Shop on the street car line, between Third and Fourth streets.

For lame back, side or chest, use Shiloh's porous plaster. Price 25 cents at Foshay & Mason.

Notice to Water Consumers,

Water is being wasted to such an extent and so unnecessarily that we are obliged to enforce a strict observance of the rule in regard to hours for sprinkling, viz: From 5 to 9 A. M. and from 6 to 10 o'clock P. M., and to caution all users of water to guard against leaks from faucets or other fixtures. The continuous running of water through closets or other fixtures, or permitting hose streams or sprinklers to run all night, will be deemed sufficient cause for shutting the water off from premises where allowed without further notice.

Cashier.

TO GOOD TEMPLARS.

Do you know that Moore's Revealed Remedy is the only patent medicine in the world that does not contain a drop of alcohol; that the mode of preparing it is known only to its discoverer; that it is an advance in the science of medicine without a parallel in the nineteenth century; that its proprietors offer to forfeit $1,000 for any case of dyspepsia it will not cure?

Thos. Brink has just received some of the finest lounges ever brought to Albany, and he is selling them at a close margin.

SPECIMEN CASES.

S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and and Rheumatism, his Stomach was disordered, his Liver was affected to and alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large Fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by Foshay & Mason, Drug store.

MATTHEWS & WASHBURN.

Change of Time,

The following notice regarding a change of time on the Oregon Pacific has been received. Commencing with August 5th, the Oregon Pacific trains, east of Albany, will run on the following time; No. 1, leaves Albany, going east, at 12:40 P. M., arriving at Halstead at 3 P. M. No. 2, leaves Halstead at 7 A. M., arriving at Albany at 9:40 A. M. On Wednesday and Saturday of each week, this train will run through to Coe, arriving there at 4.05 P. M., and leaving there at 2:10 P. M., arriving at Halstead at 5 P. M., where it will lie over night, leaving for Albany at 7 next morning. This is an advantageous arrangement for nearly every one who desire to reach this section of the country, starting north, south or west of Albany, as they are not compelled to lie over one day at Albany. It also enables parties living on the line east of Albany to come there and transact banking or other business, and return home the same day.

Mothers?

Castoria is recommended by physicians for children teething. It is a purely vegetable preparation its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quites pain, cures diarrhoea and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Cassoria is the children's panacea—the mothers' friend. 35 doses, 35 cents.

HEIGHT OF CRUELTY.

Nervous women seldom receive the sympathy they deserve. While often the pictures of health, they are constantly ailing. To withhold sympathy from these unfortunates is the height of cruelty. They have a weak heart, causing shortness of breath, fluttering, pain in side, weak and hungry spells, and finally swelling of ankles, oppression, choking, smothering and dropsy. Dr. Miles' New Heart Cure is just the thing for them. For their nervousness, headache, weakness, etc., his Restorative Nervine is unequaled. Fine treatise on "Heart and Nervous Diseases" ane marvelous testimonials free sold and guaranteed by Stanard & Cusick.

A MYSTERY EXPLAINED.

The papers contain frequent notices of rich, pretty and educated girls eloping with negroes, tramps and coachmen. The well-known specialist, Dr. Franklyn Miles' says all such girls are more or less hysterical, nervous, very impulsive, unbalanced; usually subject to headache, neuralgia, sleeplessness, immoderate crying or laughing. These show a weak nervous system for which there is no remedy equal to Restorative Nervine. Trial bottles and a fine book, containing many marvelous cures, free at Stanard & Cusick, who also sell, and guarantee Dr. Miles' celebrated New Heart Cure, the finest of heart tonics. Cures fluttering, short breath, etc.

THE PULPIT AND STAGE.

Rev. F. M. Shrout, Pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My Lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 26 lbs. in weight."

Arthur Love, Manager Love's Funny Folks Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption, beats 'em all, and cures when everything else fails. The greatest kindness I can do my many thousand friends is to uge them to try it.' Free trial bottes at Foshay & Mason, Drug Store. Regular sizes 50c. and $1 00.

