LOCAL AND GENERAL.

—Anathemas deep and loud are swooping down as a cyclonic cloud upon the head of the supervisor of roads at Mountaindale. The road is reported to be almost impassible, and the supervisor, instead of making repairs, has gone into the mountains looking for coal and big game. It is not known when he may return. The road should be repaired at once. Sam is doubtless more interested in a railroad through that country than a public thoroughfare. But if so, he should incorporate his company and resign the presidency of a "county road."

—Come and see them—What? Our late arrivals of boots and shoes—just in, all the way from Boston. Can't be beat in quality or price. At Bailey, Tongue & Schulmerick's.

—The Oregonian says fifty-two of the eighty children at The Home are down with the measles, and it is "taking" on a dozen or so of the remainder. Four score children was a rather large job for the measles to tackle in one house, but it got there just the same. Materfamiliæ who have two or three or four cases to take care of at one time, may perhaps be able to imagine the trouble which Mrs. Woods, the matron of The Home, is in now.

—Ayer's Cathartic Pills are suited to every age. They are mild and pleasant in action, thorough and searching in effect, and, being sugar-coated, are easy to take. These pills never fail to give satisfaction.

—Charley Hietzhausen left Tuesday evening for Forest Grove, Oregon, where he intends making his future home. We regret losing Charley from our town as he was one of our most prominent young men. Our best wishes follow him.—Louisville (Neb.) Observer, 6.

—The state militay board adjourned last Thursday, after a two days' session. The principal work of the board consisted in auditing bills for the past quarter. The companies of the First regiment were allowed in the aggregate $717.40; those of the Second $826.30, and those of the Third $526. In the allowance of the Second regiment is to be included $200 for the uniforms of the Regimental band, and $300 for the uniforms for company K. The board made a ruling that discharges from the Oregon National Guard must be granted and signed at regimental headquarters. A voluntary absence without leave for thirty days constitutes sufficient ground for dishonorable discharge.

—Pensions have been granted to J. T. Boothby, Lexington; James Carlisle, Chester; James O. Pope, Hillsboro; Mexican war, Thomas Wright, Seattle; Vandike Barricklow, Blaine; Mexican war, Wm. E. Weddle, Maria, Idaho. A postoffice has been established at Medicine Lodge, Bingham county, Idaho with George Kaye as postmaster.

—The only counties of the state which have not made a remittance of some kind of the taxes of 1887 to the state treasurer are Multnomah, Umatilla, and Wallowa. The dues of the former county reach $104,000, and her sheriff has collected, according to the Portland papers, between $200,000 and $300,000. The laws of the state declare distinctly that the first receipt of taxes shall be devoted to the payment of state taxes; but Multnomah county officials seem to consider that they are exempt from the operation of this statute, for they have begun liquidating their county warrants. A payment was promised the state treasurer the first of April, but none was made, nor was any explanation of the delay offered. Wallowa county has an excuse for her non-payment, because her sheriff died a month or more since. What's the matter with Umatilla nobody knows.—Statesman, 14.

—A perfectly sound body and a mind unimpaired are possible only with pure blood. Leading medical authorities indorse Ayer's Sarsaparilla as the best blood purifying medicine in existence. It vastly increases the working and productive powers of both hand and brain.

—Mr. Larsen, who lives on the railroad near town, carefully hoed some wild raspberry bushes in his enclosure early in the spring, hoping to get some berries this summer, but some one sneaked in and dug them up and took them away.

—Mr. J. C. Lamkin's family have gone to the mountains to rusticate for a few weeks. They are comfortably located at Judge Archbold's, on Dairy creek, in whose home they will pitch their "tent." We wish them a pleasant trip and hope they may return greatly benefited in health.

