H. GREGG,

A Perfect Baking Powder.

The constantly growing demand for Dr. Price's Cream Baking Powder, the standard cream tartar powder for forty years, is due to two causes.

FIRST:-The extreme care exercised by the manufacturers to make it perfectly pure, uniform in quality, and of highest raising power.

SECOND:-The recent investigations exposing the fact that certain other brands of baking powder contain ammonia and still others that were found to contain alum. These unscrupulous manufacturers are being found out, and the consumers are giving them a wide birth.

Nothing is left to chance in the manufacture of Dr. Price's Cream Baking Powder. Chemists are employed to test every ingredient as to purity and strength. Hence; its marvelous purity and uniformity. Each can is like every other. It never dissapoints. BEST is ALWAYS the CHEAPEST.

Dr. Price's Cream Baking Powder is reported by all authorities as free from Ammonia, Alum, or any other adulterant. In fact, the purity of this ideal powder has never been ques-

The Usual Budget of News from the State Capital,

The Railroad Commissionerers Take

Action in the Matter of the Union Pacific Freight Rates.

SALEM, Aug. 20.—To-day was the third day of the Oregon annual M. E. conference. The examination of minutes was conducted by T. P. Boyd, Abraham Hager and E. M. Prangel and admitted. The three to ell conference questions voted on were: First, "shall women be eligible as lay delegates to the electoral and general conference of the M. E. church." The onference voted yes with a majority of nineteen. Second, "said delegates shall be men or women," carried by a majority of eighteen. Third, "Itere shall be as many lelegates for annual conference as ferred to the African conference. Jas. W. Cornelius was brought to the asylum for insanity to-day. He is aged 35 years and is demented on the subject of electricity and the Canadian laws.

ACTION OF THE BAILROAD COMMISSION Oregon state board of railroad commissioners took action in the matter of the Union Pacific freight rates. The company sent repreentatives before the commission protesting against the adoption of the new rates and also making a complaint against their immedi ate enforcement and asked the board for fifty days to collect data but this request was refused. The tariff sheets adopted by the board go into effect not later than Sepember 1st. The board thought the rates unreasonable and more than a just compensation. The new rates are a reduction on an average of not less than 33 per cent. on grain and mill stuffs and probably about 15 per cent. on horses, muies, etc. in car load lots. The Union Pacific will contest.

ACCIDENTALLY SHOT.

For Want Attention, a Man Bleeds to Death.

New York, Aug. 20.—The last day of the Platt Deutsche fest at Union Hill was marked by bloodshed. About 6 o'clock last evening several visitors to the fest were shooting at the ranges. A crowd Prineville and Canyon City stage of boys was dangerously near the targets, and John Shurer, one of artery. A crowd gathered around the wounded man, but no one seemed to know enough to stop the flow of blood. The only concern was to get Shurer to the Hokoken hospital, At Nineteenth street the ambulance from the city was met, and Shurer was transferred to it. He was hurried to St. Mary's hospital, but just as he was placed on a cot he died. The physicians say an artery was severed, and that Shurer bled to death. He was an ex-policeman of Union Hill, and leaves a family. It was not known who fired the shot.

DEATH IN A TORNADO

A TERRIFIC CYCLONE SWEEPS OVER A FRENCH ISLAND

Sixty Deaths are Recorded as the Hurricane's Work --- Numerous Plantations Were Destroyed.

Paris, Aug. 20. -Official advices received here this afternoon announce the calamity which visited Martinique the most severe since the year 1817. So far as can be learned there are nearly, if not quite, sixty deaths as the result of the hurricane's visit, but it will be some time before the full ex-

tent of the disaster is known. At Fort De France alone there were twelve lives lost, and at both Fort De France and St. Pierre, to say nothing of the country dis-

At St. Pierre five persons are known to have been killed, but it is feared this number does not represent the entire loss of life in be capital. Communication with different parts of the island was never an easy matter, and it is excessively difficult to get detailed news at present. As the reports from various sections reach St. Pierre, it becomes evident that the extent of the hurricane's devastation has not been much exaggerated. Destruction of property and loss of life is reported from all

parts of the coast. The latest report received at St. Pierre from Lamentin shows ten victims at that place alone, in addition to a large number injured. less, severely injured.

The damage done to the shipping and property is enormous. About two-thirds of the island was under cultivation, and the mountain slope was covered with forests. All cultivation and all the forests in the path of the hurricane appear to be swept away. Numerour, sugar, coffee, cotton and cocoa plantations, which have felt the force of the tornado, seem to have been utterly destroy

The Bienfailur and Ned White are two of the ships which are among the twenty reported lost.

MILWAUKEE, Wis., Aug. 20.—conferring of the palliam of Archbishop F. X. Kaiser, successor of the late Archbishop Ziss, took place to-day in St. John's cathedral, in this city. Cardinal Gibbon was bearer of the vestment and he conferred it in person. Tae occasion was given unusual interest by the presence of no less than 700 prelates and priests representing almost every state in the
