TO GOOD TEMPLARS.

Do you know that Moore's Revealed Remedy is the only patent medicine in the world that does not contain a drop of alcohol; that the mode of preparing it is known only to its discoverer; that it is an advance in the science of medicine without a parallel in the nineteenth century; that its proprietors offer to forfeit $1,000 for any case of dyspepsia it will not cure?

I am an old man and have been a constant sufferer with catarrh for the last ten years. I am entirely cured by the use of Ely's Cream Balm. It is strange that so simple a remedy will cure such a stubborn disease.—Henry Billings, U. S. Pension Att'y, Washington, D. C.

For eight years I have suffered from catarrh, which effected my eyes and hearing; have employed many physicians without relief. I am now on my second bottle of Ely's Cream Balm, and feel confident of a complete cure.—Mary C. Thompson, Cerro Gordo, Ill.

A NATIONAL EVENT.

The holding of the World's Fair in a city scarcely fifty years old will be a remarkable event, but whether it will realy benefit this nation as much as the discovery of the Restorative Nervine by Dr. Franklyn Miles is doubtful. This is just what the American people need to cure their excessive nervousness, dyspepsia, headache, dizziness, sleeplessness, neuralgia, nervous debility, dullness, confusion of mind, etc. It acts like a charm. Trial bottles and fine book on "Nervous and Heart Diseases," with unequaled testimonials free at Stanard & Cusick's. It is warranted to contain no opium, morphine or dangerous drugs.

SPECULATION DANGEROUS.

Scarcely a day passes without the news of some large failure flashing over the wires—the usual result of speculation in stocks or some equally dangerous venture. The same electric current carries to dear distant friend the sad tidings of death of loved ones—too often the result of speculation in patent nostrums. Moore's Revealed Remedy is no speculation but is sold on positive guarantee. Do not fail to go to your druggist and ask for your money if not satisfied. We known you will go and buy another bottle. For sale by all druggists.

A Portland Electric Car Plunges Down an Embankment.

A DISTANCE OF THIRTY FEET.

The Car Crushed to Pieces and Several Passengers Seriously Hurt News From the Metropolis.

PORTLAND, Oct. 16.—About 2:30 this afternoon while one of the electric cars was going south on the Fulton Park extension of the Second street line, in some way the upper electric connection became broken, leaving the car on the trestle. The velocity of the car on the track on a down grade lost its balance and over it went, down to the ground below, a distance of thirty feet. The car was smashed to pieces and three men and two women who were in the car were seriously hurt. The company's physician and every one did all that could be done for the sufferers while on the ground. Later one of the cars of the company took the sufferers to the city. The accident happened on the trestle beyond Corbett street, on the Fulton Park extension. No one was killed as was first repported, but those hurt are badly cut and bruised about the hands, face, limbs and body.

All is Forgiven.

PORTLAND, Oct. 16.—Mr. and Mrs. Ira F. Powers, jr., whose elopement so recently startled society, have returned to this city and are forgiven by their respective parents. Mrs. Jamieson gave in three days after the wedding, but Mr. Powers was more obdurate and it was not until Wednesday night that he submitted to the inevitable and telegraphed to the young couple to return.

Will Meet in Eugene.

PORTLAND, Oct. 16.—At the meeting of the Knights of Pythias grand lodge to-day Grand Chancellor Cleveland was allowed $200 for extra expenses incurred during the past year.

The salary of the grand keeper of records and seals was fixed at $750.

Eugene was chosen as the place for the next session of the grand lodge.

NEWS OF THE COAST.

Interesting Items from Exchanges Throughout the Northwest.

Patrick Kelley, a sheepherder, was found dead in his cabin in Crook county a few days ago. It was discovered that he accidently killed himself with a rifle.

Gervais is a little town in Marion county with less than 200 inhabitants, yet she can raise a subsidy of $9,000 for a flouring mill. The mill will have a capacity of 75 barrels per day.

John McIntosh, of Pendleton, who has been putting in the summer umpiring baseball games, has just fallen heir to $10 000 by the death of his father in St. Thomas, Canada.

The Echo Milling Company are building and have nearly completed two warehouses with a capacity of 150,000 bushels. The mills have a daily output from 125 to 140 barrels, and have contracted for 100,000 bushels of wheat from the Walla Walla valley.

On the the 12th inst., about 6 o'clock P. M., L. K. Kenebel, was stabbed in the breast by a young man named Morton, in a saloon in The Dalles. They had quarrelled over a dollar debt. Morton was arrested and put in jail. The wound of Kenebel is serious, but not necessarilly fatal.

News has reached Nogales, A. T., of the murder of Dona Delfina Monteverde, a wealthy and well-connected lady of Hermosillo, in the state of Sonoro, Mexico. The crime was committed by her son-in law, Pampose Ramirex, whom she was chiding for his dissolute ways. In a fit of anger he shot and killed her.

Umatilla county farmers were obliged to abandon their intention to have a day of jubilee and speechmaking at Pendleton, October 15. President Polk, of the National Farmers' Alliance and Industrial Union, is ill at his home in Washington, D. C., and will be unable to fulfill the appointment made for his intended visit to Oregon and Washington.