—Complaints are beginning to be made at this office of persons trespassing upon private property. Fishermen and sportsmen generally would do well to bear in mind that Oregon has an ironclad trespass law, and that farmers purpose protecting their property from spoliation at the hands of heedless village dudes and their hoodlum following. No person has a right to enter upon the premises of another without permission, and we hope the farmers of this county will insist upon their rights to peaceful possession of their hard-earned lands. We hope we will not be called upon again to speak against hoodlum invasion of premises. People living along the creeks and in the foothills of the county have the same right to peaceful possession of their homes and surrounding lands that the most fastidious merchant may claim for his counting room. Bear this in mind, and gain consent before "taking" possession.

—What is worrying Portland now is "Thejointlease." What is worrying the commercial city of Union is whether she can leasethejoint.—Union Scout.

—Grand Medal awarded to "Davies the Photographer," for the best display of photographs, Mechanics Fair, 1887. Gallery, Cor. First and Taylor Strs, Portland, Ogn.

—Don't forget Paul Boulon, April 25th.

—Our friend, F. Dillard Holman, late of Hillsboro, is now located at Glenwood Springs, Colorado. He is preaching for the Christian church at that town.—Monmouth Observer.

—A person nearing Hillsboro last Wednesday morning and getting a sudden view of Main street, would have thought the railroad that will be built from this place into the coal fields near the head-waters of Dairy creek, was being constructed through our town. Ten or fifteen men were at work on Main street with shovels, wheelbarrows, new brooms, etc., as early as 7.30 in the morning. That part of Hillsboro now presents a neat appearance.

—The Los Angeles Herald says: "The Boulon Comedy Co. is undoubtedly the finest of its kind on the coast." See them at Opera house, April 25th.

—It takes money to successfully conduct a newspaper. A large amount is due this office, and we must have the money in order to meet our bills. Every subscriber indebted to this office should make an effort to pay up at once. Unless there is a general response prior to May 1st, the special rate of $1.50 per annum will be absolutely discontinued. We have said a great deal upon this question in the past, but now mean business. We are getting tired of "standing off bills" and at the same time carrying on our books double the amount needed to balance accounts. This request also applies to the payment of amounts due on advertising and job work.

—The press of the state speak in the highest terms of the Boulon Comedy Co., who play here on April 25th.

—The chairman of the Washington county republican central committee will issue a call next week, designating time for holding primaries in the several precincts; also, date of holding convention at Hillsboro for the purpose of nominating a republican ticket in this county.

—Mrs. James Garson, of Portland, visited relatives in Hillsboro this week.

—Mr. T. H. Tongue has secured the services of a professional trainer to develop speed in his stable of fine trotters. We understand the man is an expert, and at one time was connected with Leland Stanford's stable of famous trotters.

—If you want to enjoy two hours of good, solid fun, don't fail to see the Boulon Comedy Co., at Hillsboro Opera house, April 25th.

Misses Alice M. Wilson and Gracie Williams, of Portland, are visiting Mrs. W. L. Jones in Hillsboro for a few days.

—Remember the grand ratification meeting at the Republican club headquarters next Monday evening. Good music, fine addresses and other exercises have been arranged for. All good republicans, democrats and the public generally are invited to be present.

—Ralph Archbold was in Hillsboro Tuesday. Ralph is in very poor health, and it is feared he may go into quick consumption. He was compelled to leave his employment in the Portland News office on account of illness. It is hoped the mountain air may prove beneficial. He is stopping at his father's mill, on Dairy creek.

—The Santa Cruz Sentinel says: "The Boulon Comedy Co. gave an entertainment pure, refined and elegant." At Hillsboro April 25th.

—Is Hillsboro determined to be a laggard? Some time ago, and upon several occasions, we called attention to the importance of securing additional mail facilities for Hillsboro, and stated that arrangements could easily be made with the McMinnville express to carry mail with little cost to our citizens. We urged the importance of this subject upon Hillsboro and Forest Grove. The latter town took proper steps and now has four railway mails daily, while Hillsboro has but two, and letters often remain in the office here twenty-four hours in the same condition as our citizens--waiting. What a satisfaction it is to know that the earth moves! Were it not for such action we fear moss would grow upon our citizens a foot long and a yard wide.

