The W. C. T. U. of Lebanon has organized a free reading room in the stairs in the Donaghy building. This will meet a long felt want, and should be a source of pride to the citizens of that place.

This afternoon at 4 o'clock there will be a meeting of the Ladies' Auxiliary in the Y. M. C. A. rooms. It is desired that every member be present as there is matters of importance to consider by order of president.

Two more car loads of steel arrived Thursday for the bridge. A large force of workmen are now busy pushing the work forward as rapidly as possible, but not so hastily but that it will be one of the most substantial and permanent bridges in Oregon.

Several papers of the state are complaining because Governor Finover does not make appointments to fill the vacancies in the state board of horticulture. There has been one for a long time and the death of R. S. Wallace created a second one; formerly the governor had power to fill vacancies in this board, but now that power is vested in the members of the board.

Rev. C. G. Harmon, pastor of the M. E. church, south will address the Y. M. C. A., meeting tomorrow at 4 P. M. Rev. Mr. Harmon is deeply interested in the Young Men's Christian Association and has an active membership in the college associations of the East. We certainly welcome our brother and trust that his labors among us may receive the blessings of Almighty God. All men are invited to hear him at the W. C. T. U. hall.

The Willamette is low four feet above low water mark, a good boating stage, but not high enough to interfere with the work on the bridge. Mr. Leslie Mattson is now river agent of the Oregon Pacific Co., and their boats are making regular trips. The Bentley went down the river yesterday with a load of grain. The Union Pacific boat Modoc, Captain Smith, also reached Albany yesterday.

THE STATE'S WEALTH.

Increased Valuation of Property, as Shown by the Assessment.

Twenty-five of the county assessors from thirty-one counties of the state have returned their assessment books to the secretary of state, and with the exception of Grant and Beaver counties, show an increase over the assessments of 1890. The totals returned by the twenty-five assessors, show a total taxable property amounting to \$102,081,578 and estimating the six counties not yet heard from, Yanhill, Morrow, Lane, Douglas, Clatsop and Benton, the same as 1890, there will be a grand total of \$114,977,738 for the thirty-one counties in 1891. These counties, from reports received, will show an increase and it is presumed the aggregate taxable property returned to the state board of equalization for adjustment and equalization at its December meeting will fall a little short of \$130,000,000, the act passed by the last legislature creating a state board of equalization provides that such board shall assemble at the capital on the first Tuesday in December for the purpose of equalizing assessments. This board shall certify the result to the secretary of state, who shall announce the result to the county clerks. Immediately after the assessment rolls of all counties have been received and equalized, the governor, secretary and treasurer will compute the running expenses of the state and make the levy of the state. This will bring the state and county taxes in not before February, as the county courts cannot make their levies until after all other boards have completed their labors.

Mineral Wax.

The subject of the Nehalem beeswax continues to be made a matter of note and query. The Telephone-Register says that the editor of the Tillamook Headlight sent some of the beeswax found on the coast to the office of the Scientific American. The editor pronounced it mineral wax but as mineral does not grow with Latin words upon it the editor must be wrong. It has created considerable stir and already manufacturers have sent for samples and it is proved to be mineral wax, Tillamook county will no doubt be benefited.

A Success.

Brother Jonathan's tea party at the W. C. T. U. hall yesterday evening, was a decided and enjoyable success. The bill of fare was adhered to and six ancient maidens, who were announced to be in attendance, were there in all the beauty and attractiveness of their quaint costumes. In addition the following old time gentlemen were present: Brother Jonathan, Will Lyon; Jeremiah, W. J. Orrell; Benedict Arnold, Dr. F. I. Ball; Hezeiah, C. H. Cusick; Paul Revere, F. Fortmiller.

Some Iron.

It is estimated that there are 200,000,000 lbs. of iron in the mountains. The ledge stands up above the surrounding mountains about 1,700 feet. This great mass of ore is nearly pure iron. In purity it ranges from 90 per cent to 99 per cent. The best of this is 16 per cent purer than any other iron deposit known in the world. The quality is superior to any other, not falling below the best that is produced in Norway and Sweden.—Boston Globe.

Looking After Business.

The Wasco County Sun says, in speaking of a recent wheat deal: William Head, one of Gilliam county's successful farmers, returned from Portland last week after disposing of his grain there. Being in no hurry to sell, and the price offered him at Arlington not meeting his views, he secured cars, took his wheat to Portland and sold the lot at one dollar a bushel. He was offered 78 cents at Arlington and made a tidy sum by refusing it and taking his grain to headquarters.

How it Originated.

How many of our readers know the origin of the name "Long Tom" given to that stream emptying into the Willamette south of Corvallis, asks the Independence West Side. It originated thus: A party coming from California to Oregon in 1841 had in the company a long, slim Irishman, nicknamed Long Tom. One morning, performing his ablutions in that stream, he fell in and got a ducking. Afterwards, any of the party referring to that stream, called it the Long Tom. This is the origin of the name.

Evangelical Revival Continues.

The revival meeting at the Evangelical church have been well attended during the week, and quite a number have accepted Christ, the meetings will be continued another week by Rev. L. S. Fisher. There will be three sermons on Sunday, morning subject "The Heavenly Christ," and the evening subject will be "Future Punishment."

