Mince meat, raisins, currants, jellies and jams etc., for Thanksgiving at Parker Bros.

Mrs. Martha Simmens, of Eugene, is visiting her sister, Mrs. Joseph Klein, in this city.

Ladies before purchasing your winter underwear and hosiery would do well to call at the Ladies Bazaar.

The Albany Building and Loan Association will hold its regular meeting on Friday evening, November 20th.

The Spanish Students cancelled their engagement in this city and failed to appear at the opera house last night.

Mrs. Frank Albro, who has been visiting her parents, Mr. and Mrs. Wait Mead, in this city, will leave to-day for her home in Iowa.

A pleasant social was given last night at the Baptist parsonage by the members of the Vineyard Laborers' Society of the church.

Frank Burkhart, of this city, was married at Oakland, California, about two weeks ago, and has returned to Albany with his bride.

County Clerk Payne has issued licenses to wed to Hans P. Rasmusson and Mattie M. Dahl, and Chas. D. Compton and Rebecca J. Arnold.

The executors sale of the personal property of the late Ephriam Turner, deceased, will be held at the farm 6 miles south of Albany on Saturday Nov. 21.

W. H. Greenwood, who was arrested at Baker City on a charge of robbing a room-mate, was acquitted, there being no evidence that he commited the robbery. His reputation in Albany is a trifle unsavory.

The spontaneous laughter and sparks of humor kindles and ignites a blaze of fun, and flashes of merriment, ending in wreaths of smoke when lighted by the Noss Jollities' musical comedy, "A Quick Match."

The Noss Family.

The Suffolk, Va., Herald says of the Noss family which will appear at the Albany opera house on Monday evening next: The celebrated Noss Family gave one of the finest entertainments that has ever been in Suffolk. Their musical novelties were immense, and elicited great applause throughout the entire performance. Each member is a thorough musician, and each performs upon a number of instruments, which shows careful musical training. It is hard to say which part of the entertainment was most enjoyed, for all of it was good. The musical absurdity, "A Quick Match," brought down the house in one uproarious applause. It was a first-class entertainment, and those who failed to see it missed a great treat.

The Steel for the Bridge.

The first carload of the steel for the bridge piers arrived yesterday and it will be followed by the remainder in a few days. The steel was unloaded yesterday, and the workmen were taken off of the pile driving on the approach to go to work encasing the piers with steel.

COUNCIL PROCEEDINGS.

Ordinance and Supplemental Contract for the Bridge Approved.

The adjourned meeting of the city council last evening was attended by the full board.

Recorder reported that for the sale of street lamps the sum of $17 50 had been received.

The ordinance providing for the supplemental contract with the Portland Bridge Company to their original contract, was read first, second and third time and passed. It provides that to the original $83,350, to make certain changes in the construction to make the bridge stronger and better, there shall be added the sum of $5000.

The Farmers' Warehouse Company presented a bill of $200, as part payment for work done to prevent the bank of the river from washing out near their warehouse in one of the city streets. The bill was referred to the finance committee.

The matter of the old ditch under the sidewalk on Ferry street, to the effect that it should either be filled up or running water kept in it, was by motion referred to the committee on health and police, with power to act.

The supplemental contract, making the plan of the bridge a cantilever, and enlarging the principal piers from eight to ten feet in size, and the last pier on the north side to be eight instead of six feet, was read and approved.

The application of the contractors of the Ferry street sewer for the use of one of the fire engines to fill the tunnels of the sewer, he to pay all expenses, was granted.

Bridge Superintendent F. J. Miller reported that work on the bridge had progressed to the extent of $5000. The matter of appriating that amount for the contractors will be attended to at the regular meeting on Tuesday evening, November 24th. Adjourned.

The Asbestos Find.

The importance of the above named mineral as found in this state, is becoming pretty well known. The Roseburg Plaindealer says that J. C. Aiken exhibited a sample of the asbestos found in the mine belonging to Barton & Smith, in the Green mountain district, southeast of Carli. Although merely surface mineral it is a very excellent specimen. In hornblende deposits the rapid cooling of the surface and disintegration caused by air water and changes of temperature, reduce the mineral to a poor condition as a rule, but, deeper down, the fiber is found unmixed with free silica, and therefore of a satisfactory nature, and fit for felting and spinning. As it is probably the best heat insular used in the arts, and about the only substance known to science which absolutely will not burn, the discovery of an extensive deposit of such good quality of asbestos as this is not only a source of wealth but a benefit to the world.

Probable Suicide.