The trotting bred stallion Alwood Breeze will stand for service at Trites Bros., stable Albany Saturday's of each week until futher notice.

The Celebrated French CURE

STATE AND COAST.

Bathers Caught in the Deadly Under-tow at Clatsop Beach.

A SAD DROWNING ACCIDENT.

Miss Nellie Boise, of Salem, One of the Victims—News from the State Capital.

PORTLAND, August 5.—Information was received here this evening of a sad drowning accident in the serf at North Beach, near Ilwaco, at noon to-day. A party of bathers ventured out too far among the breakers and were caught by the deadly under-tow. They were carried out into deep water, and before help could arrive two of the party were drowned. They were Miss Nellie Boise, daughter of Judge R. P. Boise, of Salem, and Wm. Steele, son of Postmaster G. A. Steele, of Portland. Several others of the party were almost drowned, and were resuscitated with difficulty.

The young people were both well known and highly esteemed. The affair cast a deep gloom over the seaside resort.

There were seven young people in the party. Mr. Steele and Miss Boise were a few feet in advance of the other five, when they were caught by a huge breaker, which carried them all off their feet and into the embrace of the deadly under-tow. The other five, who were rescued, three of whom were young ladies, are still in a critical condition. The bodies of the unfortunate victims have not been recovered.

[Miss Boise is a cousin to Mr. W. B. Barr, of this city, and is well known in Albany, where she had many friends.]

Salem Notes.

SALEM, August 5.—A. O. Condit, adjutant of Second regiment, O. N. G., will to-morrow tender to Col. S. L. Lovell his resignation as such. He says he has not time to attend to the duties of the office. His successor is not named.

Salem and the country surrounding had a heavy rain this afternoon. It was quite an electric storm, being vivid lightnings and heavy thunders. The rain fell in torrents. The lightning did some damage to the telephone circuit, burning out a few instruments. There is no damage to cut grain, if the rain ceases now.

NEWS OF THE COAST.

Interesting Items from Exchanges Throughout the Northwest.

Several cases of diphtheria are reported in Crook county. Two children of John Savage, who lives two miles from Prineville, have died, and another was dangerously ill, at last accounts.

While riding on the range after horses last Sunday, Lewis Palmer, of Haystack, met with the usual badgerhole accident and narrowly escaped being killed, having several ribs and the collar bone broken, and shoulder dislocated.

Wednesday Benjamin R. Mae', a resident of Long Creek, dropped dead while en route from his residence to the sawmill of J. J Patterson, a half mile distant. His little grandchild was with him, and thinking that he had only fallen down did her utmost in assisting him to arise.

A wheat platform is building by a company of farmers at Athena. It is an alliance platform, says the East-Oregonian only in the sense that directors and shareholders of the company are members of the alliance. Farmers will haul their wheat to the platform and leave it there for sale at the best figure obtainable.

Monument and surrounding vicinity was visited by a destructive hail and wind storm last Friday. The wind blew furiously, and carried hailstones through the air with immense force, doing great damage to all growing vegetation, more especially grain and fruit. About one-half of the peaches and apples were beaten from the trees.

ARSENIC AND AMMONIA.

Remarkable Contrast in the Effect of Two Poisons on the Complexion.

The slow absorption of many poisions changes in some more or less modified form the complexion, but arsenic and ammonia show their effect about as quickly as any. The popular believe that arsenic clears the complexion has led many silly women to kill themselves with it in small continued doses.

It produces a waxy, ivory-appearence of the skin during a certain stage of the poisoning, but its terrible after effects have become too well known to make it of common use as a cosmetic.

The effects of ammonia upon the complexion are directly the opposite to that of poisoning which appears among those who work in ammonia factories is a discoloration of the skin of the nose and forehead. This gradually extends over the face until the complexion has a stained, blotched. and unsightly appearence. With people who take ammonia into their systems in smaller doses, as with their water or food, these striking symptoms do not appear so soon. The only effect of the poison that is visible for a time is a general unwholesomeness and sallowness of the complexion.

