Last Saturday the order was given by Superintendent Bryant to George Shaw agent at Cornelius to allow no more wheat shipped from Cornelius except through Colonel Tom's warehouse. Jerome Porter, who is in the wheat business interviewed Bryant and Gaston and they both said that it was their understanding that wheat could be shipped outside of the warehouse. Nevertheless the order was made and now no grain can be shipped from Cornelius without the Colonel takes his seven cents royalty out of it.

We see now very distinctly why it was that the Colonel got ten days' leave of absence from the Legislature-he learned that the farmers were shipping their wheatoutside of his warehouse and he came down to put a stop to it. Thomas is shrew ktd as well as a wicked.

Couldn't Let Go of the Teat.

Notwithstanding the wish of the people of Washington county expressed last summer by an overwhelming vote that Tom Cornelius should stay at home he laughed in the faces of his neighbors and went. We understood prior to the assembling of the Legislature that he said he did not intend to go. He said that the people of this county had elected another man to take his place and thereby had expressed a wish that T. R. Cornelius should take a back seat and he proposed to stay at home. But the Colonel could not let go of the teat. It is his last sucking however and we forgive him. Like Margaret of Faust it was all so sweet.
