The Question of the Hour. And one that is frequently asked Mr. Weston, "what is it in your R. bertine that produces such a delightfully cooling and refreshing sensation and adds a most delicate tint to the complexion?" to which we answer, "It is a combination of rare and harmless ingredients scientifically prepared. There enters into the composition of this article ingredients which have never before been used in preparations of this kind, hence the effect is so strikingly different from that produced by all other toilet remedies. The powders used in the composition of Robertine are all of the very smoothest and finest division it is possible to produce, finer more each and every ingredient than stand the crucial test of chemical purity, ensuring freedom from all foreign and deleterious substances. With rare and harmless ingredients of the very finest division it is possible to make all about a beautifying and skin-tinting preparation, it is but natural that we should produce a superior article and one that has long been aptly termed the "Peerless Beautifier." MRS. GRAHAM'S CUCUMBER AND ELDER FLOWER CREAM

It is not a cosmetic in the sense in which that term is popularly used, but permanently beautifies. It creates a soft, smooth, clear, velvety skin, and by daily use, gradually makes the complexion several shades whiter. It is a constant protection from the effects of sun and wind and prevents sun burn and freckles, and blackheads will never come while you use it. It clears the face far better than soap and water, nourishes and builds up the skin tissues and thus prevents the formation of wrinkles. It gives the most beautiful appearance to any lady, and that permanently. It contains no acid, powder or alkali, and is as harmless as dew and as soothing to the skin as dew is to the flower. Price \$1.00, at all druggists and hairdresses, or at Mrs. Graham's Creams establishment, 105 First Street, San Francisco, where she treats ladies for all blemishes of the face or cure.
