

Morning Daily Herald

ON SALE. THE DAILY HERALD will be on sale each morning at H. J. Jones' book store, where it can be procured at 5 cents per copy.

NOTICES ABOUT TOWN.

Cloaks at the Ladies Bazaar. Cranberries at C. E. Brownell's. Ladies and childrens combination suits at the Ladies Bazaar. L. E. Blain was in Salem yesterday, looking after land interests. T. J. Overman is making a trip to the east, leaving on yesterday train. Mr. and Mrs. Wm. Riles left last night for Oakland, Cal., on a visit. Klein Bros. are closing out their stock of Oxford ties at a great reduction. W. E. Turrell and family leave this morning for their home in Tacoma. Try our chow chow now on sale in quantities to suit at C. E. Brownell's. Mr. and Mrs. F. L. Such, left last evening for their home in San Francisco. Cloaks, cloaks, cloaks, for infants, children and ladies at the Ladies Bazaar. Always on time with the best market affords. Try, and be convinced. C. E. Brownell. The Mises. Ball has received their stock of millinery for the season. Call and examine before purchasing elsewhere. I have just received direct from Vermont a shipment of pure maple syrup and will guarantee it absolutely pure. C. E. Brownell. Parties intending to go East should secure their tickets over the popular Union Pacific and Oregon Short Line route. Call and see Curran & Monteith for tickets. William Ralston, of Albany, left Monday evening for Berkeley, Cal., his old home. Mr. Ralston has been in Oregon since 1847, and is a brother-in-law of Judge O. N. Denny. From Mr. A. B. Lacey, who has just returned from Independence, it is learned that on Sunday last an eight-year old daughter of Dick Tom was killed by being thrown from a horse while out riding. Coburg, a city of Linn county, on the McKenzie, is to have a genuine damage suit instigated against it. Mrs. J. Thornton wants \$2,500 because she stepped through a hole in a bridge and sustained injuries. Ladies call early and make your selections in millinery while the assortment is complete. The largest and best line of hats for Misses and children ever carried before at the Ladies Bazaar. Everyone that has visited the exhibition of art work done by the New Home machine and all those not yet visited, the exhibition are invited to call and get a ticket for the drawing of a handsome prize at the close of the exhibition Saturday evening. Buyers and growers alike complain that there is no market for potatoes this fall. In San Francisco they bring but 50 to 60 cents, which would make them about a bit here, for shipping purposes. But there is no market for spuds for shipment. Oregon this year has grown thousands of bushels of fine potatoes as ever grown anywhere, and it seems a pity they should command no big price.

The Pictorial Drama.

At the Albany opera house Friday evening next, Oct. 9th, the well known favorites Joseph K. Grismer and Phoebe Davies, assisted by their own company will give the attraction and get a ticket for the romantic military drama "Beacon Lights," of which the San Francisco Examiner says: "Las season there was brought out a new play at the Grand, entitled 'Beacon Lights.' The play is remembered as treating of a theme similar to the 'Golden Giant.' A young woman, whose husband has died in the gold fields, endures tribulations in seeking to establish her claim. She is protected, and villainy thwarted by the chivalrous conduct of a young army officer and his friend, an honest miner. 'Beacon Lights' always was and always will be a great play; the piece, however, has been greatly improved since its last visit to this city, as the comedy has been developed, and the action heightened by putting into five instead of four acts, and so avoiding the shifting of scenes in one of the best acts of the play. Each scene now stands an act, and each has a strong dramatic climax. 'Beacon Lights' should never become 'played out.' Reserved seats on sale at Will & Link's music store.

The Oregon Ministerial Association.

The Oregon Ministerial Association of the church of Christ met in this city yesterday. The meeting was called to order promptly at the specified hour, 2 P. M., by the president, David Wetzel, of the first church of Christ, of Portland. After a few brief, pointed and forcible remarks by the president, Mr. G. W. Wright of Albany, gave an address of a most welcome and responsive in a happy and happy way. The following were elected officers: David Wetzel of Portland, president; J. F. Stewart of Albany, vice-president; W. R. Williams of Salem, secretary; D. M. Doty of Dallas, treasurer. After appointment of committees the meeting adjourned till 7 o'clock. There will be some able addresses at various hours to-day.

THE CITY COUNCIL.

Chief Engineer Makes a Report of the Condition of Fire Cisterns.

