Call at S. E. Young's and see the large and varied stock of cloaks, sacks and jackets just received. I have received my new stock of fall and winter garments, including all the novelties in short and long jackets, etc., and am better prepared to suit the trade than ever before. Those that call early are sure to be satisfied. They are going very fast. Samuel E. Young.

Elegant Hotel Accommodations.

The brick addition to the Revere House is now completed and ready for the accommodation of guests. The rooms are furnished with much tast and are the best ventilated and most homelike apartments in the city. Every room is supplied with the best of brussels carpet and hardwood furniture and rooms and halls lit by electricity. Albany always had the reputation of maintaning good hotels and now after this improvement in the Revere House the traveling public can be better suited than ever. Chas. Pfeiffer, the proprietor of the Revere House, is a successful landlord having keep this popular house for about fourteen years and it has gained in patronage ever since the first day it was opened to the public The price for these new rooms including board has been placed at the reasonable figure of $2.50 per day.

Within Reach.

A definite proposition, we understand, has been made for the location of a plow factory in this city. Such being the case, there should be no hesitancy in meeting the requirements of the proposition and securing it. A factory of that description is a permanent improvement and establishes a business that will be of much benefit to the city and country. It should be secured at once.

THE OREGON PACIFIC TROUBLE.

Receiver Hogg to Be Removed—The Earnings to Be Paid to The Employes.

Special to the HERALD.]

CORVALLIS, Sept. 15.—Judge Pipes who failed to appear in the court room yesterday, condescended to hear the case of the application of the Oregon Pacific employes for payment to-day. He held that the company had all day Monday, in which to make the payment ordered by the court.

At 9 o'clock to-day the case came up and court was adjourned until 2 p. m. At that time the court issued an order, first that all the earnings of the road from this date be applied to the payment of the employes; and second that Col. T. E, Hogg appear here on or before October 20 and show cause why he should not be removed, on the ground that he had not obeyed the previous order of the court in paying the employes.

If this order is carried out it will insure the men their money as fast as it is earned by the road.

Endurance Under Suffering.

The Seattle Post-Intelligencer relates the following story of endurance and intense suffering: Edward Frye, a loger, employed at La Balaster's camp near Snoqualmie, came to Providence hospital yesterday afternoon suffering from a severe cut three inches above his left knee. Two weeks ago Frye and several other workmen were barking a log. One of the men was working a short distance ahead of Frye, and as he brought the ax down upon the log, his hands slipped and the sharp instrument flew back, striking Frye in the left leg, just above the knee. The blade sunk to the bone, cutting a chord and causing great loss of blood. The injured man was taken to camp, where the wound healed rapidly. He went to work about five days ago and the cut was reopened. Cold set in and the limb commenced to swell. For four days the pain was intense. Sleep was impossible, and at last he started for Seattle and arrived in the city yesterday afternoon. Thirteen miles were made on horseback and he suffered intense pain at every step of the horse.

Railroad Work.

A citizen of Roseburg, who had just returned from Marshfield, Coos county, reported to the Roseburg Review that the Emily unloaded a large cargo of steel rails on the wharf while he was there Thursday. Twelve cars are completed ready to be put on the track and the irons are there for four times as many more. He inspected considerable of the road bed very critically, and says it is complete in every particular. The grade is excellent and the bridges are strong, well built, and all the larger ones nicely painted. He thinks there are three or four hundred white men and Chinamen at work along the line, and there is nothing anywhere to indicate that they do not intend to build a railroad out to Roseburg just as fast as they can. Myrtle Point, he says, is one of the liveliest towns in Coos county, and seems to be building up rapidly.

The Portland Industrial Exposition

The Portland Industrial Exposition which commences at Portland Oregon, on September 17, and continues until October 17, will, without doubt, be the most elaborated exhibiton of the resources of Oregon and the Northwest that has ever been seen. In addition to the agricultural, manufacturing and other exhibits, the special features of music, paintings, electricity as well as numerous others will combine to make this the banner exposition of the coast. The sight of the many varieties of machinery in motion, alone is worth coming miles to see.

In a Quandary.

Two boys aged respectively 15 and 13 years, Frank and Geo. Wills, who can safely be termed members of the tramp fraternity as they are all the way from Idado on a tourists outlay, were brought to the city yesterday under arrest from Tangent, under complaint of J. Beard charged with burglarizing a Chinese house in that place. As the reform school is not in operation and they are too young to send to the penitentiary, the authorities are puzzled to know what to do with them.

Train Movements.

