I am an old man and have been a constant sufferer with cataract for the last ten years. I am entirely cured by the use of Ely's Cream Balm. It is strange that so simple a remedy will cure such a stubborn disease—Henry Billings, U. S. Pension Att'y, Washington, D. C. For eight years I have suffered from cataract, which effected my eyes and hearing; have employed many physicians without relief. I am now on my second bottle of Ely's Cream Balm, and feel confident of a complete cure.—Mary C. Thompson, Cerro Gordo, Ill.

**Cram's Unrivaled Atlas.** The new edition of this unrivaled work is now being delivered by the agent, Mrs. A. M. Tait. The work is most excellent one, and this edition is a great improvement upon former ones, giving all the latest date and much new matter that was not in the previous editions. It should be in every family, and on every business man's desk. Those who are not supplied can procure the atlas by addressing P. O. Box No. 60 Albany Oregon.

**School Tax Notice.** The school tax in school district No 5, is now due and payable. Call at my office and pay the same before it becomes delinquent. C. G. BURKHART, District Clerk.

The men of this vicinity need not be jealous because their wives talk so constantly about Matthews and Washburn. It is not their good looks the ladies are talking about, it is the good qualities of the cook and heating stoves they sell. Every one seems to be delighted when they buy from M. and W.

**REMIT WINS.** We desire to say to our citizens, that for years we have been selling Dr King's New Discovery for Consumption, Dr King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that all as, or that have given such universal satisfaction. We do not hesitate to guarantee them every time and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their popularity purely on their merits, Foshay & Mason Druggists.

**A NATIONAL EVENT.** The holding of the World's Fair in a city scarcely fifty years old will be a remarkable event, but whether it will really benefit this nation as much as the discovery of the Restorative Nervine by Dr. Franklin Miles is doubtful. This is just what the American people need to cure their excessive nervousness, sleeplessness, neuralgia, dizziness, depression, headache, nervous debility, dullness, confusion of mind, etc. It acts like a charm. Trial bottles and fine book on "Nervous and Heart Diseases," with unequalled testimonials free at Stanard & Cusick's. It is warranted to contain no opium, morphine or dangerous drugs.

**A SAFE INVESTMENT.** In one which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertised druggists a bottle of Dr King's New Discovery for Consumption. It is just like a charm. Trial bottles and fine book on "Nervous and Heart Diseases," with unequalled testimonials free at Foshay & Mason, Druggists.

**SPERULATION DANGEROUS.** Scarcely a day passes without the news of some large failure flashing over the wires—the usual result of speculation in stocks or some equally dangerous venture. The same electric current carries to dear distant friend the sad tidings of death of loved ones—too often the result of speculation in patent nostrums. Moore's Revealed Remedy is no speculation but is sold on positive guarantee. Do not fall to go to your druggist and get your money if not satisfied. We know you will go and buy another bottle. For sale by all druggists.

### STATE AND COAST.

**The Union Pacific Case Against the Railroad Commissioners.** JUDGE BOISE KNOCKS IT OUT. The Salem Base Ballists Talk About a Valley League for Next Season—Bids for Paving.

**SALEM, Sept. 21.**—Before Circuit Judge Boise in chambers today, in an action brought by the Union Pacific against the state board railroad commissioners, the board was knocked out. The Union Pacific asked for a writ of review from commission, giving certified review information upon which it reduced Union Pacific rates. The commission filed a motion to quash writ, and Judge Boise over-ruled motion and ordered the board of commissioners to appear the first day of October term of circuit court with the information asked for. This contains a big job on the commissioners who have, by this order, to make certified copies of voluminous information and testimony covering a period of several years.

**SALEM, Sept. 21.**—Yesterday's baseball game, was the last of the season and about the best game ever played here. Salem won. The Saleins are disbanding and players are dispersing to their several homes. Talk is now strong of a league team for next year. The new city directory of Salem and Marion county, just from press, contains a good many more names than the one issued a year ago. There are 100 pages, thirty-seven names to the page, of Salem business names.

**HOPE ROUTE.** The Old Fashioned Way of Ending Life. ST. MARVS, O., Sept. 21.—News has reached here of a cold blooded murder at St. Johns, a picturesque village among the hills, sixteen miles east of this city. The murdered man is Captain William Herring, the postmaster of St. Johns. At about 1:30 o'clock last night, Captain Herring was aroused by some one stealing his chickens. Hastily donning his clothes and taking a revolver, he went out to investigate. Soon his wife was startled by hearing the pistol shots in quick succession. She called a son, who hurried out, followed by his mother and sister. As they reached the chicken house they were horrified to find Mr. Herring lying dead with a bullet hole in his breast, and his pistol grasped in his right hand. A resident of St. Johns, who bears a bad name, and who was seen running through a neighbor's field soon afterward, is suspected.