The city council met in special session last evening, mayor and all members of the council being present. The report of Chief Engineer C. H. Stewart in regard to fire cisterns and water was read. Following is the report: To the Honorable Common Council of the City of Albany. Gentlemen:—In measuring the fire cisterns to day with Councilman French we found that the water stands in them as follows: First and Ellsworth, Revere House, 10 feet 6 inches; First and Ferry, Odd Fellow's Temple, 6 ft 2 in.; Second and Broadalbin, "Democrat" office, 10 ft.; First and Washington, St. Charles hotel 6 ft. 4 in.; Fourth and Washington, Hearst's res., 4 ft 3 in.; Fourth and Ellsworth, Pearce's Church, 4 ft 8 in.; Fourth and Montgomery, Crosby's res., 3 ft 7 in.; Second and Baker, Mrs. Saltmarsh's res., 4 ft. The first three are connected with the canal system, and the first two are practically inexhaustible. The third, at the Democrat office, is connected with the small flume on that street, and although it is now the deepest of all, it is not always so. The remaining five are at present almost worthless. The depth of water running from 3 1/2 feet to 4 feet. These cisterns are all located at important points, and in my opinion it is absolutely necessary that some thing should be done immediately to make them available in case of a fire. All of them, except the one on Fourth and Montgomery, can be connected with a branch of the canal by tilting a distance of only one block in each case, and I would recommend this as the cheapest and the best plan and that it be done immediately. Also I would call your attention to the fact that the new sewer on Ferry street will run within about six feet of the fire cistern at the Odd Fellow's Temple and as it will be something like four or five feet deeper, the probability is that the cistern will be entirely drained. I would recommend that the council empower the proper persons to have it repaired and cemented immediately in case that it is drained as we have reasons to believe it will be. It is one of our most important cisterns, as you all know, and it would not be well for it to be out of repair longer than is necessary. C. H. Stewart, Chief Engineer, A. F. D.

NEWS OF THE COAST.

Interesting Items from Exchanges Throughout the Northwest. The Eugene ice works are now able to supply the city with an abundance of the house-milk article. A wagon read from Cottage Grove to Bohemia mines is very desirable. The best route is up Brass creek. The Sumpter Valley Railroad company is now running passenger coaches regularly for the accommodation of its patrons. Mrs. J. V. Thornton, of Cottage Grove, caught her foot in a hole in a sidewalk, fell and broke her ankle. She now brings suit against the city for \$2500 damages. The Cottage Grove Leader is urging the capitalists of that town to build a fruit cannery at once. There is certainly any quantity of fine fruit near there going to waste this fall. A married couple by the name of Craig came to Eugene about one month ago. They were well satisfied with the town, and talked of going into business. One evening shortly after arriving, Mr. Craig arose from his bed about 10 o'clock, and taking the money belonging to his wife, about \$1000 in paper money, disappeared, and since that time nothing has been heard of him. Mrs. Craig left for her old home in the East last week. A most horrible batchery of one Chinaman by another occurred at a mining camp near John Day, Grant county. Ah Fuc had loaned Ah How \$10, and when the former asked to be repaid, the borrower replied by drawing a huge knife and hacking away at How as he might sleep down a tree. Not one of a dozen or more wounds inflicted reached a vital part, but great chunks of flesh from arms, hips, chest and back were sliced off, and in a very short time the butchered Mongol bled to death. Other Chinamen in the camp succeeded in disarming the murderous countryman, and kept him in captivity until Sheriff Crease could be sent for. The murderer is now in jail at Canyon City.

Removal Notice.

W. R. Graham has removed his tailoring establishment to new commodious quarters on First street, opposite the Farmers & Merchants Insurance office. He has a fine line of clothes for winter suiting, overcoats and garments for men and youth, which his skillful tailors will make up on short notice in neat and fashionable styles. His prices will be found most reasonable.

The Weather To-Day.

The weather forecast of the U. S. Signal service for the next 24 hours is: cooler; fair weather. Some Remarks. "How many seconds are in a minute?" "Do you mean a real minute, mamma, or one of your great big wait-a-minutes?"—Indianapolis Journal.

LETTER LIST.

