Manufacturer of Choice Cigars

—AND DEALER IN—

### FINE IMPORTED AND KEY WEST

Cigars Plug and Smoking Tobacco, Meerschaum and Briar Pipes, full line of Smokers' Articles, set to Pfeiffer's candy store, Albany, Oregon.

### Notice to Water Consumers.

Water is being wasted to such an extent and so unnecessarily that we are obliged to enforce a strict observance of the rule in regard to hours for sprinkling, viz: From 5 to 9 A. M. and from 6 to 10 o'clock P. M., and to caution all users of water to guard against leaks from faucets or other fixtures. The continuous running of water through closets or other streams, or permitting hose streams or sprinklers to run all night, will be deemed sufficient cause for shutting the water off from premises where allowed without further notice.

Albany, O., July 18, 1891.

A. C. W. T. & L. Co., Cashier.

### TO CURE FEVERS.

Do you know that Moore's Revealed Nerve is the only patient medicine in the world that does not contain a drop of alcohol; that the mode of preparing it is known only to its discoverer; that it is an advance in the science of medicine as to the method of getting the water off from the system; that its proprietors offer to forfeit \$1,000 for any case of dyspepsia it will not cure?

Thus, drink has just received some of the finest bougies ever brought to Albany, and he is selling them at a close margin.

FIRST STREET, ALBANY, OREGON.

### A MYSTERY UNRAVELED.

The papers contain frequent notices of rich, pretty and educated girls eloping with negroes, tramps and coachmen. The well-known specialist, Dr. Frank, says all such girls are more or less hysterical, nervous, very sensitive, unbalanced; usually subject to headache, neuralgia, sleeplessness, immoderate crying or laughing. These show a weak nervous system for which there is a remedy equal to Restorative Nervine. Trial bottles and a book, containing many marvelous cures, free at Standard & Cusick & Co., who also sell, and guarantee Dr. Frank's celebrated New Heart Cure, the finest of heart tonics. Cut 30 flitting, short breath, etc.

### CATARH.

The ablest physicians of the present age recognize catarrh as a blood disease which aggravates the mucous surfaces. Moore's Revealed Nerve purifies the blood, restores health to the affected system, stops offensive discharges and corrects the breath. For sale by all druggists.

### HEIGHT OF CURVE.

Nervous women seldom receive the sympathy they deserve. While often the pictures of health, they are constantly ailing. To withhold sympathy from these unfortunate is the height of cruelty. They have a weak heart, causing shortness of breath, fluttering, pain in side, weak and hungry spells, and finally swelling of ankles, oppression, choking, smothering and dizziness. Dr. Miles' New Heart Cure is just the thing for them. It cures nervousness, headache, weakness, etc., his Restorative Nervine is unequalled. Fine treatise on "Heart and Nervous Diseases" are marvelous testimonials free and guaranteed by Standard & Cusick.

### THE PILLET AND STAGE.

Rev. F. M. Shront, Pastor United Brethren Church, Blue Mountain, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery for Consumption, and am now well, gaining 25 lbs. in weight."

Arthur Love, Manager Love's Funny Folks Combination, writes: "After a thorough trial and comparison with other remedies, I feel that Dr. King's New Discovery for Consumption, beats 'em all, and cures when everything else fails. The greatest kindness I can do my many thousands of friends is to urge them to try it." Five trial bottles at Fosby & Mason, Drug Store. Regular sizes 50c, and \$1.00.

### REMARKABLE RESCUE.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by the best physicians, but grew worse. He told her she was a hopeless victim of consumption and that no medicine would cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself better. She continued to take until she was cured. Her trial bottle cost her only 25c. Five trial bottles at Fosby & Mason, Drug Store. Regular sizes 50c, and \$1.00.

### SPECULATION DANGERS.

Scarcely a day passes without the wires—the usual rushing speculation in stocks or some equally dangerous venture. The same electric current that has brought about the sad tidings of death of loved ones—too often the result of speculation in patent nostrums. Moore's Revealed Nerve is no speculation; but is a solid positive guarantee. Do not fail to go to your druggist and ask for your money if not satisfied. We know you will not buy another bottle. For sale by all druggists.

### The Celebrated French CURE

Warranted to cure or money refunded.

It is a French Preparation for the cure of all kinds of Gonorrhea, Syphilis, and other venereal diseases. It is a French Preparation for the cure of all kinds of Gonorrhea, Syphilis, and other venereal diseases. It is a French Preparation for the cure of all kinds of Gonorrhea, Syphilis, and other venereal diseases.

### THE APHRO MEDICINE CO.

Western Branch, Box 27, Portland, Oregon. For sale by Fosby & Mason, who sell and retail druggists, Albany, Oregon.

### STATE AND COAST

#### The Effect of the Flurry in Wheat on the Salem Market.

ANOTHER INSANE PATIENT.

Heart Disease Closes Two Lives—Articles Incorporating the Harrisburg Water Company Filed.

SALEM, Aug. 17.—The flurry in wheat at Chicago had no visible effect on the market here. About three thousand bushels were received at the mill to-day. Saturday night the market advanced to 78 1/2 to 80, at which figure it remains firm. Ten thousand bushels were contracted for here at that figure Saturday. Wheat has scarcely commenced coming in, and no shipments out. The mills consume all.

