Admirers of sweet toned pianos and latest improved organs should call at Will & Link's and see their magnificent instruments.

Hugh Gahagan has sued the city of Seattle for \$25,000 damages, sustained by falling from a temporary and dangerous bridge.

William Mack will have his new barber shop opened for business on Saturday, Oct. 31. Come and see me opposite the post office.

Hon. C. W. Fulton's name is being mentioned as a suitable candidate on the republican ticket for congressman in the second district.

They don't pave the streets of Helena, Montana, with gold but if the truth is told they took out \$100 worth of gold a day, recently, while digging the foundation for a business block in that place.

The next meeting of the Linn County Alliance will be held at Seilo, on Friday before the 2nd Saturday in November, at 10 a. m. All unions are requested to be represented as there will be business of importance to transact.

It is said the phrase, "he isn't in it" was first used by an editor who died and went to heaven and looked around for the man who took his papers for three years and left it in the postoffice marked "refused."

The manufacture of false teeth for horses is a new industry recently started in Chicago, judging by what a set of pretty false teeth will do to a human being, we may suppose that they will make a horse laugh.

Ready to Transfer.

The Oregon State Agricultural society (the organization that formerly conducted the state fairs and in whom title to the fair grounds is vested) is preparing to make a transfer of the real estate belonging to the society to the State Board of Agriculture, under whose auspices the state fair is made an annual success.

This transfer is being made in accordance with a resolution passed by the society at its annual meeting, held at Salem during fair week last September. The property now being transferred consists of a tract of about 100 acres just north of Salem, being the state fair grounds. The last legislative session gave the board of agriculture authority to hold real estate. The transfer will be made in a few days.—Salem Statesman.

Sunday School Concert and Revival

The regular services at the Evangelical church on Sunday morning will be omitted on account of the absence of the pastor. In the evening a home missionary concert will be given by the Sunday School, which will be followed with gospel revival services to be continued an indefinite time. Services to begin at 7:30 p. m. every night during the week. All who enjoy an old time revival come and assist in these services.

Arrived in Town.

Coll. Van Cleve, the Toledo coal mine owner, started for Albany yesterday morning on the train, and stopped at Corvallis intending to come on to Albany in the afternoon on the freight, but as there was no train yesterday he counted the ties between Corvallis and this city, arriving here about 6:30 last night. That's one on Van.

A New Church at Seaside.

The Cumberland Presbyterian church has decided to build a substantial church at Seaside. Rev. Blair, of Eugene, is among us investigating matters; also Rev. Thompson, of Lebanon. The building will cost about \$1,000.

CHRISTIAN ENDEAVOR SOCIETIES.

The Annual Convention Now in Session in This City.

The annual convention of the Christian Endeavor Societies of Oregon convened in the Presbyterian church in this city yesterday afternoon. About 150 delegates were present. The visitors, who were a bright body of young people from the various Oregon cities, were met by a reception committee and escorted to the church, and will be entertained at the homes of the members in Albany during their stay in the city.

A business session was held during the afternoon, at which Dr. C. R. Tompkins, the president of the union, presided, with Secretary Miller at his desk.

After a short service of song, Rev. S. A. Irvine delivered an appropriate address of welcome on the part of the pastors, and H. W. Young on behalf of the local societies. President Tompkins responded in a happy speech appropriate to the occasion.

After a short service of song, parts of the officers, which showed the societies to be in a flourishing condition, and the appointment of committees.

The evening exercises were held in the M. E. church. There was a precise service, followed by the reports of district secretaries. About 600 people including delegates, were present. Addresses were delivered by Rev. Warren H. Landon, of Portland, on the closing of the World's Fair on Sunday, and by Rev. T. E. Clapp, of Portland, on the Christian Endeavor movement.

The programme of the remainder of the session is as follows: SATURDAY MORNING SESSION.

Devotional service, Will H. Alexander, of Salem.

Report of committee on credentials.

Report of delegates to Minneapolis convention, Miss Ellen Strong, Miss Alice C. Moses, Miss Alberta Shelton and Mr. Robert McMurry.

Rev. C. H. Curtis, State Superintendent of the Congregational Sunday School Mission Work. Topic: Opportunity for Endeavors in Sunday School Work.

Mass meeting. Christian Endeavor concert and farewell service, led by the secretary, E. S. Miller.

Importing Prairie Chickens.

Mr. M. Garrison, of Forest Grove, who has just returned from a three months' tour of Eastern Oregon, Washington and Idaho, has made arrangements to have sent him from 100 to 200 pairs of prairie chickens, to be turned loose in the Willamette valley. These birds are very plentiful in parts of the In and Empire, and are easily trapped when there is snow on the ground. A number were turned loose at Tacoma last winter, and there is but little doubt that they can be successfully introduced into the Willamette valley. Parties desiring lots of half a dozen or a dozen of these birds can probably get them by applying to Mr. Garrison at Forest Grove. To some it may seem that if these birds were introduced to the Willamette valley they would have been there naturally, and such persons will deem it dying into the face of Providence to introduce them here, but as such a move has been successful with the Mongolian pheasant, it will probably answer the same with the prairie hen.

Teachers' Examination.

