## Delicious!

**BISCUIT. MUFFINS. WAFFLES. CORN BREAD. GRIDDLE CAKES.**

**DUMPLINGS. POT PIES. PUDDINGS. CAKES. DOUGHNUTS.**

Can always be made with Dr. Price's Cream Baking Powder. And while cakes and biscuit will retain their moisture, they will be found flaky and extremely light and fine grained, not coarse and full of holes as are the biscuit made from ammonia baking powder. Price's Cream Baking Powder produces work that is beyond comparison and yet costs no more than the adulterated ammonia or alum powders. Dr. Price's stands for pure food and good health.

## Go to Matthews & Washburn's for Stoves.

I am an old man and have been a constant sufferer with catarrh for the last ten years. I am entirely cured by the use of Ely's Cream Balm. It is strange that so simple a remedy will cure such a stubborn disease—Henry Billings, U. S. Pension Atty., Washington, D. C.

For eight years I have suffered from catarrh, which effected my eyes and hearing; have employed many physicians without relief. I am now on my second bottle of Ely's Cream Balm, and feel confident of a complete cure.—Mary C. Thompson, Cerro Gordo, Ill.

We are the only people who carry the celebrated E. & W. collar and cuffs. Always have the latest styles in stock. T. L. Walla-e & Co.

**TO GOOD TEMPLERS.**—Do you know that Moore's Reveled Remedy is the only patent medicine in the world that does not contain a drop of alcohol; that the mode of preparing it is known only to its discoverer; that it is an advance in the science of medicine without a parallel in the nineteenth century; that its proprietor offers to forfeit \$1,000 for any case of dyspepsia it will not cure? This, Brink has just received some of the finest lozenges ever brought to Albany, and is selling them at a close margin.

**SPECIMEN CASES.**—S. H. Clifford, New Casel, Wis., was troubled with Neuralgia and Rheumatism, his Stomach was disordered, his Liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Salve, and his leg is sound, and well. John Speaker, Catawba, N. C., had five large Ever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Salve cured him entirely. Sold by Foshy & Mason, Drug store.

## Still We are in the Lead!

Our Summer Stock will be found larger and more complete than ever.

## FURNISHING GOODS,

VELVETS, SILKS, SATINS AND PLUSHES, LADIES' AND MISSES SILK AND KNIT UNDERWEAR, COTTON AND WOOL HOSE, EMBROIDERIES, SILK AND LINEN HANDKERCHIEFS, SCARFS, VEILINGS, SHAWLS, ETC.

**DRESS GOODS WHITE GOODS**—Very attractive lines in new colorings and latest novelties. Anything and everything in large assortment and less variety.

**GOODS FOR SUMMER WEAR**—Latest Styles! High Novelties! Ladies, Misses & Children's.

FIRST STREET, ALBANY, OREGON.

## Albany Collegiate Institute,

ALBANY, OREGON.

September 9, 1891. June 10, 1892

### A Full Corps of Experienced Teachers.

Four departments of study: Collegiate, Normal, Business, Primary. Type writing and Short-hand are taught. For catalogue address, REV. ELBERT N. CONDIT, A. M., President.

## HEATING STOVES AT MATTHEWS & WASHBURN

## STATE AND COAST.

### Two Young Couples Arrested on Their Wedding Day.

**THE BRIDES WERE NOT OF AGE**

Large Shipments of Cattle Made From Montana—The News of the Northwest.

SALEM, Sept. 5.—By each groom swearing falsely as to the age of the others bride to be, two marriage licenses were issued and two marriage ceremonies performed here this morning that were illegal and caused considerable excitement. Two young traveling photographers, Fred S. Bynon and Louis Hechtel, became enamored of Stella Mitchell and Myrtle Durbin, respectively. The girls were each aged about 17 years. They were married here and the couples took the noon train for Albany, where they were arrested. The rooms were arrested for perjury and the brides held for the guardians. The parties will all be returned here by to-morrow's early train.

Karl Lawner living near Wheatland last night had a team and buggy stolen from his stable. There is no clue as to the thieves nor team.

**COAST NOTES.**

Interesting Items in Brief From Northwest Exchanges.

The wheat crop in the vicinity of Butte, Wasco county, is a disappointment. The grain is shrunken and it is feared that very little in that neighborhood will be found in a different condition.

