

LOCAL AND GENERAL.

The ball to be given by the Hillsboro Cornet band, May 30th, is postponed until further notice.

Miss Jennie Powell gave a pleasant party, at the residence of her parents, in South Hillsboro, last Saturday evening.

Attention, Company B: Company B will assemble at its armory May 20th, at 8:30 A. M. By order of Capt. Collins, commanding.

A box of the largest strawberries we have seen this year was placed upon our table this week by Mr. Willis Waggener. They were grown upon his property in town. Thanks.

The Oregon headquarters for teachers from this state, in attendance at the National Teachers' association, which convenes in San Francisco in July, will be at the Occidental hotel.

On Thursday evening of last week fire broke out in Palouse City, W. T., and nearly destroyed the entire town. The losses are said to reach the sum of \$250,000. The blow to that section of the territory is a very serious one. Insurance covers about one-third of the loss.

Malaria poisons contain the germs of dangerous diseases. If these poisons accumulate in the system, Typhoid, Bilious, Intermittent or Chill Fever is sure to follow. Ayer's Ague Cure is a warranted specific for malaria.

In chronic diseases, medicines should be restoring, and not debilitating, in their action. The wonderful strength giving and curative effects, realized from the use of Ayer's Sarsaparilla, sustain the reputation of this remedy as the most popular blood purifier.

Miss Nola Twigg, aged about 17 years, a servant in the home of E. D. Baker, in Portland, has fallen heir to a fortune of \$100,000 in England. She left for Baker City, her former home, and a fortune, last Sunday.

In these piping times of strife between two great political parties, and the branching out of a third avowing the destruction of one or both, it behooves everybody to appear to the best advantage. On Main street, opposite Tuxlain Hotel, you will find Herr B. Aronson, the tailor, who will turn old suits into new, and make new suits to order. Call and examine his goods and prices. 17m-1

Miss Nellie Tozier gave an ice cream party to a number of young friends, and old ones too, on Tuesday evening, May 15, it being the anniversary of her tenth birthday. Among the many presents she received, was a "bangle" ring, made of gold dust from her father's mine at Delta, Idaho. On one side, the inscription "Nellie," on the other, May 15, 1888.

Mr. and Mrs. C. W. Meek will give a dinner hall at their residence on Friday evening, June 1, 1888. A prize will be given for the most uniquely attired lady and gentleman. Fine music has been secured and a good time is assured. All are invited. Tickets, including supper, \$1.50.

Master Eddie Lane, aged 15 years, of whom we had a short item in last week's issue of this paper, regarding his success as an apiarist, is much more an expert than we had supposed. He has successfully transferred several hives of bees, and manipulates the fierce little bugs without fear either to himself or inconvenience to the "busy little bee." Transferring bees is the work of a professional apiarist, and Eddie is now eligible to a seat among such experts.

Grand Medal awarded to "Davies the Photographer," for the best display of photographs, Mechanics Fair, 1887, Gallery, Cor. First and Taylor Sts., Portland, Ogn.

Hon. H. W. Corbett, of Portland, one of the bondsmen of Collector Boards of Port Townsend, the Seattle Post-Intelligencer says, has notified that official, as well as the treasury department, of his withdrawal from the bond. This action releases all the other bondsmen, and it may be taken for granted that Brooks and his friend Beecher will have to rustle around in a lively manner before they find another collection of responsible citizens who have fifty thousand dollars' worth of confidence in the present administration of the Puget Sound customs service.

Material has been purchased by C. E. Wilson & Co. to start the Tillamook Headlight, with J. B. Edwards as editor. The paper is to be published at the town of Tillamook, independent in politics, and will be devoted exclusively and entirely to the interests of Tillamook county. The first issue will appear May 31st.

In Lewiston, Maine, a druggist received a prescription from a practicing physician which read: "Mr. —, put up enough lpecae to throw up an eight-year old girl."

The Verdict Unanimous. W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of rheumatism of ten years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best-selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle, at Hillsboro Pharmacy.

To Ladies Visiting Portland.—We wish to call their attention to our Ready-made Suits. Our \$10.00 suits, good value for \$12.50; our \$14.00, excellent value for \$16.00. All wool suits from \$14.00 up. Dressmaking in all branches. First-class fitting and stylish make-up. Ladies' own material made up. D. PORTER & Co., 147 Third street, Portland. m10-1m

CONGRESSIONAL ITEMS.

