On account of ill health Mr. Wm. Mack has sold his barber shop to Geo. Landreth, of Newport. Mr. Landreth is a skillful barber of experience and is favorably known in this city.

Mr. Wm. Richards, assisted by his brother Prof. H. S. Richards, will give a social dance at the armory Saturday evening. Good music will be in attendance and an enjoyable time is promised.

Miss Manie Montgomery received a telegram yesterday announcing the death of her eldest brother Jennings at La Grande. He was working in a well, when it caved in killing him instantly. Miss Montgomery left yesterday noon for that place.

One of the neatest country public school buildings in the county was recently completed and may be seen on the Corvallis road about three miles west of this city. This is one class of improvements that makes this country most inviting to our citizens.

The teachers of the Albany public school last evening organized an association, the chief object of which is the discussion of questions pertaining to the profession of teaching. The following officers were elected: President, Miss Abbie Wright; vice president, Miss Lauglin; recording secretary, Miss Isabelle Gray; secretary in program, Miss Blount.

The association will meet non-physically. A resolution looking to uniting the county school superintendents, all teachers in Albany, and students in the school who are preparing to teach, to take part in this work of popular education was unanimously adopted. The next session will take place one week from next Monday evening.

The harvest of the Willamette valley's prune crop for 1891 is just about finished, and from carefully prepared estimates it is judged to be very perceptibly larger than last year's crop. Many new orchards are bearing this year for the first time, and their product, added to the average crop in the old orchards, brings the total output up to quite a nice figure.

The growing of prunes in Oregon is a success, and their cultivation may be expected to increase from year to year for many years. Oregon prunes command good prices everywhere and they have thus far proven the most sure crop.

Next year there will be five times as many pounds of prunes raised, say fruit men, as there were this year. The increased acreage will be bearing then, and the still newer orchards will have a few prunes on each tree.

THE BOYS WIN \$615.

Albany Was Two More Second Prizes - Astoria Wins the Cham. Locship.

Special to the Herald. Victoria, Oct. 1.—Albany captured the second prize in the consolation race run this morning. Following is the time in the championship race: Astoria 1:20 3-10 Westminister 1:24 3-15 Nanaimo 1:13 5-10 Seattle no time.

Albany would have won second money easily had not the hydrant man been told to turn on the water too soon. They made a fine run and perfect couplings.

In the consolation race Westminister 42-15 Albany 43, Seattle 47.

The teams have won as follows: To date: Astoria \$500.00 Nanaimo \$150.00, Albany \$600.00 Westminister \$300.00 Vancouver \$500.00, Seattle \$100.00.

LATER.—Albany wins second in the make and brake race. The races and prizes won by Albany are as follows:

Wet test—second prize, \$300. Dry test—second prize, \$100. Consolidation race—second prize, \$200.

Make and brake—second prize, \$100.

This concludes all the races of the tournament, Albany winning more prizes than any other team and securing \$615.

TO THE LADIES.

On Thursday and Friday, Oct. 1st and 2d, the Ladies Bazaar will have their grand opening of fall and winter millinery. All are most cordially invited to be present. Mrs. H. J. Sowter.

A Democratic Demonstration. There will be a big democratic demonstration at the opera house in this city this evening, or at least some big democratic orators will be there to expound democratic doctrine. The party, which is now swinging around the circle of the northwest includes Ex-Governor Chas. F. Black, of Pennsylvania, president National Association Democratic Clubs, Hon. Lawrence Gardner, of Washington, D. C., secretary of the National Association of Democratic Clubs, Hon. James M. Beck, U. S. District Attorney of Pennsylvania, and Congressman W. D. Bynum of Indiana.

These are distinguished gentlemen, but their lack is a hopeless one, as Linn county is already democratic, and the state is to largely republican to give them any chance for missionary work in that direction.

The Blind. The Corvallis Times criticizes the state fair management for putting the pupils of the blind institution on exhibition. The criticism is well taken, and we thing the management of the blind institute should come in for a share of the censure.—Telegram. The blind were not put on exhibition. There was an exhibit of the industrial department with blind persons at work at various trades. Any effort to make the blind institute useful to the blind or to the state is regarded as an infringement by some persons.—Salem Journal.

Maine's Bear Crop. "On an average 500 bears a year are killed in Maine," said the fur buyer on Thursday. "I buy seventy-five a year and yet the trapper announces every year that the bear in Maine is becoming extinct. I have bought many bearskins in the last four weeks and am buying them every week. The bear is quite a crop all in all. The trapper who gets a big bear gets \$30 to \$35 for the skin and \$500, averaging half as much, makes \$10,000 a year for our profits from Maine's wildest beast."

The Congregational Association. Yesterday was the closing day of the Congregational Association of Oregon. The forenoon was devoted to the consideration of missionary work, and the afternoon to the subject of Sunday school work, which was followed by communion services. In the evening a session of song was held, followed by an address by Rev. K. A. Beard, of Spokane and Rev. H. V. Rominger. The meeting has been very successful and profitable in every way, there being a good attendance throughout.

J. N. Combs at Oregon City. A letter has been received from J. N. Combs, the missing drayman, who disappeared from home in a mysterious manner several weeks ago. It was written from Oregon City to his wife, and states that at this rehearsal there will be a full attendance, as much depends upon getting started on a right basis. We trust that all who have consented to assist will be on hand promptly at 7:30. We wish to say that costumes will be furnished all who may not wish to furnish their own. Hoping that our mistake of last week will be overlooked, and that we may have the co-operation of all who are in sympathy with our work, we give this notice for the first rehearsal.

