

Morning Daily Herald

ON SALE. THE DAILY HERALD will be on sale each morning at H. J. Jones' book store, where it can be procured at 5 cents per copy.

JOTTINGS ABOUT TOWN.

S. A. Hulin, druggist, French's corner. "Lost in London" Saturday evening. Capt. E. J. Lanning's family are at Seaside. Have you seen that elegant piano at Klein Bros. Pay your school tax and save costs of collection. H. F. Merrill came back from Yaquina bay yesterday. Eugene's recorder, G. B. Dorris was in the city yesterday. Klein Bros. are giving a fine piano to their customers. J. J. Duhenne and family go today to U. P. Soda for a month's stay. Mr. J. L. Mitchell, secretary of the Salem Board of Trade, is in the city. Mr. John Robson and family will leave in a few days for a trip East. Have you examined that beautiful \$400 piano at Klein Bros. shoe store. Experts pronounce Klein Bros. piano one of the finest toned instruments. Fresh vegetables every morning from Linn county garden at Parker Bros. Just received at the Ladies Bazaar The "Sensation" the latest novelty in hats. Dr. G. A. Whitney and Mr. Brady took a trip up to Brown's mill yesterday. If you are hungry go to Parker Bros. and get a loaf of the best bread in the city. Seats are going fast for "Lost in London" at the opera house Saturday evening. Timon Ford, one of Salem's well known attorneys, is in the city on legal business. Miss Julia Kirker, of Portland, is in the city visiting, the guest of Mrs. C. A. Layton. L. F. Wilson came down from his ranch on the Oregon Pacific near Green Basin yesterday. Mrs. V. B. Winn is completing a neat \$2500 residence at the corner of Fourth and Baker streets. Your school tax will be delinquent if not paid at once. Look after it and save costs of collection. Look at T. L. Wallace & Co.'s display of neck wear, anything in window for 25c. Both Winslow's and Four in Hand. Some of the grandest scenic effects ever produced in Albany will be exhibited Saturday evening "Lost in London."

The Daily Evening Guard, of Eugene, has ceased to take the Associated Press dispatches owing to a lack of patronage. M. Hyde has removed his fish market to Schultz Bros' old stand on First street, across from Stewart & Sox's hardware store. We are the only people who carry the celebrated E. & W. collar and cuffs. Always have the latest styles in stock, T. L. Wallace & Co. Have you seen the fine line of summer neckwear going at 50 cents at T. L. Wallace & Co.'s? Elegant \$1 goods all go for 50 cents. Albany people for the day wear were Judge R. S. Strahan, Wm. Cowan, Maurice Sanders, Jay W. Blain, and Mrs. C. J. Stewart and children. Ed Casick came up from Salem and left yesterday morning for an outing up the North Santiam. He will join Messrs. Clay Marshall, D. C. Snell, and party near Mt. Jefferson. A gentleman who came up from Salem last night said the thunder struck the electric light wires there, and burned up all the electric, and the street cars could not run. He was evidently not the company's electrician. The road supervisors throughout the county are perhaps not aware of the fact that there is a state law requiring them to exterminate the Canada thistle in their respective districts. This is a matter that should be looked after, and each supervisor should see that the law is complied with. Mr. L. W. Deyoe and family and Mr. W. E. Baker have returned from a trip to the Alaska country. They caught 1300 trout, and killed a large quantity of game including nine deer. They report a most enjoyable outing. There is no fish story about this item, for the HERALD was presented with some choice samples of the trout and venison by Mr. Deyoe, may his shadow never grow less. Mrs. A. M. Tall is now canvassing the city for a process for canning fruit and vegetable without cooking or sealing air tight. It is something entirely new and is something really valuable. Samples of both fruit and vegetables preserved by this method can be seen at C. E. Brownell's store. It has been tried and proved a great success. Housekeepers should not fail to see the samples.

The Rat and Crops. The light thunder storm which visited this city and vicinity yesterday was accompanied by heavy showers during the day. Harvesting operations are entirely suspended, but there is no damage has been done to grain. Farmers however are a little nervous, fearing bad results which would follow a protracted rain. Between this city and Corvallis yesterday hail and snow fell with the rain, but did little or no damage.

THE OREGON PACIFIC TROUBLE.