Notice is hereby given that the regular public examination of teachers, for Linn county, will take place in Albany, commencing on Wednesday, Nov. 13th, at 1 o'clock p. m. and continue until Friday noon, Nov. 15th. All teachers must positively be present at the time of commencement, as no one will be admitted to the examination who is not so present.

G. F. Resler, County School Superintendent.

In Eastern Oregon the coyote keeps up the price of eggs and chickens, and many counties pay a liberal bounty for his extinction.

CIRCUIT COURT.

Frank Ingram Indicted for Murder in the First Degree.

The grand jury last evening returned an indictment against Frank Ingram, charging him with murder in the first degree for killing his brother Henry Ingram, near this city. The prisoner was arraigned and will plead at 1 o'clock to-day. The state is represented in this case by District Attorney Geo. H. Bingham, Deputy District Attorney J. R. Wyatt and H. H. Hewitt. The defendant's attorneys are A. K. Weatherford and W. K. Bilyeu.

The grand jury also indicted Jacob Peters for the larceny of a lot of bacon, owned by the Albany Mining & Milling Co.

The following civil cases were disposed of:

W. S. Thompson vs James F. Powell & Co; judgment for want of answer as to D. Van Horn.

Ann Bedell vs Frank J. Bedell, divorce; granted.

B. A. Lenders vs Thomas L. Henness et al, foreclosure; judgment by default against Henness and order to foreclose.

Manhattan Electric Light Co. vs Farmers & Merchants Ins. Co., recovery of money; dismissed at cost of plaintiff.

Edison Illuminating Co. (N. Y.) vs Farmers & Merchants Ins. Co., recovery of money; dismissed at cost of plaintiff.

F. H. Vaughn vs M. Scott, damages; jury out.

Nettie Smead vs S. M. Smead, divorce; granted.

Almyra E. Woolery vs Jasper H. Woolery, divorce; granted.

Albany Iron Works vs Price & Vernon, recovery of money, attachment, set'ed.

State vs George Hanlon and James Wilson; trial and verdict of not guilty.

THE QUESTION OF PAVING.

An Improvement Which Albany Must Before Long Make.

Many citizens and business men of Albany are decidedly in favor of paving First street next season. This question is one of public interest, and ought to be settled right. It is a problem with which many Pacific Coast cities have been wrestling for years.

On this subject the Western Freeman and Journal of Public Works publishes the views of Professor Clifford Richardson, the government analyst and paving expert, who has received sufficient samples of all kinds for his tests of the street paving and sewer material being laid under the direction of the Board of Public Works at Denver, Colo. He will do some work in the matter of analyzing and testing there, but he will not be expected to finish his work until after his return to Washington, D. C. In the meantime Professor Richardson is for the members of the board and the engineer much useful information for their future guidance.

"I have been making a close study of pavements for the past five years," said Richardson, and I think I know some things about the different kinds. If I were asked what is the most lasting pavement I would say Belgian block laid with hydraulic cement. If I am asked what is the most desirable pavement, I should say asphalt. It is a luxury, but one that you can well afford to have.

"It costs a good deal to keep it in repair, but it should not be lost sight of that it saves a great deal in wear and tear on animals and vehicles. I have not the figures with me, but tests were made in Washington to show how much a horse could draw on stone blocks, wood and asphalt, and the difference was considerable in favor of asphalt. In carriages the saving is large every year where asphalt pavement is the rule. The vehicles can also be made to perform for use in Washington, for instance, but they would not last in New York any time. In New York they have to be made more with a view to strength than comfort. Asphalt pavement is nearly noiseless, and this counts for something. When comparing the cost all these considerations ought to be taken into account. Asphalt paving is used in business streets in the East quite frequently."

THE WORLD ENRICHED.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Scrup of Eggs was first produced the world was enriched with a perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring-time or, in fact, at any time any the better it is known the more popular it becomes.

Mothers.

Castoria is recommended by physicians for children teething. It is a purely vegetable preparation; its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiets pain, cures diarrhoea and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mother's friend. 35¢ per box.

John Genger presented the Long Creek Eagle with a head of oats of the Russian side variety that measured three inches in length. The height of this oat was between seven and eight feet, having a stalk an inch and one-fourth in circumference. It surpasses anything that the Eagle man has ever seen, notwithstanding the fact that he has sown his time in the harvest fields.

BUSINESS LOCALS.

Cakes Without Eggs.

Observing housekeepers quickly learn that Dr. Price's Cream Baking Powder is far superior to other brands in the fact that they never fail to make the finest pastry, and if they wish to be economical they can dispense entirely with eggs and can use a less quantity of butter for shortening purposes. The advantage is not alone in the saving effected but in avoiding the trouble and frequently the great difficulty of securing eggs that are fresh. This is often a serious trouble.

Cakes of various kinds from the informal Griddle Cakes to the stately Bride Cake can be made with Price's Cream Baking Powder, which insures light, sweet and handsome cakes; or when used for Griddle Cakes to be eaten hot enables their production in the shortest space of time, always tender and delicious.

Dr. Price's is the only Baking Powder that contains the white of eggs. None so pure! None so wholesome!

Dr. Price's Cream Baking Powder is reported by all authorities as free from Ammonia, Alum, or any other adulterant. In fact, the purity of this ideal powder has never been questioned.