Huntington is fast becoming one of the most prominent stock-shipping points of Eastern Oregon. On Friday 1100 head of sheep were shipped to Chicago and 200 head of beef cattle to Portland and the Sound markets.

A very destructive fire occurred at Lostine, Willowa valley, on the night of the 29th of August, consuming a lively stable, five head of horses, harness, hay, etc., also burning the Keeler house and the houses of Frank Johnson and Mr. Masters. This was the second fire within the last sixty days.

The body of Attorney H. F. Bingham, of Portland, who was drowned at Long Beach, was found in the cove near Cape Hancock Friday evening. The upper portion of the body and the face were so badly decomposed as to be unrecognizable, but the body was identified by the clothing and the fact that Bingham was known to him when the sad accident occurred.

Joseph Fitzgerald, who was seriously burned at The Dalles fire, may not recover. The flesh on his hands arms from the finger tips to the shoulders is burned to a crisp and almost to the bone, so that if he should recover his arms and hands will be crippled for life. He is extensively burned about the face, head, back and chest and will have a hard time to put through.

**THE PULPIT AND STAGE.**

Rev. F. M. Shirout, Pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My Lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am now sound and well, gaining 25 lbs. in weight."

Arthur Love, Manager Love's Funny Folks Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption, Coughs, Croup, and all, and cures what everything else fails. The greatest kindness I can do my many thousand friends is to urge them to try it." Free trial bottles at Foshy & Mason, Drug Store. Regular sizes 50c. and \$1.00.

**OUR CANDID ADVICE.**

It is seldom that we appear in the roll of spiritual advisers of family physicians but there are times when we feel justified in calling the attention of our many subscribers to an article of true merit. We feel justified in saying that Moore's Reveled Remedy contains more actual merit than any medicine it has ever been our good fortune to test. One trial will make you as enthusiastic as the writer.

**WILL BE GIVEN AWAY.**

Our enterprising druggists Stanard & Cosick who carry the finest stock of drugs, perfumeries, toilet articles, brushes, sponges, etc., are giving away a large number of trial bottles of Dr. Miles' celebrated Restorative Nervine. They guarantee it to cure headache, dizziness, nervous prostration, sleeplessness, the ill effects of spirits, tobacco, coffee, etc. Druggists say it is the greatest seller they ever knew, and is universally satisfactory. They also guarantee Dr. Miles' New Heart Cure in all cases of nervous or organic heart diseases, palpitation, pain in side, smothering, etc. Fine book on "Nervous and Heart Diseases" free.

**MERIT WINS.**

We desire to say to our citizens that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never seen a more universal cure than any of them. We do not hesitate to guarantee them every time and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits, Foshy & Mason, Druggists.

**Brick Brick.**

For sale in large or small quantities, delivered at kiln one mile east of the city, in the city or on board cars. W. C. CASSELL.

Frequently accidents occur in the house-hold which cause burns, sprains and bruises; for use in such cases Dr. J. H. McLean's Volcanic Oil Liniment has for many years been the constant favorite family remedy.

That hacking cough can be so quickly cured by Shiloh's Cure. We guarantee it. Sold by Foshy & Mason.

**What she Wanted.**

"I think, sir," said the pretty girl, as she entered the cynical merchant's office, "that if you enlarge me my knowledge of shorthand and typewriting will be a valuable aid to your business."

"You are too ornamental to be useful," gruffly replied the merchant, "and I am not a marrying man. A pretty typewriter would just waste her time on me." "But, sir," tearfully protested the maiden, "I have no matrimonial designs; I simply want to be assister to you."—Baltimore American.

**What She Can Do.**

A hard-working woman was asked: "Madam, are you a woman suffragist?" "No, Sir," was the answer; "I haven't time to be."

"Haven't time? Well, if you had the privilege of voting whom you would support?" "The same man I have supported for the last ten years."

"And who is that?" "My husband."—Lincoln (Neb.) Journal.

**The Schools Will Open.**

The public school and the college will open on Monday. Students and parents of school children should go to headquarters for school books. Foshy & Mason have everything in the line of school supplies, books of all the grades, inks, pens, pencils, tablets and every thing of consequence for pupils. Go to them for your school books.

