

Morning Daily Herald

ON SALE. The Daily Herald will be on sale each morning at H. J. Jones' book store, where it can be procured at 5 cents per copy.

JOTTINGS ABOUT TOWN.

Wheat is 75 cents. S. A. Hulin, druggist, French's corner. Royal Dutch cocoa at C. E. Brownell's. E. G. Cameron, of Corvallis, is in the city.

Have you seen that elegant piano at Klein Bros. A. D. Naah, of Corvallis, was in Albany yesterday.

Pay your school tax and save costs of collection. Klein Bros. are giving a fine piano to their customers.

Mrs. M. O. Brink, of Newport, is visiting her parents in this city. Have you examined that beautiful \$100 piano at Klein Bros. shoe store.

Bert Magers left yesterday for a trip through Marion and Polk counties. Mrs. E. E. Parrish and sister Miss Lois Helm left for the bay yesterday.

Experts pronounced Klein Bros. piano one of the finest toned instruments. Fresh vegetables every morning from Linn county gardens at Parker Bros.

J. M. Flaucher, of Lacombe, one of our live teachers, was in the city yesterday. Just received at the Ladies Bazaar the "Sensation" the latest novelty in hats.

Mrs. Tip Humphrey and children are over from Scio visiting relatives here. Mrs. Circles, of Prineville, is visiting her sister Mrs. D. S. Smith in this city.

If you are hungry go to Parker Bros. and get a loaf of the best bread in the city. Mrs. W. C. Davis and family returned yesterday from a month's stay in the mountains.

Floyd Dorris and Clara Yunk boarded the Yaquina train yesterday for a week's vacation. Your school tax will be delinquent if not paid at once. Look after it and save costs of collection.

Wanted, an agent in Albany to represent Portland wholesale candy factory. Vince & Co., Portland, Ogn. Mrs. S. H. Dodd, of Salem and Mrs. Stone, of Portland, are the guests of Mr. and Mrs. D. B. Monteith in this city.

Look at T. L. Wallace & Co.'s display of neck wear, anything in window for 25c. Both Winsor's and Fort in hand. R. Wells, of Corvallis, formerly of this city, was in Albany yesterday. He says wheat is bringing 77 cents in Corvallis.

Sleepless nights, made miserable by that terrible cough, Shiloh's Cure is the remedy for you. For sale by Foshy & Mason. J. B. R. Morelock, formerly of Brownville, and lately of Kirtland, near Seattle, has located at Merlin, Josephine county.

I. A. Phelps has drawn out of the Hillsboro and gone to a democratic paper at that place. We are the only people who carry the celebrated E. & W. collar and cuffs. Always have the latest styles in stock. T. L. Wallace & Co. J. R. Geddes, of Rock Creek, formerly in charge of the Warm Spring agency school, was looking after business in Albany yesterday.

Governor Pennoyer was among a large party of Salemites who rested over Sunday at Mehama. That place is a popular mountain resort. Have you seen the fine line of summer neckwear going at 50 cents at T. L. Wallace & Co's? Elegant \$1 goods all go for 50 cents.

The swimming match at Waterloo last Sunday attracted quite a crowd. It was a contest between Devine and Card and was won by the former. There is a law requiring road supervisors in their respective districts to exterminate thistles. The law is a good one and should be enforced. J. W. Gardner, the miner who has been in Southern Oregon since last fall, came in yesterday, having come up the coast to Yaquina. He will go on up to Quatsville to-day.

The appointment of Hon. G. E. Chamberlain as the first incumbent of the office of attorney-general for the state of Oregon will have no effect to tarnish the fame or political standing of any one. His appointment was highly creditable and he will fill the office with honor and justice and honesty, as he has every position he has yet occupied.

Traction Engines vs. Bridges. New plans will have to be adopted and stronger and better work made on the bridges throughout the county since the use of traction engines has been established. Many of the present bridges will not stand the strain. The Sanderson bridge on the Scio road was recently damaged so by an engine crossing it that it has been declared unsafe.