Following is the list of letters that remain uncalled for in the Albany postoffice Oct. 6, 1891. Persons calling for the same will please state that they were advertised: Henry Andrews, 2, Frewlein Bauer, C. S. Bates, John R. Cole, M. J. Colby, 2, Eva Chester, John C. Davis, Neulian Davis, Lara Foster, John Fips, Mrs. T. B. Griffin, Chas. Gray, Miss J. Garrett, M. Gleason, A. G. Hawman, Elbert Janssen, L. A. Manley, J. W. Nelson, W. E. Oliver, Chas. H. Pratt, Wm. H. Rowland, Billy Rue, Jno. L. Robinson, Mrs. M. E. Roberts, Chas. Reader, Carl Rankin, Eliza Thompson, Louis R. Ulen, Frank Verry, Eliza Williams, C. E. Waggblen, Mary Woods, F. C. Wallace. T. MONTEITH, P. M.

Wanted.

A house of not less than five rooms near the center of the city. For particulars inquire of the agent at the S. P. depot.

THE BIG BRIDGE.

A Force of Men Expected to Begin Work To-Day—Material on the Ground.

The public will be gratified to know that active work is about to begin on the big steel bridge. The pile driver, the piling for the piers, about 1000 barrels of cement and planking, is on the ground, and it is expected that a force of men will commence regular work on the piers to-day. The contractors say that the piers will be so far advanced as to be beyond danger of a rise in the river within eighty days, and that the steel bridge itself which is now being made at the factory, can be put in place within thirty days after its arrival. The site of the bridge will henceforth be a scene of active operations, and the big bridge will soon begin to assume proportions.

POLITICAL GOSSIP.

Democrats of Linn Have Some Available Congressional Timber.

The discussion as to whether or not Hon. Binger Hermann will be nominated by the republicans for congress, and if not who his successor will be, is regarded with interest by democrats in this portion of Oregon, who it is said will have something to say when the time comes about who the democrats nominee shall be. It is said that Hon. Jeff Myers, the energetic young senator from the classic Forks of the Santiam, is considered by his friends as an available candidate, and his name has already been mentioned in this connection in other parts of the state. Jeff is a great hustler, and considering the short time he has been in politics is decidedly in the swim. The Independence West Side is informed that there is considerable "talk on the quiet" that a portion of the democratic party may ask Hon. J. P. Galbraith, of Linn county, to accept a nomination for congress, and adds that as Linn is the banner democratic county of the state, and generally located with a bright political career as Mr. Galbraith has had, he would make a strong race.

THE WORLD ENRICHED.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring-time or, in fact, at any time any the better it is known the more popular it becomes. Castoria is recommended by physicians for children teething. It is a purely vegetable preparation its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiet pain, cures diarrhoea and wind colic, allays nervousness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mothers' friend. 35¢ per bottle.

MILK NERVE & LIVER PILLS.

Act on a new principle—regulating the liver, stomach and bowels through the nerves. A new discovery. Dr. Miles' Pills speedily cure biliousness, bad taste, torpid liver, piles, constipation, indigestion, and prevent convulsions. Smallest, mildest, surest! 50¢ per box for 25 cents. Samples free, at Standard & Cusick.

French Tansy Wafers.

These wafers are for the relief and cure of painful and irregular menses, and will remove all obstructions, no matter what the cause, and are sure and safe every time. Manufactured by Emerson Drug Co., San Jose, Cal., and for sale at J. A. Cumming's drug store only.

BORN.

OHLING—To the wife of Ralph Ohling in this city on Oct. 3, a son. ACHISON—To the wife of Geo. Achison in this city on Oct. 6, a daughter. MCCOY—To the wife of James B. McCoy at Oakville, on Oct. 6, a daughter.

Baby cried,

Mother sighed, Doctor prescribed: Castoria!

The Ideal Baking Powder is Dr. Price's Cream Baking Powder. For more than fifty years Cream of Tartar and Bicarbonate of Soda have been used for leavening purposes with sufficient flour added to preserve the strength of the powder unimpaired, and this with the addition of whites of eggs comprises this pure and wholesome leavening agent, that has been the standard for 40 years. In its use pure, wholesome and delicious food is always assured. Makes cake and biscuit that retain their moisture, and while they are flaky and extremely light they are fine grained, not coarse and full of holes as made with ammonia baking powders, latter dries up quickly. Alum powders leave a bitter taste in the bread or cake. Dr. Price's Cream Baking Powder once used, always used.
