

New Severe Colds Are Broken Up in Minutes. From the Virginia City, Mont. Mailman. When we find a medicine we know to possess genuine merit we consider it a duty, and we take pleasure in telling the public what it is. Such a medicine we found Chamberlain's Cough Remedy, last winter, when a gripe was prevailing. We are satisfied that it warded off several attacks that were threatening by the use of your syrup, and we have since relieved, in a few hours, severe colds, and in the course of two or three days, entirely broken them up by its use as have several of our friends whom we have recommended it. It is all that it is represented to be by manufacturers. If you have a cough it is worth a try. Chamberlain's Cough Remedy will do the work. For sale by Foshey & Mason.

The Question of the Hour. And one that is frequently asked Mr. Weston, "what is it in your Robertson that produces such a delightfully cooling and refreshing sensation and adds a most delicate tint to the complexion?" to which we answer: It is a combination of rare and harm's ingredients scientifically prepared. There enters into the composition of this article ingredients which have never before been used in preparations of this kind, hence the effect is so strikingly different from that produced by all other toilet remedies. The powders used in the composition of Robertson are all of the very smoothest and finest quality, and each and every ingredient must stand the crucial test of chemical purity, insuring freedom from all foreign and deleterious substances. Thus with rare and harmless ingredients, and the very finest division it is possible to make of absolute purity and combine it with a scientific precision, it is but natural that we should produce a superior article and one that is especially adapted to the "Peerless Beautifier."