May 22.—Excuse us for our long silence, as we have been so busy the last few weeks packing primaries and conventions in hopes of being nominated for some lucrative position on some of the county tickets, that we almost forgot our duty as correspondents. However, we are left—got left on every occasion, and now we have nothing to do but return to our old vocation. We don't intend to vote for any man on either of the tickets; and, furthermore, we shall do all in our power against every man on either ticket. All this for revenge—and revenge is sweet. Amen.

Mr. E. C. Hughes, republican candidate for county clerk, was in town last Thursday.

Jasper Reeves leaves to-day for Montana. He will be gone about two months.

We learn that Mr. David Wilcox is on the sick list. It must be prohibition.

Charley got "fired" from the street cars, and couldn't get on the police force, so he came home.

Measles are going the rounds; but we have fewer cases than last week.

Another change. Joe Hartman has charge of the ginger ale department of the world-famed Cornelius saloon.

L. F. Bradley has fixed up a fine croquet ground in front of the postoffice, and now you can hear the whack of the mallets from early morn till dewy eve.

Mr. J. W. Goodin, of Glencoe, and his brother, Thomas Goodin, just from Missouri, were in Cornelius Monday.

Mr. and Mrs. Geo. Fitzgerald, of East Portland, leave to-day for their new home at Vernonia, aboard McNutt's stage for all points in the Nehalem valley.

Mr. A. A. Phillips has severed his connection with Russell & Co., Portland, and has returned to his duties of justice of the peace. Lonzo doesn't allow anyone to swear at him.

Next Friday evening the people of this place will enjoy a treat—an exhibition given by the students of the Cornelius school, under the management of Misses Howard and DeLin. We understand that Miss Doughty, of Hillsboro, has promised to be present and aid in the musical part of the programme.

Every body should turn out and make this occasion as pleasant as possible. If you have two bits and a girl, you are sure of having a good time.

Rev. Mr. Post preached a forcible sermon last Sunday night, especially to young ladies. One week from next Sunday evening, he will preach a sermon especially for young men. Rev. Post's sermons are interesting, sensible, and every body is invited.

Isaac Bennett leaves to-morrow for Albion, Lin county, where he has a position as assistant telegraph operator. SCHREIBER.

FOREST GROVE NOTES.

(From our Regular Correspondent.) Charley Cornelius, of Portland, was in the Grove a few days ago. He was on his way to Nehalem, to look after his coal mine interests.

Newton McCoy, one of East Portland's prominent attorneys, was in the Grove Saturday, visiting friends and relatives.

Burr Jackson, a former citizen of the Grove, now in the employ of the N. P. R.R. Co., was in the Grove a short time ago.

Mrs. P. G. Buford has returned to the Grove, where she will reside in future.

The Gamma Sigma society will discuss the usury law at their meeting this evening.

E. A. Borthwick, grand commander of the G. A. R., visited James B. Matthews post on Wednesday evening of last week, accompanied by about thirty members of the G. A. R. and W. R. C. The party was given a reception in the evening at the residence of President J. F. Ellis, and had a very enjoyable time.

Rev. Geo. Lee, of Corvallis, was in the Grove this week, visiting relatives and friends.

Horace Lyman, editor of the Pacific Express, was in the Grove over Sunday.

Several of the democratic candidates were in the Grove Sunday, shaking hands with the voters.

A union memorial service will be held in the Congregational church next Sunday morning, at 11 o'clock. The sermon will be delivered by Rev. Fairchild, of the M. E. church.

Chas. Hoyt, of Portland, was in town a few days ago, visiting with the family of Mr. Macrum.

Rev. Mr. Clapp, of Portland, was in the Grove recently.

After so many disappointments, the McMinnville ball club writes that it will positively meet the Grove boys on the University grounds to-morrow afternoon.

Es-Geo. Gov. L. Woods delivered a rousing republican speech in Vert's hall last Monday night to an audience of about 250 persons. Why do so few such speakers as Mr. Woods come to the Grove when a good audience is always assured here?

Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Hillsboro Pharmacy.

Mumps are raging in Hillsboro and vicinity, and this family paper is issued this week under great pressure, a part of our force being big-headed in the little bed. Ye editor and the foreman in this office have set all the type in this issue, done all the local and editorial work, turned out some job work, been engineers and pressmen, and had to kill a galley of live type on account of legal ads. coming in at the last moment. Can another office in the state show as good record? And a pile of copy lies forsaken on the looms.