Many people are slowly absorbing ammonia poison without knowing it. The use of ammonia in the manufacturies has gretaly increased of late, and is unquestionably used as an adulterant in certain food prepartions. Official analysis have plainly showed its use even in such cheap articles of every day consumption as baking powders. The continued absorption of ammonia in even minute quantities as an adulterant in food is injurious not merely from its effect upon the complexion, but because it destroys the coating of the stomach and causes dyspepia and kindered evils.

Professor Long of Chicago, is authority for the statement that, if to fifty million parts of water there is one part of ammonia, the water is dangerous.

Ex-Congressman Scott Very Ill.

ERIE, Pa., August 5.—Ex Congressman W. L. Scott lies very sick at his residence from this city. His physician is very reticent, but there can be little doubt that Mr. Scott is suffering from his old stomach trouble. Two weeks ago, on the recommendation of his physician, he went to Cambridge mineral springs, but the water, instead of benefiting him, aggravated his symptoms, and he returned home to take to his bed, from which he has not risen since. The members of Mr. Scott's family are all here, and, though but little is given to the public regarding Mr. Scott's condition, they cannot disguise their anxious concern nor conviction that he is a very sick man.

New Telegraph Blanks.

The Western Union Telegraph Company has recently adopted a new style of telegraph blanks. The new blank has printing on the back. The saving to the Co. through this change will be enormous. The old-time blanks, with which every one is familiar, had a printed heading, but the back was clear, on which account the public became accustomed to using telegraph blanks for memorandum paper. You have seen men, says the Astorian, deliberately step into a telegraph office and take a pad of blanks off the counter to carry away for use elsewhere and otherwise than for sending messages. Newspaper reporters and correspondents used large quantities of the blanks for copy. It was smooth-faced paper, and the sizing was well adapted to the use of the pen. Hereafter the public will not be accommodated in this respect, as the rules of the company are printed on the back of all blanks, and there is no surface for writing anything but messages.

Looks Like Gold.

To make something that looks like gold: Take 100 parts (by weight) of pure copper, 14 parts zinc of tin, 6 parts magnesia, 56 parts sal ammoniac, 18 parts quicklime, 9 parts cream of tartar. Melt the copper and add gradually the magnesia, sal ammoniac, quicklime and cream of tartar, each by itself, in the form of powder. Stir the whole for half an hour, add the zinc or tin in small pieces and stir again until the whole is melted. Cover the crucible and keep the mixture in a molten condition for thirty-five minutes. Remove the dross and pour the metal into molds. It has a fine grain, is malleable and does not easily tarnish.

Governor Pennoyer's Staff Appointments.

It is learned from an authentic source that Governor Pennoyer has appointed Colonel J. C. Shofner, of Portland, brigadier general of the Oregon national guard vice General J. M. Siglin resigned. Robert W. Mitchell, of Portland succeeds Colonel Shofner as adjutant general, and J. N. Teal, of Portland, becomes major. Brigadier-General Shofner is well-know in army circles. He is a graduate of West Point was lieutenant in the regular army before making his home in Portland.

In County Jails.

A late census bulletin devotes itself to prisoners in county jails, Sixty-one persons are reported as serving their time in this manner in Oregon. Of this number forty-four are white. The total population of the state is given as 313-767. The following is the list of counties reporting no prisoners in their jails on June 1, 1891: Baker, Benton, Clatsop, Harney, Josephine, Klamath, Malheur, Polk, Tillamook, Wallowa, Wasco, Washington. The census above cannot include Multnomah county.

The Value of Education.

Old Hownow—So you're through college?

Young Smilax—Yes, just graduated.

Hownow—Well, what are you going to do?

Smilax—Well, I hardly know; I've had two offers; one to go in a law office for two years at $3 a week and the other to play third base in the league team for $3,000 for the season.—Boston Courier.

