Tonight at the opera house an admission of only 25 cents will be charged for some of the best balcony seats. A magnificent entertainment is promised.

Bridge Superintendent F. J. Miller and family will start for California on Friday evening where they go for the benefit of Mrs. Miller's health.

Don't fail to see The Noss Jollities in "A Quick March." It is one of the brightest and most sparkling musical comedies. It is immensely funny. It is positively original, and is novel in conception.

The Eugene Guard is authority for the statement that Mr. Shannon Conser has resigned his position with the S. P. R. R., his leg incapacitating him from any kind of labor. He will likely sue the company in a few days to recover damages.

At the Opera House.

The finest series of illustrated entertainments ever given in Albany is that of Philip Phillips. To-night the finest entertainment of the series is assured, the subject being "Medieeval and Modern Art." Pictures worth fabulous sums of money will be shown, tinted true to their famous originals. Who is Colonel Straight?

"The Gervais Star nominates Colonel J. A. Straight for congress from the first district. Who is Colonel Straight? Does he live in this district?"—Salem Statesman. "Col," Straight hails from Eugene, but the Statesman need not bother about that fact, the Gervais Star probably will not do the nominating in the republican convention.

OREGON POLITICS.

Talk of Candidates for Congressman in the First District.

In the matter of the state elections preceding the presidential election of 1892, Oregon will be the next state to hear from. Oregon voters usually speak their sentiments at the polls in no uncertain way, by a healthy republican majority, and the election next June will be no exception. There will be supreme judge, congressman and members of the legislature to be elected. There is a difference of opinion among attorneys as to whether an attorney-general will be elected next June or at the next following election, when the other state officers are to be elected. It will be an important election and the result will be watched with interest throughout the country.

In the nomination of a candidate for congressman for the first district on the republican ticket, there is promised a warmer contest than any candidate has heretofore experienced. Hon Binger Hermann is a candidate for renomination, and Hon. H. B. Miller, also of Southern Oregon, has developed into a formidable rival. Southern Oregon having had the state's only congressman for several years, now that Oregon is to have two representatives in congress, the other portions of the state will lay their claims before the convention.

The friends of Hon. C. E. Wolverton, of Albany, are quietly presenting his name as a candidate for nomination in the first district. Mr. Wolverton was seen yesterday by a representative of the HERALD and shown the dispatch from Salem, published in these columns yesterday.

"I have read the dispatch," he said. "It was a complete surprise to me, as I had not sought the nomination."

When asked if his friends continued to urge his name for the position he would be a candidate, he made a noncommittal reply, and began talking about city politics. Mr. Wolverton is one of the leading attorneys of the state, and would make a strong candidate. He would run far ahead of his ticket in Albany and Linn county. The development of the campaign may be such as to give the nomination to Albany, in which event no better selection could be made.

On the democratic side there are half a score of candidates, among them Col. Bob Miller, of Jacksonville, the gentleman who was shut out in the race with Hermann at the last election. Hon. J. K. Weatherford, state senator for Linn county, and Hon. W. R. Bilyeu of this city, sometimes known as "the tall sycamore from the classic forks of the Santiam," are also spoken of for the place, but it has been hinted that Mr. Weatherford would prefer to occupy Governor Pennoyer's cushioned seat in the state house, and his chances for nomination for governor by the democrats the next time are considered good

It has been asserted by some facetious newspapers that Hon. Jeff Myers, of Scio, while he was east recently went to Washington and picked out a front seat in the hall of representatives, but at all events he has been keeping his political fences in Oregon in good repair, and his rivals may find them as troublesome as genuine barbed wire fences when the democratic convention meets, for his friends say that Jeff will be decidedly in the swim.

For Murdering 34 Chinamen.

United States Detective Delano, who came here a short time ago in search of a man that went by the name of Barney Lambert, who is wanted on the other side of the line, being implicated in the murder of some thirty-four Chinamen on Snake river, Or., some time ago, succeeded in locating his man on Saturday last, and on Sunday morning took the steamer Irving for the Mission with the criminal in charge, where they boarded the train for the other side. Several petty thiefts were committed by this villian during his short stay here, he at various times relieving his comrades of small sums of money and other valuables.—Chilliwhack Progress.

Coming Thursday Evening.

The music loving public of this city can rejoice. A rare treat is in store. "The Spanish Students" will appear on Thursday of this week. Each of these rank as the highest artist. Their music positively has no equal. They are the genuine "Spanish Students," no counterfeit on these. The St. Paul Globe-Democrat speaking of them when they appeared in that city said "the music hall was not large enough to accommodate the immense audience." Don't forget, they will be here one night only

Fine Suitings.

W. R. Graham, the tailor has received one of the largest lines of fine suitings and trouserings to be seen in Oregon, outside of Portland, embracing all the desirable patterns for winter wear. His prices will be found so low that any one can afford to wear one of his neat fitting tailor made suits and overcoats. He warrants his goods to be first-class, and guarantees a fit. Call and see his new patterns.

THE CITY COUNCIL.

Albany's Municipal Election Will Be Held Under the Old Law.

The adjourned meeting of the city council last evening was attended by the full council and officers.

The committee on streets and public property asked for further time upon the change of grade on First street, which was granted.

A resolution in relation to an assessment on certain lots and parts of lots for graveling certain streets in the city adjacent to the lots was read and adopted.

The city attorney, W. R. Bilyeu, at the request of the mayor, expressed an opinion in reference to the Australian ballot law, to the effect that the law does not apply to municipalities. No action was taken, but the election will be carried on under the old law.

SHEDD AND VICINITY.

