THE Sunday question continues to worry a great many people, and efforts are still in progress to clog the wheels of necessary legitimate labor, and wholesome recreation, instead of striving to effectually stop the work that is vicious and demoralizing. The Chronicle says that the attempt of the Pittsburg law and Order Society to prevent the issue of the Sunday newspapers in that city will be a flat failure, as similar crusades have failed in other cities. According to the reports, these reformers, if they carry out their plans to arrest any one beginning work on Sunday night before 12 o'clock, will put a quietus on the Monday newspaper as well. Next they should proceed against the milkmen, and street-car drivers and conductors and all who are forced to work on Sunday. It is safe to say that nine men out of ten would prefer to dispense with milk in their morning coffee on Sunday rather than be cut off from their favorite newspaper.

A PROMINENT clergyman of Denver, pastor of a Christian church in that city, is charged by a wealthy Spanish lady with entering into a conspiracy to deceive her. Her daughter was asked in marriage by a man who had been divorced. She objected, being a Catholic, because no priest could perform the ceremony, but consented if one could be found. The reverend gentleman of Denver, on solicitation of the would be groom, personated a priest and performed the ceremony. Hence the irate mother's charge. The main object has been accomplished, the daughter and her lover are married fast enough.

THE women of this country are noted for their humane feelings, and prompt and energetic action, when a course to be pursued has been decided upon. They considered that Mrs. Maybrick the Englishwoman sent to prison for life under the charge of having murdered her husband was wrongfully incarcerated and straitway set about raising a fund to obtain her relief. The fund has already grown to a large size and if money and influence can succeed in opening the door of the English prison, Mrs. Maybrick will be released.

THE river, shore and sea fisheries of the Pacific Coast represent a great industry. The number of men employek in 1878 made a total of 14,603. In 1888 the capital employee was $3,494,239. The salmon fisheries are the most important, and of these Alaska has the largest share, a fact owing partly to the large capacities of the canneries, but chiefly to the greater productiveness of the Alaska rivers. This seems to indicate that Alaska to be the great salmon region of the future.

A BULLETIN from the census office gives preliminary figures on the first investigation ever made by the government into the nursery industry. From the tabulations in the bulletin it appears that there are in the United States 4,510 nurseries, valued at $41,878,835.80 and occupying 172,806 acres of land, with an invested capital of $52,425,660.51, and giving employment to 45,657 men, 2,279 women, and 14,200 animals, using in the propogation and cultivation of trees and plants $990,606.04 worth of implements.

THE evident intent to convict someof the mob of the lynchers who recently disgraced Omaha by taking the law into their own hands, will be a matter for congratulation if it is carried out. The lynching business should be effectually sat down upon.

UTAH has made great advances in population during the past ten years, increasing from 148,963 in 1880 to 207,950 in 1890. It is a pity that the Mormon church should stand in the way of the further development of the territory, as it undoubtedly does by inspiring distrust. If this distrust could be completely removed so as to permit statehood to be conferred Utah would move along on a career of prosperity.

IT seems that the accusation that Pennsylvania is the state of the iron barons, is not correct, in fact, for other states equal and excel that state in the production of that useful metal. The total production in the United States being 14,227,892 long tons, Pennsylvania's share of which is 1,550,567 tons. Michigan leads in production, having an output of 5,756,370 tons, while Alabama presses Pennsylvania for second place with a production of 1,516,982 tons.

THE title business seems to have degenerated into a bargain and sale arrangement in Europe. France had a scandal over the matter and now Germany is in the same pickle. Let them sell them, they won't last much longer anyhow.

A SLEEPING car is not a very good place for a somnambulist. Recently a young lady on a New York Central train adicted to that malady, walked out on the platform and off in the darkness, resulting in injuries that caused death.

IT is announced that a sugar refinery of 1200 barrels per day capacity, is to be started in N. Y., to be independent of the trust. That is certainly a sweet announcement.

Height of Cruelty.

Nervous women seldom receive the sympathy they deserve. While often the pictures of health, they are constantly ailing. To withhold sympathy from these unfortunates is the height of cruelty. They have a weak heart, causing shortness of breath, fluttering, pain in side, weak and hungry spells, and finally swelling of ankles, oppression, choking, smothering and dropsy. Dr. Miles' New Heart Cure is just the thing for them. For their nervousness, headache, weakness, etc., his Restorative Nervine is unequaled. Fine treatise on "Heart and Nervous Diseases" and marvelous testimonials free sold and guaranteed by Standard & Cusick.

Mothers?

Castoria is recommended by physicians for children teething. It is a purely vegetable preparation its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quites pain, cures diarrhœa and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Cassoria is the children's panacea—the mothers' friend. 35 doses, 35 cents.

REMARKABLE RESCUE.

Mrs Michael Curtain, Plainfield, Ill, makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefitted from the first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework and is as well as she was.—Free trial bottle of this great Discovery at Foshay & Mason's Drug Store, large bottles 50c, and $1.00

Epepsy.

This is what you ought to have, in fact, you must have it, to fully enjoy life. Thousands are searching for it daily, and mourning because they find it not. Thousands upon thousands of dollars are spent annually by our people in the hope that they may attain this boon. And yet it may be had by all. We guarantee that Electric Bitters, if used according to directions and the use persisted in, will bring you good Digestion and oust the demon Dyspepsia and install instead Eupepsy. We recommend Electric Bitters for Dyspepsia and all diseases of Liver, Stomach and Kidneys. Sold at 50c and $1.00 per bottle by Foshay & Mason, Druggists.

OUR CANDID ADVICE.

It is seldom that we appear in the roll of spiritual adviser of family physician but there are times when we feel justified in calling the attention of our many subscribers to an article of true merit. We feel justified in saying that Moore's Reverled Remedy contains more actual merit than any medicine it has ever been our good fortune to test. One trial will make you as enthusiastic as the writer,
