Important to Housekeepers.

It gives Julius Gradwhol great satisfaction in selling his fine Golden Rule teas and baking powder, with elegant prizes or without them, that his customers who have purchased invariably return and say they are well pleased, that the tea is No. 1 and the baking powder is as good as the best. All his teas and baking powder bears the name of Julius Gradwhol's Golden Rule Bazaar, and are expressly put up for his business, and he still continues to give with each pound of tea or baking powder an elegant piece of glassware.

HEIGHT OF CRUELTY.

Nervous women seldom receive the sympathy they deserve. While often the pictures of health, they are constantly ailing. To withhold sympathy from these unfortunates is the height of cruelty. They have a weak heart, causing shortness of breath, fluttering, pain in side, weak and hungry spells, and finally swelling of ankles, oppression, choking, smothering and dropsy. Dr. Miles' New Heart Cure is just the thing for them. For their nervousness, headache, weakness, etc., his Restorative Nervine is unequaled. Fine treatise on "Heart and Nervous Diseases" ane marvelous testimonials free sold and guaranteed by Stanard & Cusick.

A MYSTERY EXPLAINED.

The papers contain frequent notices of rich, pretty and educated girls eloping with negroes, tramps and coachmen. The well-known specialist, Dr. Franklyn Miles' says all such girls are more or less hysterical, nervous, very impulsive, unbalanced; usually subject to headache, neuralgia, sleeplessness, immoderate crying or laughing. These show a weak nervous system for which there is no remedy equal to Restorative Nervine. Trial bottles and a fine book, containing many marvelous cures, free at Stanard & Cusick, who also sell, and guarantee Dr. Miles' celebrated New Heart Cure, the finest of heart tonics. Cures fluttering, short breath, etc.

THE PULPIT AND STAGE.

Rev. F. M. Shrout, Pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My Lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 26 lbs. in weight."

Arthur Love, Manager Love's Funny Folks Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption, beats 'em all, and cures when everything else fails. The greatest kindness I can do my many thousand friends is to uge them to try it.' Free trial bottes at Foshay & Mason, Drug Store. Regular sizes 50c. and $1 00.

REMARKABLE RESCUE.

Mrs Michael Curtain, Plainfield, Ill, makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefitted from the first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework and is as well as she was.—Free trial bottle of this great Discovery at Foshay & Mason's Drug Store, large bottles 50c, and $1.00.

SPECULATION DANGEROUS.

Scarcely a day passes without the news of some large failure flashing over the wires—the usual result of speculation in stocks or some equally dangerous venture. The same electric current carries to dear distant friend the sad tidings of death of loved ones—too often the result of speculation in patent nostrums. Moore's Revealed Remedy is no speculation but is sold on positive guarantee. Do not fail to go to your druggist and ask for your money if not satisfied. We known you will go and buy another bottle. For sale by all druggists.

STATE AND COAST.

Miss Nellie Boise's Body Taken to Salem.

MINISTER SERIOUSLY INJURED

Rev. Lindsley Injured by a Runaway Team—Salem People Injured by an Upsetting Wagon.

Portland, August 10.—The body of Miss Nellie Boise, who was so unfortunately drowned on Wednesday at Long Beach, was brought up last night on the steamer Telephone, accompanied by her father, brothers, and a few relatives. The party were joined in this city this morning by a few intimate friends, and proceeded to Salem, where the burial will take place to-day.

SERIOUSLY INJURED.

A Runaway Team Causes an Accident to a Noted Divine.

Portland, August 10.—Rev. A. L. Lindsley, for many years pastor of the First Presbyterian church, and at present a member of the faculty of the Presbyterian Theological University at Oakland, Cal., was thrown from a buggy by the team running away on Lewis river. Mr. Lindsley was visiting his sons, who have a farm there, and was returning from church at the time of the accident. He was brought to Portland on the steamer Mascot and taken to the residence of his daughter, Mrs. Robert Hall, on West Main and Stout streets. He is now lying in a very precarious condition, and has not as yet regained consciousness.

SEVERAL PERSONS INJURED.

A Party of Salem Excursionists Crippled Up.

Salem, Aug. 10.—A party of Salemites, who left here Sunday for Camp Salem on the Nestucca bay, met with a serious accident last night on a hill near the Grand Ronde store. Mrs. A Coolidge has her face bruised, Miss Grace Scriber wrist sprained, Annie Thornton bruised, Jap Minto shoulder sprained, Douglas Minto ankle hurt. The wagon upset with them.

CHILI'S NEW SHIPS,

Insurgents Trying to Have Them Sunk in Some Foreign Port.

