour the rest of the food. He would have eaten more had not the doctors forbidden him.

A REIGN OF TERROR.

THE BLOODY WORK OF A BAND OF OUTLAWS.

They Attack a Village and Butcher 150 of the Inhabitants—A Terrible Slaughter.

NEW YORK, August 3.—A morning paper says the harrowing details of a terrible massacre of innocent residents of an isolated village in Paraguay, by half savage natives, has reached this city by mail. According to the advice, 150 men, women and children were wantonly slaughtered, and their butchers celebrated their victory in wild orgies, angered by some political difference with the residents of the neighboring village of Islap, descended on the latter place a band of desperadoes. The attacking band was headed by the notorious bandit, Benitez, and numbered about 80 men. On arriving at Ju. Guan's house, the desperadoes surrounded it and opened fire from the rear. There were but a few people there at the time—Ju. Guan's aged wife, his two sons and daughter. The judge himself and another son were absent. The fire of the desperadoes was returned by the men in the house, the women aiding them by loading the guns as they were emptied. When ammunition of those in the house was exhausted, the desperadoes entered and killed the two sons and took the women prisoner. At the beginning of the attack some inhabitants, attracted by the firing, rushed into the streets and fired into the mob, but a detachment of the desperadoes speedily rushed upon them and murdered them and their neighbors, pillaging and burning their houses. Humble homes and homes of luxury were destroyed by fire, not even churches being spared.