A. W. Youso, Secretary.

Henry for Land. Evidently they are getting ardent for land up in Umatilla county. The Eastern Oregonian says: An occasional case of land jumping is now heard of, incident to the forfeiture of railroad land. Mr. McCormick, a well-known farmer living north of town, woke up the other morning to find a jumper's cabin on one of his railroad quarters. It had evidently been all put together and hauled out there during the night.

Views for the World's Fair. Messrs. Crawford & Paxton, photographers of this city, have been awarded the contract by the government for making a set of views of the government work at Yaquina Bay for exhibition at the World's Fair. Several dozen different views of the works will be made, showing their progress and the general topography of Yaquina Bay as it is viewed.

NEWS OF THE COAST.

Interesting Items from Exchanges Throughout the Northwest.

Mr. Morehead, of Eugene, will begin the publication of the Weekly Times at Junction next week. Two horses afflicted with the glanders have been discovered at Salem, and the domestic animal commission of the state has ordered the county stock inspector to kill them.

Sandy Olds, the murderer of Emil Weber, is employed in the penitentiary kitchen, peeling potatoes. He will be out in February, getting a month or two of liberty for good behavior. If Sandy would only stick to peeling potatoes when he got out there might be some hope for him.

The large band of sheep bought up in Douglas county last spring by the Hamey Bros., of Jackson county, have been driven as far south as Marysville, Cal., where they are being disposed of at good prices. They started 10,500 head, were four months on the road, and reached their destination with 9100 sheep.

Athena is somewhat excited over a personal encounter between two women of that place. One Mrs. H. Mortimer, visited the house of the other, Mrs. Fisher, and the two engaged in a lively combat. They were separated by a friend, a peddler who passed that way. Mrs. Mortimer has been arrested on Mrs. Fisher's complaint.

A new variety of wheat known as the new golden is attracting considerable attention among wheat growers. It is a product coming originally from the department of agriculture, and produced in Oregon for the first time in any quantity the present season. The yield surpa-sees that of little club under like conditions, while it is apparently less affected by dry weather than any other variety heretofore sown in this section.

Last week Howard & Baldwin, of Crook county, delivered a large band of beef cattle at Decatur, bridge, for shipment to the Portland market. The average weight of their 3, 4 and 5 year old steers was 1342 pounds, which is the best average any band of cattle from this part of the country has shown this season. One steer weighed 1870 pounds and another 1920 pounds. When such cattle as these can be raised in Crook county, it is folly to say the range is exhausted.

The government locks at the Cascades are going up at the rate of a foot and a half per day. The lower gate will be completed by the middle of next month. Hereafter the work has been slow, as it was all under water, but now they can hurry it. The south gate is completed and the north one is up probably a third of the way—twenty feet. The building of these great locks is a magnificent piece of work, which, when completed, will stand as a monument to the engineering skill of this age. The gates, when hung, will be the largest lock gates in the world, being 93x40 feet and weighing 130 tons. They are of steel and are to swing upon giant hinges.

The total receipts of the late state fair were something over \$20,000, being in excess of more than \$2000 over those of the year before. The receipts would have been much larger, of course, had there been pleasant weather during the week of the meeting. One of the improvements necessary for the greater success of the fair next year, says the Statesman, is the building of an ample machinery hall. It has been proposed that the old pavilion be transformed into a machinery hall, and a new pavilion be built. This would be just the thing to do. The old pavilion would be just the thing in which to make an exhibit, and the money that would go into a new hall would build a neat pavilion. To this could be added in millions of dollars of public subscription. Several Salem firms have already signified their desire to contribute for this purpose.

Opening Rehearsal of Balaazar. Prof. E. G. Lorrillard has very kindly tented the Y. M. C. A., the use of his home as a place for the rehearsal of Balaazar, and to-night at 7:30 o'clock, the first rehearsal will take place at this residence, on Fifth street, between Jefferson and Railroad streets. Prof. W. H. Lee will have charge of the music, and under his efficient directorship will be a success. Mrs. E. W. Langton has very kindly consented to assist in the chorus work. Prof. E. G. Lorrillard and Miss Mildred Burnester will act as accompanists. It is earnestly desired that at this first rehearsal there will be a full attendance, as much depends upon getting started on a right basis. We trust that all who have consented to assist will be on hand promptly at 7:30. We wish to say that costumes will be furnished all who may not wish to furnish their own. Hoping that our mistake of last week will be overlooked, and that we may have the co-operation of all who are in sympathy with our work, we give this notice for the first rehearsal.

A. W. Youso, Secretary.

Valuable Team Killed.

The Pendleton East Oregonian says that A. R. Simpson had a fine four-horse team, spoiled at Barnhart's station Monday. J. W. Simpson had driven the team to the station with a load of wheat, and after unloading, drove over to the corral to water his horses. He heard an engine whistle, apparently several miles away, and thinking he could easily cross the track, started to do so, after listening and hearing no sound of an approaching train. Just as the leaders were on the track he looked up and saw an engine which had rounded a curve without whistling, and was not more than sixty feet away. Seeing he could not cross in time, he gave a quick turn to the horses. In an instant the off-wheeler, which had reared, was struck by the engine and killed and carried some distance away. A big piece of the wagon tongue was cut off, so close was the shave, and all the horses were bruised. The wagon overturned, and it was thought for a time that Mr. Simpson was killed in the wreck but he fortunately escaped injury. The railroad company will \$1500, and the owner will be compelled to pay the damage.