R. Cave has moved into his new quarters and will be glad to meet his old customers and as many new ones as want big bargains from a large new stock.

GASTON ITEMS.

May 22.—The weather is not boiling, if politics are, but continues cool and pleasant, having a cool and salutary effect upon the physical and (we hope) mental man. Vegetation is booming and bids fair to satisfy the expectations of the honest granger.

Wapatoites are vying with the balance of the world for a controlling interest in the Nehalem coal beds, and have secured 900 acres of the coveted land to date, with others to follow, which will swell the amount ad libitum. Their motto is to make or break. But we think they have a good thing, as further examination has shown that the discovery claim in section 26 is but a sample of those surrounding it. We only wish the line could be changed so as to set us into the old home county—Washington.

We were at Portland the most of last week, attending the Grand Lodge, L. O. O. F., and found several of our county there. This organization is becoming a power in our state for good.

Gaston has entered the contest for metropolitan houses, and improvements are commenced in earnest. Mrs. E. Walker is having the front of her house remodelled and the whole house is to be repainted. Raymond Ross is "whitening" their house inside and out, and also the yard fence. It adds much to the appearance and beauty of the place to cover those dingy walls with paint.

C. Tupper, J. W. Sappington and H. C. Raymond started this morning for the Nehalem, where they propose to commence operations on their claims. They will return to this county long enough to cast their ballots at the coming election, after which they will be ready to pilot the defeated candidates to a quiet place of rest for the coming two years.

The widow and family of Fred. Archbold, of North Yamhill, are visiting at Raymond's.

T. W. Sain brought in some specimens of a doubtful nature as to quality. From what we saw of it, there is an excellent coal of a good quality, not far distant. The find is upon Sain creek, section 12 or 14, T. 1 S., R. 5 W., and is very valuable, as it is but seven miles from Gaston.

Revs. Fairchild and Derrick held a union basket meeting at the Patton school house Saturday and Sunday, which was well attended.

Buck Myers and the Wapato chief are on special duty on behalf of the trembling candidates who are anxiously awaiting the will of the dear people, on the 4th of June next.

It is terribly trying on the "mental" to be a candidate in these perilous times, and we would advise a reform in politics on this point. Let the people seek the man, and not the man seek the office. SOLOMON.

Cloth Swindlers Fleeced a Number of Hasty Farmers.

The people in Powell's Valley and at Pleasant Home, and at Damascus, in Clackamas county, have been badly taken in and done for by a couple of peddlers—dealers in dry goods. They have been going from house to house among the farmers, and inducing them to invest in cloth from which to make eight suits of clothing, for which they charge \$150. If the farmer has not the ready cash on hand, his note for the \$150 is readily taken. When they came to Powell's Valley they first got some one to take them around to those farmers who were well situated, so that all the notes are on good men. It is stated that no less than \$18,000 in notes were obtained in this way, and hypothecated for cash at Oregon City. At Pleasant Home settlements nine made purchases of the peddlers. But the sequel of the whole affair is that the parties making the purchase for \$150 did not obtain more than \$25 worth of goods for the money. At Pleasant Home the following were among those who were victimized: Hoffman, the two Kellys, Lusted, Roberts, Lake, Ross, Reynolds and Williams. They all declare they have no idea how they came to buy the goods, as they had no use for them. One man is reported to have bought four packages, which amounted to \$600. When the peddlers came to Mr. Lusted's place they were told that none of the goods were wanted. Nevertheless, they obtained permission to show them, and when the peddlers left they had \$150 from Lusted, and he had about \$25 worth of goods in return. Our informant says some of those who gave their notes will certainly be seriously embarrassed before they are through with it. The peddlers are still at work securing fresh victims.—Oregonian.

A Woman's Discovery.

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She sought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N. C.—Get a free trial bottle at Hillsboro Pharmacy.

TEACHERS' INSTITUTE.

Held in Hillsboro Three Days—Beginning May 10th.

Hillsboro, May 10, 1888.

The Teachers' institute was opened by Supt. Vincent, who read a clause from the school law pertaining to attendance of teachers at institute.

The following appointments were made: Chas. Crocker, reporter; Misses Brown and Tucker, enrolling clerks; Miss Howard, critic.

