WOODWORKING—A. H. Howard having purchased the Dr. W. Jones wood yard, is now ready to fill all orders. Leave orders at residence, or at Second and Calapooia streets, or Deane & Froun's.

Have you smoked KASTOFF in your pipe?

For eight years I have suffered from catarrh, which effected my eyes and hearing; have employed many physicians without relief. I am down on my second bottle of Ely's Cream Balm, and feel confident of a complete cure.—Mary C. Thompson, Cerro Gordo, Ill.

We are the only people who carry the celebrated E. & W. collar and cuffs. Always have the latest styles in stock. T. L. Wallace & Co.

TO GOOD TEMPLERS. Do you know that Moore's Patent Remedy is the only patent medicine in the world that does not contain a drop of alcohol; that the mode of preparing it is known only to its discoverer; that it is an advance in the science of medicine without a parallel in the nineteenth century; that its proprietors offer to forfeit \$1,000 for any case of dyspepsia it will not cure?

Thos. Brink has just received some of the finest lounges ever brought to Albany, and he is selling them at a close margin.

University of Oregon—AT EUGENE. Next session begins on Monday, the 21st, day of September, 1891; tuition, free. Four Courses: Classical, Scientific, Literary, and a short English course, in which there is no Latin, Greek, French or German. The English is practically a business course. For catalogues or other information, Address J. W. JOHNSON, President.

CITY DRUG STORE—STANFORD & OSBICK, Props., PEPPER BLOCK, ALBANY. Dealers in DRUGS, MEDICINES, CHEMICALS, FANCY and Toilet articles, Sponges, Brushes, Perfumery, School Books, and Artists' Supplies.

Physician's prescriptions carefully compounded.

H. GREGG, Tailoring & Repairing. Men's and Boys' clothing made to order or cleaned and repaired on short notice and reasonable rates. Shop on the street car line, between Third and Fourth streets.

A Perfect Baking Powder.

The constantly growing demand for Dr. Price's Cream Baking Powder, the standard cream tartar powder for forty years, is due to two causes.

FIRST:—The extreme care exercised by the manufacturers to make it perfectly pure, uniform in quality, and of highest raising power.

SECOND:—The recent investigations exposing the fact that certain other brands of baking powder contain ammonia and still others that were found to contain alum. These unscrupulous manufacturers are being found out, and the consumers are giving them a wide berth.

Nothing is left to chance in the manufacture of Dr. Price's Cream Baking Powder. Chemists are employed to test every ingredient as to purity and strength. Hence; its marvelous purity and uniformity. Each can is like every other. It never disappoints. BEST is ALWAYS the CHEAPEST.

Dr. Price's Cream Baking Powder is reported by all authorities as free from Ammonia, Alum, or any other adulterant. In fact, the purity of this ideal powder has never been questioned.

I am an old man and have been a constant sufferer with catarrh for the last ten years. I am entirely cured by the use of Ely's Cream Balm. It is strange that so simple a remedy will cure such a stubborn disease.—Henry Billings, U. S. Pension Att'y, Washington, D. C.

For eight years I have suffered from catarrh, which effected my eyes and hearing; have employed many physicians without relief. I am down on my second bottle of Ely's Cream Balm, and feel confident of a complete cure.—Mary C. Thompson, Cerro Gordo, Ill.

STATE AND COAST

A New Budget from the State Capital.

STILL ANOTHER DROWNING.

The Little Daughter of E. J. Curtis of Portland, the Latest Victim—It Occurred While Bathing.

ALBANY, Aug. 22.—At the session of the Oregon annual M. E. conference today a vote was taken and decided the meeting next year at Centenary church, Portland. Other applicants, Albany and St. Pauls church, Portland. Majority and minority reports of the university matter, tabled.

The afternoon session was devoted to hearing the reports of the treasurer and several committees; reports adopted. Report of the treasurer of the Women's Home Missionary Society showed collections to the amount of \$920.85. Revs. Eshong and Ross Taylor addressed the society.

At a meeting of the Marion County Fruit Growers' Association this afternoon it was decided positively to construct a fruit palace for the state fair. It will occupy a slightly spot on the fair grounds, having been located midway between the pavilion and the main entrance gate. The palace, in shape, will be built octagonal. The building will be sixty-two feet in circumference, or twenty-two feet from side to side. There will be something artistic, novel and unique about this palace. Its roof will be varicolored apples, pears, plums and grapes, and the entire exhibit will be prepared with an eye to the beautiful.

DROWNED WHILE BATHING.

Another Party of Portlanders Meet a Sad Fate.

HOOD RIVER, Or., Aug. 22.—At 1 o'clock this afternoon Mrs. T. J. Watson came running into Hood River, crying: "Run they are all drowned!"

Being frantic with excitement, little information could be obtained from her except that a large party, including herself, all Portland people, while bathing in the lake one and a half miles from town, had overturned a raft they were using and all except herself had been drowned.

She being able to swim seemed in regaining the raft and paddled to shore. She stated there were several small children on the raft, but no names were recalled. A large number of men have gone to the scene of the accident to attempt a rescue.

