Many others will soon register; yet there will be room for more. While it may be claimed that Albany is not yet the metropolis of Oregon; it has a school system comprising public schools, colleges and other schools not excelled in this state. As we are peculiarly favored with healthful environments, prosperous business interests, wholesome moral and religious influences and good society in general, it is safe to suggest that Linn county farmers and others who may not be favored with the best school privileges can do no better than to remove to Albany.

Bridge Work Progressing. Mayor J. L. Oregon State.

Messrs. Riggs & Titman, of Josephine county, have recently discovered what promises to be a valuable slate quarry. Mr. Riggs left at the Herald office yesterday a sample of the slate. He says there has been only two quarries of commercial slate discovered on the Pacific coast, and this is as extensive as either, and perhaps as valuable as the California product. Oregon slate for building and commercial purposes would be much preferable to sending away for it.

Church Dedicated at Shedd.

Rev. W. W. Logan, of the Portland United Presbyterian church, returned Monday from Shedd, in which village he had been engaged in the dedicatory services of a new church. Though not large, it is of very handsome design, and is an ornament to the thriving community. The afternoon sermon was delivered by Rev. S. G. Irvine, D. D., of Albany. Dr. Irvine is an Oregon pioneer. The sermon in question was No. 4000 for him, and his strength is unimpaired.

Big Log Exhumed.

In the South Bend Journal Washington news there is an exhibition a piece of perfectly preserved wood found at a depth of 32 feet by Mr. J. N. Skidmore. Mr. Skidmore is digging a well near the Hotel Willapa and the above mentioned piece is a part of a log three feet in thickness, which was struck when at that depth. It was found imbedded in a vein of the stiffest kind of blue clay. The wood though discolored considerably remains firm in grain and general appearance.

The Divine Sara's "Accident."

The Astorian is responsible for the following: Sara Bernhardt, "the divine Sara," appeared last week in western Oregon at Washington. She played last night in Spokane. She is accompanied by her son Maurice aged 26. He is sensitive about his birth. Some time ago he challenged Henri Rochefort who had, so he deemed, insulted him. "Tut, tut," said Rochefort, "neither you nor I know but what I may be your father." Under the circumstances they did not fight.

CONGREGATIONAL ASSOCIATION. The Annual Meeting for Oregon Now in Session in This City.

The annual meeting of the Association of Congregational churches met in this city at 2 o'clock yesterday. The recorder was instructed to advertise for bids for lateral sewer across Calapooia street.

Organization was effected by the election of Rev. C. L. Corwin, moderator; Rev. C. H. Curtis, scribe; Mr. W. H. Morrow, assistant scribe.

The report of the Achinson memorial committee showed that the work of the memoirs of the deceased would be completed by his widow.

The report of the Young Peoples Society of Christian Endeavor showed eighteen organizations in Oregon, all zealous and effective aids to the promotion of Sunday School, temperance and church work.

The report of the treasurer showed the association to be in a satisfactory financial condition.

An assessment of 10 cents per capita was levied for general church work in Oregon.

The business meeting consumed the most of the afternoon. In the evening, after a service of song, the annual sermon was delivered by Rev. C. T. Whiteley, of Portland, and an address on "A Month in the Holy Land" by Rev. H. V. Rominger, of East Portland.

The programme for to-day is as follows: 8:30 a. m.—Devotional exercises, led by Rev. A. Rogers. 9:00 a. m.—Report of college committee. 10:00 a. m.—Addresses. 11:00 a. m.—Addresses. COAST NOTES.

The heirs of Colonel I. R. Moore, who were left so much land near Eugene, are now lawing at a great rate over the division of the property.

Andy Kavanagh, living near Gervais, set fire to a straw stack lately and it soon spread to a barn and burned the stacks off of a big quantity of grain.

A syndicate of Chinamen, with ample capital backing it, has purchased a site near Victoria for a rice mill, and work on the erection of the mill will begin at once.

The work of raising a \$25,000 fund for another college building on the Willamette campus is going forward nicely. The committee on the new building are getting matters in shape to push the work vigorously and make a thorough canvass. A special agent of the new building will be appointed, and no doubt a good man could swell the fund rapidly.