Wednesday morning M. D. Baldwin, who holds the position of janitor of the Geary public school building in Eugene, was missed from his home early in the morning before time to go to his duties. Systematic search only revealed his hat in the middle of the bridge over the Willamette at that place, and the dirt brushed away from a hole as though some one had slipped through. It is supposed he had committed suicide through ill health and despondency. He was a member of the G. A. R. and a man of family.

After a Prisoner.

Deputy Sheriff Thirman, of The Dalles, was in this city yesterday after a prisoner. He says that Charles E. Stone, who is in jail here for passing a forged check on the Bank of Oregon upon James Murray, is wanted in The Dalles on a similar charge, having been on three separate counts. Whether Linn county will give up the prisoner has not yet been settled. The amount of the forgery here was small, and it would probably be economy to let The Dalles have the prisoner.

Piano Recital.

At the opera house, Friday evening November 20th. By the advanced class of Prof. E. G. Lorillard's pupils. The recital will include solos, duets on one piano, duets on two pianos, and quartetts (two pianos and eight hands.)

THE BLUE BUCKET MINES.

A Big Excitement in Harney County Over These Famed Diggings.

The excitement is spreading, and wagon loads of men are coming into Harney City daily from distant localities, says the Harney Times. The wildest rumors are afloat of great banks of gold dust being found. It is with the greatest care that the news gathers can separate the true from the false reports. The discoveries are rich enough without any exaggeration.

Gold has been found in paying quantities in three gulches on Trout creek. On the Harney City site rich claims have been located also on Soldier creek, Rattlesnake, Coffeepot and Cow creek.

It is authoritatively stated that the long-lost Blue Bucket mine has been discovered in what is known as the Peter Mortimer canyon, northeast of Harney City. It appears that an old prospector named White has been tracing the old emigrant trail through from Snake river, and found the grave of a woman who died a little over a day's drive from the famous Blue Bucket gold discovery. He has been about six months on the work, and since finding the grave has made diligent search in this way from it. About ten days ago he put a man on the road to California with orders to change horses and make 16 miles a day. While he himself packed his things and started a few days later. The rider told at one of his stopping places that his boss had panned out two ounces of gold from ten cans and had sent him for friends in California. The parties receiving this information at once hastened to Harney City and began hunting for the discovery. On Sunday there was a rush for the Peter Mortimer canyon. Gold was discovered there and it is thought this is a rich mine. Notices were written and pasted on stones and men on horseback road a race for the first claims. Bill Catterson, Ike Miller, Bob Copeland and Scotty Hayes scattered their notices down the canyon and began prospecting. As expected, the precious metal was found in large quantities, but at this season there is no water to work the mines.

Quite another view of the matter is expressed in the East Oregonian by Senator Matlock, who is back from a business trip to the Harney country. He was several days at Burns, and says the excitement over the new gold discovery out in that section, claimed to be the lost "Blue Bucket Diggings," seems to subside in intensity as one gets nearer the scene, which is usually the case. At Burns he saw several prospectors returning from the new "Eldorado," who say the golden treasure is not so plentiful after all. There is some gold there, but it is all on the bedrock, and there is little or no water to be had for mining. People of Harney and Burns are not so greatly exercised over the discovery as has been imagined.

A Cavern of Electricity.

Western Fireman: Minnesota has an electric well near a place called Red Wing. According to the story the drillers had drilled about 150 feet when they lost their drill rods and a diamond drill. The whole business had dropped to nowhere in an instant. There was quite a force of air coming out of the hole, and the men said there was no use going any further, because there was no bottom. They concluded to fish for the rod and drill, but as soon as the rods were dropped into the hole they began to shiver in a queer way. One of the men took hold of the bar with a pair of leather gloves, but was instantly knocked down. Then another man touched a rope and got a shock, because it was wet. There seems to be a perfect natural store house of electricity. It is generated in some way in that pocket where the drills went.

Letter List.

Following is the list of letters remaining in the post office at Albany, Linn county Oregon, Nov. 18, 1891:

Etta Arehart, Mathews Apach, J. B. Basher, A. Benkson, Maudie Brannen, Franklin Bunce, Chas. Croft, M. Cecilia, Mrs. John Cooke, Benjamin Denny, James Erwin, J. H. Fry, S. W. Gass, John Gullagher, J. H. Jones, E. D. King, A. Leweday, E. S. Miller, Geo. F. Ross, Emma Rutherford, 2, Geo. Roth, D. B. Rice, Emma Sunous, John Stark, Sullivan Conn, W. H. Sanett, Carrie Tyler, A. L. Tucker, B. F. Whitten, M. J. Windham, M. S. Williams.

T. MONTEITH, P. M.

THE WORLD ENRICHED.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring-time or, in fact, at any time any the better it is known the more popular it becomes.

Fine Suitings.

