Philomathean Entertainment.

The entertainment given by the young ladies of the Philomathean Society last week drew out a large audience. It being their first public meeting everybody was interested in their success, and a success it was unanimously declared to be.

Miss Goodell's essay—"Dreams"—though not so good as some of her previous similar efforts received appropriate commendation. She is a fair reader and her writing does not suffer from delivery.

The discussion was well sustained by Miss Lyman and Miss Ann Martin. It was a written debate. Miss Lyman affirming gave a comprehensive view of the history, extent and influence of the Catholic religion, and deduced some good reasons why the government of the United States should take steps to prevent its spread in our country.

Miss Hattie Martin's "Oration," or more properly essay, called "Sympathy," was a well written piece and fairly delivered. The authorship of this piece, and two articles on Mathematics and the fashions in Miss Hattie Collier's paper has been questioned by some, but we have the best authority for stating that Miss Martin's essay was her own and the other two articles named had their origin within the Society.

The BEE HIVE will give you bargains for a few days in Shirting flannels, Plain and Plaid flannels, Cloths, Cassimers, Waterproofs, Shawls, Skirts, Dress Goods, Prints, Muslins, Canton flannels, Ticks, Men's and Boy's Clothing, Hats, Boots and Shoes, &c. &c. at a very small margin above cost.

We have been "flood-gated" with poetry this week. We began to write a poem ourselves but the Muses showered so many contributions upon us that we had to give it up and let the "divine afflatus" go to the dickens; for which determination our savage readers will doubtlessly feel grateful.

See the county Treasurer's notice. The sun is shining to-day and it seems like spring.