**ODD FELLOWS.** The Sovereign Grand Lodge Meets in Its Seventy-Second Convocation. ST. LOUIS, Sept. 21.—The first day of the seventy-second convocation of the sovereign grand lodge, I. O. O. F., opened cool and pleasant, much to the delight and comfort of the thousands who participated in the parade and many thousands were at the Union depot early this morning and the large delegations arriving were promptly received and escorted to their assigned quarters. Many of the railways ran special trains, bringing in cantons and lodges from towns within 200 miles of the city. The delegation from Springfield, Ill., outnumbered all others. It is estimated that over 500,000 Odd Fellows and their families are in the city, besides many others who come simply as spectators. Everywhere and in all directions could be seen the uniforms and regalia of lodges.

**PROFITABLE SEALING.** Present Status on the Jetty Work at Yaquina. NEWPORT, Or., Sept. 21.—The sealing vessel, Kate and Anna, Captain Charles Lutejens, owner, arrived from Behring sea this morning, and anchored near the jetty in the bay. His catch for the season is 630 skins, which will bring about \$12,000. It is the best catch he has ever made. He will clear about \$7500.

**Government work on the jetty is still going forward with about \$200,000 to the credit of the appropriation. A hard rock is bothering them on the north side but it is hoped they will soon pass the reef and find soft rock again. In a few days they will be depositing rock on the south jetty, as the hoisting works are nearly ready for business. The great bulk of visitors have gone, and the town is now down to working weight. Several cottages were built, and next season the city will build a large lot of sidewalk for the benefit of the tourists.**

**SALTION SEA WILL BE PERMANENT.** SAN DIEGO, Sept. 21.—Robert Evans, an experienced prospector, has just returned from the Colorado desert. He was nearly all around Salton sea and says that the water is about holding its own, in spite of the enormous evaporation. He believes it will be largely augmented during the coming winter and be a permanent body of water.

**FUN AT A BULL FIGHT.** MARIETTA, Sept. 21.—At a bull fight yesterday the spectators, becoming displeased with the performance, tore up the seats and set them on fire, threatening destruction to the whole building. A strong force of police finally cleared the circus and put out the fire. Not, however, before the building was partially destroyed.

**Unlikely Story.** The report comes from Salem that W. W. Baker, editor of the Rural Spirit, was robbed of \$120 at that place. This is an improbable story says the Portland Dispatch.

**WANT LAND.** Making a Desperate Scramble For Possession on Opening Day. GOVERNOR O. T., Sept. 21.—From early this morning the streets of this town were blocked with wagons, horses and people. Men, women, boys and girls are scrambling to take part in the government land. Everything is wide open, liquor plentiful and gamblers here with their outfits.

### GOVERNOR STEELE WILL GO TO THE COUNTY SEAT, NAMED TUCUMSEH.

The intention is to clear the town, and with the signal the race for town lots will commence. Trains continue to arrive bringing people anxious to secure homes. Men in line before the land office are still there, determined to make an entry. The hotels, printing offices, stores and shops are taxed to their utmost capacity. Some establishments, especially those of the newspapers, are seriously impeded on account of their help leaving to join in the race.

**COURSE OF TRUE LOVE.** As Often Happens It Runs Adverse to Parents' Natures. NEW YORK, Sept. 21.—Another millionaire's daughter is in danger of making what her family considers a mesalliance. It is Miss Babette Fleischmann, the only daughter of Charles Fleischmann, of Vienna bread and confectionery, and yeast fame and fortune. The man in the case is a riding master, who is employed by her father. His name is Loggetty, and he claims to be an Italian by birth, to have served in the Austrian army and to be a count. The Fleischmanns have a fine estate in the Catskills, and it was while there that the young people met and fell madly in love. When the father and mother heard of this state of things, the pair were engaged. In spite of all remonstrances, Miss Babette remained firm in her determination to marry the count, and she was promptly sent to the Cincinnati home of the family, while her fiancée remains in the Catskills. Mr. Fleischmann, it is said, has called to Austrian army authorities to get a pedigree of the count, and hopes the answer will be so unfavorable as to furnish grounds for strong measures to prevent the match.

**THE PEOPLE DEMAND THAT JUSTICE BE DONE.** LONDON, Sept. 21.—Sir John E. Gorst, political secretary of the Indian office, in an interview today upon the English land question, declined to commit himself to any definite plan for settlement. This is a grievance, he said, however plain speaking he will be done or revolution is certain. "I do not mean bloody revolution, but I mean the people will demand possession of the land they live upon. They have now the power to do so, and they are dissatisfied with the present law, consequently they will have things altered." Considerable attention has been attracted towards Sir John Gorst, who is a member of the royal labor commission, since June last, when in a remarkable outbreak of plain speaking he commended the expressed contempt of certain members of the ministry. His present utterances would seem to indicate that the appointment of Sir James Ferguson as postmaster-general has caused him to break out in a new direction. The Star today predicts he will be the leading "tory democrat," and intimates he is preparing to bid high for the rural vote.