W. R. Graham, the tailor has received one of the largest lines of fine suitings and trouserings to be seen in Oregon, outside of Portland, embracing all the desirable patterns for winter wear. His prices will be found so low that any one can afford to wear one of his neat fitting tailor made suits and overcoats. He warrants his goods to be first-class, and guarantees a fit. Call and see his new patterns.

If you want to buy childrens cloaks, cheap, call at the Ladies Bazaar.

NEWS OF THE COAST.

Interesting Items from Exchanges Throughout the Northwest.

M. D. Baldwin, an old man, living at Eugene is missing, and it is feared he has committed suicide.

There are thirty-one counties in the state, and only eleven, so far, have returned their assessment rolls.

A Fort Klamath correspondent says: No less than 13,000 acres of this country will be under irrigating ditches next spring, and this beautiful land is destined to be a very Eden spot of Oregon.

The walnut grove of William Barlow, near Barlow station, is a busy place. Quite a force of young people are engaged in picking up and selling the nuts. There will be several hundred bushels of nuts of fine quality and larger size than ever grown heretofore. Large quantities are also being shipped away daily in the pod for planting purposes.

A national bank with a capital of $50,000, with authority to increase it to double that amount, is now in process of organization at Hillsboro. Its local managers will be J. W. Crider and D. W. Sears, and various others from all over the country will have stock in it. The stock will include both Salem and Portland capital. They will probably commence business about the beginning of the new year.

The general guess is that the next is to be a "hard winter" in Oregon. At best it is only a guess, and probably the prediction is based largely on the fact that there was practically no winter last season. Other signs, real or fancied, are mentioned as indications that the approaching winter will be as extreme in severity as the last one was in mildness. "Stockmen in this county," says a Prineville paper, "expect a severe winter and a good deal of it." It will be well to prepare for it anyway.

Goes To Jail.

Wilson White, the man who was taken to Portland, Tuesday, on the charge of cutting timber on government land, in Chesher precinct, appeard in the U. S. circuit court in that city, yesterday, plead guilty to the charge, and was sentenced to pay a fine of $100, or to be imprisoned in the Lane county jail for the term of thirty days. Not having any money he was compelled to choose the later penalty. He was brought here last evening by a Deputy United States Marshal, turned over to Sheriff Noland, and is now serving out the sentence, says the Eugene Guard.

About Hops.

Linn county's 1891 crop of hops is nearly all marketed. Last week Smith & Hall shipped ten car loads east and the week before seven car loads. They have shipped this fall 26 car loads. They have bought all the hops left at Brownsville and Cottage Grove. Twelve and one-half cents is about the best price yet paid.—Eugene Register.

A Beautiful Sight.

Julius Gradwohl wishes to renew his invitation to the ladies of Albany to call and see his beautiful array of hanging lamps. It is a sight worth looking at. He has just received a complete line of bicycles and tricyles for boys and girls. He has also received another large lot of sugar, and those who wish to purchase while sugar is cheap, should not wait. He still sells choice Arbuckle's coffee at one pound for 25 cents. It will pay you to call and inspect his goods. Those who want fine holiday presents should call early and have them laid away for them.

Fell Dead.

These words are familiar to our readers, as not a day passes without the report of the sudden death of some prominent citizens. The explanation is "Heart Disease." Therefore beware if you have any of the following symptoms: Short Breath, Pain in Side, Smothering Spells, Swollen Ankles, Asthmatic Breathing, Weak and Hungry Spells, Tenderness in Shoulder or Irregular Pulse. These symptoms mean heart disease. The most reliable remedy is Dr. Miles' New Heart Cure, which has saved thousands of lives. Book of testimonials free at Stanard & Cusick, who also sells the New Heart Cure.

ALBANY. STRAHAN BLOCK. OREGON.

A QUARTER OF A CENTURY AGO

There settled in Baker county, Oregon, near what is now Baker City, a man who has since become identified with the resources and development of that country. This man is no other than Mr. John Stewart, one of the wealthiest and most influential citizens in the county. In a recent letter he says: "I had been suffering from pain in my back and general kidney complaint for some time, and had used many remedies without any but temporary relief. The pains in my back had become so severe that I was prevented from attending to my work and could not move without the use of a cane. Hearing, through a friend, of the wonderful cures effort by Oregon Kidney Tea, I was induced to try a box, and from that very first dose I found instant relief, and before using half the contents of the box the pains in my back entirely disappeared. I have every faith in the virtues of the Oregon Kidney Tea, and can conscientiously recommend it to my friends. I would not be without it for any thing."

Oregon Kidney Tea cures headache, incontinence of urine, brick dust sediment, burning or painful sensation while urinating, and all affections of the kidney or urinary organs of either sex.