Topic—Institute Work.—The superintendent spoke of organizing the Institute into classes. There was too much negligence in teaching; he believed in grading.

Discussion—What rules ought a teacher make at the opening of his school?—Gault wanted a few rules as possible. The general rule ought to govern a boy. Hawes said he never made a rule without that rule was necessary. Miss Wells believes in thinking children innocent until they are proven guilty. After some remarks by Mrs. Cornelius, Messrs. Hansen, Pool, Deichman, Ball, and Misses Olmsted and Howard, the discussion terminated.

The following resolution was adopted: Resolved, That it is the sense of this meeting that only general rules at first of term should be made; that the greatest freedom, consistent with the exact performance of all school duties, should be allowed the scholars.

RECESS.

Mrs. Cornelius introduced the subject, "Object Teaching," in a well written essay, illustrating her method of teaching in her school.

After remarks by Hawes, Wilkes and Gault upon the subject, the next topic was introduced—"Causes of Disorder in Schools." Gault, Deichman, Mrs. Cornelius, and others expressed their views.

"Language and Grammar" was introduced by Chas. Crocker. Miss Ross explained her mode of teaching language lessons. Miss Howard would not put the book of Barnes' language lessons in the hands of a pupil. Hawes thought teachers should adopt standard authors.

RECESS.

"The Teacher's Work" was called up by Mr. Deichman. One part is to develop the character. Thought the text books of physiology and hygiene very important in schools.

Mr. Burke said we should educate—teach the child to reverence his creator. He asked if explaining the birth of Christ could be contrary to law.

The superintendent read clause in school law pertaining to religious instruction in schools. Elected in discussion, in which Mrs. Hughes, Miss Parrish, Mrs. Cornelius, Misses Wells, Howard and Dr. Gilkey took part.

"Methods of Teaching History" was next taken up. Mr. McDonald favors the topical method. Dr. Gilkey spoke of the way he learned history. Thought it a good plan to draw a map of the country whose features you are studying. Miss Taught history as a reading lesson; Miss Maud Pittenger has her pupils commit it to memory. Gordon, Ball, Hawes, and others spoke on the subject.

Closed to meet in the M. E. church at 8 o'clock.

Evening Session. House called to order by Supt. Vincent.

Song. Recitation—Master Claude Stewart. Prof. Hawes delivered an address of welcome, one of the greatest events of his life, and congratulated himself upon his usual good health, etc.

Response by Supt. Robinson, of Polk county, in a warm and earnest exhortation to teachers to be faithful in their work.

State Supt. E. B. McElroy was introduced and delivered an excellent address on "The Teacher's Influence." At its close he announced the National Teachers' Institute to be held in San Francisco.

Evening session closed.

FRIDAY'S SESSIONS.

Roll call—Present, 42; absent, 12. First topic—"Whispering or no Whispering?" Mr. Jaguth thinks it would be better if whispering could be prevented altogether. Mr. Graham asked how could it be prevented. Gault said he was opposed to whispering in any circumstances.

Hawes, Misses Wilcox, Howard, Mrs. Thompson, J. J. Johnson, Robinson, Skeels, and Dr. Gilkey spoke on the subject.

Mr. Gault introduced the following resolution: Resolved, That it is the sense of this meeting of teachers that whispering in school should be discouraged, even when the pupil asks permission. The resolution was adopted.

The subject, "Methods of Teaching Orthography," was introduced by Mrs. Kane, in a well written essay. Thinks only few rules are necessary.

RECESS.

Opened with music by Miss Tucker. Prof. Hawes introduced the subject—"Methods of Teaching Mental Arithmetic." Thinks text books of mental and written arithmetic should be combined.

Gault introduced the subject, "Of what Does an Education Consist?" Divided subject into three parts—mental, physical and moral education.

Session closed with song, "America." Afternoon. Opened with a song. Recitation, by Chas. Cave.

Prof. Hawes explained problems in Brooks' written arithmetic.

Subject, "Educational Journal," D. E. Wilkes. Thinks a teacher should read and keep up with the profession. Favors, if practicable, teachers having a journal of their own.

Marsh thinks there is more that is theoretical than practical in educational journals. Vincent thinks many teachers do not take a paper at all. Those in the foothills need as good teachers as those in the towns. Hawes, Johnson, Graham and Miss De Lin spoke on the subject.