—Look out for the grand parade of the Ladies' Brass Band, April 25th.

—Mrs. J. L. Barnard and Miss Joslyn have returned from the city.

—It is warm enough to-day to suit the most modern Hottentot. The thermometer registered 68 degrees at 6 o'clock this morning, and at 1 P. M. was four degrees more ancient than an octogenarian.

—Mr. H. C. Best has opened an art studio in Good Templars' hall, where instructions will be given in landscape and floral painting. Read his card in this issue. Specimens of his work on exhibition in the stores about town and at the studio prove him to be an artist of considerable merit. His charges for instruction are reasonable.

—As may be seen by observance of our advertising columns, the democratic party of this county has issued a call, setting time for holding primaries and county convention, for the purpose of nominating and placing in the field a democratic ticket. For the first time the democrats take the lead in nominating a ticket in Washington county. In the language of Mark Twain, we admire their pluck.

—Do not fail to read notice of "political speaking," by Elder J. W. Webb, state organizer of the prohibition party. Notice appears under "new to-day."

—There is no truth in the report circulated upon the streets of town last week, stating that Mr. W. H. Millar, of Farmington, had suddenly dropped dead from heart disease. The story rapidly grew, but could be traced to no reliable source. We now have positive information to the effect that the error originated in the sad death of Mr. Everson, and the relationship existing between the families of Millar and Everson, might give rise to a misunderstanding. Mr. Isaac Everson, a son of the deceased, is married to one of Mr. Millar's daughters.

—Rev. L. L. Conrardy, of Umatilla reservation, has decided to go to the relief of Father Damien, the apostle of the lepers, in the island of Molokai, Sandwich Islands. The reverend father, having received permission from Archbishop Gross, has been waiting for some time to be relieved as Indian missionary on the reservation, and now that his place is supplied by two young priests, he was in Portland last week, en route for Molokai, the home of the poor lepers to whom he proposes to consecrate—we may add, sacrifice—his life. Father Damien is now so badly afflicted with leprosy that he cannot use his hands and has been compelled to desist from administering sacrament.

Valuable Horses Perish.

A fire destroyed the Palo Alto stables in California last Tuesday night. A number of the most valuable horses in the United States were burned to death. Senator Leland Stanford was the owner of the property destroyed. The following is a list of the horses that perished.

SAN FRANCISCO, April 18.—An Associated Press dispatch from Menlo Park gives the following corrected list of horses that perished in the fire at Senator Stanford's Palo Alto stables last night:

Brown stallion Rexford, five years old, by Electioneer, dam Rebecca by General Benton. Rexford had a record of 2:24 when three years old, and last fall he made a mile in 2:19½. He was valued at $10,000.

Five-year-old stallion Clifton Belle, by Electioneer, dam Clara Belle by Abdallah Star. He had a record of 2:25, and was valued at $10,000.

Black stallion Kris Kringle, by Electioneer, dam Lady Thorn, Jr., by Williams' Mambrino; valued at $6000.

Six-year-old stallion Howard, by Electioneer, dam Mamie by imported Hercules.

Bay stallion Lowell, by Electioneer, dam Lady Lowell by Schultz's St. Clair; valued at $5000.

Two bay geldings, foaled in 1882, either of which could make 2:25 with ease. They were by Electioneer, dams Emma Robson and Blarney.

Among the horses badly burned were Norlaine and Cedrice. Norlaine was by Norval, dam Elaine by Messenger Duroc. Last fall he beat the world's record for yearlings, making 2:31½. He was valued at $20,000. It is believed the animal will recover, but he was burned so badly about the head and eyes that it is feared he will be blind.

The bay colt Cedric, by Electioneer, dam General Benton's Cecile, was also badly burned, and there is no hope of his recovery.

Maiden First, reported to have perished, is among the saved.

Palo Alto was considerably burned about the body, but will recover.