LATER.—A section boss has just arrived from the scene of the accident. He says that only one little child was drowned. The rescuing party who went out to the lake have not yet returned, and definite particulars will not be learned until their return.

The remainder of the party were saved by the efforts of Mr. Stanley, who, by extraordinary work, succeeded in carrying all but Miss Curtis safely ashore. The body has been recovered.

The girl drowned was the 11-year old daughter of E. J. Curtis, foreman of the Union Pacific shops at Albina.

THE HOT WAVE.

Increased Heat Promised for Oregon and Washington on Sunday.

SAN FRANCISCO, August 22.—The signal service report this morning says: The warm wave still overpreads the Pacific coast states. The cyclonic disturbance noted last evening is now moving very slowly eastward near Vancouver and will reach the coast in a few days. It will have no immediate effect upon the warm wave in California, but will increase the heat in Oregon and Washington.

EASTERN WEATHER.

WASHINGTON, Aug. 22.—Generally cooler and fair weather will be felt to-night near the Texas and the Middle Atlantic coasts. Generally fair and cool weather will prevail over most of the country during Sunday and Monday and likely until Tuesday, perhaps later, especially in the Eastern states.

FIRE IN THE MOUNTAINS.

In Fighting the Flames Several Men Were Burned.

SAN FRANCISCO, Aug. 22.—Yesterday afternoon a brush fire started on the Guadaloupe or Son Bruno mountains in San Mateo county. Within an hour at least 500 acres were burning. At 8 o'clock last night, by which time over 300 men were fighting the flames, nearly 2500 acres had been burned over, destroying miles of fencing, acres of pasturage, many haystacks and sheds for stock. A number of fire-fighters were severely burned about the face and hands. Early this morning the fire was still burning fiercely. There will be numerous losses, ranging from \$500 to 2000 each.

Recognition to Congressman Hermann.

The G. A. R. Post of Myrtle Point tendered a reception to Hon. B. Hermann Tuesday evening. The local assembly hall was well filled. The adjutant of the post opened the exercises with a brief

DEATH IN THE FLAMES

A Frightful Holocaust in New York City.

A BUILDING BLOWN TO ATOMS.

The Explosives Buried Many in the Ruins of the Disaster—Removing the Bodies.

NEW YORK, Aug. 22.—At 12:30 o'clock this afternoon an explosion occurred in the five-story building, 68 and 70 Park Place, occupied by John C. Eberle, manufacturer of mats. The explosion was immediately followed by fire, and in a few minutes the building collapsed.

The fire spread to the adjoining buildings. At the time the explosion occurred, many who work in the building, were at lunch. It was estimated that more than 140 boys, girls, men and women were in the building at the time. Those who saw the catastrophe say the earth trembled when the explosion occurred, and the fire was in the street in a couple of seconds, carried by the force in a wagon to Bladon Springs. There, last night, his friends came to his rescue and a fight took place. Sims escaped, and in the melee Dr. A. P. Pugh, of the posse, and a son of Sims were killed and a brother of Sims fatally wounded.

ILLEGAL DISTILLERS.

Two Men Killed and One Murdered at Their Arrest.

MOBILE, Ala., Aug. 22.—Robert Sims, indicted for illicit distilling, was arrested on Wednesday by United States Marshal W. C. Stribling and a posse, twenty miles from Bladon Springs, in Choctaw county. Sims had to be carried by the posse in a wagon to Bladon Springs. There, last night, his friends came to his rescue and a fight took place. Sims escaped, and in the melee Dr. A. P. Pugh, of the posse, and a son of Sims were killed and a brother of Sims fatally wounded.

Crops in India.

LONDON, Aug. 22.—Official telegrams from India announce that the rain has ceased, and crop prospects are again growing worse.

An Early Frost.

BOONE, Iowa, Aug. 22.—A slight frost fell here this morning, and was reported quite sharp at Denison and Vail.

A BRUTAL CRIME

CHILDREN MURDERED BY UNKNOWN VILLAINS.

Imprisoned in an Old Chest During the Absence of Their Parents—A Mystery.

IMORTON, O., Aug. 22.—George Hamilton and his wife went out last evening to make a business call, and when they returned could not find their three children. The parents supposed they were playing with their little neighbors and paid no attention to their absence. Hamilton grew uneasy after while and began to look for the little ones. The oldest was only 8 years old and the others were 4 and 2 respectively. Returning from the neighbors, and a fruitless search, the parents began to look over the house.

A large tool chest stood in one corner of the outside shed. The mother threw back the lid, screamed and fainted away. Her three children lay dead in the chest. The babe had died first, clutched tightly in the arms of the oldest. The faces of all were blackened and congested. The town was aroused at once and the officers hurried to make an investigation. They found that after the children had either climbed or had been put into the chest, a strong stick had been forced into the lock, thus consigning them to a certain death in a few minutes. The cries of the children of course, had been smothered by the thick sides of the chest. Mrs. Hamilton is almost insane and it is the general belief that the children were deliberately smothered by some fiend. A search of the house revealed nothing disturbed and there was no evidence to point to murder but the tell-tale stick which had locked the children to their death.