Another Meeting of the Employes at Yaquina—They Will Not Quit Work.

There is nothing concerning the trouble on the Oregon Pacific railroad over the non-payment of the employes. They consulted legal advice yesterday, but have taken no action. They will not, it is said, quit work at present at least, but will endeavor to secure an order from the court for the receiver to pay them the earnings of the road, or a portion of it at least.

LATER.—A dispatch to the HERALD from Yaquina says that at a meeting of the employes of the O. P. R. held at Yaquina last night it was unanimously decided to place their cause in the hands of Hon. Geo. E. Chamberlain, attorney general, who will use all honorable means to induce the company to pay the men. It was also decided that no talk or thought of a strike would be tolerated and that the company's property would be respected as their own. It is understood that the matter will be pushed along as speedily as possible. They are a honest, straightforward set of working people and believe that they have not been justly dealt with and they trust that they have the sympathy of all the people on the line of the road and elsewhere, and that the business and fiduciarly men of the state will do anything in their power to help them get their just dues. They will continue to work as usual for the present at least.

Our College.

The excellent work in the past, gives great faith and confidence in the Albany Collegiate Institute. It gives just as great advantages as any school in the state. The fall term will open on September 9, under the most favorable auspices. The old teachers, who have done such good work for the school, will all remain, excepting Prof. H. M. McKee, who will be succeeded in the commercial department by Prof. W. W. Bailey, recently of the State Agricultural College of Texas. Prof. Bailey was recently united in marriage to Miss Kittie Cooley, of Brownsville, and has accepted the position in order to be among her people. He is well spoken of as a thorough instructor. Prof. David Torbit, recently of the Bantian Academy of Lebanon, has been added to the faculty. He is an educator of ability. The college is now stronger than ever and deserves the liberal patronage it has been receiving.

About Fire Insurance.

There seems to be an error in the statement that only foreign insurance companies lost in the recent Lebanon fire, for one of Julius Gradwohl's companies, the Oakland Home, paid Wednesday to Mr. Bach, the full value of his loss in that company to his entire satisfaction, which seems to be the usual custom of Mr. Gradwohl's companies to pay promptly their full losses as soon as they occur. Therefore if you want to insure your property well as Mr. Gradwohl, who represents six No. 1 insurance companies with a capital of a hundred million dollars.

Waiting for Industry.

There is untold wealth lying at the very feet of the citizens of Newport, in the cod fisheries, if only they choose to reach for it. Almost any quantity of this fish may be caught here, and yet not one city in the valley is supplied with Newport fish. It is a mammoth industry, which lacks only energy to develop. For the time being cold storage is the only necessary outlay of capital, and being had, the industry will pay for its own upbuilding and improvement. It would be no transient speculation, but would be right here in year and year out.—Corvallis Gazette.

A Motherly Rooster.

Joseph Chambers has an old male chicken that is caring for two broods of chickens, deprived of maternal care by the action of a coyote. The gentleman chicken receives no company and associates only with his little wards. He covers them at night and digs worms for them by day.—Washington Independent.

The rain which the Willamette Valley is experiencing has thus far done no damage to crops.

The Frisky Bears.

Stories about bears having been seen in the berry patches in the Green Basin region have been true for some time. A party of ladies, in company with L. F. Wilson, first ran onto a large brown specimen, which was not disposed to get out of the way at all, and so they gave him a wide berth and parted company. Last Sunday the workmen at the Green Basin Lumbering Co.'s mill and others, to the number of a dozen and a half, organized a hunt and scoured the hills. They succeeded in scaring up three, which they wounded but did not kill, and the bears escaped in the deep canyon of Line creek. John Miller scaped up the same brown bear that had formerly been seen, and being armed only with a revolver, blazed away with that, wounding him but doing no serious damage to his bearship. On Tuesday Mr. Miller took another hunt and succeeded in bringing down a large black bear, close by the mountain home of the senior editor of the HERALD. Of course the party of ladies, who are spending a few weeks at the place with Mrs. Train and Arlene, Misses Maggie and Nettie Whitely, Miss Dell Brumley and Miss Ellen Brannan, were much interested in the proceedings, and viewed the bear's carcass as it was carried by the house on men's shoulders with considerable curiosity. Sundry mementoes in the shape of bear's claws taken from the immense pedal extremities were secured, not to speak of bear steak. Mountain life brings some exciting scenes as well as rainy days.