At Work on the Upper River. The government snagboat Corvallis was at the Oregon Pacific wharf all day Sunday and yesterday started out removing obstructions from the Upper Willamette. She will not go down the river for two weeks.

OREGON WHEAT CROP.

The Late Rains did no Material Damage—Threshing Commenced. Crop-Weather Bulletin, No. 22. Following is for the week ending Saturday, August, 8th 1891. The temperature has been from 2 to 5 degrees a day below the average for the week. On Tuesday and Wednesday thunder storms were quite general and rain fell, especially in the Willamette valley and along the coast; rain also fell on Thursday and Friday, while to-day is clearing weather and warmer. The fall was heaviest in Multnomah and Columbia counties and gradually decreased to the south, especially south of Marion county; south of the Calapooia mountains less than .15 of an inch of rain fell. In northern part of Willamette valley about .75 of an inch of rain fell; in a few sections hail fell on the 5th.

The rain did no material damage to the wheat crop; much of the fall wheat was cut and in shock, ready for the thrasher, and about all the damage done was the denting which will crowd wheat cutting close together. There are a few reports of wheat having fallen, but this is practically nothing. A continuation of the rain would have caused the wheat to sprout in the clearing weather was most timely. Threshed wheat in Polk and Yamhill counties has been averaging from 25 to 40 bushels per acre; oats also yield well. In some sections plowing for summer-fallowing is in progress. The rains were of great benefit to root crops, gardens, pasturage, young orchards and had a tendency to destroy and cause a cessation of the averages made by the hop house and codlin moth. The four days rain was most unusual for this season of the year, but fortunately no damage was done and good results from it are expected.

Eastern Oregon-weather—The temperature has been considerably below the average for the season of the year. The weather has been cloudy and partly cloudy and general showers prevailed on Thursday and Friday, raging from .04 of an inch at The Dalles, .07 of an inch at Baker City. In the Blue mountains in Union, Wallowa and Baker counties snow fell on the night of the 5th. The temperature was so cool that fires were necessary in the home for comfort. The rains delayed harvesting and threshing for two days; no damage was done to the wheat by the rain, though it did some damage to the hay crop east and south of the Blue mountains. In Wasco county from Dufur to The Dalles the wheat is shrunken and the yield is poor; some smut is to be found; in other sections the wheat yield is good. In Gilliam county there is some rust. In Morrow county the wheat is yielding even better than was expected. In Umatilla county the yield is better than for many years. Wallowa, Union, Baker, Crook Grant and other interior counties have excellent prospects.

Change of Time. The new timetable on the Oregon Pacific went into effect yesterday. The change is so arranged that the Yaquina train connects with the train to Halstead, the engineer going right on through. Leaves Yaquina at 7 A. M., arrives at Albany at 11:30 A. M., leaves Albany for the front at 12:40 P. M., arrives at Halstead at 3:10 P. M., and on Wednesdays and Saturdays will run to Coe, arriving there at 4 P. M., and laying over night. Going west: Leave Halstead at 7 A. M.; arrive at Albany at 9:40 A. M.; leave Albany at 12:20 P. M.; arrive at Yaquina at 4:35 P. M.

Sadly Afflicted. Prineville Review: Last Monday another of Mr. and Mrs. John Savage's children died with diphtheria, making four in all who have been cut down in little over a week. Such an affliction as this is indeed hard to bear, and the sympathy of the entire community is extended to the bereaved parents. Only a short time ago their family was composed of eight sprightly, robust children. Now only four are left, four having fallen victims to the dread disease, and were carried away almost without warning.

Old Township Surveyed. Cottage Grove Leader: Mr. Bert Collier returned from the mountains Monday having finished surveying one of the townships of his contract. He will return in a few days to commence on the second one. Mr. W. M. Buehly who has a contract for one township there, also came down, and went to Nehalem. Mr. Bushby says it will take him two weeks to finish his contract.