MUCH SHOOTING

Not Very Effective As Only One Was Wounded,

LAWYER VERSUS EDITOR.

The Editor Gets the Best of it as Usual—Police Rush in but Was Not Effective.

CHARLESTON, S. C., Aug. 5.—Chester, S. C., is in a state of great excitement over a duel which took place on one of the principal streets last night between E. B. Sligh, a prominent lawyer, and Robert Jaggers, editor of the Public Opinion. Sligh met Jaggers in front of the Public Opinion office, and, drawing a pistol, covered him and administered a cowhiding. Jaggers retreated into his office and returned in amoment with a pistol and opened fire on Sligh, who returned the fire. Chief of Police Marshall rushed in to separate the combatants, and thinking Jaggers was firing on him, opened fire too. For two or three minutes the street was full of bullets. Sligh was shot in the face and neck and is in a most dangerous condition. Jaggers was unhurt, although both Sligh and the chief of police emptied their pistols at him. The trouble grew out of an attack upon Sligh in Jagger's paper, Jaggers has the reputation of being somewhat of the George Francis Train type. Sligh is a fighter and has been engaged as principal in several duels.

STRONG DRINK AGAIN.

Through its Influence a Man Disappers for Years.

JOHNSTOWN, Penn., Aug. 5.—At the time of the flood there lived in this city a young man named James Springer. He was never seen after the flood, and his friends thinking he had been drowned, packed up his clothes and other articles and sent them to his mother in Alliance, O. A dispatch from that place says that the mother yesterday received letters and papers that thoroughly establish the fact that her son is alive. The letters were from James and he tells a strange story. He says he escaped but was so dazed by the events of the flood that he went with a number of negroes to Maryland. A few weeks later he shipped as a sailor. He says he hardly knew what he was doing nor what impelled him to leave without apprising his parents that he was alive. He has since traveled all over the globe, but had recently returned to the United States. He had trouble of a serious nature before the flood, and it is supposed that, unnerved by the terrible destruction, his mind became unbalanced and this led him to disappear. He drank heavily,

The Young King of Servia.

LONDON, Aug. 5.—King Alexander of Servia is said to have made so favorable an impression on the czar that the latter permitted him to be introduced to his daughter, the Grand Duchess Xenia, who is about the same age as Alexander, 15 years, and the two were permitted to be each other's company during all the court ceremonies of the czarina's name day. Xenia and Alexander seemed very much pleased with each other. Of course there can be no engagement at such an early age, but it is sure that Alexander will go home with the implied promise that if he pleases the czar he will in due time be the czar's son-in-law,

An Eiffel Tower to be Built.

CHICAGO, Aug. 5.—President Baker, of the World's Columbian directors, to-day received a proposition by cable from M. Eiffel, the architect of the Eiffel tower, for permission to erect a tower on the grounds, the enterprise to be backed by French capital. The cablegram was brief, but set forth that the tower would be superior to the one at the Paris exposition. President Baker cabled in return that he was very glad to receive the proposition, and would bring it immediately to the attention of the directors. The prospects are that the proposition will be looked upon most favorably, as there is yet time in which to build the tower.

Fishing Schooners to be Released.

OTTAWA, August 5.—The Dominion government has decided to surrender the seven American fishing schooners recently seized by the Canadian cruiser Dream, for fishing within the three-mile limit. Commander Gordon reports the offense was undoubtedly committed, but as a fog prevailed at the time, which rendered it possible the law was infringed unwittingly, the government has decided upon the above course.

Appointed to Negotiate.

WASHINGTON, Aug. 4.—W. A. Morgan, of Cottonwood Falls, Kas., has been appointed a commissioner to negotiate with the Indians of Pyramid Lake reservation in Nevada, vice Jay G. Slonecker, resigned.

Arrested for Murdering His Wife.

