FIRST STREET, ALBANY, OREGON.

A MYSTERY EXPLAINED.

The papers contain frequent notices of rich, pretty and educated girls eloping with negroes, tramps and coachmen. The well-known specialist, Dr. Franklyn Miles, says all such girls are more or less hysterical, nervous, very impulsive, unbalanced; usually subject to headache, neuralgia, sleeplessness, immoderate crying or laughing. These show a weak nervous system for which there is no remedy equal to Restorative Nervine. Trial bottles and a free book, containing many marvelous cures, free at Stanard & Cusick, who also sell, and guarantee Dr. Miles' celebrated New Heart Cure, the finest of heart tonics. Cures fluttering, short breath, etc.

CATARRH.

The ablest physicians of the present age recognize catarrh as a blood disease which aggravates the mucous surfaces. Moore's Revealed Remedy purifies the blood, restores health to the affected membranes, stops offensive discharges and corrects the breath. For sale by all druggists.

HEIGHT OF CRUELTY.

Nervous women seldom receive the sympathy they deserve. While often the pictures of health, they are constantly ailing. To withhold sympathy from these unfortunates is the height of cruelty. They have a weak heart, causing shortness of breath, fluttering, pain in side, weak and hungry spells, and finally swelling of ankles, oppression, choking, smothering and dropsy. Dr. Miles' New Heart Cure is just the thing for them. For their nervousness, headache, weakness, etc., his Restorative Nervine is unequaled. Fine treatise on "Heart and Nervous Diseases" and marvelous testimonials free. Sold and guaranteed by Stanard & Cusick.

THE PULPIT AND STAGE.

Rev. F. M. Shrout, Pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My Lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 26 lbs. in weight."

Arthur Love, Manager Love's Funny Folks Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption, beats 'em all, and cures when everything else fails. The greatest kindness I can do my many thousand friends is to urge them to try it.' Free trial bottles at Foshay & Mason, Drug Store. Regular sizes 50c. and $1.00.

REMARKABLE RESCUE.

Mrs Michael Curtain, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefitted from the first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework and is as well as she was.—Free trial bottle of this great Discovery at Foshay & Mason's Drug Store, large bottles 50c, and $1.00.

SPECULATION DANGEROUS.

Scarcely a day passes without the news of some large failure flashing over the wires—the usual result of speculation in stocks or some equally dangerous venture. The same electric current carries to dear distant friend the sad tidings of death of loved ones—too often the result of speculation in patent nostrums. Moore's Revealed Remedy is no speculation but is sold on positive guarantee. Do not fail to go to your druggist and ask for your money if not satisfied. We known you will go and buy another bottle. For sale by all druggists.

WHERE THEY FIGHT.

The Chilian Revolutionists Issue a Startling Manifesto.

NEW YORK, Aug. 15.—The last mail from Panama brings a copy of a manifesto issued by the executive council of the Chilian revolutionists June 15 last. The manifesto accuses Balmaceda of lying when he stated that men of war of every nation were in pursuit of the insurgent vessels, and had captured some of them. The acts of Balmaceda, both military and civil, are mentioned in a sarcastic manner. Speaking of Balmaceda's policy, the manifesto adds:

"The dictator squandered $20,000,000 left in the national vaults by previous administrations. He emitted $12,000,000 in paper money, and has recently been authorized by his so-called congress to get $6,000,000; and besides all this he used $20,000,000 unfairly appropriated from the issues of the banks. This vast amount should have been used to purchase war material with which to resist revolution, but has been spent in paying spies and bribery. Naturally and logically the credit of Chili will suffer in foreign markets from the effects of such proceedings. Three things are needful that opposition may speedily reach the desired end: First, to put land forces in motion; second, to perfect the organization of forces; and third, to attack tyranny in its own locality.

"The first two have already been accomplished. It only remains now to attack the tyrant in his den, and the hour draws near. The dictator, contemplating the fate that threatens him, has essayed a new intrigue to delay the evil day, and has proposed an armistice to the congressional party through the American admiral. The leaders of the revolution regarded it with contempt. We ask our friends to have entire confidence in the outcome."

