ABSOLUTELY PURE

I am an old man and have been a constant sufferer with catarrh for the last ten years. I am entirely cured by the use of Ely's Cream Balm. It is strange that so simple a remedy will cure such a stubborn disease.—Henry Billings, U. S. Pension Att'y, Washington, D. C.

For eight years I have suffered from catarrh, which effected my eyes and hearing; have employed many physicians without relief. I am now on my second bottle of Ely's Cream Balm, and feel confident of a complete cure.—Mary C. Thompson, Cerro Gordo, Ill.

The men of this vicinity need not be jealous because their wives talk so constantly about Matthews and Washburn. Its not their good looks the ladies are talking about, it is the good qualites of the cook and heating stoves they sell. Every one seems to be delighted when they buy from M. and W.

SPECULATION DANGEROUS.

Scarcely a day passes without the news of some large failure flashing over the wires—the usual result of speculation in stocks or some equally dangerous venture. The same electric current carries to dear distant friends the sad tidings of death of loved ones—too often the result of speculation in patent nostrums. Moore's Revealed Remedy is no speculation but is sold on positive guarantee. Do not fail to go to your druggist and ask for your money if not satisfied. We know you will go and buy another bottle, or sale by all druggists.

HEAVY FAILURE

They Re-Hypothecate Property, Held by Them on Security.

VERY WILD SPECULATION

Committee Meeting Called, Will Investigate—Badly Mixed But Will Be Straightened.

NEW YORK, Nov. 28.—The suspicion that the firm of Field, Wischer, Lindley & Co., which failed yesterday, had rehypothecated securities held by them on a loan of $600,000, and amounting to $1,?00,000 developed into a certainty this morning. At the stock exchange $50,000, in Union Pacific, Denver & Gulf Consolidated first mortgage fives, were sold out under the rule on account of the firm. Upon hearing of this fact, Judge Dillon sent for Assistant Secretary Burnham of the stock exchange, and had a conference with him. Sidney Dillon was present. Burnham was notified that the entire list of securities was not good for delivery, and was requested to post a notice. A meeting of the committee on securities was hurriedly called by Secretary Ely, and they came to the decision that the securities would not be good for delivery, and posted a notice to that effect and sent word to the various banks. The securities named in protest of the exchange, include the following stocks: Texas Pacific, Oregon Short Line, Utah & Northern first mortgage bonds of the Union Pacific and Gulf, Oregon Railway & Navigation. Upon the Pacific, Denver & Gulf Consolidated 5 per cent. first mortgage bonds, Sidney Dillon said: "The rehypothecation of these securities is what I term criminal borrowing. I don't think there can be any milder view of the action taken." At the office of Field, Wischer, Lindley & Co., the assignee, Charles W. Gould, was seen. In reply to questions, he said: "I truly don't know in what condition things stand. I have been preparing to take an inventory of securities and other assets. As to the reported rehypothecation of Union Pacific securities I really don't know anything about it, but I hardly can believe such a thing was done." About the condition of Edward M. Field, the senior member of the firm, Gould said: "It is serious; arrangements are being made to send him to a private insane asylum."

OSAGE INDIANS.

There Is Apparent Trouble Brewing Among Them.

GUTHRIE, O. T., Nov. 28.—Reliable reports have reached this city of an alarming state of affairs existing in the Osage Indian reservation. Though this tribe of Indians are the wealthiest people on earth (being worth $15,000 a head) they are yet in a semi-barbarous state and dress in blankets and leggings. They refuse to work and partake in all the characteristics of savages.

During the past year some members of this tribe have become very insolent, and lately they have begun to insult people who pass through the reservation, having within a week or two compelled a number of whites to submit to all sorts of indignities.

Squads of Indians will surround one or two whites, and with a knife cut off their scalp locks close to the head, going through all the motions of scalping the victim, and in many instances dancing around the person and yelling to frighten him.

A number of white families traveling alone to the new lands east of here have been treated in this way. Members of the Pawnee tribe who were traveling through the Osage reservation have been imposed upon in a similar manner. The Pawnees are holding a council of war over the matter. They threaten to retaliate and do some scalping in earnest.

The latest report brought in is to the effect that a party of Osages actually tore a piece of scalp from the head of a little white child about whom they were holding one of their mock scalping performances, and that they have threatened to do violence to the parents if trouble is made.

The government agent of the Osages seems to be too busy setting up schemes to prevent congress from allotting the lands of his tribe to pay any attention to his Indians. If the government does not take action at once the white people in the vicinity of the reservation will protect themselves by force of arms. If they are compelled to do this they will be aided by all the people of the territory.

Rapid Transit in the Great Cities.