Too Good to Be True. A Corvallis man, who has just returned from San Francisco was in this city yesterday. He says that Wm. M. Hoag will be in Albany to-morrow. Mr. Hoag in an interview said that on his return he would gladden the hearts of the employees of the Oregon Pacific. It is certainly hopeful that he will for a more worthy and faithful set of workmen cannot be found.

Excursion to Yaquina. Another, and probably the last this season, of the popular excursions will be given from Albany to Newport Aug 16. Full particulars later. Watch the daily papers and small bills.

Owl Creek Bridge. Mr. George Young is busily engaged in putting in a new bridge on Owl creek, between this city and Corvallis.

COAST NOTES.

Interesting Items in Brief from Northwest Exchanges. The Klamath cannery is preparing for a big season's run. Twenty boats, with forty men, will scoop in the fish. The First National bank of Roseburg will be in working order by the first of next month. All preliminary arrangements have been made or now in progress. Allen Ramsey, of Thirty-mile, met with a painful accident one day last week by a horse falling upon him, dislocating his shoulder and smashing him up generally. William Q. Brown was making geological observations in the Emigrant creek region last week, mapping the sand stone layers for the next annual report of the United States geological survey. Captain R. S. Littlefield has already driven two solid rows of piles at the mouth of the Coquille river. In a month, work on the jetty will be advanced far enough to commenced dumping rock. Little or no work is being done at the Seven Devils mines at present. Some of the men are working their own properties, and the surface indications promise a lively time in the near future. Over 100 men are now employed at the Myrtle creek mines and about fifty more will be sent out in a day or two. Work on the big ditch is being pushed rapidly, and will be completed about October 1st. A new bridge is being built at Coast Fork, near Taylor's. The bridge at that place washed out a year ago last winter, and is very much needed to be rebuilt, especially in the winter, as the river gets up so it can't be forded. Quite a number of horses are dying in the Haystack section of Grant county from distemper. The disease first appeared in the neighborhood of the Wall creeks, but has extended to other sections. Range horses are suffering more than others from the disease. Jap Griffith was shot through the calf of the leg at Heppner last Tuesday by the accidental discharge of a pistol in the hands of a herder, while the latter was putting it in order. He was lying on the ground a few feet distant with his leg elevated above his head, the bullet passing over his head and entering the fleshy part of the lower leg.

IN MEMORIAM. HALL OF DEERPOET LODGE, No. 54, I. O. O. F. WHEREAS, It has pleased the Lord in his infinite wisdom to call from our midst our beloved brother Jasper Crabtree, who was stricken by the hand of death at his home near Scio, in Linn county, Oregon, be it therefore

Resolved, That the lodge has lost an upright and faithful member and brother, one whose daily walk truly exemplified those virtues, friendship, love and truth. Resolved, That we sincerely sympathize with his grief-stricken family in this hour of bereavement and in this hour we would commend them to our Heavenly Father, believing that He doeth all things for the best. Resolved, That these resolutions be spread upon the records of the lodge, a copy thereof be transmitted to the family of the deceased brother, and a copy sent to the county papers for publication. E. O. HYDE, R. SHELTON, F. O. SMITH, Committee.

Chipped Pears. Take pears not quite ripe, pare and core, and cut them in long thin strips. To eight pounds of the fruit put eight pounds of sugar, the rind of four lemons cut into strips, the juice of the lemons, one-fourth pound of rice or green ginger and half a pint of water. Boil until the fruit is transparent if held to the light. The ginger must first be scraped thoroughly and cut fine, and the lemon peel should be boiled in water until tender, to remove the bitter taste, or you may use only thin shavings of the outer rind.

A Bad Name. The Clatsop beach, as well as the Ilwaco beach, is gaining a very bad reputation. Following the terrible accident of last week at the last named place, comes the report that Mrs. F. W. Parker, of Astoria, was drowned at Clatsop, the undertow being the cause of the accident, as it was in the former case.

At Work Day and Night. Eugene Guard: The company, who are developing the quick silver mine on Coast Fork, have a day and night force of men at work. The mine is evidently meeting the expectations of the interested as they are developing it very fast, and will soon put on an extra force of men.