There was no insurance on the building or any of the animals, and the total loss is now estimated at $100,000.

Letters Robbed.

Mrs. C. T. Tozier, of Hillsboro, informs us that a number of letters received from her husband, now located at Delta, Idaho, have been opened while in transit and valuables extracted therefrom. A letter sent the 26th of last November, was opened in transit, and $2.50 in gold extracted; March 27th of the present year, a letter containing $1.50, as stated by Mr. Tozier, was empty as a last year's bird's nest. Letter of April 8th (present month) was also opened en route here. A letter sent to Mr. P. M. Dennis, January 2, 1888, with a $10 greenback enclosed, has never reached its destination. This wholesale robbery should be investigated by the postoffice officials. It looks as if Uncle Sam has a band of thieves in his employ between here and Delta.

Who is Your Best Friend?

Your stomach, of course. Why? Because if it is out of order you are one of the most miserable creatures living. Give it a fair, honorable chance and see if it is not the best friend you have in the end. Don't smoke in the morning. If you must smoke and drink wait until your stomach is through with breakfast. You can drink more and smoke more in the evening and it will tell on you less. If your food ferments and does not digest right—if you are troubled with Heartburn, Dizziness of the head, coming up of the food after eating, Biliousness, Indigestion, or any other trouble of the stomach, you had best use Green's August Flower, as no person can use it without immediate relief.

Oldest Man in Oregon.

David Carnes, a citizen of the southern part of Linn county, is 104 years old, says the Lebanon Express. He is hale and hearty; his neighbors say that he split 3000 rails this winter and repaired his fence with them. A friend found him in Brownsville the other day and learned from the old gentleman the following facts: "I was born in Washington county, Pennsylvania, in 1784; lived there until I was 40 years old, then moved to Indiana, and lived there nearly forty years, and crossed the plains the last year of the war." "Well, old gentleman, how do you like Oregon?" "Sir, if I had a hundred years more to live, I would never leave the Willamette valley; this is the best country this side of heaven."

Brace Up.

You are feeling depressed, your appetite is poor, you are bothered with Headache, you are fidgety, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whisky, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an alterative that will purify your blood, start healthy action of Liver and Kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at Hillsboro Pharmacy.

FOREST GROVE NOTES.

(From our Regular Correspondent.)

The following is the score by innings of the base ball game played at McMinnville last Saturday, Forest Grove vs. McMinnville:

	1	2	3	4	5	6	7	8	9	
Forest Grove	0	5	3	2	6	0	0	2	0	—18
McMinnville	0	0	1	0	2	2	0	0	0	— 5

Summary: Time of game 2 hours; struckout, Hudson 2, Smith 12, Clark 5; two base hits, Roe 2; scorer, Geo. Hughes; umpire, J. W. Lysons. Those who witnessed the game saw some good playing, though it was rather one-sided from the beginning. The Grove boys have a good team and with practice ought to defeat any club in the valley. The McMinnville boys showed a lack of practice, though they have good material. Perfect harmony prevailed throughout the game. The special features of the game were the three long flies batted by Roe and a "beeliner" caught by Clark.

The Congregational pulpit will be occupied next Sunday morning and evening by Rev. H. V. Rominger, of Albany. Mr. Rominger is also expected to deliver his lecture on "Germany and the Germans" some evening during his stay at the Grove. The date will be announced later. Admission free.

E. A. Borthwick, grand commander G. A. R. department of Oregon, in company with about 30 other members of the department, will inspect James B. Matthews Post of this place, in the near future.

The popular Boulon musical and comedy company will occupy Vert's hall next Tuesday evening. Admission 25 and 50 cents.

Mr. W. H. Bonner has gone to the more congenial clime of Spokane Falls.

L. Samuels, of the West Shore, was in the Grove this week, interviewing our business men.

What has become of the republican convention? Both parties seem now to have adopted the policy of Micawber.

Frank Russell, a former student of T. A., was in the Grove this week, visiting with friends.

