A Terrible Surgical Operation A FATAL MISTAKE.

of February 23d, 1883, pubsurgical operation which caused a great commotion among medical men throughout the whole country, Dr. Thayer, the most emment surgeon in Cleveland, pronouncing it scandalous. It appears that a Mrs. King had been suffering for many years. from some disease of the stomach, which had resisted the treatment of all the physicians in attendance. The disease commenced with a slight derangement of the digestion, with a poor appetite, followed by a peculiar indescribable distress in the stomach, a feeling that has been described as a faint "all gone" sensation, a sticky slime collecting about the teeth, causing a disagreeable taste. This sensation was not removed by food, but, on the contrary, it was increased. After a while the hands and feet became cold and stickya cold perspiration. There was a constant tired and languid feeling. Then followed a dreadful nervousness, with gloomy forebodings. Finally the patient was unable to retain any food whatever, and there was constant pain in the abdomen. All prescribed remedies failing to give relief, a consultation was held, when it had a cancer in the stomach, and in order to save the patient's life an operation was justifiof February, 1883, the operation was performed by Dr. Vance in the presence of Dr. Tuckerman, Dr. Perrier, Dr. Arms, Dr. Gordon, Dr. Capner, and Dr. Halliwell of the Police Board. The operation consisted in laying open the cavity of the abdomen and exposing the stomach and bowels. When this had been done an examination of the organs was made, but to the horror and dismay of the doctors there was no cancer to be, found. The patient did not have a cancer. When too late the medical men discovered that they had made a terrible mistake; but they sewed the parts together and dressed the wound that they had made, but the poor woman in a few hours. THE Cleveland (Ohio) Press, The prosecuting attorney stated to the court that the grand jury had lished an account of a fatal completed its labors, whereupon Judge Stearns discharged them. Several jurors declined to be discharged, stating they did not endorse the foreman's report, which had been filed; besides they had not concluded their labors. The court. however, persisted in discharging the jury. A very lively scene followed, the five members urgently WE HAVE RECEIVED A FULL insisted upon being heard. It is claimed that indictments were found against Chief of Police Parrish and other members of the police department for bribery, but the district attorney had refused to draw up the proper papers when requested to do so; also, that when Judge Stearns' attention was called to the matter in an official way by grand jurors, the court treated the affair

with indifference and coolness.
