The Question of the Hour. And one that is frequently asked Mr. Wisdom, "what is it in your Roberline that produces such a delightful cooling and refreshing sensation and adds a most delicate tint to the complexion?" to which we answer: It is a combination of rare and harmless ingredients scientifically prepared. There enters into the composition of this article ingredients which have never before been used in preparations of this kind, hence the effect is so strikingly different from that produced by all other toilet remedies. The powders used in the composition of Roberline are all of the very sweetest and finest division it is possible to produce, further more each and every ingredient must stand the crucial test of chemical purity, insuring freedom from all foreign and deleterious substances. Thus with rare and harmless ingredients it is possible to make all of absolute purity and combined with scientific precision, it is but natural that we should produce a superior article and one that has long been aptly termed the "Peerless Beautifier." Now I am free from this suffering, for at the first symptom of one of these attacks I take a few drops of Moore's Revealed, and that is the end of it. It has also cured me of constipation.