Duly Appreciated.

The Lebanon Express says: Mr. W. T. Fogle, representing the Albany Herald, is busy writing up Lebanon for the New Year's edition of that paper, which is by far the most public spirited paper of Linn county.

A Petty Thief.

Mr. H. F. Hulbert states that a thief entered his barn the other night and purloined two sacks of oats. He proposes to lay for him with a heavily loaded blunderbuss.

THE OREGON PACIFIC.

The Bondholders Will Now Settle Their Differences and Complete the Road.

The New York Daily Record of the 19th inst. publishes the following statement concerning the future policy of the Oregon Pacific railroad company, from which it would seem that the difficulties that have been pending so long will soon be settled in an amicable manner: "The troubles that have beset Receiver Hogg, of the Oregon Pacific railway, and his associates in the management of that property through the refusal of a number of the road's security holders to join in the reorganization plan proposed by the majority in interest are now thought to be happily ended.

"That they are over is due primarily to the action of the circuit court of Oregon, which a day or two ago refused to remove Receiver Hogg from office on the application of certain bondholders who charged him with doing various wrong and illegal things in his position as receiver. The court held that Receiver Hogg had acted properly, legally and for the best interests of security holders. As soon as this decision was reached it transpired yesterday that the bondholders committee of three had held several conferences with the various parties in interest, with the result finally of arranging a complete cessation of hostilities all round. The representatives of all the interests among the bondholders have now unanimously agreed as a result of these meetings and conferences upon a new plan of reorganization of the Oregon Pacific, supposed to be an improvement on any plan hitherto suggested by either the majority or the minority in interest.

"The result of this amicable arrangement, it is said, will be the rehabilitation of the Oregon Pacific and its completion at an early date on the lines originally proposed, which in very general thought, will make it one of the best and most profitable railroad properties in the northwest."

LEBANON NOTES.

LEBANON, Nov. 27. A special train carrying government railroad officials visited Lebanon Sunday morning.

We understand that an effort will be made soon to have the slough in the north part of Lebanon drained at the expense of the city.

E. T. Miller of this place, who bought ten acres of land on the Lebanon ditch, has been offered \$85 an acre for the land, but says he will hold it until he is given \$100 an acre.

Work on the Lebanon ditch is progressing as fast as the weather will permit. A few weeks of fair weather would insure the completion of the enterprise. The attachment which was served on the tools, etc., this week by a Portland creditor will not embarrass the work.

Cleveland's Minstrels.

On Tuesday of next week W. S. Cleveland will bring his new organization of black-faced talent to this city, what he calls "The Eiffel tower of minstrelsy." The company has been well received throughout the East during the present season. The Lebanon Courier Journal says of the show: "The Temple theatre was packed to its utmost capacity last night and the standing-room only sign was hung out long before the curtain went up. It was a fashionable audience, as a whole, and that refined minstrelsy still retains its hold on the better class of theatre goers as well as upon the gallery gods. In his present venture, Mr. Cleveland has returned to old-fashioned minstrelsy, and the audience may be given approval of the revival by giving each feature of the programme an enthusiastic reception. All of the jokes are new and good, and the songs are light and pretty. Every feature of the performance is said to be new and original, and the fun-makers are some, talented and enthusiastic in their work. The show is worthy of success.

Talented Insanity.

S. A. Clark, the literary man, certainly can be insane, as reported some months ago. If the report is true, he's a pretty smart crazy man, for in a recent issue of the Oregonian he is the author of a very intelligent article. If he is insane he has no business to write such pieces as that for publication. A man who is insane should not be permitted to rush into print with intelligent and interesting reading matter, embodying theories and ideas that may prove useful and valuable to all mankind. We can not imagine who it was that made public Mr. Clark's insanity, and it puzzles us a good deal to know why in the Sam Patch any one would have the bold and brazen "bumptiousness" to send such a rumor abroad. Mr. Clark is as sane as he possibly can be at present.—Ex.

Mr. Thomas Batte, Editor of The Graphic, Texarkana, Arkansas, has found what he believes to be the best remedy in existence for flux. His experience is worth well remembering. He says: "Last summer I had a very severe attack of flux. I tried almost every known remedy, none giving relief. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended to me. I purchased a bottle and received immediate relief. I continued to use the medicine and was entirely cured. I take pleasure in recommending this remedy to any person suffering with such a disease, as in my opinion it is the best medicine in existence. 25 and 50 cent bottles for sale by Foshay & Mason.

QUARTER OF A CENTURY

AGONY. I have been suffering from a severe case of the rheumatism and most of the time I was unable to get up. I had been suffering from this for some time, and had tried many remedies without any permanent relief. The pain in my back had become so severe that I was prevented from attending to my work and could not move without the aid of a cane. Hearing through a friend, of the wonderful cures of Oregon Kidney Tea, I was induced to try a box, and found that very first dose I could instant relief, and before a week had passed the pain in my back had entirely disappeared. I have every faith in the virtues of the Oregon Kidney Tea, and can conscientiously recommend it to my friends. I would not be without it for any thing. Oregon Kidney Tea cures headache, insomnia, nervousness, brick dust sediment, burning or painful sensation while urinating, and all affections of the urinary organs of either sex.