Mrs. McBride, wife of J. A. McBride, who lives three miles west of here, died Wednesday, Nov. 11th, and was buried on the 12th. Her husband has the sympathy of his neighbors in his bereavement.

Mr. Benson gave a series of temperance lectures at the M. E. church last week.

There will be preaching at the new church next Sabbath, the 22nd, at 7 P. M., instead of 4 and services every two weeks during the winter at the same hour.

Short Crop of Hogs.

The Oregon hog crop bids fair to be short this year. The price of grain is so high that it does not pay to feed it to the hogs, and gathering up waste apples and small potatoes, and cooking them and mixing some ground oats or barley with them to fatten pigs is something that Oregon farmers as a general thing are not equal to. So the prospects are that Oregon will have to depend largely on Omaha, Kansas City and other pork-packing centers for what bacon, lard and other hog products are needed here this year.—Oregonian.

Timber Thieves Arrested

Deputy U. S. Marshal P. B. Sinnott, of Portland, arrested Wilson White on the Siuslaw Monday, on a warrant charging him with cutting timber on government land. It appears that White and his father and two brothers some time since stripped the cedar timber from an entire section of government land in Chesher precinct, and made the same up into shingles. The timber taken is valued at $500. He was given a hearing before U. S. Commissioner J. J. Walton and was held in the sum of $250 to appear before the U. S. grand jury at Portland.

NEWS OF THE COAST.

Interesting Items from Exchanges Throughout the Northwest.

Dr. Carlyle, of Athena, failed to comply with the law which requires every physician to secure a certificate from the state medical board, and he was indicted and fined $50.

H. S. McDaniel, of Erskineville, Or., warns the public not to purchase or negotiate a promissory note executed by him in favor of F. E. Thayer for $162, as no consideration for the same has ever passed.

Edward Thomas, of Umatilla county, has been sentenced to one year and a half in the penitentiary for blackmail. It was clearly proven that Thomas tried to extort money from Dr. G. W. King, of Athena; also that he had foully slandered a lady whose character is far above reproach.

Two men named Hamilton and Anderson were arrested in the mountains below Elgin this week. They were suspected of being the perpetrators of the Summerville bank robbery, and were brought before Justice Collins, of Summerville, for examination. There was not sufficient evidence to warrant their detention and they were released.

Mr. A. Clark, of The Dalles, who has just returned from the Cascade mountains above the forks of Hood river, says the snow is three or four feet deep, and there are signs of bear, deer and elk.

Mrs. Amelia R. Combes commenced suit in the circuit court of Lane county, Or., against B. C. Van Houten, of Spokane, Wash., for the sum of $3150, with interest thereon at the rate of 8 per cent since the year 1877. The complaint alleges that defendant, Van Houten, as agent for plaintiff, collected moneys due plaintiff amounting to the above sum. Van Houten was a former husband of Mrs. Combs.

There are two wood wolves ranging near The Dalles, which have been feasting on chickens, etc. These are reported to have escaped from Forepaugh's circus at the time it camped there the Sunday after the big fire of September 2. They have been seen several times, and are described as large and ferocious-looking beasts. A company is being organized to hunt them.

A new feature is being introduced in the lumber business. A San Francisco firm is now buying large quantities of logs up the Cowlitz, which it is understood, are to be put in cigar-shaped rafts and towed down by sea as is done with Nova Scotia timber for New York manufactories. A lot of 4,000,000 feet is now being brought down the Cowlitz for this purpose. This will tend to raise the price of logs.

Baker city is shipping ore to the Tacoma smelter, to procure its reduction. Taking that fact into consideration the query becomes pertinent, why the reduction works in Portland are allowed to remain inactive by the power of litigation.

All kinds of fruit boxes in quantities to suit at the Sugar Pine Door & Lumber Company's.

Does it Contain Ammonia?

The charge is being made that the Royal Baking Powder contains ammonia. We would have supposed that the emphatic condemnation of ammonia baking powders by the most eminent physicians throughout the land, and the fact of the three leading chemists of Minnesota making their report to the Senate Committee recently showing that bread baked with the "Royal" contained ammonia and the hostility now being manifested by the public against all ammonia and alum baking powders would have driven them permanently from the market.

In view of the fact that Baking Powder has become an indispensable article in every kitchen, it is gratifying to know that there are brands in the market to which no suspicion of any kind has ever attached. Dr. Price's Cream Baking Powder is a pure cream of tartar powder free from every taint of ammonia, alum or other harmful substance.

Dr. Price's Cream Baking Powder is reported by all authorities as free from Ammonia, Alum, or any other adulterant. In fact, the purity of this ideal powder has never been questioned.

ALBANY, STRAHAN BLOCK. OREGON.

A QUARTER OF A CENTURY AGO

There settled in Baker county Oregon, near what is now Baker City, a man who has since become identified with the resources and development of that country. This man is no other than Mr. John Stewart, one of the wealthiest and most influential citizens in the county. In a recent letter he says "I had been suffering from pains in my back and general kidney complaint for some time and had used many remedies without any but temporary relief. The pains in my back had become so severe that I was prevented from attending to my work and could not move without the use of a cane. Hearing through a friend, of the wonderful cures effected by Oregon Kidney Tea, I was induced to try a box, and from that very first dose I found instant relief, and before using half the contents of the box the pains in my back entirely disappeared. I have every faith in the virtues of the Oregon Kidney Tea, and can conscientiously recommend it to my friends. I would not be without it for anything."

Oregon Kidney Tea cures headache, incontinence of urine, brick dust sediment, burning or painful sensation while urinating, and all affections of the kidney or urinary organs of either sex.