Crocker offered the following resolution—"Resolved, That it is the sense of this meeting that every teacher should take an educational journal. Adopted."

"Literary Exercises in Schools." Skeels thinks much depends upon these exercises. Deichman favors rhetorical

exercises in school. Poole thinks a teacher should have taught some time in a school before having an exhibition. Miss Howard thinks teachers would do better work if they were trained at school in those exercises. Johnson, Vincent and others spoke in favor of such exercises in school. Discussion closed.

RECESS.

House resumed business. Instrumental music. Recitation, by Ben Dennis—"Burial of Sir John Moore."

Supt. Robinson, of Polk county, spoke on the subject "Qualifications and Examinations of Teachers." Thinks the present school law a protection to teachers. Teachers should be able to get state certificates. Those who teach in primary grades should be examined in those grades. Prof. Ellis, Prof. Hawes and others gave their views on this subject. The following resolution was introduced and adopted: Resolved, That it is the voice of this association, that we are in favor of the present law bearing upon the examinations and qualifications of teachers, with a slight amendment in regard to granting a third-grade certificate the second time, when the teacher, through no fault of his, failed to secure a school on the first certificate.

President Ellis, of Pacific University, addressed the association on the subject, "The Relations of College and Common School." College is but a protraction of common school. The better the common school, the better the college; the better the college, the better the common school. The only trouble is the college makes many people a little too fine to work with their hands.

Adjusted to meet at M. E. church.

RECESS.

From unknown cause, Prof. Stanley did not arrive. Hawes explained the situation.

Song, by the audience. Essay, by C. W. Gordon. Recitation, by Miss Parrish. The audience was entertained by speeches from Hawes, Vincent, and Tongue.

SATURDAY'S SESSION.

Opened with music. "Physical Training of Children," was introduced by Miss Poole, in a well-written essay. The following resolution was introduced: Resolved, That we, the teachers of Washington county, assembled, realize the necessity of giving more attention to the physical training of children in our public schools, and having listened with pleasure to an able essay on this topic by Miss Lilian Poole, of Forest Grove, therefore, we request her to permit said essay to be published in the county paper.

Mr. Chas. Poole spoke on the subject, "Means and Expedients in Daily School Life." He spoke at some length upon the importance of proper building, and recommended that it be supplied with necessary apparatus, such as blackboard, charts, etc. Another important matter tending to success in school teaching is good order. Every school should be supplied with charts and other apparatus.

The subject of "Corporal Punishment" was brought before the institute by Dr. Gilkey. The doctor's success has never satisfied him. Thinks corporal punishment should be dispensed with. Teachers should have no nerves. It is wrong to be always telling children of their faults.

A resolution in regard to dispensing with corporal punishment in schools was defeated.

"Familiar Science in School" was introduced by Prof. Ferrin, of Pacific University. He urged the study of it in our common schools. Encourage inquisitiveness in scholars. Took up the subjects of astronomy and philosophy.

Prof. Bauer addressed the institute on penmanship.

Closed for noon. Afternoon session. Supt. Robinson advised teachers to go home determined to do better work. The afternoon was mostly spent in reading resolutions, etc.

Farewell address by Supt. Vincent. He spoke at some length upon the importance of proper building, and recommended that it be supplied with necessary apparatus, such as blackboard, charts, etc.

REOLUTIONS ADOPTED.

We, your committee on resolutions, would respectfully submit the following, to-wit:

Whereas, It has been the privilege of the teachers of this association to be favored with the presence of Prof. E. B. McElroy, President Ellis, Prof. Ferrin, Miss Lilian Poole, Supt. Robinson, and Prof. C. A. Bauer, who have favored us with able, interesting and profitable lectures and instruction; therefore, be it

Resolved, That the thanks of this association are due, and are hereby tendered to said parties, for the pleasure it has afforded us in listening to the instruction given.

Whereas, We acknowledge the service done by Prof. T. T. Vincent, county superintendent, to the schools of the county during his two terms of office; therefore, be it

Resolved, That we, the teachers of Washington county, at this, the last institute held under his guidance, do express our entire confidence in, and appreciation of, his excellent services, and express our regrets that we are to lose his services as county superintendent of schools.

Whereas, We having been cordially welcomed to the town of Hillsboro, and a number of our teachers having enjoyed the hospitality of the homes of the citizens; therefore, be it

Resolved, That we appreciate the expressions of encouragement tendered us, and extend to the citizens of Hillsboro our thanks for the hospitality bestowed.