An itinerant fruit dealer at Portland fell in love with a lady to whom he sold a box of peaches. He came immediately to the point asking her if she was married, adding that he was not, but would very much like to wed her. The lady was much insulted and was about to retreat when the pedler grasped her by the waist and gave evidence of his passion by planting a kiss upon her check. The unfeeling woman had him arrested for battery.

Last Thursday, says the Calaveras Prospect, the men at work on the Venus quartz mine at Campo Seco, to the number of sixteen, went on a strike, not for higher wages, but for what was their due. Several months pay is due to the men, and they came to town Tursday night and filed liens on the property. The men say that the mine looks well with a vein seven feet in width, and that a recent clean-up over a thousand dollars was taken from the mill.

Grace Bradley, the little daughter of the Union Pacific depot agent at Athena, the other day found a check, payable to bearer and signed by the Oregon state treasurer, for $3500, in the north part of of town. It was turned over to the bank. Who it belongs to and how it came there is a mystery, says the Athena Press. It is more than likely the check is a clumsy attempt at a forgery, as checks by the state treasurer are not usually made out to bearer.

A few weeks ago a man visited Pendleton, giving his name as H. H. Downs and business as representative of the World's Fair Publishing Company. He wore good clothes and was a man of persuasive address. He proposed to illustrate Pendleton in his paper. Several business men gave orders for cuts of their buildings at $15 each, and paid the money. Mr. Downs called on the city council and so impressed that body with the beauties of his scheme that cuts were ordered for a birds-eye view of Pendleton and several public buildings at a total cost of $75. The next morning Mr. Downs left the city. Telegrams to Chicago obtained replies disclosing the fact that a very slick swindler had been among them. Other towns are warned to look out for him.

AN AWFUL SCENE

A SICKENING ACCIDENT AT A HANGING.

The Rope Broke and the Victim Was Afterwards Slowly Choked to Death.

REDWOOD FALLS, Minn., Oct. 16.—William Rose was hanged at daylight this morning. At 4:56 the trap was sprung, but the rope broke with a snap. Without a moment's delay, the limp body was picked up and placed face downward on the scaffold, a second noose pulled down and adjusted and the trap sprung again at 5 o'clock, without attempting to place the body on its feet, and a process of slow strangulation ensued.

The sight was horrible and strong men turned away to avoid witnessing it.

Hurt in the Mountains.

Salem Statesman: After an absence of several months in the mountains, Bert Potter returned to his home in Salem yesterday. He returned with David Smith—a son of Don Smith, of Mehama—a member of the party who sustained such injuries in the mountains as to render medical aid an absolute necessity. By some means young Smith split his knee cap, and in consequence is suffering greatly. He was taken out yesterday to Judge Waldo's ranch near Macleay. Messrs. Potter and Smith were members of Judge J B. Waldo's party and the accident hurried them out of the mountains before they were ready to come. They took the Oregonian train at Coburg, leaving the judge to return home alone with the pack train. This year the party camped high upon Mt. Hood and afterwards moved towards the south, taking in Jefferson and paying their respects to the Three Sisters.

A Long Weary Journey.

Dalles Times-Mountaineer: Harry Kramer, a youngster about 12 years of age ran away from his home in Oakland about two months ago on account of a threatened whipping and arrived at The Dalles the early part of the [illegible]. The little fellow is considerably the worse for his trip and his clothes were too ragged upon his arrival to thoroughly conceal the [illegible] which had accumulated on the [illegible]. He also furnished a precarious existence to drivers and unmentionable specimens of insectivora. Some kind hearted friends of the lad bought him some clothes and furnished him with a bath and telegraphed to his parents, but as yet no answer has been received.

A New Variety of Wheat.

A new variety of wheat known as the new golden is attracting considerable attention among wheat growers says the Dallas Times Mountaineer. It is a product coming originally from the department of agiculture, and produced in Oregon for the first time in any quanty the present season. The yield surpasses that of the little club under like conditions, while it is apparently less affected by dry weather than any other variety heretofore sown in Eastern Oregon.

NORTHWEST LANDS

A Decision Gives the Northern Pacific Many Thousand Acres.

VALUED AT MANY MILLIONS.

The Lands Are Situated in Washington, Idaho and Montana, and Have Been in Dispute for a Long Time.

FARGO, N. D., Oct. 16.—It is said that the decision of Judge Caldwell in the Northern Pacific case is worth from $15,000,000 to $20,000,000 to the railroad, although on the main issue, as to taxation of the lands, the decision is against the company. The decision gives them a clear title to all the land within their grant not known to contain minerals at the time of filing the maps of the definite location of the road. The interior department has hitherto refused to patent these lands until the railroad should produce proof that the lands did not contain minerals. Many thousand acres of land in Montana, Idaho and Washington, upon which gold, silver and copper have been discovered since the filing of the maps of location, and which the interior department held were not included in the grant, are by Judge Caldwell's decision declared to be the property of the railroad, not only the land, but the mineral as well. The value of the railroad taxes involved in Judge Caldwell's decision for the twelve counties interested will be about $100,000.

"Im tired(d) too," said the bicycle."