OREGON PRESS ASSOCIATION.

The Call for its Annual Session Which Will Soon Come.

The annual session of the Oregon Press Association will be held at Astoria, August 27, 28 and 29. We desire to make this the banner meeting of the association. It is to be devoted strictly to business, and various subjects of vital importance to Oregon newspaperdom will be brought before the association. Never before has there been such an opportunity for Oregon newspaper men to make their mark in the business world as at present. Every newspaper should be represented, and those who fail to attend will regret it for years to come. Members should reach Portland by Wednesday evening, August 26, in time to take the night boat for Astoria. By advising me at once, proper arrangements for sleeping accommodations at Astoria and on the boat will be made for members. Junketing tours will not be permitted to interfere with the business of the session, although Saturday afternoon the great Columbia river jetties will be inspected, and Sunday will be spent at the seaside. All will be landed in Portland in ample time for the earliest trains Monday morning. The attendance of every member is earnestly requested. Oregon newspapers will please publish this call. L. SAMUEL, President Oregon Press Association

KILLED BY A METEOR.

Terrible Death by a Shot from the Sky.

BINGHAMPTON, N. Y., August 15.—It is reported that Thomas Lucas was killed by a falling star at a small hamlet in Elk county, Pa. Lucas' little daughter aroused the neighbors, and a party repaired to his home. Directly over the bed was a large hole in the ceiling, and the plastering was scattered in all directions. On the bed lay the mangled form of Lucas. His head had been partially torn off. On the blood-stained pillow lay one eye and several teeth, while blood and brains besmeared the headboard. A big hole was burned through the bed clothing, and piercing the floor. The floor boards were removed, and, embedded in the earth, was found a large piece of rock, weighing fully twenty-five pounds, which was yet warm. This confirmed the belief that the house had been struck by a portion of an exploded meteor.

Lousy Hops.

A correspondent to the Engene Journal takes a gloomy view of the situation. He says the hop louse has already begun working on the hops and growers tell us that they have found hops turning black and rotting from the effects of the louse. If such is the case the chances for the hop growers are very poor this year. Last year the louse did not begin working on the hops until about picking time and then a large quantity of hops were spoiled before they could be saved, and as the louse has already begun working on the hops this year the chances are that the hops will be spoiled before they are ready to pick. Mr. Jas. Ebbert tells us that he found hop lice away up the McKenzie on a lone hop vine twenty five or thirty miles from any hop yard. He also says he has found them on on the leavs of maple trees. If the hop louse has come to stay the hops must go.

A Wonderful Lily Pond.

Twelve miles north of Norwich, Conn., is one of the most wonderful lily ponds in America. It is a lake one mile in diameter, so closely grown with lilies that during the blossoming time it is hard to get a glimpse of the water. When the wind is strong and the lilies are open the perfume of them is perceptible a quarter of a mile from the brink of the pond. So thick are the lilies and in such tangled masses that it is almost impossible to propel a boat in the pond, and the lily gatherers have to wade for them in hip rubber boots. Not only are the lilies extraordinarily plentiful, but the blossoms are more regal, perfect, lustrous and of deeper hue than in other ponds.

Important Decision.

Acting Secretary Chandler has rendered a decision which will materially change the practice of the department as to agricultural entries which are subsequently found to be mineral in character. The acting secretary holds that "in order to defeat the agricultural entry on the ground of the mineral character of the land, it must be shown that the mineral was known to exist at the time of the entry." Heretofore it has been the practice to conceal such entries when the mineral was discovered prior to the issuance of the patent.

New Venture.

The Hillsboro Democrat is a new newspaper venture, just come to hand. Sanford, of the late Jefferson Review and Phelps, of the Halsey News are responsible for it, and got out a very neat looking paper; bright and newsy. As its name indicates, it will advocate democracy.