ETHELLE HOWARD, H. LEISMAN, C. E. DEICHMAN, Committee.

CHAS. CROCKER, Reporter.

Programme of to-morrow evening's school exhibition at Cornelia is very complete, and we regret being unable to give an extended notice. A number will attend from Hillsboro.

TIGARDVILLE ITEMS.

May 16.—Preaching at the Evangelical church every Sunday, and German Sunday school Sunday forenoon.

School has commenced at the Butte schoolhouse after a short vacation on account of the measles.

Doc Tigard is building a large barn in town.

Rumors of war among the Egyptians. This Egypt is down towards Durham's mill. They have some terrible times, lying on each other, and getting into a general row every few days.

Michael McMahon is teaching school at Cedar Mill. Michael is 19 years of age, and a resident of Tigardville.

Times are booming at Oswego. There are about 400 men at work in and around the new furnace and mines.

J. R. C. Thompson has taken unto himself a new wife. Good luck, Jim.

Book agents are getting numerous in this vicinity. Jo.

New Men Die.

If we know all the methods of approach adopted by an enemy, we are the better enabled to ward off the danger and postpone the moment when surrender becomes inevitable. In many instances the inherent strength of the body suffices it to oppose the tendency toward death. Many, however, have lost these forces to such an extent that there is little or no help. In other cases a little aid to the weakened lungs will make all the difference between sudden death and many years of useful life. Upon the first symptoms of a Cough, Cold or any trouble of the Throat or Lungs, give that old and well-known Remedy—Boecher's German Syrup—a careful trial. It will prove what thousands say of it to be, the "benefactor of any home."

DAVIES' PHOTOGRAPH GALLERY. 8 W. CORNER First and Taylor Streets, PORTLAND, OREGON. Artistic Work a Specialty. Ink, Crayon and Water Colors at most reasonable rates.

R. SANDFORD, PHYSICIAN, SURGEON, AND ACCOUCHEUR. GLENOC, OREGON. Office at Drug Store.

DAVID CORWIN. REPERT P. WOOSTER. HILLSBORO MEAT Market! CORWIN & WOOSTER, Props. Main Street, - HILLSBORO

Choice Beef, Mutton, Veal And Pork! Kept constantly on hand. Highest market price paid for Beves, Mutton, Veal and Hogs. Fair Dealing to All! Satisfaction Guaranteed. Please Give us a Trial. Sept. 8, 1887.

LANDS FOR SALE. LOT on Base Lane Street, well located, with House, Barn, Well and a good Orchard. Price, \$400.

160 Acres of Land, 1/2 mile from R. R. at Dille, 1/2 mile from school and barn, and other necessary farm buildings. This place is thoroughly watered, and will make a good stock or dairy farm, with the least cost. 20 or 30 acres in cultivation, and 10 or 15 acres almost clear, and the remainder is brush land that will make a good barn, some of which is Alder flat. This is an absolute bargain at \$2.00 per acre.

190 Acres, with Saw mill and a Logging team, three residences and three barns. This property is well located, six miles from R. R. I will sell the undivided one-third of this property for \$1500.

8 ACRES WITH A TWO-STORY HOUSE of seven rooms, all hard finish, and a barn that cost \$300, an orchard of all kinds of fruit and all of the small fruits. This place is favorably located on Main Street in Hillsboro, and will suit a man of means. I will sell either half of this place, or the improved part for \$250, or the unimproved part for \$150.

100 ACRES OF LAND 2 1/2 MILES from Gaston, and 1/2 mile from School; 65 acres of plow land, 20 acres of hay and 15 acres of spring bearing trees, and is watered by a Spring that never fails and a well. This land has a good road, and near school. Price, in cash and good notes, \$2750.

2 LOTS, WITH HOUSE AND WELL. Fenced and in cultivation. Price, \$500

80 ACRES, UNIMPROVED, 6 MILES South of Hillsboro, well watered; has well and near the Creamery at Parlaton, and comes out to the road. Price, \$1200.

A NICE, LARGE AND WELL-arranged Residence, with all necessary Outbuildings, bearing Fruit Trees, and Six Lots, situated near the new Brick Block in Hillsboro, for sale at \$2500.

80 acres of plow and 15 acres of pasture land, some brush,