The letters of General Sherman now being published in the Cosmopolitan are unique; in fact, so far as the writer knows, they are the only letters ever written in the midst of hostilities by a great general to his daughter. We have the brief letters of Napoleon to Josephine, but there is nothing at all resembling the Sherman letters to be found in the literature of war. They not only throw a new light upon the character of the great man himself, but upon the operations then in process of being carried out. The second and last paper, which appears in the December Cosmopolitan, is unique in another respect,—that it is illustrated by a man who sat at Sherman's mess table during the campaigns of which he writes to his daughter. This most famous of war artists, Theodore R. Davis, is still alive, and supplements the Sherman letters by a very interesting paper of his own and a great number of sketches which he made at the time. Perhaps the article in the December number which will be read with the widest interest is that on Rapid Transit, by Captain Lewis M. Haupt, which is illustrated by every conceivable suggestion that has been made upon rapid transit. Mrs Burton Harrison begins a new novel, "The Daughter of the South," and another southern article is by a gentleman who was a Confederate officer, and is entitled "Social Life in Richmond During the War." T. V. Powderly contributes an article under the Christmas heading "On Earth Peace, Good-Will Toward Men;" explaining the great progress made in the cause of humanity during the past twenty-five years.

The Anti-Subtreasury Members.

CORSICANA, TEX., Nov. 28.—The anti-subtreasury members of the farmers alliance in convention here have reorganized the order under the original charter. The new constitution provides for the prohibiting of any man from becoming a member who believes in, belongs to, or aids in any way any secret organization that makes political demands upon its members or in any way exercises any of the distinctive functions of a political party.

Protection of Game.

Farmers generally throughout the Willamette valley are beginning to realize that they were not wise in allowing the discriminate slaughter by market hunters of the Mongolian pheasant and other game on their property. The farmers about Zena, Polk county, have organized for the protection of their wild game and the enforcement of the trespass laws. The following resolution were adopted and signed by the members of the association:

WHEREAS, There has been for some time past a reckless disregard for the game and trespass laws in our vicinity:

WHEREAS, Our game has been destroyed, our lives and the lives of our children have been placed in jeopardy, and our stock has been killed; therefore be it.

Resolved, By the undersigned citizens of Zena, Or., and vicinity:

First—That we will thoroughly enforce the game and trespass laws.

Second—That we will each of us endeavor to detect and punish every violation thereof.

Third—That in case of any violation thereof we will unite in the prosecution of the offender.

Fourth—That we will post a legal number of trespass notices on our respective farms.

Fifth—That we will grant no person permits to hunt on Sunday.

Sixth—That we will give no permits, except in writing.

Must Be Stopped.

A good many residents of Umatilla county have been reaping rich returns by leasing the lands allotted to the Umatilla Indians at small figures and growing crops upon the same. This is now to be stopped. An order has been received from Washington by Agent Crawford, of the Umatilla reservation, to prevent white men from leasing reservation lands from the Indians, as the majority of the Indians are now disposed to cultivate their own lands. The order is said to be the result of Tom D. Page's visit to Washington. He went there to break a single contract, in which he was interested, and succeeded so well that the department has declared all the contracts null and void entered into between the Indians and the white lessees.

THE WORLD ENRICHED.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Springtime or, in fact, at any time any the better it is known the more popular it becomes.

FOR JETTY WORK

Locomotive to be Taken to the Siuslaw.

HAS ARRIVED IN PORTLAND.

Portland Real Estate—Large Transactions Show Lively Values—Other News.

PORTLAND, Nov. 28.—The small locomotive, the Siuslaw, reached here yesterday from the H. K. Porter locomotive works in Pennsylvania. It was removed to-day from the union depot to the foot of O street, where it will be put on board the steamer Willapa. It required about three hours' time to take it off one of the O. T. Company's heavy trucks, and it was merely an accident that the locomotive did not become damaged. When it was being lowered down the incline to the wharf the smokestack came in contact with several stringers overhead. The smokestack could not be removed, so the engine was hauled up hill again with the help of several horses, after a couple of hours' work it was removed from the truck and slid down the slip, where it now lies in the middle of the driveway, and will probably remain there to block the passage of every team till the steamer leaves December 5. The locomotive weighs nine tons, and will be used in government work on the Siuslaw. This is the first that has been used in the construction work there. A lively time is expected when it is attempted to remove the engine from the steamer at its destination. Uncle Sam will be lucky if the precious nine tons do not fall overboard.

PORTLAND, Nov. 28.—Sixteen deeds, aggregating $71,976, were filed for record in the recorder's office yesterday, making the total number filed since November 1, 489; value of the transactions, $567,634 13. Since the first of the year there have been filed 6194 deeds, aggregating $10,359,947.06. Among the transactions of over $1000 value were the following: Hugh B. Gearin and wife to Peter Kirk, 17¾ acres in sec. 4, T. 1 S., R 2 E., $3750; Friedrich Bachman and wife to J. W. Ogilbee, 2 lots block 2, Graceland, $1250, Mary T. Wolfe to G. Trawr, 11 blocks in Chicago addition, $15,000; B. H Bowman and wife to A. H. Breyman, 4 lots in block 28, Couch's addition, $10,000; John Sommerville, trustee, to same, lot 14, Palatine hill, $2500.