During fair week the 1 o'clock train bound north will lay over at Salem until 5 o'clock in the evening says the Statesman. After the train's arrival at the passenger depot it will run down to the fair grounds and then return to the depot. The train will leave the fair grounds about 5 15 P. M. This arrangement is quite an accommodation to a large number of people living south who could not otherwise take in the fair.

Two Suitors.

A certain young lady in this city has been in a dilemma, being engaged to two young men; she could not decide which she loved best. On her last meeting with Alex however, she gave him her heart and hand. He had on one of Hart & Phillips tailor made suits. Which are the latest style and for a perfect fit cannot be equaled this side of San Francisco. Pearce-Strahn, block up stair

Arrested for Abduction.

Eugene Guard: Sheriff Noland went to Junction at 6 o'clock this morning in answer to a dispatch that he was wanted to arrest S. B. Couch on the charge of abduction. He telegraphed that he had arrested Couch at Harrisburg this afternoon, and taken him to Junction to be tried. E. O. Potter will go to prosecute and L. Bilyeu to defend. It was impossible to learn further particulars.

NEWS OF THE COAST.

Interesting Items from Exchanges Throughout the Northwest.

A party from England, representing a syndicate which has been experting the coal fields near Marshfield the last few days, has just returned to London, well pleased with the investigation.

Minnie Brown, aged 18, who was one of the victims of the fire at Oregon City Saturday, died Monday from the effect of the burns and the shock to her system.

Hop picking is nearly completed in Lane county. The crop is not first-class and has been only about half gathered, the lice doing a great deal of damage.

Isaac Loudon and Charles Hull, Southern Pacific section hands at Twin Butes, received some painful but not fatal injuries from a plank thrown from a passing train. Both men were struck in the face by the flying missle. Loudon receiving a severe cut on the cheek and Hull a deep gash upon the nose.

Hypnotism and Divorce.

A divorce has recently been granted in Washington on the ground that the contraction of marriage was due to hypnotic influence. If hypnotism is a persuading potency, a subjection of the will to the behests of another, by a subtle force mainly coming through the channel of the eye, it may be charged with the instigation of a good deal of ill-advised wedlock. In one of the latest monthlies an English officer who had been much in India gives an account of the performances of one of the Indian experts in magic for the amusement of the officers. Among these were the familiar but inexplicable feats of the massacre of the child in the basket, climbing out of sight on a string thrown in the air, and others quite as impossible. The officers states that the fakir had a marvelously piercing and fascinating eye, and he entered upon no performance until he had impressed every person present with a gaze. When pressed for an explanation afterward, he said that he had done nothing. He had not massacred and had no basket, child, sacred twine or anything else. He had simply induced them to imagine that they had witnessed miraculous feats. The young man or woman who possesses this faculty to an extend like that credited to the fakir, would be an exceedingly dangerous person to have about unrestrained by a high moral development. It may be supposed that it exercised unconsciously by the party at times. Still, it is well to believe that the power of resistence is possessed sufficiently not to release the person yielding to it from all responsibility. If we let down the bars low enough to let the hypnotic bull into the domestic pasture, all the weaker vessels will stop grazing and say: "It's of no use. We're in for it, anyway."

Not What They Seemed.

The Florance West, speaking of the mysterious upturned boat found on the Siuslaw coast, says: Last week we spoke of the mysteriously upturned boat found at the mouth of the river. The parties who left Florence in the boat have not showed up as yet, and from information gleaned since our last issue we can almost definitely state that they were defaulters and not health seekers as they palmed themselves off to be. Some few weeks ago at Tacoma the Fidelity Trust company of that city was robbed of a considerable sum of money by one Albertson, an employe of the establishment. From marks and partly erased names found on linen wearing apparel left at the Florence hotel, it is quite conclusive that one of the two who so mysteriously disappeared is Albertson, and that they are now seeking means of escape along the coast.

Women Who Can Wear Blue.

The question of the becomingness of blue is one that is continually arising. Napoleon blue, a grayish tint, is only adapted to brunettes, and the peculiar shade of blue which is sometimes called sapphire, sometimes called robin's egg, sometimes electric blue, is also best suited to the ladies with dark hair and clear complexions. These shades are very apt to make a blonde look colorless. A pure blonde with clear eyes can always wear baby blue in the evening, but if she wishes the whiteness of her skin and the blueness of her eyes and the yellow of her hair to be brought out most effectively she will choose rose color. All the dark shades of blue are suited to her, and she will be wisest if she chooses them in preference to all other shades of the color.

