The exercises were conducted by Post Commander J. F. Whiting, of Lebanon, after which a social was held, which was participated in by the members of both the G. A. R. and the Women's Relief Corps. Refreshments were served and it was made a very pleasant occasion.

Philip Phillips.

Philip Phillips "Around the World in a Chariot of Song" is all that has been claimed for it. It is beautiful, entertaining and instructive. Such has been the universal verdict of a large audience at Mozart Academy last night. The views are elegant and descriptive lectures interesting, and the music of a high order. Such exhibition has received the unqualified endorsement of a number of prominent ministers. Mr. Phillips announced that a change of programme would be presented each evening - Daily State, Richmond, Va.

At the opera house Monday, Tuesday and Wednesday evening of next week. Seats on sale at Will & Link's music store.

A Beautiful Sight.

Julius Gradwohl wishes to renew his invitation to the ladies of Albany to call and see his beautiful array of hanging lamps. It is a sight worth looking at. He has just received a complete line of bicycles and tricycles for boys and girls. He has also received another large lot of sugar, and those who wish to purchase while sugar is cheap, should not wait. It still sells choice Arbuckle's coffee at one pound for 25 cents. It will pay you to call and inspect his goods. Those who want fine holiday presents should call early and have them laid away for them.

THE QUESTION OF PAVING.

First Street Should be Permanently Improved by PAVING the Roadway.

The present condition of First street affords ample ground for the statement that the question of paving most soon confront this city. Enough money has already been spent in trying to make a respectable street by the use of gravel to have put down a first-class pavement from one end of the street to the other, and still it is muddy. A number of property owners have already pressed themselves in favor of paving, and now that the big bridge and the sewer work is soon to be done, the next public improvement should include the paving of Albany's principal business street. The unanimous sentiment that is being put down on Washington street in Portland is not so expensive but that it could be put down here to advantage, and it makes a fine street. Asphalt, which is nearly the same, or vitrified brick, would also make a good street. The question ought to be discussed, the best kind of paving for a city like Albany determined, and the work put into execution.

Returned Home.

Rev. I. B. Fisher, of Jefferson one of the delegates of the Oregon conference, to the general conference of the Evangelical Association, which met in Indianapolis, Indiana, returned home on Wednesday, and was glad to again resume his work as presiding Elder of the Albany district. The general conference, he says, consisted of between four and five hundred ministerial and lay delegates from all over the world, representing the entire Association. Bishop Fisher and Foxman after a careful investigation were unanimously vindicated and re-elected as bishops for another term.

The vice president for Oregon is Mrs. J. N. Dolph. The women of Albany are urged to contribute to this memorial. Miss Bettie Miller at Mr. Young's store will receive any contribution however small. This will be the first monument erected by women to a woman, and it is hoped that all will gladly respond.

A Place for Lillian Young.

Sister Alphonse, the superintendent of the new Magdalen hospital in East Portland, recently established by the sisters of the Good Shepherd, received a letter from Sheriff H. A. Smith, asking her whether the home would take charge of Lillian Young, the 15-year-old Corvallis girl, who is suffering with a nervous ailment. Sister Young from Albany, and was found living with him in Astoria. The letter was written under date of Nov. 11, and Sister Alphonse wrote in reply that the girl would be taken.

In Police Court.

One J. C. Agnew was arrested yesterday for vagrancy and arraigned before Recorder Henton. The case was dismissed on motion of the city attorney for want of evidence. Agnew is a worthless scoundrel. He has been living part of the time recently with a disgraced widow woman, who is supported by the county and charitable societies, and who is herself a questionable object of charity. Agnew was driven away from her house on one or more occasions, and ought to be behind the bars.

Bishop Becker.

Mother sighed, Doctor prescribed: Castoria!

A CANARD.

The New York Press Exposes That "Important Bill" Business.

The article credited to the New York Press in a recent issue of this paper, in which it was alleged that unfavorable action had been taken in the New York legislature against the Royal Baking Powder, proves to have been a canard, gotten up and circulated by opposition baking powder makers for purposes quite apparent to every one.

The New York Press, in exposing the fraud, says: "No such legislation as that stated in this article has ever been had in this state—or in any legislature, to our knowledge." The lie is made from whole cloth. The Press disclaims any responsibility for the publication, and objects to being made a party to such methods adopted by some baking powder manufacturers in their efforts to substitute their goods for others now in use.

Mothers?

Castoria is recommended by physicians for children teething. It is a purely vegetable preparation its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quies pain, cures diarrhoea and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mothers' friend. 35 drops, 35 cents.

Can't Cook as Mother Did!

How many a young wife's heart has been saddened by hearing the above remark! And yet how often the words are true; especially when cake, pastry or biscuit are in question! The reason is plain, yet it is "like telling a secret."

Our mothers used and are using Dr. Price's Cream Baking Powder. They cannot be misled into using any of the ammonia or alum powders. No dyspepsia no sallow complexions, when mother did the cooking.

The first symptoms of ammonia poisoning, says a New York paper, which appear among those who work in ammonia factories, is a discoloration of the nose and forehead. This gradually extends over the face until the complexion has a stained, blotched and unsightly appearance.

Dr. Price's Cream Baking Powder is the only pure cream of tartar powder that contains the whites of eggs.

Dr. Price's Cream Baking Powder is reported by all authorities as free from Ammonia, Alum, or any other adulterant. In fact the purity of this ideal powder has never been questioned.