James Simon, of South Prairie, was found dead in bed this morning, having died from heart disease during the night. Mrs. J. S. Snider, of Yew Park, also died of the same complaint yesterday.

H. M. McNary, a long time resident of Oregon, died at his home in this city this afternoon.

Wm. Chenoweth was to-day committed to the asylum for the insane. He is aged 43 years and is suicidal and homicidal.

Articles of incorporation were filed with the secretary of state to-day as follows: Coos Bay Fair Association, of Marshfield; incorporators, J. M. Bennett, James E. A. Anderson, F. S. Minott, C. W. Tower, F. P. Morton, E. G. Flannagan; capital stock, \$3050 each.

The Harrisburg Water Company, of Harrisburg; incorporators, H. A. Deane, Samuel Lay, Danion Smith, Perry Hyde and E. E. Upmyer. The object is to bring the water from the McKenzie or the Willamette to Harrisburg. Capital stock, \$16,000.

Supplementary articles of the Oregon Lumber Company, to be removed from Perry to La Gracde. R. Smith, F. S. Stanley and F. S. Richardson, directors.

### CASE OF BIGAMY.

Traded Her Husband, for the Hired Man.

PORTLAND, Aug. 17.—The first bigamy case which has started the habits of the police court for many months came up for hearing to-day, but was continued until Friday. Elizabeth Wood, the wife of Joseph Wood, a well-to-do farmer residing near Montesano, became infatuated with a farm hand named John Hastings and eloped, coming to Portland. They registered at the Washington house and after living several days as husband and wife they determined to get married. The same day Hastings performed the ceremony with the woman a bigamist. Wood followed to Portland with his two children and caused the woman's arrest.

### TELEGRAPHIC POINTS.

The story is published that the accident to the emperor of Germany was caused by a scuffle with the officers of the vessel on which he sailed, during an attempt on his part to secure command, while he was under an attack of lunacy, in fact a raging maniac.

An attempt has been made in London to have all insurance paid to the undertaker but without success. The object was to put a stop to the practice, said to be prevalent, to let children die of neglect in order to obtain the insurance upon their lives.

Since the recent drownings at Clatsop and Uvaco, the matter of having out life lines to protect the sea bathers has become one of active operation instead of theoretical talk. The lines are going in as fast as possible, and all the devices for saving human life in such places will be placed at the disposal of the bathers. It seems, however, a case of locking the door after the horse is stolen.

J. Finley Hoke, the notorious Peoria forger, who got away with \$180,000 belonging to the Merchants' National bank, of that place, where he was employed as book-keeper, was re-arrested at the penitentiary by Sheriff Berry, from Peoria. After being taken from the prison, Hoke was locked up in the Will county jail, awaiting a midnight train on the Rock Island road. There are nineteen indictments against Hoke, and were he to be tried on all he would have to be a double centurion to serve out his time.

In San Francisco on Sunday two desperate ex-convicts, Taylor and Gordon, attempted to kill Archie Salisbury at the corner of California and Kearney streets. Three years ago Salisbury was a witness against them, when they were convicted of burglary and sentenced to San Quentin. They secured their release from the penitentiary two weeks ago, and the matter of search of Salisbury was the avowed intention of killing him. When they overtook him on Kearney street this morning Gordon drew a dagger and Taylor a pistol. They sprang upon their victim and Taylor struck him on the forehead with the dagger. The blade struck Salisbury on the

EXCURSIONISTS MEET DEATH.

The Carelessness of Employees Causes a Paris Express Train to Dash Into an Excursion Train.

BERNE, Aug. 17.—A terrible accident, resulting in the instant death of twelve persons and serious injury of many others, some of whom will probably die, occurred on the Tura-Simpson railway, near this city. A special excursion train conveying hundreds of villagers from the surrounding country to witness the feats in connection with the 700th anniversary of the foundation of the city of Berne, was stopped at a siding a short distance from its destination, in order to allow the regular Paris express to pass. The engineer of the express, as nearly as can now be ascertained, had not been notified of the fact that an excursion train was on the track ahead of him, and the conductor of the excursion train seems to have neglected to send a signal man back to protect the rear of his train while the shunt was being arranged. The express, running at high speed, came upon the excursion train so suddenly that the engineer's efforts to check its speed and avoid disaster were unavailing. The heavy express dashed into the rear of the excursion train, demolishing the hindmost coach and forcing its way partly through the next one. The rear coach happened to be an empty one, which was intended for passengers to be taken on at another station. The guards in charge of it were killed, but the presence of this car doubtless saved the lives of many occupants of the other coaches. As it was, the passengers in the second coach were nearly all killed or injured. Trainsmen, assisted by the passengers who had escaped injury, set to work immediately to rescue the unfortunate who were imprisoned in the wreck.

LATER.—The total number of deaths thus far reported is thirteen. Eighteen persons are seriously injured, the majority of them requiring surgical treatment, and some of these are likely to die. Thirty others are less seriously hurt. Several of the dead are so mangled as to be beyond recognition.