Mouth of the Siuslaw Improvement

Florence West: Civil engineer G. A. Lyell arrived in Florence last Saturday and is now at work formulating plans and arranging all details preparatory to commencement of work on the bar. Before coming to Florence, Mr. Lyell purchased much of the machinery needed to commence the work. The scows and pile-driver will be built on the river and will be commenced at once. The wharf for the south jetty will be built as soon as possible and as soon as the right of way can be secured at Cannery Hill the buildings—such as blacksmith shop, mess house, office and bunk house will be build.

Have You Extra Fine Fruit?

A few extra fine specimens of prunes, plums, peaches, pears, apples and any other kinds of fruits to be had are wanted for an exhibit. The best that can be had are desired. Leave the fruit at the Bank of Oregon and it will be presented in jars.

Fresh comb honey, Linn county production, at Parker Bros.

Baby cried,
Mother sighed,
Doctor prescribed: Castoria!

NEW TO-DAY.

A QUARTER OF A CENTURY AGO

There settled in Baker county, Oregon, near what is now Baker City, a man who has since become identified with the resources and development of that country. This man is no other than Mr. John Stewart, one of the wealthiest and most influential citizens in the county. In a recent letter he says: "I had been suffering from pains in my back and general kidney complaint for some time, and had used many remedies without any but temporary relief. The pains in my back had become so severe that I was prevented from attending to my work and could not move without the use of a cane. Hearing, through a friend, of the wonderful cures effect by Oregon Kidney Tea, I was induced to try a box, and from that very first dose I found instant relief, and before using half the contents of the box the pains in my back entirely disappeared I have every faith in the virtues of the Oregon Kidney Tea, and can conscientiously recommend it to my friends. I would not be without it for anything."

Oregon Kidney Tea cures headache, incontinence of urine, brick dust sediment, burning or painful sensation while urinating, and all affections of the kidney or urinary organs of either sex.

Mothers!

Castoria is recommended by physicians for children teething. It is a purely vegetable preparation its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quites pain, cures diarrhœa and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Cassoria is the children's panacea—the mothers' friend. 35 doses, 35 cents.

Special Notice.

School Books at G. L. Blackman's

G. L. Blackman has opened a complete line of school books for the opening of the schools on Monday. Those in need of school books will find it to their advantage to call upon him.

Testing the Baking Powders.

Comparative Worth Illustrated,

BY PROF. PETER COLLIER, LATE CHEMIST IN CHIEF OF THE DEPARTMENT OF AGRICULTURE, WASHINGTON, D. C.

DR. PRICE'S ..... Pure Cream Tartar.

ROYAL .....★.. Contains Ammonia.

UNRIVALED....★★.. Alum and Ammonia.

Taylor's 1 Spoon★★.. Alum and Ammonia.

MONARCH .....★★.. Alum and Ammonia.

SNOW BALL....★★.. Alum and Ammonia.

CALUMET .....★.. Contains Alum.

HOTEL .....★.. Contains Alum.

YARNALL'S.....★★.. Alum and Ammonia.

MILK.....★★.. Alum and Ammonia.

SHEPARD'S ...★★.. Alum and Ammonia.

MON BON.....★.. Contains Alum

FOREST CITY ..★★.. Alum and Ammonia.

CHICAGO YEAST ★★ Alum and Ammonia.

CROWN .....★★.. Alum and Ammonia.

SILVER STAR..★★.. Alum and Ammonia.

DODSON & HILS★★ Alum and Ammonia.

Above diagram was drawn and verified in all its details, by Prof. Peter Collier, who is pre-eminent as a Chemist, and Scientist. The illustration is made in accordance with his chemical tests of each brand enumerated.

The Carbonic acid gas was calculated to get the leavening strength and the quantative analysis to ascertain the comparative wholesomeness, purity, and general usefulness of the leading Powders. The result of Prof. Collier's examination and test, reveals the fact, that, with but one exception, every brand tested contained either Ammonia or Alum, and a number both.

Not one woman in ten thousand would use an Ammonia or Alum Baking Powder if she knew it. Such Powders not only undermine the health, but ammonia imparts a sallow or blotched complexion.

NOTE.—Dr. Price's Cream Baking Powder, as shown by Prof. Collier's examinations, is the only pure Cream Tartar Powder found free from adulteration and the highest in strength. All authorities report Dr. Price's free from Ammonia, Alum, Lime, or any other adulterant. The purity of this ideal Powder has never been questioned.

★ Indicates the Powder containing either Ammonia or Alum.

★★ Indicates the Powder containing both Ammonia and Alum.

While the diagram shows some of these Ammonia or Alum Powders to be of higher strength than others classed below them, it must not be taken that they possess any value. All Ammonia or Alum powders should be avoided as dangerous, no matter how high their strength.