DAYTON, O., Aug. 5.—Henry Guenther, a prosperous gardner, was arrested last night charged with murdering his wife. Mrs. Guenther died recently under suspicious circumstances. A chemical analysis showed strong treces of arsenic. The dead woman, whose maiden name was Sofia Wingler, was Guenther's third wife. She had been raised in his family. After his second wife died, she bore him two children. Last winter she sued him for seduction and the court awarded her $5000. To avoid paying this he married her.

BIG STEAL.

They Capture Over Seven Millions at One Haul.

CHICAGO, August 5.—The following notice has been sent to C. T. Yerkes, P. B. Widener, William L. Elkins, C. R. Cummings, Sidney A. Kent, Thomas Dolan and W. W. Gibbs, by Secretary C. K. Worter, for the Chicago Gaslight and Coke Company:

"By order of the board of directors of this company, I am directed to make a demand upon you to turn over to the treasurer of this company, on or before September 1, all the first-mortgage bonds of this company, received by you, which were delivered to the Union National bank, of Chicago, under the resolutions of this company, passed September 15, and for which you paid no consideration, and in the event that you have negotiated or sold any or all of said bonds, you are hereby required to turn over to the treasurer the amount received from the disposition of said bonds. Upon your failure to comply with this demand, suit will be instituted in the proper courts."

"The value of the bonds referred to," said one of the interested parties to-day, "foots up $7,500,000. This amount represents the money which C. T. Yerkes and his six associates pocketed as the result a deal they made in 1887, after capturing control of a majority of the stock of the Chicago Gaslight and Puel Company. This immense sum went semewhere; it did not go into the treasury of the company."

An Englishman Made to Apologize.

BERLIN, Aug. 5.—At the Swiss celebration in Berne on Sunday an Englishman who assumed, in argument with a Swiss, to ridicule the story of William Tell was slapped in the face and hustled about until he consented to apologize to the crowd. The name of Tell is on everybody's lips in Switzerland, and it is evident that the tradition is cherished with the sanctity of religion. The enthusiasm of the Swiss celebration has made a deep impression throughout Europe, and even the official and semi-official press of Germany speak of the little republic with respect. In Dortmund the social democrats held a meeting in honor of the occasion, and speeches were made strongly eulogizing republican institutions. The authorities did not dare to interfere with a demonstration made under the guise of friendliness for a country that Germany is anxious to conciliate.

Double Murder and Suicide.

SEVERANCE, Kan., August 5.—Samuel Freeman last night murdered his wife and two-year-old son, and then committed suicide. Freeman was a farmer, and after attending to his evening duties returned to the house. His wife upbraided him for some misconduct. He immediately drew a revolver and shot her through the head. He then killed the baby and himself. The cause of the tragedy is supposed to have been Freeman's jealousy of his wife, who was much younger than himself.

A Man Killed by Muskrats.

LAWRENCE, Ind., Aug. 5.—Samuel Loftus, a farmer, is dead from wounds received in a fight with muskrats. He went fishing Friday in Hogan creek and discovered a nest of muskrats in the afternoon. The larger animals attacked him and their cries attracted other rats from a dozen places. Before Loftus could realize his danger the fierce animals were upon him, biting his face and limbs until he was bleeding from a score of wounds. Blood poisoning set in and he died to-night.

Killed by a Desperado.

MCALLISTER, I. T., August 5.—Deputy Marshal Jim Yates, a notorious character, was killed in a gambling den here by Bob Marshall, at 2 o'clock yesterday morning. A general row occurred in which over forty shots were fired. Marshall escaped.

Departure of the French Squadron

CRONSTADT, Aug. 5.—The French squadron left Cronstadt yesterday. The departure was made the occasion of an enthusiastic demonstration in honor of the Frenchmen.

A Boarding-House Debate.

"There are no flies on me," said the boarding-house steak.

"No," replied the boarding-house butter, "flies would starve to death while they were trying to get their teeth through you."

"But look at the flies on you!" retorted the steak. "Why don't you run away from them? I'm sure you are strong enough!"—Callope Toot.

Smoke the celebrated Havana filled 5-cent igars, manufactured at Julius Joseph's cigar factory.