**Oregon Hops.**

Mr. Wm. Faber, who has paid considerable attention to the hop business, informs a HERALD reporter that the statements about some yards being free from hop lice is a mistake, and says that every yard in Oregon is more or less affected. The price this year he thinks will range from 10 to 14 cents according to the damage from the vermin. Phil Neis of Seattle, who has made a tour of the Oregon hop yards says: "I

have just returned from a trip to Oregon, where I remained for eight days visiting the hop fields. I found lice in every yard, honey dew in many others and some yards had already turned black. It is impossible to estimate the coming crop, because it will take weeks yet before they are through with the picking, and, in the meantime, the vermin and the honey dew continue their ravages and the loss cannot possibly be estimated. Another drawback to the coming market is the fact that many growers are picking their crop before being fully matured. Of course many can't help it. They have large yards and must take advantage of time. However, you are safe in saying that this entire question of what crop this state will harvest will be decided in the next fortnight."

**Three Murderers at Liberty.**

POPULAR POINT, Mo., Sept. 5.—A jail delivery occurred here today, nine prisoners making their escape, three of them for murder in the first degree. Sheriff Gardner has gone in pursuit of the prisoners. The three murderers, it is learned, entered a house four miles southeast of town, and one of them, Millard, secured Winchester rifles and ammunition. He has left word that they may "take my body, but not me." The sheriff has sent a posse to attempt a recapture.

**Died While Arranging a Funeral.**

NEW YORK, Sept. 5.—George S. Berry, proprietor of the Stuyvesant hotel, 239 East Ninth street, died suddenly today. He was making arrangements for his son's funeral, who died last Wednesday. While talking with the undertaker he suddenly reeled and fell to the floor, and died in an hour. There was a scalp wound on his head, caused by a fall received two months ago, and it is believed this contributed to his death.

**LIENANT SCRIVEN ASKS THAT HALF AN ACRE OF GROUND BE SET APART AT JACKSON PARK FOR THE USE OF NICARAGUA.** The government of that republic intends to erect its own building, which will be a big one, and will make a complete display of the products and resources. Commissioners have been appointed to superintend a collection of exhibits, and are already at work.

The government of Salvador has appropriated \$10,000 to erect a building in Chicago, and has directed Baruch, its new consul general in New York, to draw plans and superintend the construction.

**THE SAVIOUR'S COAT.**

Russia Says the Garment of the Germans is Not Genuine.

BERLIN, Sept. 4.—A nail from the true cross has been added to the holy coat exhibition at Treves. The nail is accompanied by the documents showing it to be genuine. The rush of pilgrims continues, but some disappointment is felt that so few miracles are reported. The consumption of beer in Treves this week has been so enormous that on Thursday it was apprehended that a beer famine might occur, but the arrival of a new supply on Friday allayed all fears on that subject. A letter from Moscow says that the Treves exhibition has stirred up the holy synod of Russia to the defense of the holy coat preserved in the cathedral in Moscow, and said to be the genuine garment. The Russian holy coat appears to have been preserved at Constantinople, and the Russians claim that the garment at Treves is a spurious copy of it, and that the genuine is not in possession of the real holy coat.

**LARGE CATTLE SHIPMENTS.**

Montana Is the Banner State for the Shipment of Cattle.

HELENA, Mont., Sept. 5.—Secretary Prewitt, of the board of live stock commissioners, estimates that up to this time 80,000 head of cattle have been shipped from Montana to markets in the East. The average net price was \$40 per head. Up to the same time last year the shipments were only 24,000 head and the net price was \$30. The cattlemen never had such a year as this in Montana. Besides being the banner year for cattle, it has been a prosperous one for sheep also. Losses from natural causes among flocks have been at a minimum and the increase has been enormous. The wool clip was large, in most cases far above the average, and prices obtained, while not high, have been fair.

**THE NICARAGUA RIOTERS.**

A Large Number of People Killed and Wounded.

NEW YORK, Sept. 5.—Roman Velez, of Havana, now in this city, has received a letter from his agent in Granada, Nicaragua, which states that the chief of police and a number of his soldiers were shot during riots in that city August 23, and that more than twenty-five citizen rioters were either killed or wounded. He says five persons suspected of a movement against the government—ex-President Chamorro, ex-President Lavala, Anselmo Rivas, the director of Nicaragua, and Senor Enrique Garmen and J. D. Rodriguez—were apprehended and imprisoned.

## THIS IS NOT HUMAN.

### The Terrible Crimes Permitted in an Insane Asylum.

**A FEARFUL TALE OF HORRORS**

The Insane Boiled to Death and Suspended by Ropes From the Windows—No Inquests Were Held.

