Freight	3.40pm	7.45 a m

HENRY CLEWS has prepared a comparative statement showing the grain crops of 1890 and 1891, in which he estimates that our exportable surplus of wheat at New York prices will be worth $264,000,000, and that we shall have a surplus of corn for export of $200,750,000, and other breadstuffs which will bring the total to $530,-250,000. It is not quite clear from the statement whether Mr. Clews really means to intimate that our exports of breadstuffs are likely to reach such an amount as the above, but if he does he is egregiously mistaken. It is possible that we may have as much to spare as Mr. Clews calculates—although even that is doubtful—but it is the highest degree in improbable that the deficit countries can afford to take from us anything like the the stupendous quantity of grain figured up in his calculation. The necessaries of the deficit countries may be as great as estimated, but the money which would be required to satisfy them will not be obtainable. We shall doubtless export a much larger quantity of breadstuffs than for many years past, but nothing like the quantity estimated by Clews.

THE silver question is a live issue, and of great interest. A mining journal says that from all indications the production of silver in this country will be considerable greater this year than in 1890. Never before has there been so much activity in all the silver mining camps of the West as at the present, and this is beginning to show in the greater output of ore. The lead smelters of Denver and Pueblo are pressed to to the limit of their capacity to reduce the ore of this class which is offered, and there has even been some talk of the erection of new works at the latter place. The production of lead ore has not, apparently, increased, but the smelters are running their furnaces on low lead charges and are thus handling the greatest volume of dry ores.

THERE are some peculiar religious sects in the world. For instance, it is said that the one hundred and fifty-seventh annual re-union of the Schwenkfelders, which was held recently at Clayton, Penna., brought together nearly 2,000 members of that peculiar sect which is now nearly extinct in that section of Pennsylvania, five churches only remaining. The memorial services included together with the addresses, a repast at midday in the meeting house among the pews and benches, according to the traditional custom. The anniversary was in the memory of the safe arrival of the forefathers of the sect in Philadelphia September 22, 1734.

THE condition of affairs in Italy, and the relation of the government of that country and Vatican, is anything but harmonious. The folly of expensive armies and navies during peace is shown in the condition Italy. There is said to be actual suffering among the people, superinduced by the excessive taxation necessary to keep up the immense armament, and no prosperity is anywhere apparent. The difficulty existing between the government and the Pope is constantly widening and an open rupture, with the possible withdrawal of the Pope from Rome seems highly probable.

BISMARCK, it is said has announced intention of defending his policy in the Reichstag there may be music in the air. It is just possible that if he displays much of the bitterness he has recently shown, the Emperor may try to shut him up. And yet it would seem to be a perilous step for him to take, for nothing could do more to open the eyes of the Germans to the fact that they are living under a form of government entirely to autocratic to exist in the closing years of the nineteenth century.

SECRETARY BLAINE is again at his work in Washington. Perhaps there will not be as many speculations and rumors in regard to his health and physical condition as there has been heretofore. It may cause a dearth of material for newspaper writers, but it will give a great rest to the readers. One laughable incident in his return to Washington was the attempt, by the agents of an European admirer of the defunct Confederacy who had loaded up with a million or so of its bonds, and terribly wanted Uncle Sam to pay them, to serve papers upon the secretary when passing through Baltimore.

THE situation in New York looks anything but inspiring for the democratic side of the house. There is a strong effort being made by the democrats themselves to break the old power of the old Tammany ring, and as Mr. Flower, the democratic nominee for governor, owes his nomination to Tammany the action is likely to operate toward his defeat. The election of Mr. Fassett, the republican nominee seems to be almost assured.

CALIFORNIA claret has been shipped to France. The New York Herald thinks that it will be shipped to this country with a French label on it, but the Chronicle thinks the Frenchmen appreciate the superior qualities of California wines.

Mothers?

Castoria is recommended by physicians for children teething. It is a purely vegetable preparation its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quites pain, cures diarrhœa and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Cassoria is the children's panacea—the mothers' friend. 35 doses, 35 cents.

THE WORLD ENRICHED.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Springtime or, in fact, at any time any the better it is known the more popular it becomes.

Aug Hennung, a well known manufacturer of boots and shoes at 820 Nolan St., San Antonio, Texas, will not soon forget his experience with an attack of the cramps which he relates as follows; "I was taken with a violent cramp in the stomach which I believe would have caused my death, had it not been for the prompt use of Chamberlain's Colic Cholera and Diarrhoe Remedy. The first dose did me so much good that I followed it up in 20 minutes with the second dose, and before the Doctor could get to where I was, I did not need him. This Remedy shall always be one of the main stays of my family." For sale by Foshay & Mason.

HUMPHREYS'

G. W. SIMPSON

FIRST STREET, ALBANY, OREGON.

REMARKABLE RESCUE.

Mrs Michael Curtain, Plainfield, Ill, makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefitted from the first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework and is as well as she was.—Free trial bottle of this great Discovery at Foshay & Mason's Drug Store, large bottles 50c, and $1.00.

Epepsy.

This is what you ought to have, in fact, you must have it, to fully enjoy life. Thousands are searching for it daily, and mourning because they find it not. Thousands upon thousands of dollars are spent annually by our people in the hope that they may attain this boon. And yet it may be had by all. We guarantee that Electric Bitters, if used according to directions and the use persisted in, will bring you good Digestion and oust the demon Dyspepsia and install instead Eupepsy. We recommend Electric Bitters for Dyspepsia and all diseases of Liver, Stomach and Kidneys. Sold at 50c and $1.00 per bottle by Foshay & Mason, Druggists.

CROWDER BROS

Contractors and Builders.