NEW SCHEDULES.

For The Mail Steamships on The Isthmus Route.

SAN FRANCISCO, Nov. 28.—It is stated to-day that the changes made in the ocean mail contracts by the postmaster-general will necessitate the formation by the Pacific Mail Steamship Company of a new schedule for its Panama line of steamers. The time now occupied in the trip is twenty-one days, which, under the new contract awarded to the Pacific Mail, must be reduced to sixteen days. To do this, the company will need more steamers, and it is stated to be their intention of running two lines instead of one. In the fast line will be the steamers San Juan, San Blas, San Jose, City of Sidney, City of New York, and if necessary the Colima and Acapulco, which are in the same class. The line of steamers at present running between Panama and Acapulco will be extended to San Francisco and used as a slower line. The Pacific Mail Company is having a steamer built at the Union iron works which will be probably put into the Panama service. It is expected no radical changes will be made in the first two years under the new contracts as the company will require that time to increase the number of their vessels.

Cold Weather in the Northwest.

ST. PAUL, Nov. 28.—Dispatches from fifty Minnesota points indicate that the temperature varies from zero at Duluth to 10 deg. below at Hallock, and 18 below at Moorhead. Great snow storms in northern Minnesota and North Dakota last week forced the threshers to wholly suspend operations. The ferries at Duluth and Superior are frozen up and it is believed that lake navigation cannot last much longer. A special dispatch from Winnipeg states that the mercury was 20 deg. below zero at that place at midnight, and it was growing colder.

MARSHALLTOWN, IA., Nov. 28.—The mercury reached 12 deg. below here this morning, the coldest at this date in many year. There is four inches of snow here.

Convicted Blackmailer.

LONDON, Nov. 28.—Chas. Grande alias a dozen other names, was convicted of blackmailing and sentenced to twenty years. penal servitude. Among his victims were several titled ladies. He wrote them threatening vengance unless they complied with his demands for money. He referred to the ease with which he could insert dynamite under their door mats, or, by removing a brick in the wall, place it there in such a manner as to blow the house to atoms. Many ladies were so frightened that they paid. When arrested a forged bill of exchange was founnd in his possession. He was also convicted on this charge and given seven years additional.

Condition of the Weather.

WASHINGTON, Nov. 28.—Light snows prevail over the lakes, and from Illinois westward to Colorado. High-pressure area has developed behind the storm and its crest over the upper Missouri valley. North winds will bring a cold wave from Maine to Tennessee, reaching southeast to North Carolina. Light snows of short duration are likely to occur upon the cold-wave front, and rains are likely in the South Atlantic states. Clearing conditions are likely to prevail Sunday, with decided cold weather, except in the southern states.

The Chief Conspirator Caught.

KANSAS CITY, Nov. 28.—Mysterious King, alias Dennis, alias Spinole, who it is said returned the kidnapped Beals child, was arrested this morning. He is the chief conspirator in the abduction and is undoubtedly the man who delivered the child and obtained $5000 ransom last night. At the police station King was searched, but no money was found upon him. King had little to say. He denied knowing anything about the abduction, saying the woman could tell everything.

Died From Smoking Cigarettes.

POMONA, Cal., Nov. 28.—A case of death from excessive cigarette smoking has occurred in Pomona valley. George P. Livingstone, only son of Elam E. Livingstone, formerly a senator in Oregon and once an assembly man from Yuba county, died at his home in Puente this morning, after an illness of one week. He was 14 years of age, and had smoked cigarettes since he was 11 years old.

This morning's arrivals included the following distinguished prelates: Archbishop Corrigan, of New York; Bishop Matse, of Denver; Archbishop Ireland, of St. Paul; and Archbishop Riordan, of San Francisco.

Race War in Arkansas.

GURDON, Ark., Nov. 28.—The excitement here is intense, and an attack by the negros is looked for. They say the whites have been exercising superiority too long, and they will reverse this condition of affairs. Citizens all go armed, and, it is said, are prepared to resist any attack that may be made by the blacks. The negroes are aroused over Tuesday lynching.

Kidnapers Plead Not Guilty.

KANSAS CITY, Nov. 28.—Albert King and his wife, Lizzie King, alias Lizzie Smith, were brought before a justice this morning, charged with the abduction of the son of David T. Beals. The prisoners pleaded "not guilty" to the charge. They could not give a bond and were committed to jail.

Murder and Suicide.

MARSHALLTOWN, Ia., Nov. 28.—D. C. Thomas, an employe of the Britian Packing Company, shot and killed John Hockridge, proprietor of a boarding house, here this morning, and then committed suicide by shooting himself through the head. No motive for the murder. It is thought Thomas was insane.