PARKERSBURG, W. Va., Sept. 5.—A detailed account of the horrors at the Weston insane asylum in this state has been made public. Suicide has followed suicide, it is charged, for some time among the inmates, and they have all been attended by the most horrible circumstances. Men have killed themselves by boiling to death, and suspension by ropes from the windows. All this has been done in sight of the guards, and no investigation has been made. There seems to have been no inquests held on the dead, and a general inefficiency has been manifested in the management.

**THE WORLD'S FAIR.**

Central American Republics Are All Preparing Exhibits.

WASHINGTON, Sept. 5.—Lieutenant Scriven, special commissioner to the Central American states, writes from Guatemala, under date of August 24, that the commission appointed by the president of that republic to prepare an exhibit for the world's fair had been fully organized and is already deeply engaged in their work. Money for the purpose has been placed at their disposal by the government, and the country is being canvassed to secure a full exhibit of its resources and industries.

Lieutenant Scriven asks that half an acre of ground be set apart at Jackson Park for the use of Nicaragua. The government of that republic intends to erect its own building, which will be a big one, and will make a complete display of the products and resources. Commissioners have been appointed to superintend a collection of exhibits, and are already at work.

The government of Salvador has appropriated \$10,000 to erect a building in Chicago, and has directed Baruch, its new consul general in New York, to draw plans and superintend the construction.

## THE AMERICAN HOG

### HE IS NOW FREE TO WANDER OVER GERMANY.

The Restriction Upon the Importation of Pork Removed—The Department Notified.

WASHINGTON, Sept. 5.—Formal notice of the success of the negotiations resulting in the removal of the restrictions upon the importation of American pork into Germany has reached the department of state in the shape of a letter addressed to the Secretary of War by the German charge d'affaires, dated New York, Sept. 4. It reads: "I have the honor to inform you that the restrictions placed upon the importation of American pork, swine and sausages into Germany have been rescinded, provided such live pigs or hog products have been examined according to your law of March 3, and according to the regulations of March 25, of this year, and are furnished with proper official certificates."

**AS IN TIME OF WAR.**

France and Germany Engage their Soldiers in M'limic Battle.

PARIS, Sept. 5.—Plans laid down for army maneuvers in France have been somewhat avoided a destruction of crops. The evolutions on the second day of the maneuvers showed men and horses in splendid condition. The animation of the troops was remarkable when an excessive heat is considered. There are many cases of sun stroke, two of which proved fatal. The use of smokeless powder made it possible for all evolutions to be clearly observed.

VIENNA, Sept. 5.—Gopiritz maneuvers yesterday developed into an infantry battle on a great scale, the infantry being supported by artillery on both sides. The conflict was hotly sustained for many hours. The Eight corps finally fell back on Schwarzenew, a field which they bivouacked last night. The German and Austrian commanders watched the operations with keen interest, being on the field several hours. Archduke Albert acted as umpire. A few sunstrokes occurred, but the troops are hardy and little affected by the heat. Emperor William's desire to watch the movements led him several times to hastily mount and dismount, the result being fatigue felt in his recently injured knee.

**England Wants to Buy Macao.**

LONDON, Sept. 5.—The rumor current some time ago that Portugal was negotiating for the sale of Macao to England is revived and persistently circulated. It is now said that England wants the place in order to bargain with China over it. Macao is a mere speck of a possession, occupying but two square miles and containing 27,000 people, but it is valued as a port, being finely situated and within seventy-five miles of Canton. If England buys Macao she will try to trade with China for the islands of Formosa, a region of marvelous beauty and fertility, containing 15,000 square miles of territory and 3,000,000 inhabitants. China, it is believed, would gladly make the exchange, as she has never succeeded in fully assimilating the natives of the island or developing its business. Macao would be of great strategic value to the empire.

## THE NICARAGUA RIOTERS.

A Large Number of People Killed and Wounded.

NEW YORK, Sept. 5.—Roman Velez, of Havana, now in this city, has received a letter from his agent in Granada, Nicaragua, which states that the chief of police and a number of his soldiers were shot during riots in that city August 23, and that more than twenty-five citizen rioters were either killed or wounded. He says five persons suspected of a movement against the government—ex-President Chamorro, ex-President Lavala, Anselmo Rivas, the director of Nicaragua, and Senor Enrique Garmen and J. D. Rodriguez—were apprehended and imprisoned.