London, Aug. 10.—Information is in possession of the Chilian legation in reference to the conspiracy to destroy the two Chilian ironclads, President Pinto and Errazuriz. It appears that $15,000 was offered an English maritime officer in the service of the Chilian government if he would undertake to blow up the Eurrazuriz. He refused the offer with indignation. While the vessel was in the harbor of Lisbon suspicious boats were seen approaching on several occasions, but the careful outlook on the vessel kept them at bay. While the Pinto was at Toulon a party of men attempted to join the crew. They looked so unlike sailors that a suspicion was aroused and the commander concluded to reject them, although in need of men. Proof afterwards came to his knowledge that these men had been engaged to sink the ship. There is also reason to believe that the running ground at Toulon was owing to treachery. The commander was so convinced of this that he sent a report to that effect to Paris. The Errazuriz is already safe at sea, and it is understood the Pinto will soon be in a position to follow, and their arrival will put an end to the revolution.

The Old Fight Over Again.

Detroit, Aug. 10.—Great excitement prevailed at Windsor, Canada, Saturday evening. Citizens who have a leaning toward American principles and government decorated their places of business in honor of the Grand Army of the Republic celebration in this city. Minister of Militia Caron was telegraphed by the Windsor royalists, who were wrathy because the Canadians made so much of what they termed the "d—d Americanism," and requested that he instruct the authorities at Windsor to remove the decorations. This order was telegraphed to Windsor, and the aid of the Essex county fusiliers had to be called upon. When the Windsor Americans saw the law was imperative and that they must obey, the flags were removed, but not until several squabbles, in which stones, etc., were hurled, had occurred.

Theatrical Agent in Trouble.

New York, August 10.—Wolf Falk, theatrical manager, charged by Hermann, the magician, with embezzling $30,000 while treasurer of the Bush street theater, San Francisco, was remanded to the custody of Detective Whitaker, of San Francisco, to-day. He was taken before Governor Hill to have the requisition papers signed.

The Clerks of London.

London, August 10.—The recently formed union of London clerks made a brave show in Hyde Park yesterday. They went there to protest against long hours and other grievances. Many women marched in the procession, which was very respectable. The places of the clerks are so easily filled that until recently they were afraid to form a union for fear of a general discharge, but learning that they had not only the sympathy of the public but also the good will of many employers, who were willing to do better if all employes were on an equal footing, the union was formed. The rain had a dampening effect, but the speeches were none the less emphatic, as well as reasonable.

Mattels in the Irish Factions.

London, Aug. 10.—The situation of the Irish party does not seem to improve with Dillon and O'Brien out of prison. O'Brien maintains comparative seclusion, and Dillon, who was willing at first to be aggressive against Parnell, has, it is said, almost concluded not to take a share in the struggle between the two factions. The reported scandal in the family of an Irish member of parliament opposed to Parnell will probably not come before the public. The first wife is said to have accepted the offered compromise, and will maintain the reticence on the subject which she has maintained for years.

Train Ditched by a Steer.

Flagstaff, Ariz., Aug. 10.—The California express was ditched last evening by running into a steer at Riordan, seven miles west of this place. The engine mail and smoker went down an embankment twenty feet, causing a delay of fourteen hours. Fireman Downs was badly scalded and burned. All the passengers escaped injury.

Culture in Mexico City.

Mexico City is a far more cultivated capital than is generally supposed. You may have as good schools here as anywhere. There are collges for women and men. There is a great national museum, a fine art gallery, which contains a number of the old masters, and the people have their social clubs and their literarp societies. Mexico has its poets, and while I have been here its poet laurate has recited a patriotic poem at a public celebration. It has its novelists and its historians, and nowhere in the world will you find a more general love for music among all classes of people. Every Mexican city has its plaza or Central park, containing flowers, trees, seats and a band stand, and several times a week the government and other bands give here free open air concerts. In Mexico City every Sunbay morning you may hear delicious music by one of the best bands of the world in the Plaza Mayor. From 12 o'clock to 1 the whole city turns out and takes a promenade in the Alamada, another great park, and here also an excellent band plays at this time. In the evening there is more music in the plaza, and this great square of ten acres is filled with men, women and children of all ages and costumes. There are hundreds of persons who move about under big hats with bright blankets thrown around their shoulders over their cotton suits. Their dark-faced wives in red skirts and white waists, with only their eyes showing out of the blue or black rebosas which they have drawn around their heads, walk by their sides, and half naked little children trot along in bare feet and heads beside them. Many of the women have babies wrapped up in their rebcsa shawl or slung upon their backs, and in many cases the men carried the babies' Here a couple of lovers go along hand in hand, or with arm of the man around the waist of the sweetheart or wife, and all listen to the music and criticise it and enjoy it. There are also the rich in the plaza. Men and women as well dressed as you will see them in New York, and not a few Spanish maidens are walking slowly along dressed in black with black shawls on their pretty heads and their great soulful eyes peeping out all the more strikingly from this somber background. These maidens are always accompained by their nurses or mothers, who act as their chaperons to ward off the attentions of gay youth of the capital. The order in such a crowd is something wonderful. Mexico is a much better regulated city than New York, and there is no brawling or noise.