WHEAT IS GOING UP.

World-Wide Agitation on the Question of Breadstuffs.

FARMERS WILL MAKE MONEY.

Indescribable Scenes of Excitement in Chicago—A Strong Foreign Market and High Prices Prevail.

CHICAGO, August 15.—December wheat opened with a continuation of yesterday's wild scenes. Strong cables continued to affect the market. Those who sold wheat around to 6 yesterday, thinking the culmination had been reached, rushed into the pit to cover at any terms to stop the loss. Orders from New York and St. Louis for shorts came pouring in, and altogether there was a wild scene. All sorts of prices were bid and accepted in different parts of the pit at the same time. Within two minutes after the bell tapped, all the way between $1.01⅝ and $1.02⅞, with some trade possibly at $1.03, were paid. The flood of selling orders caused a break to $1.04¾. There was a rally at $1.02, then another break to $1.01½ and an advance to $1.02½.

About 10:15 another bull wave swept over the wheat pit, and amid indescribable scenes of excitement the price was put up by halves and quarters to $1.05¼ within three minutes. This bulge it is understood, was the result of buying in for the account of the shorts who failed to respond to the margin calls. When these wants were satisfied there was a quick reaction to $1.03¼, and at 10:30 the price was $1.04½.

After 10:30 the furor subsided somewhat, at least for a time, and the fluctuations were narrow. Then another advance set in, and the price rose to $1.09 about 11 o'clock. Ten minutes later it dropped to $1.08. Other markets were lost sight of in the excitement in wheat. Russia, France, Germany, Austria, Hungary and India have short crops. All the foreign markets are excitedly higher, and as America is the only country which has full crops, she counts on profiting by the European and Asiatic scarcity. This, in brief, seems to be the sentiment prevalent on the board here. As the session drew toward the close, traders were desirous of evening up their trades. The consequence was that from the extreme high point of $1.09, the market broke off to $1.05¾.

There was a rally in December wheat to $1.06½, at which point it closed.

BERLIN, Aug. 15.—The grain market here is very excited. August wheat has advanced 14 marks and 50 plennigs from yesterday's closing price. It now being 244 marks. September and October has advanced, and is now quoted at 237 marks, 50 plennigs, a rise of 12 marks from yesterday's closing. The North German Gazette, the official organ of the government, to-day says that the government will resolutely adhere to its decision to make no reduction in the duties levied upon grain imported into Germany.

BERLIN, Aug. 15.—After many fluctuations the market closed strong. August wheat closed at 242 marks; September and October, 235 marks.

CONTEMPTIBLE RASCAL.

Brutal Treatment and Robbery of a Poor Girl.

BALTIMORE, Md., Aug. 15.—Had it not been for the timely arrival of a policeman this morning, the enraged residents of Central avenue, near Bank street, would have made short work of Maurice Sikes, of Howard county. He is now at the eastern station charged with assaulting and robbing Rachael Koplen, a comely Jewess, whom he had engaged as housekeeper. Her story is that Sikes came to her room one morning and smothered her cries by placing a pillow over her head. To prevent her from coming to Baltimore, Sikes broke open a drawer in her room and stole $25 that belonged to her and refused to give her a cent. He kept her imprisoned for a month. She at last succeeded in getting $1.05 from one of the neighbors and escaped to this city, going directly to the home of her uncle.

Mr. Sikes discovered the girl's escape and followed her. The girl had told her story, and when Sikes entered the house this morning he was pounced upon and a terrible beating was given him. He fled into the street. Then the neighbors took a hand and Sikes ran for his life with sixty people in pursuit, who threw stones and sticks at him. The cries of "kill him" attracted a policeman, and Sikes was glad enough to obtain refuge behind prison walls. At the hearing this afternoon, after the girl told her story, Sikes had nothing to say other than he had intended to marry the girl. Sikes is a middle aged man and is said to be married.

ENGLISH LABORERS.

Thousands Thrown Out of Employment—Famine Threatened.