The theory is given out that some of the neighboring children had been playing with them and locked them in without realizing the consequences. The idea, however, seems to have been exploded by a close examination of the bodies. They bear evidence of having been roughly handled, as their clothes were torn and their faces bruised, either in very rough play or by being roughly shoved into the death chest. They had evidently suffered much and fought fiercely for their lives. The father says he is sure they were playing in the yard when he and his wife left home.

An inquest will be held to-day. The mystery kept the place awake last night. The neighborhood has all been canvassed, but there is no discovery that other children were playing with Hamilton's little ones during their parents' absence.

A Lawyer Turns Farmer.

FLORENCE, Ala., Aug. 22.—General Joseph Wheeler, a congressman from the Eighth district, joined the farmers' alliance at Hillsboro, Ala., yesterday. General Wheeler is reported as saying that he will forsake the practice of law and devote himself to farming.

Thomas Brink has received a stock of baby carriages which he is offering at prices as low as the lowest, and they are first-class goods.

THE HOLY COAT

It Is Pronounced the Genuine Coat of the Savior.

BERLIN, Aug. 22.—The "holy coat," now on exhibition in the cathedral at Treves, has been examined by a textile manufacturer, who says that when the wrappings were removed the garment was found to be of a material that is not found in the present day. An aged and experienced nun managed to get the fragments together, the material being too much worn to permit the use of needle and thread. The coat is now partly overlaid with the materials in which it has formerly been wrapped, and which having become decayed, cannot be separated from it. The reverse side of the coat has also been examined by Dr. Boeck, of Aix la Chapelle, who stated that it was mounted on bismuth silk, which was a material in use during the first century and never later than the sixth, and which was very costly. In Catholic circles these facts are regarded as proving the authenticity of the relic.

THE ITATA CASE.

New York Merchants to Come to Los Angeles as Witnesses.

NEW YORK, Aug. 22.—John Grace & Co., were to-day served with subpoenas to appear as witnesses in the United States circuit court at Los Angeles in the case of the Itata. The Graces have always denied that they had any connection with the shipment of arms to Chili. "I know nothing about any suit at Los Angeles," said Foxler, "and if I did, I would not say anything about it. We have shipped no arms to insurgents in Chili."

WILL NOT BE CHANGED.

Gen. Miles Disapproves of Consolidating the Militia.

CHICAGO, Aug. 22.—General Miles, in an interview about a scheme to put state troops under orders of the secretary of war, said: "I do not believe in consolidating state troops and forming them into a practicable standing army of 100,000 men and placing them under control of whoever may be secretary of war. Such a measure in my judgment, is ill-advised and dangerous."

AN AWFUL WARNING.

The Fate of a Young Man Who Loved a Pretty Widow.

BALTIMORE, Md., Aug. 22.—There is considerable speculation among the friends of H. Arthur Schlichter as to his whereabouts. He is the son of the Rev. H. H. Schlichter, the first pastor of the Salem United Brethren church at Clifton, but now pastor of a church at Chambersburg, Pa. In March last young Schlichter came to this city. He was converted during his stay at Clifton. Schlichter became acquainted with a number of the young and charming women of that place, many of whom, it is said, were attracted by him. He is a bright young man, of winning manners, fine physique and is very handsome. He went to the Cascade hotel at Buena Vista station, on the Western Maryland railway, a couple of weeks ago,

where he was introduced by the proprietor of the hotel to a widow, who is spending the summer with her two children at the hotel. It is said he became infatuated with her. He was in her company most of the time, and when he returned to Clifton a few days later he displayed a diamond ring which was loaned to him by the widow. On Tuesday last week he declared his intention of going back to the hotel and marrying the widow. From that time nothing has been heard of him. It is understood that the widow has received a letter from him, in which the latter declared his intention of committing suicide because she refused him. She dislikes notoriety, and declines to talk about the matter. She says she does not believe the young man so great a fool as to kill himself for her.

GOLD COMING HERE.

France is Saving Her Gold to Buy Wheat of America.

PARIS, Aug. 22.—The Bank of France is trying to keep gold on hand to meet purchases of American wheat. The governor, in an interview, estimated the payment for wheat at \$20,000,000. But he argues that such a scarcity of gold has frequently happened, and may endure, but the public has no cause for fear.

It is stated by another bank officer that the premium on gold was caused by money changers who had learned that the bank was holding gold, and who collected all the metal they could at small premium, hoping to reap a profit when the wheat arrived.

Killed by the Cars.

PATERSON, N. J., Aug. 22.—The Erie conductors' special excursion, on its return from Shohola Glen last night, plowed through a delivery wagon at Fair street crossing in this city, instantly killing Peter Fannigun, one of the occupants, and seriously injuring another named John Malone.

Both Eyes Gone.

YOUNGSTOWN, O., Aug. 22.—Mrs. John Hare lost her left eye some time since, and while standing in the yard last evening, her right eye burst from its socket, rendering her entirely blind, from the effect of which she lost her