Eastern Oregon Men.

Governor Pennoyer appointed the whole thirty delegates, to attend the irrigation convention, which meets in Salt Lake, on Sept. 15th, to 17th, to consider the reclamation of arid lands and petition congress upon the subject, from Eastern Oregon. The delegates are as follows: Hugh Gourlay, George B. Morgan, The Dalles; J. H. Cradlebaugh, Hood River; V. H. Brock, Wasco; C. M. Cartwright, Geo. Barnes, Prineville; H. H. Hendricks, Fossil; H. C. Condon, Arlington; I. B. Rinehart, Canyon City; J. H. Hamilton, Hamilton; W. C. Hale, Linkville; Geo. Chandler, I. B. Bowen, O. M. Dodson, F. R. Mellis, Baker City: Henry Blackman, Heppner; J. M. Bentley, C. S. Jackson, Pendleton; N. Pierce, Milton; Clark Walters, Athena; J. W. Shelton, W. T. Wright, Union; B. W. Hoffman, Telocaset; G. W. Webb, La Grande; I. H. Holland, H. P. Napston, Vale; W. Miller, Burnes, C. A. Cogswell, Lakeview; J. F. Johnson, E. W. Barnes, Wallowa.

FIRE FIEND'S WORK.

Spokane Has to Submit to a Scorching Flame.

A LODGING HOUSE BURNED.

Many Persons Seriously Injured by Jumping From Third Story Windows—The Sufferers.

Spokane, Aug. 10.—At 3:30 this morning fire was discovered in Conway's lodging house, corner Second and Mill. Before an engine arrived the building was a mass of flames and the inmates were fleeing for their lives. All the guests but one have been accounted for. The hook and ladder truck was immediately called into use to save the lives of the inmates. Charles Johnson, Mrs. Conway's brother, was taken out through a second story window. He had been suffocated to death. His face was burned almost beyond recognition. He was a terrible sight.

Just across from him on the east side of the building was a negro named Washington. His hands and arms were terribly burned. He will die.

A man named Green jumped from a third story window and is injured internally. He can hardly recover.

J. H. Dwyer jumped from a third story window. His injuries were a broken arm.

Several others jumped from third story windows and escaped unhurt.

The fire is supposed to have been of inceadiary origin. There seemed to be no person whose duty it was to attend to the sufferers, and, as they lay on the street, their groans added to the panic of the crowd.

GOING WRONG.

A Wayward Girl Creates a Commotion in Seattle.

Seattle, August 10.—X. Silbonn, an acrobat employed at the Palace theater, fell from his trapeze to the theater floor, a distance of twenty feet, on his head, and it is thought he sustained fatal injuries. The accident occurred this morning. The injured man was taken to his room on Jackson street.

Complaint was made at the police headquarters to-day by Mrs. Dr. Barnes, who lives on Third street, near Spring, that her daughter Lela, 14 years old, had been missing from her home since the day before at 2 o'clock in the afternoon. It was suspected that a certain cigar dealer on Front street was interested in the girl's disappearance and Officer Foster was detailed to hunt up the girl. The mother had previously seen the runaway girl on West street, near Cedar street and the officer immediately began searching along West and Water streets, where the family has a good many friends. At 1:30 o'clock the officer found the girl in a shack occupied by a man named Edles and his wife, situated in an alley between Battery and Bell streets. There were two other men in the room with the girl. Officer Foster turned the girl over to her mother, who took her home. The case is surrounded in mystery, and owing to an effort to keep the matter quiet it was impossible to get all the facts with regard to the affair.

BLAINE WILL ACCEPT.

That is the Way Conger, of Ohio Puts It.

Chicago, Aug. 10.—A Washington special says: A man who talked with Conger, of Ohio, member of the national republican committee, is authority for the statement that Blaine, his health permitting, will be in the hands of his friends in 1892. He says:

"Conger broached the subject to Blaine, who seemed rather indisposed to talk about it at all. Conger dwelt at length upon the steadfastness of Blaine's friends. Republicans generally wished to see him president, and victory with any other man as the nominee was uncertain. Blaine showed great feeling when Conger dilated upon the faithful service of his friends, and said he had every disposition to serve them and the republican party too, and would decline the nomination in advance. Whether he told Conger directly that he would take the nomination I do not know, but this much I can say: That Conger says Blaine will accept it, and so believe now all of Blaine's friends."

