## GOOD LUCK.

Dr. Price's Cream Baking Powder is often called the Good-Luck Baking Powder.

Owing to the fact that good luck always attends the use of Dr. Price's, it is not essential to use it the moment it is mixed nor is it required to have the oven always just so, as in the case with ammonia or alum powders. It is not luck after all, but the exact accuracy and care exercised in the preparation and combination of all the ingredients of Dr. Price's Cream Baking Powder. Competent chemists are employed to test the strength and purity of each ingredient. Nothing is trusted to chance. Hence; it is always uniform in its work.

House wives never fail to have "good luck" in making most delicious bread, biscuit, pastry and cakes that remain moist and sweet. Only Baking Powder that contains the white of eggs.

Dr. Price's Cream Baking Powder is reported by all authorities as free from Ammonia, Alum, or any other adulterant. In fact, the purity of this ideal powder has never been questioned.

## Notice to Water Consumers.

Water is being wasted to such an extent and so unnecessarily that we are obliged to enforce a strict observance of the rule in regard to hours for sprinkling, viz: From 5 to 9 a. m. and from 6 to 10 o'clock p. m., and to caution all users of water to guard against leaks from faucets or other fixtures. The continuous running of water through closets or other fixtures, or permitting hose streams or sprinklers to run all night, will be deemed sufficient cause for shutting the water off from premises where allowed without further notice.

Do you know that Moore's Revealed Remedy is the only patent medicine in the world that does not contain a drop of alcohol; that the mode of preparing it is known only to its discoverer; that it is an advance in the science of medicine without a parallel in the nineteenth century; that its proprietors offer to forfeit \$1,000 for any case of dyspepsia it will not cure?

## STATE CAPITAL NEWS

The Governor Appoints Thirty Men to Go to Utah.

NEW INCORPORATION MATTERS

An Irrigation Company at Linkville—A Flouring Mill Company at Sheridan.

SALEM, August 7.—Articles of incorporation were filed to-day with the secretary of state as follows: The Carr Canal and Irrigation Co.; capital stock, \$60,000; incorporators, J. D. Carr, G. W. Smith and J. R. Trayner; office at Linkville.

Also the Sheridan flouring mill; capital stock, \$17,000; incorporators, Levi Ornd, R. S. Conner, G. W. Neeley; purpose, to do general milling business at Sheridan.

Governor Penoyer, having received a communication from the governor of Utah, requesting the appointment of thirty delegates from the state of Oregon, to represent Oregon at a convention to be held at Salt Lake September 15-17, which is called to consider matters pertaining to the reclamation of the arid lands of the West, and petition congress to cede each state certain of such lands for the purpose of reclamation, and for the support of public schools, to-day appointed thirty delegates, all being from Eastern Oregon.

## FREIGHT ON PACKAGES.

A Decision Which May Have Important Consequences.

CHICAGO, August 7.—Several months ago, in a suit brought by Proctor & Gamble against a large number of railroads, the interstate commerce commission decided that railroad companies must carry freight at its actual weight without charging for the boxes or packages in which it is put up for shipment. At the time it was pointed out that shippers of other articles might with equal right demand that they also be given the benefit of net weights. The first demand of this character has been made by the manufacturers of gunpowder, who are insisting that their freight shall be charged for at only net weight. In case the railroads refuse the demand the matter will probably be taken before the interstate commerce commission, and all classes of trade will follow the demand of the powder shippers.

## A DAY IN WONDERLAND.

With Sells Brothers and their Grand Alliance of Attractions.

"The times change and we are changed with them," said Sells Brothers, who are also always for the better, but often bring retrogression and decay; and this is particularly true of the circus of to-day. In fact since the great ring-master's death, vagabond shows have been the rule. It is to be remarked that one really great and legitimate circus remains, that of Sells Brothers, which is to exhibit at Albany, on Wednesday, Aug. 19, 1891. The only other tented enterprise which can be said to have a standing out on the questionable, lecherous and nude mission of "revolutionizing the show business," and has succeeded, at least to the extent of substituting horse ballet for the intrepid and graceful equestrian and gymnastic performance which has been the public will always admire. In their Hippodrome, Circus, Moorish, Caravan and Pilgrimage to Mecca, Tropical Aquarium, Aviary, Royal Japanese Troupe, Arabian Nights entertainment and residence, they present a more than abundant feast of everything which appertains to the most popular of entertainments. In exclusive features, such as their monster pair of hippopotami, the hairless horse, a whole lot of monkeys, and two enterprisingly diminutive pair of tigers, they surpass all rivalry. Cyrene, the world-famous Spanish dancer also appears with them, and her grace and beauty add a wonderful charm to the performance. The Sells Brothers are the same management for a longer period than any other in existence, being now in its twentieth prosperous year. Success to it, always.