A. G. H. Overn, of Monkata, Minn., offers to furnish \$7000 to the people of Silverton will furnish \$7000 more, and put up a first-class fruit cannery. Mr. Overn is a man of capital, understands a cannery and means business.

Leslie Coy, aged 60, one of Marion county's most prominent farmers, was thrown out of his wagon by his team running away. An hour or so later he was picked up unconscious and taken home. His limbs were paralyzed from the effect of injuries of his spine, but at last accounts he was slowly recovering.

News from the Bowman mine is very encouraging. New silvered plates and a fine screen arrived at Brownsville for the company, and Thursday Messrs. Ellwick and Blanchard started with them for the mine. A good report is looked for when they get the mill in shape again, although it is now saving some gold.

Horace Cline has brought suit in the state circuit court at Eugene against J. C. Goodale, asking for the annulment of a contract entered into between the plaintiff and defendant on March 19, 1891, which was for the sale of the Coburg sawmill, lumber and water privileges, the consideration of which was to be \$20,000, and for the sum of \$4500 paid on said contract.

Good Prices for Prunes.

S. A. Clarke, the veteran fruit grower, has just returned from a visit to the inter-mountain country—Montana, Wyoming and adjacent states, says the Salem Statesman. Mr. Clarke on this trip had no trouble in selling almost his entire crop of prunes to the same man to whom he has sold for the past four years. The demand for Oregon prunes, Mr. Clarke says, is good, and he sold this year at three or two or three cents per pound in advance of those commanded by California prunes. Mr. Clarke found not the slightest trouble in disposing of choice Oregon prunes, and may it be said to their credit, they command the top price. Mr. Clarke expects to ship three car loads, or more.

Annual Meeting.

The Oregon branch of the W. B. M. P. will hold their annual meeting in connection with the State Congregational Association at Albany to day at 2 p. m. The programme will consist of devotional exercises by the president, Mrs. Belle W. Cook; report of the home secretary, Mrs. A. H. Breyman; report of the foreign secretary, Mrs. C. R. Templeton; a paper by Mrs. L. T. Hadden, and a paper by Mrs. Dr. Simon.

THE CONGRESSIONAL DISTRICTS. The Counties Included in Each, the Population and the Vote.

The legislature in February, 1891, divided Oregon into two congressional districts. Following is the population of the several counties in each district as returned by Mr. Porter's census, together with the vote cast by the two chief political parties on member of congress in 1890. The prohibition vote, which was 2856, is not given in detail:

NEW TO-DAY.

QUARTER OF A CENTURY AGO. The first of the century was a new Baker City, a man who has since been identified with the progress and development of that country. This man is no other than Mr. John Stewart, one of the wealthiest and most influential citizens in the county. In a recent letter he says: "I had been suffering from pain in my back and general kidney complaint for some time, and had used many remedies without any but temporary relief. The pain in my back had become so severe that I was prevented from attending to my work and could not move without the use of a cane. Hearing through a friend, of the wonderful cures effected by Oregon Kidney Tea, I was induced to try a box, and from that very first dose I found instant relief, and before I had half the contents of the box the pains in my back entirely disappeared. I have every faith in the virtues of the Oregon Kidney Tea, and can conscientiously recommend it to my friends. I would not be without it for any other of my ailments."

Oregon Kidney Tea cures headache, inflammation of urine, brick dust sediment, burn- ing or painful sensation while urinating, and all affections of the kidney or urinary organs of either sex.

Poison in the Kitchen.

No article entering so generally into the food of every household is so generally and villainously adulterated as baking powder. These adulterated powders are shoved upon the public with the greatest persistency. Throbbing advertisements in newspapers claiming this brand or that is absolutely pure, backed by analyses and certificates, and yet they are adulterated with ammonia or alum. It is to be hoped the law will take hold of these merciless manufacturers and punish them for destroying the stomachs of the unsuspecting consumer. Amid all this fraud and deceit Dr. Price's Cream Baking Powder stands almost alone battling for pure food and continues to furnish a pure cream of tartar powder at almost the same cost to the people as the ammonia and alum powders are sold at, yet it costs much more to manufacture. Dr. Price's Cream Baking Powder is of the highest strength. It produces the largest amount of leavening power attainable in a pure baking powder. It is free from ammonia or any other adulteration. No powder does such work. Housewives who have tested all use Dr. Prices only.