Returns Thanks. Mrs. M. D. Chamberlin and family desire to return thanks for the kind attention in sympathy extended during the last sickness, death and burial of the husband and father. May like assistance and kindly attention come to all when passing through the deep affliction.

At a Bargain. For sale or trade, a judgment issued from justice court in Albany, on a note against C. H. Dalrimple, \$80. Albany, August 10, 1891. C. F. Wright, Harrisburg, Or.

The trotting bred stallion Alwood Breeze will stand for service at Trites Bros. stable, Albany Saturday \$3 each week until further notice.

THE GREATEST OF ALL.

A Glorious Holiday with Sells Brothers. Of Sells Brothers' Enormous United Shows, which are to exhibit at Albany, Wednesday Aug. 19, it may be truly said that "age cannot wither nor custom pall their beauties vary." This, the twentieth year of their vasty progressive existence, they come to us with an array of sensations, spectacles, performances and living wonders from every clime, simply bewildering. In fact there is scarcely room to mention separate departments, let alone the hundreds of features that go to make of each a great and amazing show. Besides every notable variety of rare wild beasts, including the tremendous pair of living hippopotami; every act possible to human nerve, agility, and ingenuity and brute sagacity; the excitement of the thrilling hippodrome races, the rare specially exhibited features, and the ravishing dancing of the great Spanish artist, Cyrene, there is to be considered the wild Moorish Caravan, introducing the most wonderful feats of barbaric agility and strength, and appearing quaintly and superbly armed and equipped in the grand, novel and romantic and spectacular pilgrimage to Mecca. From performing man-kong with such an entertainment to daintiest detail there is nothing inferior or commonplace about this extraordinarily rich and attractive alliance. It possesses every feature, feat and display, of both home and foreign origin, in such a way that an entire lifetime that can be procured, and many nowhere else to be seen. Its morning glorious street parade is a free introduction to a holiday none should miss.

Geological Discovery. Newport Times: The sand cliff fronting the Ocean at this place, in addition to the grand problems they have hitherto afforded the scientific worker, now adds another great interest to the geologist in the fact that they are proved to be full of fossil remains. The head and ribs of an immense sea horse of the middle tertiary period, which found its grave more than half a million years ago, has just been discovered by Mr. N. S. Henry, geologist, and by him to Prof. Condon of the State University for preservation. At the earnest solicitation of some Portland and Salem gentlemen who happened to be on the ground, Prof. Condon consented to give a familiar talk of these cliff formations Thursday evening, August 7, at 8 o'clock, at the hall of the Portland Y. M. C. A. A large audience assembled to hear his lecture, which was a practical lesson in geology not soon to be forgotten by his hearers. This will undoubtedly lead to the discovery of many other fossils in the cliffs about the Resort City. Don't fail to see the fossil; you miss it you do.

DEED. CHAMBERLIN—On Sunday, August 9, 1891, Mr. Malin D. Chamberlin, aged 71 years. Mr. Chamberlin came to Albany about a year ago from South Dakota. He was a native of New Jersey, and was a man highly esteemed by all who knew him. He leaves a wife and eight children, five of whom, J. R. H. C. Bert, Mrs. W. R. Blain and Mrs. E. A. Schiller reside in Albany, and three daughters in the East. The funeral services were held yesterday afternoon at 3 o'clock at the family residence.

FIRE, FIRE, FIRE!! Are You Ready For the City?

There seems to be an error in the statement that only foreign insurance companies lost in the recent Lebanon fire, for one of Julius Gradwohl's companies, the Oakland Home, paid Wednesday to Mr. Bach, the full value of his loss in that company to his entire satisfaction, which seems to be the usual custom of Mr. Gradwohl's companies to pay promptly their full losses as soon as they occur. Therefore if you want to insure your property well go to Mr. Gradwohl, who represents six No. 1 insurance companies with a capital of a hundred million dollars.