**REPORTED DROWNED.** The Survivor Brings In His Friends Clothing. NEWTON, L. I., Sept. 21.—Max Conraddi, aged 19, of New York, was arraigned today before Justice Powers at this place under peculiar circumstances. He was brought from Bowery by station house by Sergeant who had been arrested and locked up all night. Conraddi entered the station last evening, and depositing a bundle of clothes on the sergeant's desk, said these clothes belonged to his friend O. Jaynes, aged 21, who, he said, had been named off Bowery by beach in the afternoon. Young Jaynes boarded at the house of Mrs. Mary Lidwell, at an address given by Conraddi. She is an aunt of Conraddi. Jaynes came from San Francisco, Cal., some time ago to study law at Columbia college. He was prepared to pass the regent's examination. Conraddi, on being questioned by Sergeant Corrigan, made contradictory statements, which induced the sergeant to lock him up. He said Jaynes had accompanied him to Bowery bay yesterday afternoon, and that about 4 o'clock they went out in a boat, and, on reaching Riker's

### SOCIALIST CONGRESS

**They Are Making Great Preparations in Germany** LARGER THAN LAST YEAR. The Government Is Alarmed—Bismarck's Opponent Among Them—They Expect Large Attendance.

**BERLIN, Sept. 21.**—The socialists are making active preparations for their congress, and expect to present a much more favorable account of the condition of the party than last year. Amongst the delegates expected is Schmalzfeld, the shoemaker who ran against Bismarck for the reichstag, and who compelled all the other parties, much against the will of many of them, to combine in voting for the ex-chancellor. The socialists hope by the evidence of their strength to show at Erfurt, to induce all the people, voters who are below the bourgeois rank, to join the socialist labor party, and they expect to draw also a large number of those of the middle class who are accustomed to cast their lot with the cause most likely to be successful. The government is said to be alarmed by the increasing strength of the socialists and the fact that non-interference does not have any effect in diminishing their enthusiasm or their numbers, as it is rumored that the Emperor's congress may not have the freedom of speech that was enjoyed at Halle.

**CROOKED WORK.** His Accounts Did Not Come Out Right. LEAVENWORTH, Sept. 21.—Lieut. James E. Dodge, of the FortLeavenworth infantry, has been absent from his post for ten days and it is believed he has deserted. Since his disappearance it has been discovered that his pay accounts have been duplicated for August. The Commercial bank of Port Townsend paid him the first time, and on the last day of August he was paid by the paymaster in Leavenworth. This was discovered by the postal inspector at Vancouver telegraph, that he has paid the United States Treasury for Lieutenant Dodge to the Commercial bank. During the week, Dr. Dodge, arrived here from Hastings, Minn., and was terribly shocked to learn of his illegal absence, and of the duplication of accounts.

**MUST BE MORTGAGED.** The People Demand That Justice Be Done. LONDON, Sept. 21.—Sir John E. Gorst, political secretary of the Indian office, in an interview today upon the English land question, declined to commit himself to any definite plan for settlement. This is a grievance, he said, however plain speaking he will be done or revolution is certain. **ACTING TOGETHER.** They Desire Remunerative Prices for Their Products. Ocala, Fla., Sept. 21.—A call is issued to all phosphate miners and owners of phosphate land in Florida for a general meeting to be held for the purpose of forming an exchange for mutual protection. The necessity for concert of action is doubtless found in the present lower prices in European markets, and the general advance in freight rates to the United Kingdom and Continental ports. Shipments of grain will probably keep rates up for some months to come, and even at present there is hardly any tonnage offering. The movement will probably be made at the coming meeting to control the monthly output of the Florida phosphate mines and interest companies and owners.

**STILL PURSUED.** Drenched and Drowning Spain is Cycloned. MADRID, Sept. 21.—A hurricane yesterday evening has added to the damage done by the recent floods to the town of Consuegra. Many houses recently undermined, or otherwise weakened by the flood, collapsed last night. A further feeling of gloom has been caused throughout Spain by the announcement that a severe epidemic of influenza has broken out at Podgor, capital of the province of that name. There are already over 2,000 severe cases of that disease in the city mentioned and it is feared the epidemic will spread over Spain.

**HANGED BY A MOB.** DARTMOUTH, Wis., Sept. 21.—At noon to-day an infuriated mob took from the county jail Anton Sieboldt, who brutally murdered James Meighan last Wednesday and hanged him to a tree in the court house yard. Sieboldt was a desperado. The city is in a state of excitement, and the principal streets are crowded with people from the surrounding country.

**Suicide of a Wife Murderer.** CLEVELAND, Sept. 21.—Fred Kammerer, the wife murderer, this morning committed suicide in jail by hanging himself to a water pipe in his cell.