LONDON, Aug. 15.—Owing to the depression in the iron trade, operations at many principal iron works in the Cumberland district have been suspended for some time past, and the inability of the workmen to procure employment is causing most acute distress. Six thousand have been thrown out of employment by the stoppages of works and a large number of them have earned nothing for years. The outlook for the coming winter is gloomy. Hundreds of families near the iron works are on the verge of starvation. So serious has the situation become that the authorities have decided to start public works to give employment to the many idle men in the district, and thus avert the famine which is threatened.

MORE OF THE STORM.

Later Reports Give Particulars of the Damage Done to Crops.

ST. CLOUD, Minn., Aug. 15.—The storm proved to have been more serious than at first supposed. All corn and standing grain in its path is utterly ruined. Hail stones crushed them to the ground, and the grain in shocks has also suffered severely. Many fields were badly bruised and cut about the head by hail. In some places the hail is fifteen to twenty inches deep on a level. Windows on the exposed side of the houses were smashed. No conservative estimate can be made of the damage accomplished, but it must be heavy.

WILMAR, Minn., Aug. 15.—The hailstorm which passed over the eastern portion of this county cut down standing grain. The storm was furious. The storm was furious. It rooted up trees and broke down sheds. The hail broke a number of windows.

THE IRISH TENANTS.

They Propose to Purchase the Lands They are Occupying.

LONDON, Aug. 15.—The first large estate in Ireland to come under the operations of the Irish land-purchase act is that of Lord Lurgan, which is situated in County Armagh and County Down. Agreements have been entered into between his lordship and his 806 tenants living upon his estate, by which the latter agree to purchase the property under the provisions of the land purchase bill. The price agreed upon is £235,000.

He Was Determined to Die.

SPRINGFIELD, Ill., August 15.—Private R. J. Kasselaman, of B company, Fourth infantry, now in annual camp here, made a desperate attempt at suicide to-day. He had been despondent for a couple of days, and was reprimanded by his captain this morning for something. Going to his tent, he tried to get a razor, but his tentmates prevented him. When the captain was notified, he sent a guard to arrest Kasselaman, when he rushed behind the tent, placed a bayonet in the ground and repeatedly threw himself upon it, inflicting eight painful wounds in the chest. Finding the bayonet did not penetrate his blouse readily, he raised the blouse and drove the weapon into his abdomen. He will die.

Stock Operator Collapses.

ST. LOUIS, Aug. 15.—The failure of John Thyson, the extensive operator on 'change, was announced after the close of the exchange to-day. "I do not know how I stand," said Thyson. The trouble with me was I had too many contracts on hand and I fell in the gap. No, I am not short; that is only suspension."

Prominent Clergyman Dead.

TROY, Aug. 15.—Rev. Dr. Hopkins, one of the most distinguished clergymen of the Protestant Episcopal church, is dead. His age was 71.

A Point to be Decided.

"Yes, the ceremony has been performed and John and Mary are one."

"Indeed? Which one?"

"Well," answered the father of bride, "from what I know of Mary's mother, I should say—but, ah! here she comes."

"Baked Milk"-A Wholesome Drink

It is said that milk is made especially nutritious if it is put in a jar and stood in a moderately hot oven for eight or ten hours. It is then called "baked milk," and has become thick and creamy.

Beautiful Women.

The magical effects of Wisdom's Robertine as a beautifier and preserver of the complexion have been attested by thousands of leading ladies of society and the stage. It is the only article ever discovered which gives a natural and beautiful tint to the complexion, removing tan, sunburn, freckels and all roughness of the face and arms, leaving the skin soft, smooth and velvety. All remark on its delightfully cooling and refreshing properties, a distinction not found in any other similiar article known, For sale by Foshay & Mason.

Delinquent Tax Notice.

School taxes are now delinquent. The clerk is making out the delinquent list which will be in the hands of the sheriff as soon as completed. Those who have not paid, had better do so before costs of collection are added. Last notice.