### NEGROES VS. CHINESE.

A Plan for the Pacific Coast Laborers.

NEW YORK, Aug. 17.—A Herald editorial says: "There is a good deal of good sound horse sense in the plan for colonizing a large number of negroes on the Pacific slope. Senator Stanford is said to be interested, and it is predicted within the next twelve months that 50,000 or more colored people may find employment and homes in California. In any event the scheme is under full headway, and will have a fair trial. The climate out yonder is peculiarly genial, and particularly adapted to the negro constitution. California is in need of laborers, and can give them steady work and fair living wages, as the Chinese are neither like nor trusted."

### A PLUNGE INTO THE SEA.

Fearful Fall of an Aeronaut From a Balloon.

ROME, Aug. 17.—The aeronaut who made the ascent at Montecitorio with a terrible death. The large crowd of people assembled to witness the ascent were watching the balloon sail gracefully away to the eastward when they were horror-stricken to see the aeronaut fall from his car and plunge rapidly downward from a dizzy height. At the time of the accident the balloon was over the Adriatic, though the point from which it had been sent up was some miles inland. The unfortunate aeronaut fell into the sea and perished, while the balloon relieved of his weight, soared away and was speedily lost to view.

NEW METAL DISCOVERED.

Has Very Valuable Properties and Will Prove Highly Useful.

PITTSBURG, Aug. 17.—A series of experiments by Thomas Harrison, of this city, into the properties and uses of nickel, steel and manganese bronze, resulted in the discovery of a new metal. The chief characteristics of the metal are that it obtained very high tensile strength is indestructible, being impervious to acids, and that it can be wrought into spikes, nails, etc., while either hot or cold.

Yemout Centennial.

BENNINGTON, Aug. 17.—The centennial anniversary of Vermont's admission into the Union and the dedication of the Bennington monument will be celebrated this week at Bennington. The streets are extensively decorated with flags and bunting and moomoth crests span the principal thoroughfares. The Soldiers' Home grounds have been transferred into a camp and the Vermont National Guard has occupied it for an eight days' encampment. The Vermont society of the Sons of the Revolution has established headquarters in the Soldiers' Home grounds in a canvas pavilion. There will probably be 7500 men in the procession. It will form at 9 o'clock and move at 10 on Wednesday, being dismissed at the monument, which will be transferred to the state with appropriate exercises. President Harrison will speak. A banquet and reception by the president will follow.

Killed His Hostler.

CLEVELAND, Aug. 17.—Andrew W. Oppman, president of the Oppman Brewing company, had an altercation with one of his hostlers, Fred Seigel, last night. After knocking Seigel down, Oppman beat him severely. Seigel was taken to the hospital and died this morning. Oppman is held under a charge of murder.

### WAR MATERIAL SEIZED.

Prospects of a Little Trouble Over Contraband Articles.

NEW YORK, Aug. 17.—Advices from Carthage, United States of Columbia, state that a dispatch has been received there from Curacao, of the Dutch Antilles, announcing the seizure of government and other articles of war material from a cargo of munitions of war destined for Hayti. A portion of the cases containing war material had been partially sunk in the sea. These the government officials raised by dredging, while the rest of the cargo was in the hands of the bark. The whole was deposited in the arsenal there.

Arizona's New Lake.

SAN DIEGO, Aug. 17.—H. W. Patton, who undertook the expedition to determine the source of the Salton sea, going from Yuma down the Colorado river to the break in the banks, is in the city. He says he is positive the lake will be permanent. At present it is falling, but each slight rise in the river adds to the volume of water in the lake, and now that a well defined channel has been washed out, the water from the river would flow directly to the lake instead of spreading all over the country before finding its way to the basin.

Schooner Blown Up.

SAN FRANCISCO, Aug. 17.—An attempt, the cause of which is a mystery, was made last night to blow up the schooner Annie Larsen while lying at the wharf. A bomb was placed on a stringer and fired with a fuse. The explosion tore a large hole in the stringer and filled the schooner's deck with splinters, but she escaped injury. The cook was the only one on the vessel at the time. The Annie Larsen recently arrived from Caleta Buena with nitrate.

An Important Enterprise.

About \$38,000 has been raised for investment in the hosiery and underwear factory, to be located at Waterloo, Linn county. The factory is to come from Oakland, Cal. Should the citizens of old Linn, in the vicinity of Waterloo, succeed in securing the factory it will be the means of booming that section of country besides giving employment to quite a number of persons. We hope they will succeed.—Portland Dispatch.

Wheat in France.

PARIS, Aug. 17.—The wheat crop of France is estimated at 90,000,000 hectolitres, leaving a deficiency of 32,000,000 hectolitres. Owing to this fact the customs surtax on wheat will be extended for one year.

Bank Receiver Appointed.

WASHINGTON, Aug. 17.—The comptroller of the currency today appointed William T. Takinson, of Hutchinson, Kan., receiver of the First National bank of Kansas City.

Southern Oregon Melons.

ROSBURG, Aug. 17.—Two citizens who have just returned from a tour of inspection in the Rogue river valley say that the yield of melons will surpass any former season by one-third.
