The outcome of the recent visit of the two gentlemen to New York seems to have come up in importance to all expectations. The talk The East Swept by Cyclones current indicates that Crisp stock has taken a big jump upward, in consequence of the New York visit. The Crisp men do not seem to have a doubt be will be elected on the first ballot in caucus. He has pledged to him, they say, 107 votes can be counted on beyond any shadow of doubt. They in-dignantly deny that there has been anything like a "deal" in his intert in New York. They say Tammany's organization is for him. Tammany congressmen are for him, and so are most of the democratic congressmen from the state outside of New York city. The other candidates, McMillin, Springer and Bynum, are still in the race, and there teems to be no reason to doubt that the two ormer at least will stay in it to the end. Mr. McMillin's backers still think the fight is so close between Mills and Crisp it will not be settled on the first nor for sevral succeeding ballots, and they believe McMillin stands the best chance of being elected as a com-

Remarkable Duel Over a Game of Poker. GUTHRIE, I. T., Nov. 23.-Par-

ticulars of a strange duel have just reached here from the Cimmaron country, near the western border of the territory. A gambler named Bassett had a quarrel over a game of poker in which the latter accused the former of cheating. Both men drew pistols, but bystanders stopped them before they had a chance to use them. The men were both game and both dead shots. It was decided that a duel was the only thing that would settle the trouble. By its terms they were to withdraw to a room and friends were to load one revolver. A blanket was placed over the table and two revolvers placed under the blanket, one empty and the other loaded. The nen came into the room and tossed a dollar for choice of pistols. Weaver won the choice. The terms were that both men should traw the revolvers from under the planket, aim and fire at the same time. One would be sure to fall dead, while the other would be unharmed. The positions were taken and the revolvers drawn. Bassett fired first, or at least he was quickest to snap his gun, which failed to rospond, showing that he had received the unloaded Without flinching he placed his revolver on the atterest in 4000 acres of land on the Bayham, Ontario, was arrested table and folded his arms, calmly be attacked range, just north of at the Commercial hotel on a looking Weaver in the face. charge of abdu ting Miss Rosabel Weaver took his time and deliber-Teetzel from St. Thomas.