N. C. Merges, the duke of Albina, visited his possessions in that city this week.

The Forest Grove ball club has issued a challenge to the Grammar school club of Portland, for a return game, to be played in this place two weeks from Saturday.

GASTON ITEMS.

APRIL 16.—On Saturday, the 7th inst., Davis' park was entered by one L. Wilcox and robbed of a fine DEAN—generally known by the name of JOSIE. All parties are well pleased with the catch, excepting ourself, and we feel there is now one chance less for us. This is the second catch; but, like the widows' meal, the supply holds out. If you don't believe, see for yourselves.

W. B. Walker is still lingering under the subtle hand of consumption, waiting his release.

Mrs. E. H. Gerrish (former wife of J. J. Gerrish) died on the 11th inst., and was buried on the 13th. Mrs. G. was an old pioneer, having lived in this neighborhood since about 1850, and leaves a family and friends to mourn her departure.

Mrs. M. E. Best is having the butcher shop fitted up for a millinery establishment. It has been Quixotic in the past, but we hope for permanence in the future.

Mr. Wm. Gilpin is very sick, and being over four score years, it is doubtful as to his recovery. Dr. Haynes, of North Yamhill, is his physician.

Last Thursday R. Matteson made a one-horse run after a coyote, who had killed a lamb from his flock. He swears vengeance on the next one that puts in an appearance.

H. C. Raymond has been appointed correspondent of the agricultural bureau at Washington for this county, and is much obliged to those who have assisted him thus far in gathering statistics.

Tupper and Raymond are expecting to commence on their coal claims over on Pebble creek, by the 1st of next week. They believe their fortune is made, and are planning what to do with the surplus.

Candidates are commencing to run up the creek, looking for horses after the coming election. We expect a heavy immigration about those days. They pretend to be fishing.

D. S. Fowler, who is working for J. Gaston, has refitted one of Wild Yank's grubbers, and is now engaged in extracting grubs on the Gaston place. It is for sale or rent in a few days to any first-class dentist who may desire to extend his business. SOLOMON.

THE GRAIN BAG CORNER.

The Outlook Not so Bright for the Combination As It Was.

SAN FRANCISCO, April 18.—It is stated that the attempt of grain dealers and speculators to corner the wheat bag market is not prospering, and the fine weather is believed to be the cause. This is a disappointment to the manipulators of the scheme. They expected that there would be 1,200,000 centals of wheat for export from California this season, and got all the bags that are to arrive from Calcutta and other places, and boasted that bags for June and July delivery would be 10 cents or more. They had the price up to 9 cents, but now it is only 7¾ cents and is likely to go to 7 cents. This prediction is made because of the lack of rain, which may make the amount of grain available for export about 1,000,000 centals. The crop, however, is in a very fair condition.

Economy in Eastern Hotels.

Lincoln (Neb.) Journal.

Guest—Say, boy, is there a fire escape here?

"Yes, sah; right ober dar."

"That thing? How in thunder do you use it?"

"De book of instructions, sah, will cost yo' a dollah."

Poison in the Pipe.

An experiment recently made by the medical staff of the German army as to the effect various grades of tobacco had upon the health of their soldiers is of general interest to all smokers.

It was found, after a searching inquiry, that the prevalence of throat diseases among smokers was not due so much to excess in this indulgence as to the use of green and improperly cured leaf.

Few manufacturers can afford to have a large capital idle for three years or more, consequently the most of them cut new leaf, the noxious effects of which is fully realized when generated through the heated smoke. It is only large manufacturers who make smoking tobacco a specialty and who desire to retain their well earned reputation, that carry large stocks for the specified period. We learn that Marburg Bros. have in store nearly twenty millions of pounds of the crop of 1885, and it is to this is due the wide reputation they have established for their "Seal of North Carolina Plug Cut."—Grocer and Country Merchant.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at the Hillsboro Pharmacy as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size $1. Every bottle warranted.