Newton Beers' Lost in London.

The gifted actor, Newton Beers, will hold the boards on next Saturday night when a grand performance of the great masterpiece of melodrama, "Lost in London," will be put on. The play, although not a new one, possesses a beauty and wholesomeness that can be seen again and again with renewed interest, just as one can turn to some old book by an old master and find there interest and beauty that has escaped him before. Mr. Beers has produced "Lost in London" in nearly every city in the United States and Canada and has played the leading role of Job Arroyo over four thousand times. The principal scenes in this production are: Act I.—Home of the Smart King; Act II.—Heart of Blackmore; Act III.—Featherstone's London Villain; Act IV.—Streets of London; Act V.—Cottage near London; Act VI.—Job's Vision. Seats now on sale.

Twelve evening Edward Whitlock, serving a two-year term in the penitentiary for the crime of burglary from Coos county, escaped from prison. He was a trusty and had been gone half an hour before being missed. He is 29 years old, six feet and one-half inch in height, and weighs 222 pounds. He is of dark complexion, with black hair, hazel eyes and a scar on the outer corner of the right eye. A reward of \$50 is offered for his return to the prison. Charles Eads recently had an encounter with a grizzly bear near Summit Prairie, Grant Co. He dismounted his animal to slay his bearship, but was delighted to resume his hold after badly wounding the animal. The second shot changed the scene and the bear repaired to the thicket.

DIGGING FOR COAL.

Men Working Night and Day on the Discovery at Spring Mill.

Mr. P. H. Bowman, of Spring Mill, three miles below Albany on the Benton county side, was in the city yesterday. It is upon his land that the recent coal discoveries were made, which promise to result in the uncovering of valuable coal deposits. Two distinct veins of coal have been found, and Mr. Bowman bought a quantity of it to this city yesterday and had it tested in a blacksmith's forge. Messrs. Johnson & Morris who tested it, pronounced it a fine quality of steam or heating coal. The samples taken out from the surface and having been submitted for ages to the action of the elements are naturally soft. The extent and character of the coal deeper down is not yet fully ascertained, but two shifts of men are now working night and day in a tunnel and sinking a shaft, with every prospect of satisfactory results.

A year or two ago an experienced coal mines and expert from the Pennsylvania oil fields visited the Spring Hill region and explored the vicinity for several days. He said there was every indication of both coal and oil there, and suggested that it would be profitable to expend work enough to ascertain definitely the extent of the deposit. This the owners of the mine are now doing. Their work has been retarded somewhat by inflowing water, but this they are overcoming and expect to have more definite results from their work in a short time. They have found coal of good quality and are confident that it exists in paying quantities. If such proves true, it would be a valuable addition to the industries of this portion of Oregon.

The District Judgeship.

There is said to be quite a fight "brewing" between Judge K. P. Boise and George H. Burnett, Esq., both of Salem, for the reelection nomination for circuit judge of this district. They might compromise and yield the nomination to an Albany man. Hon. H. H. Hewitt of this city would grace the bench and fill the office in a way satisfactory to everybody.

A Good Yield.

Sol King takes first water in getting his year's wheat to Benton Co. Flouring Mills, his yield on the piece of land that by nomination for circuit judge of this district. They might compromise and yield the nomination to an Albany man. Hon. H. H. Hewitt of this city would grace the bench and fill the office in a way satisfactory to everybody.

Cram's Unrivaled Atlas.

The new edition of this unrivaled work is now being delivered by the agent, Mrs. A. M. Tall. The work is more excellent than ever, and this edition is a great improvement upon former ones, giving all the latest date and much new matter that was not in the previous editions. It should be in every family, and on every business man's desk. Those who are not supplied can procure the atlas by addressing P. O. Box No. 60 Albany Oregon.

Pay Your City Taxes.

The city taxes for 1891 are now due and payable. The money is needed and every individual should look the matter up and see that they are paid. If not paid immediately they will become delinquent. The dog tax is also due and if not paid the order will be given to kill the dogs on whom taxes have not been paid. J. N. Horvay, Marshal.