## Capturing Counterfeiters.

Grants Pass Courier: Alonzo Nutt and Henry, his son, were arrested last Saturday by Cap Sheriff Moss at the instance of U. S. Marshal Kyle of Ashland, for making and having in their possession counterfeit coins. The young Nutt went up to Ashland and brought him back on Saturday evening, and father and son were both put into the county jail here. Two others were arrested in Ashland, whose names are E. E. Coon, and Jay Coon, and these young men escaped Sunday night. It is generally supposed that the Coon brothers are the ringleaders in the counterfeiting business and that the Nutt family have been led into the trouble through ignorance of the risk they were running. Sheriff Moss, accompanied by young Nutt, went

## ATROCIOUS CRIMES.

"Jack the Ripper" is Again at Work.

AN AGED LADY 'SLASHED.

No Clue to the Assassin—He Was a Tall, Stout Man—The Victim Will Die.

LONDON, August 7.—A mysterious crime which came to light to-day has created widespread excitement. One occurred in the Whitechapel district and its general similarity to "Jack the Ripper's" crime, coupled with the locality, have revived all the terror connected with the former butcheries. In this instance the victim was a respectable woman named Catherine Wolder, seventy years old, who was attacked late last night while walking in Cannon street, St. George. The assailant was a tall, stout man, apparently about 30 years of age. He assaulted her most vigorously with a knife, cutting her throat and slashing her arms, which she raised to defend herself, in a frightful manner. The man, terrified perhaps by her cries, or deterred by her strong resistance, then escaped, leaving the unfortunate woman in the roadway. She was removed to a hospital where, it was said, she would scarcely survive her injuries.

## GOLD LEAVINGS.

A Fortune Scraped Off a Roof Near a Mint.

Three thousand dollars for an old tin roof would be a pretty steep price, but the man who gets the battered roof from the old Tabernacle Church at Broad street and South Penn square, which is now being torn away, for that sum will be in great luck. Some years ago the paint was scraped off the roof and yielded \$5000 in fine gold. It is almost as certain to yield as much this time. The gold comes from the mint.

## DISGRACEFUL SCANDAL.

It Leads to a Vigilante's Visit and a Divorce.

Bayhead, N. J., Aug. 7.—The people here eagerly discussed the facts yesterday connected with the punishment of John Clayton by vigilantes, because he had been too friendly with the pretty young wife of John Parker, who lives across Barnegat bay, on Metedeconk point. Clayton was ducked in the bay and fogged and then Mrs. Parker and Clayton disappeared. It was rumored that the couple had gone away together. They started in a carriage in the afternoon of yesterday, on Metedeconk point. Clayton was originally from Hightstown. Mr. Parker has gone back to his home on Metedeconk Point. He has secured the services of one of the well-known lawyers of Tom's River and instructed to institute proceedings for an absolute divorce. Mrs. Parker is an unusually pretty woman and Clayton, who is nearly ten years her junior, became deeply infatuated with her the first time he saw her, about a month ago, when he came here to spend the summer. The couple were together day and night, and two weeks ago Parker drove his wife out of his house, and closed it up. Mrs. Parker and Clayton have since, it is alleged, been together on yachts in the bay, and clothes not occupied by their owners. Their actions led to the punishment inflicted on Clayton by the gang of vigilantes organized by the villagers and summer cottagers.

## STRICKEN WITH POVERTY.

The Position of a Speculator Who Was Once Very Wealthy.

New York, Aug. 7.—The failure of J. P. Stockwell has been announced on the Consolidated Exchange. He had been allowed until 11 o'clock to make a contract for 200 shares of stock, but couldn't do it. The decline of Stockwell, at one time noted as a most daring and venturesome speculator, excited much sympathy among people in Wall street. Twenty years ago he came here from Cleveland, O., with a capital estimated at \$1,000,000. He was at the head of the then famous Howe Sewing Machine company, a position he acquired through his marriage with the daughter of the well known inventor. For a long time he cut a big swath in Wall street affairs. He became president of the Pacific Mail Steamship Company and the Panama Railway Company. Then reverses came. Misfortunes followed each other in quick succession until his fortune was swallowed up in the maelstrom of speculation.

## Want Lower Freight Rates.
