FOUND DEAD IN HIS ROOM.

C. E. Conley Dies of Strangulation in His Room at the Revere House.

C. E. Conley, foreman of the sewer contractors, Hays, Jeffries & Co., was found dead in his room at the Revere House yesterday, his death having occurred in a peculiar manner.

About 8 o'clock in the morning not having made his appearance, the door of his room, No. 24, was broken open. Then fortunate man was found lying dead upon the carpet with his face down. He was attired in his night shirt and had been dead several hours. His face was black, leading at once to the belief that he had died of strangulation.

Dr. W. H. Davis was called and Coroner Farrell summoned a jury. It was found that in a fit of vomiting he had aspirated a piece of food into the larynx, producing a spasm of the glotis, resulting in apinoea, causing death.

A noise had been heard in his room about 1 o'clock, but little attention was paid to it at the time.

The deceased was a sober, industrious young man of steady habits and had not been ill. He was aged 28, and had formerly resided in the home of Chief of Police Parrish in Portland.

His parents are supposed to reside in San Francisco. He had a small amount of money in his possession.

It is not known what disposition will be made of the body.

Short addresses were then delivered by various ministers.

NOTES FROM LEBANON

LEBANON, Or., Sept. 30.

Our streets are becoming a little muddy.

Mr. Chas. Miller is quite ill, having pronounced symptoms of typhoid fever.

Mrs. Edna Nichols is recovering from her recent illness.

Married—At the St Charles hotel by Rev. Hickman. Mr. Geo. Dodge and Mrs. Josie Dodge. The affair was strictly private. The young couple have the best wishes of their many friends. This makes the third benedict from out the Lodge fold inside of two weeks. Not many families can do as well. The wedding upset one young man so that he could not tell corn from beans at the supper table.

W. A. Goan and family have moved to Sodaville.

Mr. Riley Hardman, of the Sodaville hotel, is ill with typhoid fever.

The early fall rains have caused the loss of great quantity of plums in this section of the country.

The apple crop is said to be of better quality, and not so wormy as last year.

School commenced in most of the country districts last Monday.

LODE.

TO THE LADIES.

On Thursday and Friday, Oct. 1st and 2d, the Ladies Bazaar will have their grand opening of fall and winter millinery. All are most cordially invited to be present.

MRS. H. J. SOWER.

She Nearly Lost It.

Miss Inez Brady is employed as saleslady in a well-known dry goods store on Market street. She receives $5 a week and the usual "p. q's." for selling old stock. The founder happened to overhear a story about her one day last week. She had sold a yard of ribbon for five cents. While toying with the nickle in her mouth the evil coin slipped down her throat. She told her employers of the accident. At the end of the week she received $4.95 wages. She subsequently remarked to her fellow female friends: "I never came so near losing five cents in all my life, girls!"

Putting in Wheat.

Many farmers of this vicinity are taking advantage of the good condition of summer fallow land, caused by the recent rains, to put in their fall wheat. The rains are not yet abundant enough to start fall plowing on stubble land however.

Special Notice.

Ladies or gentlemen who contemplate buying gold watches will find it to their advantage to call at F. M. French's jewelry store before purchasing, as there has been quite a reduction in prices. The Corner jewelry store.

Desirable for Ladies.

The new Fashion Journals published by A. McDowell & Co., 4 West Street, New York, are again on our table. The superiority of these journals is abundantly shown on every page. "La Mode" is the smallest of the three, and is intended for family use. It has many styles for children, and is only $1 50 per year, or 15 cents per copy. "La Mode de Paris" is an elegant journal, filled with everything of the latest style in Paris. This is a great favorite with ladies who wish to keep posted in the new styles as they come out. "Album des Modes" is also a popular Parsian publication, many ladies giving it the preference. It is replete with such styles as are patronized by the middle classes, its designs being neat and plain, yet all of the richest character. These three monthly journals claim to give the earliest fashions, and they are all printed in Paris. They contain lessons in practical dressmaking, which are of incomparable value and easy to understand. "La Mode de Paris" and the "Album des Modes" are each $3 50 per annum, or 35 cents for a single copy. Samples can be obtained from the house at single copy prices if there is any difficulty in obtaining them from newsdealers.

Fine Exhibition Free.

Will & Link give a free exhibition of the finest embroidery, made with the New Home sewing machine at their store in the opera house building from October 4th to October 10th inclusive. The exhibition will contain many beautiful specimens of work, and will be well worth visiting.

The Indians themselves are bridging the Warm Spring river at the agency. Every bridge that has been constructed over this stream so far has washed out. Some of the Warm Spring Indians are good mechanics, and they feel certain that the bridge they are now building will stand.

Salmon are taken with the hook and line quite frequently off the mouth of the Columbia river and just inside, and the tugboat men have been enjoying rare sport for the past two weeks. A twenty-pound salmon in the full enjoyment of all his faculties, can make more fun on the end of a line than anything that wears fins and scales. Crouper and rock cod are found in considerable numbers when the tugboat men have time to look for them.

The Oregon experiment station is prepared to send out a limited number of varieties of wheat to farmers in the state for trial. Not more than two varieties will be sent to any individual and the right to select the kinds sent is reserved. Those who wish to test some of the varieties, which promise to excel the old sorts, can obtain them by sending name and postoffice address to H. T. French, agriculturist, Oregon Experiment Station, Corvallis, Or.

The Northern Pacific Company is taking up the old switchback over the summit of the Cascades, and thus one of the most interesting feats of railroading in the Northwest will soon be obliterated. While the Cascades were being tunneled for a passage way for trains, this switchback was constructed to accommodate the traffic. It traversed the mountains for over eight miles in order to reach a certain point on the opposite side of the mountains, barely two miles away. The great Stampede tunnel under the pass is nearly two miles in length, and is the second largest in the United States. An Edison dynamo, furnishes light to 200 incandescent lamps for the illumination of the tunnel at all times.

NEW TO-DAY.

A QUARTER OF A CENTURY AGO

There settled in Baker county one person, now what is now Baker City, a man who has since become identified with the resources and development of that country. This man is no other than Mr. J. Jay Stewart, one of the wealthiest and most influential citizens in the county. In a recent letter he says "I had been suffering from pains in my back and general kidney complaint for some time, and had used many remedies without any but temporary relief. The pains in my back had become so severe that I was prevented from attending to my work and could not move with out the use of a cane. Hearing through a friend, of the wonderful cures effected by Oregon Kidney Tea, I was induced to try a box, and from that very first dose I found instant relief, and before using half the contents of the box the pains in my back entirely disappeared. I have every faith in the virtues of the Oregon Kidney Tea, and can conscientiously recommend it to my friends. I would not be without it for anything."

Oregon Kidney Tea cures headache, incontinence of urine, brick dust sediment, burning or painful sensation while urinating, and all affections of the kidney or urinary organs of either sex.
