THE building of navies seems to be the most engaging occupation of nations, at present. It is not confined to any particular country, as the registers of the different nations will show. Great Britain, until very recently, took part in the pastime with greater zeal than any other nation, but now Russia is into the business up to her eyes. A programme for a great fleet to defend Russian interests and to act aggressively on the high seas has been mapped out, and in a comparatively short time we may expect to see the Russian flag floating over vessels as big as any in the English, French or Italian navies. Menacing as these facts may seem, they afford a sort of guarantee that the dreaded war is not so imminent as many have fancied, for it is hardly conceivable that Russia would make these great preparations and foolishly anticipate them. It looks as though Russia had adopted for her motto "All things come to those who wait," with the slight addenda that it is well to be getting ready for the event.

THE wonders of nature will never cease to be objects of study and investigation. The New York Independent has been delving and says that why trees or other plants grow erect, has never yet been definitely determined. It has been supposed to have some relation to the action of light. Certainly a plant usually growing erect turns toward any opening for light in a dark cellar; but when there is no light, they grow erect. Dr. Maxwell S. Masters has recently called attention to some cases in an English coal mine: 1,000 feet deep. Some props made from green posts pushed out into growth; and, though in absolute darkness, they were perfectly erect, and perfectly blanched.

THE women of the world are asserting their capacity to fill the various vocation with persistent energy. The latest example comes from Servia in Europe, where a woman named Mila is on trial for brigandage. The account says that she had been for a number of years a terror to the people of that region, and her crimes and cruelties far exceed those of the ordinary brigands in Turkey or Servia. Mila is accused of fourteen murders and numerous robberies, and the peculiarly unfeminine feature of her deeds of blood was that she horribly mutilated her victims. In audacity and cruelty she had few equals among outlaws. She is not good looking, and has a nose like a hawk.

THE peculiarities of religious belief continue to hold sway. A Mrs. Woodworth, some years ago, made quite a stir in California over the sect known as the Church of God, one of the tenets of which is to wash the disciples feet. She has recently been operating in Kansas, and at one place secured 500 proselytes to her organization. The foot bath ceremony was entered upon and carried out in detail, water being used from a well near by. Its coolness induced one young lady to ejaculate "ouch" when her turn arrived.

EDWARD MALLEY of New Haven, Connecticut, takes a new method of getting rid of a breach of promise suit, instituted by a New York lady. His method was to abduct the lady, so that when the suit was called, there was no plaintiff to appear. Possibly he has not as yet reached the end of the case.

THE Oswego Iron Worker is a new venture in the newspaper field, published at Oswego, Clackamas. It is bright, newsy and clean, and the number before us contains a very interesting and instructive article descriptive of the iron furnace and iron ore business of Oswego, which is one of the most important and flourishing industries upon the coast, and for which Oregon may be justly proud.

THE German people are said to be unduly exercised over the cut of the Emperor William's beard. He recently changed its cut at the suggestion of his wife, and now they are worrying for fear that she will exert an undue influence over him. Possibly it might be an improvement if she could influence him more than she does.

PRESIDENT EZETA of San Salvador denies the rumor that he is working to bring about a union of the Central American states. Efforts in that direction have heretofore resulted disastrously. Those states seems to have to belligerant dispositions to live together in harmony.

THE rapid clearing up of the court docket, as evinced in our reports, shows the excellent business methods of Judge R. P. Boise. As a judge he is clear, concise and expiditions, always looking to the best interests of the people as well as dealing justice and right to the litigants.

THE subject of corporal punishment in schools, is agitating the public mind in Portland. The principals of at least two of the public schools are receiving lots of criticism for applying the rod.

THE American hog has a very insinuating way that wins in the long run. He has rooted his way into the German market and now also into France. It is very hard to fence out the American hog. He is a cosmopolitan animal and goes in to win.

Mothers?

Castoria is recommended by physicians for children teething. It is a purely vegetable preparation its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quites pain, cures diarrhea and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mothers' friend. 35 doses, 35 cents.

THE WORLD ENRICHED.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time any the better it is known the more popular it becomes.

Height of Cruelty.

Nervous women seldom receive the sympathy they deserve. While often the pictures of health, they are constantly ailing. To withhold sympathy from these unfortunates is the height of cruelty. They have a weak heart, causing shortness of breath, fluttering, pain in side, weak and hungry spells, and finally swelling of ankles, oppression, choking, smothering and dropsy. Dr. Miles' New Heart Cure is just the thing for them. For their nervousness, headache, weakness, etc., his Restorative Nervine is unequaled. Fine treatise on "Heart and Nervous Diseases" and marvelous testimonials free sold and guranteed by Standard & Cusick.

REMARKABLE RESCUE.

Mrs Michael Curtain, Plainfield, Ill, makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefitted from the first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework and is as well as she was.—Free trial bottle of this great Discovery at Foshay & Mason's Drug Store, large bottles 50c, and $1.00.

Epepsy.

This is what you ought to have, in fact, you must have it, to fully enjoy life. Thousands are searching for it daily, and mourning because they find it not. Thousands upon thousands of dollars are spent annually by our people in the hope that they may attain this boon. And yet it may be had by all. We guarantee that Electric Bitters, if used according to directions and the use persisted in, will bring you good Digestion and oust the demon Dyspepsia and install instead Eupepsy. We recommend Electric Bitters for Dyspepsia and all diseases of Liver, Stomach and Kidneys. Sold at 50c and $1.00 per bottle by Foshay & Mason, Druggists.

OUR CANDID ADVICE.

It is seldom that we appear in the roll of spiritual adviser of family physician but there are times when we feel justified in calling the attention of our many subscribers to an article of true merit. We feel justified in saying that Moore's Reverled Remedy contains more actual merit than any medicine it has ever been our good fortune to test. One trial will make you as enthusiastic as the writer,