CENTRAL AMERICAN STATES,

Seize a United States Mail Steamship for Lack of Permit.

San Salvador, August 10.—The Pacific mail steamship, City of Panama, Captain White, the fastest of the Panama fleet, has been seized by the authorities at La Libertad, because the vessel had left La Union without a permit from the officer at that port. The states of Guatemala, Nicaragua and Salvador passed laws making it unlawful to employ natives to load steamers at night. It is stated this legislation was caused by the fact that the people were incensed at the rates charged by the company, which they deemed excessive. The company has been loading its vessels day and night, so as to make quicker time, to meet the terms of the subsidy for carrying mails. It is said Captain White, in his desire to maintain his time schedule, left La Union without a permit, as the authorities insisted on a lot of goods, then on the dock, being shipped, and this would delay him considerably. The United States steamer Ranger is in these waters, and it is expected her commander will assist in adjusting the difficulty.

ANOTHER DROWNING.

Clayton Riley's Body is Found Badly Decomposed.

Portland, Aug. 10.—At 6:55 this morning, Charles Jansen, a deck hand on the Bowers dredger, while walking along the deck saw the badly decomposed and discolored body of a man floating, face upward, near the Willamette iron works. He secured a boat and rowing to the corpse, attached a rope to it and tied it to the piling. The corpse was carried ashore and taken to the morgue. The only means of idenification were several letters which were found in his pockets addressed to William Clayton Riley.

The body had evidently been in the water over a week, as it was in an advanced state of decomposition. Riley had supposedly committed suicide.

Has the Appearance of War.

Berlin, Aug. 10.—The kaiser, immediately upon his arrival, had a long interview with the Austrian ambassador, who had been specially requested to meet him. The interview has excited a great deal of interest although nothing official has been stated regarding it. The meeting, however, coupled with the sudden activities at Spandau, is believed to indicate that more active military proparations are begun. The Austrian government has, during the past week, sent the thirteenth division of infantry, second corps, to Galicia from Austria, and has also supplied additional heavy guns to Cracow and other fortresses.

Crop Failure in Russia.

St. Petersburg, August 10.—The grave situation created by the failure of crops in Russia, is causing great apprehension in all circles. Grashdanin declares the local administration will be unable to make provision for the inhabitants of distressed provinces, if speculators are allowed to export corn or if the price of corn is not checked. That paper demands that the governor immediately place a heavy duty on the export of rye. The Financial Messenger declares it will be almost impossible for Russia to export corn this year.

James Russell Lowell Ill.

Cambridge, Mass., August 10.—James Russell Lowell, the eminent poet, diplomat and scholar, is dangerously ill at his residence in this city, and it is felt that he cannot recover from the general breaking down of his vital forces, which has now set in. The immediate trouble was brought on by inflammation produced by a cold contracted while out riding last week.

Fight Over a Pint of Whisky.

Atlantus, Mo., Aug. 10.—Last evening Frank Coffey and several others quarreled over a pint of whisky. A fight took place in which Homer, a son of Hon. J. L. McCullough was shot in the wrist. Frank Coffey was killed and Robert Stanley cut so badly that he will die.

Italians Laborers Killed.

New Haven, Conn., Aug. 10.—Nine Italian laborers were seriously injured, two fatally, in a railroad collision near Branford, on the New York, New Haven & Hartford railroad this morning.

A Cargo of Mexican Dollars.

New York, Aug. 10.—The steamer Orizaba from Mexican ports arrived to-day with a cargo of Mexican silver dollars.

SPARKS OF MIRTH.

A tall man can't help living long.

"I have no patients with that fellow," said the doctor whose rival was getting all the practice.

"Where's the proprietor?" asked a man as he entered a restaurant. "He's gone home to dinner," replied the waiter.

"I'm not in it," said the traveler as he stood on the platform and watched the last train disappear in the distance.

"Why don't you go to work? Why do you waste your time begging." "Did you ever beg?" "No, of course not." Then yer don't know what work is."

Profitable Alfalfa.

Yamhill county Ledger: Alfalfa is destined to revolutionize farming because it will produce three tons of feed for stock where one is now grown. A field of alfalfa commences to grow two months before our native grass, and continues two months longer. When cut and cured for hay it retains its superior fine quality, which is relished by the stock. It produces three times as much to the acre as our native grass, and twice as much as clover.
