

How Severe Colds Are Broken Up in Montana.

From the Virginia City, Mont. Mailman. When we find a medicine we know to possess genuine merit we consider it a duty, and we take pleasure in telling the public what it is. Such a medicine we found Chamberlain's Cough Remedy, last winter, when I was laid up by a cold, entirely broken through by its use as have several of our friends whom we have recommended it. It is all that it is represented to be by its manufacturers. If you have a cough and want to stop it, Chamberlain's Cough Remedy will do the work. For sale by Foshy & Mason.

The Question of the Hour.

And one that is frequently asked Mr. Wisdom, "what is it your R. B. medicine that produces such a delightful cooling and refreshing sensation and adds a most delicate taste to the complexion?" to which we answer: It is a combination of rare and harmless ingredients scientifically prepared. There enters into the composition of this article ingredients which have never before been used in preparations of this kind, hence the effect is so strikingly different from that produced by all other "cooling" remedies. The powders used in the composition of Roberson's are all of the very smoothest and finest division it is possible to produce, further more each and every ingredient must stand the crucial test of chemistry. They insure freedom from all foreign and deleterious substances. Thus with rare and harmless ingredients of the very finest division it is possible to make all of absolute purity and combine with scientific precision, it is but natural that we should produce a superior article and one that has long been aptly termed the "Peerless Beauty."
